**Edit Request Header**

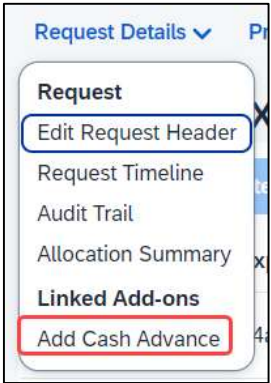

1. To edit the Request Details, select the **“Request Details”** drop-down menu, then **“Edit Request Header”**.

**Cash Advance**

In most cases a travel advance is no longer needed as many travelers should have a Concur Travel card. However cash advances will still be available in exceptional cases (specifically for team/competitive travel) and may be entered on the travel request. To be eligible to request a cash advance an approval from the Accounts Payable **{Travel Department}** department is needed. Your Concur settings must be updated to reflect this option by your campus Concur Admin.

1. To request a Cash Advance in Concur, you must email **{Travel Email Address}** to add the Cash Advance option in your Concur. The travel group will email to let you know when you have access (please give 24-48 for access).
2. Once you receive an email response confirming access to create a cash advance, from the Concur Home page open the Travel Request.  
Note: If one has not been created, proceed to the **Create a Travel Request** section.
3. Navigate to **Request Details** drop-down menu and select **“Add Cash Advance”**.
4. Enter the **“Cash Advance Amount”** and reason for advance. Select **“Save”**. This will add the cash amount to the request.

A screenshot of the 'Add Cash Advance' form. At the top right are 'Cancel', 'Save', and 'Submit' buttons. Below are two tabs: 'Cash Advance Timeline' (selected) and 'Manage Attachments'. Under 'Cash Advance Timeline', there are two sub-tabs: 'Details' (selected) and 'Expenses'. The form contains a 'Cash Advance Amount' field with '500.00' entered, a 'Currency' dropdown menu set to 'US, Dollar', and a 'Cash Advance Comment' text area with 'test' entered. A red asterisk and the text '\* Required field' are visible on the right side of the form.

5. Cash advances will be issued no more than 10 days prior to the date of travel.

**Note:** If you do not have a Travel Card, and are eligible, fill out the appropriate campus request form and allow 2 weeks for delivery. Make sure you allow yourself enough time to obtain the card before your travel dates.

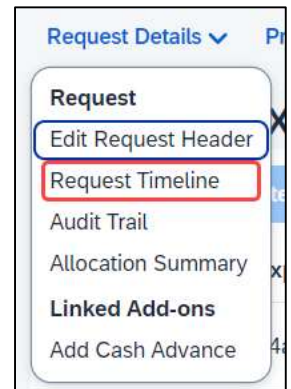

### ***Request Timeline***

This timeline will display the approval workflow and identify the steps which have been completed or are outstanding.

1. Navigate to **Request Details** drop-down menu and select **“Request Timeline”**.

Once a request is submitted, the request will route in the following order: **{Adjust Based on Campus workflow}**

1. The employee’s supervisor.
2. The report will route to the cost object approver(s) or those names identified in the Delegation of Authority (DOA) as approvers. DOA approvers are based on the chartfield entered on the Request Header tab as well as any additional chartfield allocated at the individual line item level on the Expenses tab.
3. If international travel or other additional review is specified for the request, those approvers will review. This includes campus approvers or Chancellor’s Office Risk Management for war risk countries.

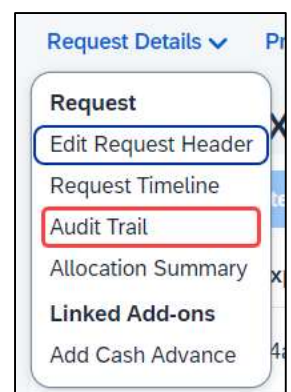

### ***Audit Trail***

The audit trail will display the timestamps of certain actions taken on the travel request.

4. Navigate to **Request Details** drop-down menu and select **“Audit Trail”**.
5. The date/time of the approvals and the approver names will display.

From the Print menu, select the **“CSU-Request Printed Report”** option to save the travel request summary as a PDF or share as deemed necessary.

Note: Reports in Concur will be retained in the system according to CSU retention guidelines. Printing or saving in duplicate is optional and in most cases is not necessary.

