Pre-Nursing Update  
Julie Garnett, Pre-nursing Advisor

- Current News
  - Some nursing admission requirements and point policies are in the process of changing. Once decided, these changes will be posted on the School of Nursing web site one year prior to enforcement.
  - Efforts are underway to reach out more to pre-nursing students who are not proving to be point competitive and need to switch to another major. Information about other majors related to the health-care field is being provided, along with one-on-one sessions with the pre-nursing advisor. This may lead to some academic departments seeing an increase in students inquiring about their majors. Referrals are also made to the Career Center.
