To qualify for the Club of the Year Award the following criteria must be met:

Officially recognized club on campus

Consistent representation at the ICC meetings

Consistent volunteer involvement within the College of Agriculture activities and events

Please answer these questions on this application or submit on a separate sheet.

Club Mission

1. What are your club's missions and goals?
2. How have you achieved them this year?

Recruitment

3. How do you attract new members to your club? Please report on any innovative ways you have used to achieve this purpose.
4. What percentage of your members are new members this year?

Personal Development

5. List the activities that helped improve the professional development of your members (examples include hosting guest speakers, sponsored workshop, and participation in professional meetings). Include the number of club members involved and be specific as to your clubs involvement.

Service to the College of Agriculture

6. What efforts has your club made to improve interaction among students, faculty and staff within the College of Agriculture?
7. What has your club done that has contributed to the goal of helping to attract new students to the College of Agriculture?
8. List the activities that you consider as service to the College of Agriculture (examples include assisting with field days and other college-wide events, contributing to improvements at the ATRC, and helping with development-related activities such as the golf tournament). Include the number of club members involved and be specific as to your clubs involvement.

Service to the Community

9. Considering your community service activities, describe the impact that you believe the club had in the community. Include the number of club members involved and be specific as to your clubs involvement.

Ag Literacy

10. List the activities that were efforts to enhance agriculture literacy within the community (examples include participation in Farm City Week, providing farm tours to K-12 students, and putting on educational events). Include the number of club members involved and be specific as to your clubs involvement.