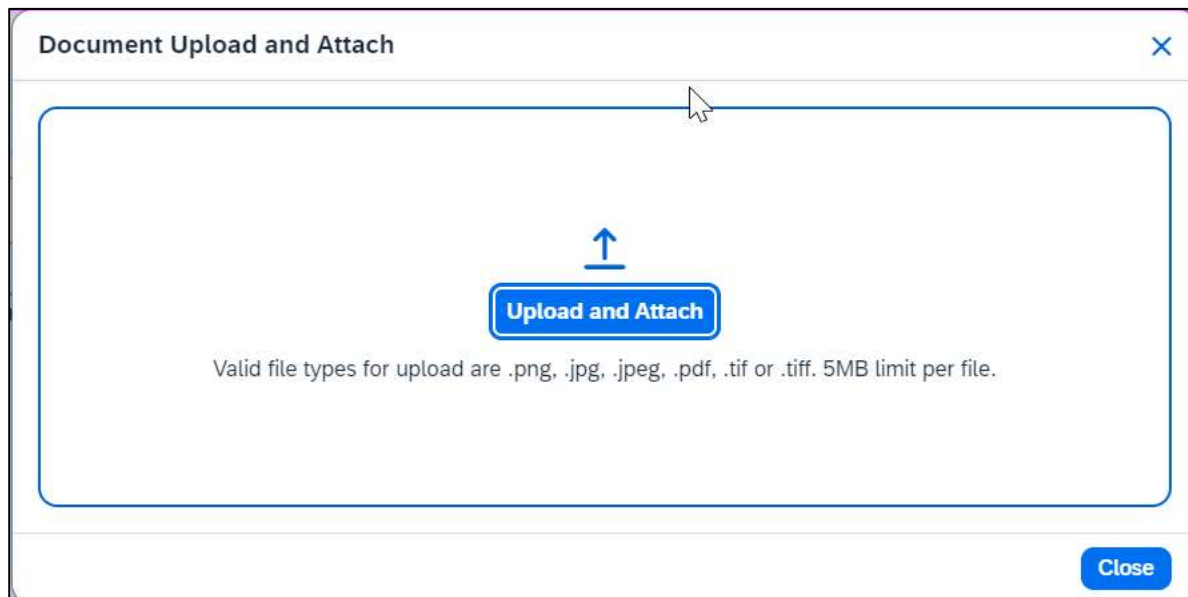

## Attachments

The Attachments > Attach Documents menu option launches window to browse then **“Upload and Attach”** files that support the trip request (use the button to search). Documents may include a conference registration showing location/dates of trip, or an itinerary for international travel, or any other support document that is helpful to have on hand for approvers.

1. Valid file types are specified in the window and are pdfs or image files (.png, .jpg or .jpeg, .pdf, etc). Note that there is a 5MB limit.

2. Select **“Close”** once files have been uploaded.
3. Once documents have been uploaded, the Attachments menu displays a small red image to identify that the request has document attachments. The menu changes to have three options – View Documents, Attach Documents and Delete Documents which can be used to update or remove previously uploaded attachments. \*Note: Documents cannot be removed once the Request is submitted or Approved. They can be added at any time.

## Alert Types

Alerts are messages triggered by certain elements of your trip. There are different types of alerts.

1. If an alert displays in **red**, it is required. This means an action must be taken before a request can be submitted.
2. A yellow/orange alert displays communication related to your trip components advising you to read and take action.  
A yellow alert panel is a warning or information only. For example, an alert can communicate the need to add comments and explain the trip, or to attach files, etc. The alert count will change as requirements are met. Note: Most yellow warnings will not clear, however, they will not prevent you from submitting the Request.

## Submitting Request for Approval

1. Once the travel request is complete, select the **“Submit Request”** button.

## Travel Request Types

### International Travel

- Travel to international destinations generally follow the same process for creating a travel request as a domestic trip, with a few deviations.
- In the Request Header section, Trip Type should be designated as **“3-International”**.

Trip Type \*

1-In-State

None Selected

1-In-State

2-Out-of-State

3-International

- Request must have an attachment with an itinerary that communicates dates and points of destination. The Risk Management office will utilize this data to facilitate working with a traveler for necessary foreign travel insurance requirements and other necessary components for a trip.
- All expenses should be noted in USD. In the Expense Report stage currency conversions are more relevant with actual expenses. The [OANDA Currency Converter](#) may be used in either instance.

