

UNDERGRADUATE RESEARCH INTERNSHIP

The Center for
**REGENERATIVE AGRICULTURE
AND RESILIENT SYSTEMS**
CALIFORNIA STATE UNIVERSITY, CHICO

Interested in Regenerative Agriculture? Want to learn about how soil health relates to climate change and nutrition? Apply to be an intern with the Center for Regenerative Agriculture!

Interns would have the opportunity for individual research projects and assist in current research in soil health and nutrition both in the field and the lab!

Send your resume and questions to regenerativeag@csuchico.edu
