

# A Fox Left a Message in the Pig Pen!

A sneaky person has gotten into the pig pen on the Chico State farm and they have stolen all of our piglets! They left a message saying that if we can figure out their code called the **Pig Pen Cipher**, that they will return the piglets. The counselors have found the cipher key, the way to turn the unreadable scribbles into letters, but they don't know how to use it. Can you help them??

Cipher Key

A	B	C	J	K	L
D	E	F	M	N	O
G	H	I	P	Q	R

The shape corresponds to the lines that border the letter in the Cipher key.

What does the message above say?
