Assistant Professor Position  
College of Agriculture  

CSU, Chico is committed to enriching the educational environment of its students. The College of Agriculture seeks candidates whose teaching, research, or service has prepared them to contribute to our campus commitment to diversity and inclusion in higher education.

We now proudly hold HSI designation.

The Position: Assistant Tenure-Track Professor  
Salary: Salary commensurate with education and experience.  
Initial Review Date: 12/01/18; complete applications received after that date may be considered.  
How to Apply: All applicants must apply online at: (OAPL will insert this information). Applicants must provide current cover letter, CV, and the name & contact info of three professional references when applying. Applications submitted via email or in-person to the department will not be considered.

The College of Agriculture invites applications for a tenure-track, academic year position in Agricultural Education beginning in the 2019-20 academic year. The position includes the expectation the incumbent will conduct research consistent with his or her teaching assignment. Position is contingent on funding.

Minimum Qualifications: The minimum education requirement for appointment to this position is a master's degree in agricultural education or related areas such as agricultural mechanics or agricultural communications. Candidates must be currently enrolled in a PhD or EdD degree program and making progress towards completion. A PhD or EdD degree is necessary within two years of hire date to continue employment as a tenure-track faculty. The successful candidate should provide evidence of their commitment to or experience promoting and fostering a learning environment that is supportive of individuals from diverse backgrounds. Additional requirements include the following:

- Demonstrated interest and commitment to undergraduate education  
- Excellent written and oral communication skills in the English language  
- Demonstrated ability in applied research

Preferred Qualifications:

- 3-5 Years Experience in Secondary Agricultural Education  
- Recent experience in undergraduate instruction  
- Completion of PhD or EdD degree requirements prior to hire date  
- Demonstrated ability and experience in teaching secondary agricultural education  
- Experience with interdisciplinary undergraduate teaching teams  
- Demonstrated ability to work with the agricultural industry  
- Demonstrated ability/experience in academic program development and support

Responsibilities: This tenure-track position carries responsibilities in the areas of teaching, scholarship (grants, etc) and service (student advising, etc). The successful applicant's teaching and research programs are expected to contribute to interdisciplinary approaches to agricultural education. As a member of an integrated team, the successful applicant will provide lecture and field instruction in agricultural education and teaching methods for secondary teachers; agricultural equipment and mechanics; supervise student teachers; advise undergraduate and graduate students and serve as advisor to student organizations; participate in the development of the agricultural education program; conduct research in an area related to teaching responsibilities and industry needs; serve on appropriate College and University committees; participate in outreach conferences, activities, and other programs within the College of Agriculture; and work closely with the local agricultural community. Teaching assignments are based upon qualifications of the individual and the needs of the college.

The College: The College of Agriculture serves approximately 975 undergraduate students, leading to a Bachelor of Science in Agricultural Business, Animal Science, or Agriculture (options in Agricultural Education and Plant Science). Additionally, the College offers a Master of Science in Agricultural Education. The hallmark of our program is an integrated, interdisciplinary curriculum that is organized without separate departments. The program is enhanced by the 800-acre university farm, more information can be found at http://www.csuchico.edu/ag/

Closing Date: Review of applications will begin on begin December 1, 2018 and continue until the position is filled.

Letters of recommendation and job-related questions should be directed to:  
Dr. Mollie Aschenbrener, Chair of the Ag Education Search Committee  
College of Agriculture