### Mileage Blanket

- Blanket Travel Request for Mileage
- Blanket mileage requests can be used for recurring activity for a given fiscal year. These mileage requests are intended to facilitate ongoing mileage reimbursement claims for employees performing supervisory responsibilities for campus student placements. An example of this would be driving throughout the state to observe and meet with student teachers/interns and mentor teachers.
- Enter general information about the activity and note the time frame from August through May (academic year) or July through June (fiscal year). Note the Trip Purpose as **“Mileage Only”** and in the destination field select **“Multiple Locations (Mileage Only), CA”**.

### ***Liability Only/Unfunded Travel Request***

Travel with no funding from the campus, e.g. travel that is fully funded by outside sources or by the traveler needs to be evaluated for connection to University business. If directly connected to university business that supports campus mission, a travel authorization should be completed to communicate time away from campus. This will assist with campus duty of care objectives.

*Note: Accepting travel gifts from a 3rd party may result in a conflict of interest (COI). [Please refer to further information about COI.](#)*

3. Once trip is approved and you are notified via email it is best to go back into Concur and follow the steps below for marking the request as [Closed/Inactivate Request](#). The request will close on day 61 post trip. Closed/Inactivate Request will prevent the traveler from receiving expense report notifications in relation to this request. Marking closed will reflect there are no expected expenses and will eliminate those expense report reminders.

7. Once the request is built, the Delegate can use the **“Notify Employee”** button to let the traveler know the Request is ready to submit. *The Traveler must certify and submit their own travel request.*
- 
8. To return to your own tasks, select **“Acting as”**, then select **“Myself”** and **“Switch”**.

## Edit or Remove a Submitted Request

If there is a need to revisit and alter a request, because dates, locations, or significant cost changes are necessary there are a few options.

You cannot change or cancel a Request that has been submitted unless you Recall it first. You can only recall a request that is not in “Approved” status. If the request has been fully Approved, you will need to take different steps as noted below in Replacing a Request.

### ***Recall a Request***

1. Click the Request Name from the Manage Requests page.
2. Click “Recall”.

3. Click “Yes” to confirm the Recall. The status of the request is updated to Sent Back to User.

4. Make any necessary changes, then select “Submit Request”.

### ***Replacing a Request***

This step is only needed in the case where a request has been fully approved and details have changed in such a way that the prior approved request is no longer valid.

1. On the Request Page, select the “More Actions” drop-down and select “Copy Request”.

2. Enter a different “New Request Name” (so you can differentiate between old and new), enter the “Starting Date”, then select “Expenses” checkbox. This helps cut down on duplicative data entry if there are alike expenses between old and new. Select the “Create New Request” button to complete the process.

3. Make any necessary updates to the new request and **“Submit Request”** to submit for approval.

### **Cancel a Request**

If a trip is canceled or elements have changed so significantly that you need to replace a request as noted in the prior section, please cancel the request by going back to the Requests tab and open the request.

1. On the Request Page, select the **“More Actions”** drop-down and select **“Cancel Request”**.

2. For travel reservations, refer to the Trip Library and make sure to cancel or change them based on the changed elements. They will be noted as cancelled/withdrawn after completion of this step. This will ensure the campus/employee does not incur unnecessary expenses for not canceling on time.
3. From the Home Menu, select **“Travel”**.

4. Using the Navigation menus across the top, select **“Trip Library”**.

5. Select the date range, click **“Cancel”** under the Action column. Check the **“Include Withdrawn Trips”**

checkbox and click **“Search”** to see all travel itineraries and withdrawn trips.

**Trip Library**

Search Trip Names:

### ***Closing/Inactivating a Request***

The system will automatically close open travel requests 61 days after a trip is complete. Reminder, Expense Reports need to be submitted within 60 days from travel end date. If all relative expenses have been submitted a user can manually close/inactivate the request. This is not a required step.

1. Select the Request tab, selecting the specific request and select the **“Close Request”**. This option is context sensitive. It will not be visible if it is not an option.

More Actions

- Cancel Request
- Close Request**

2. The difference between this status and cancelation is that cancelation signals a true recall of an anticipated trip. Closing/inactivating means the trip is complete. If by chance an expense needs to be submitted after a request is closed, please reach out to the Accounts Payable/Travel {Department Name} team for assistance.

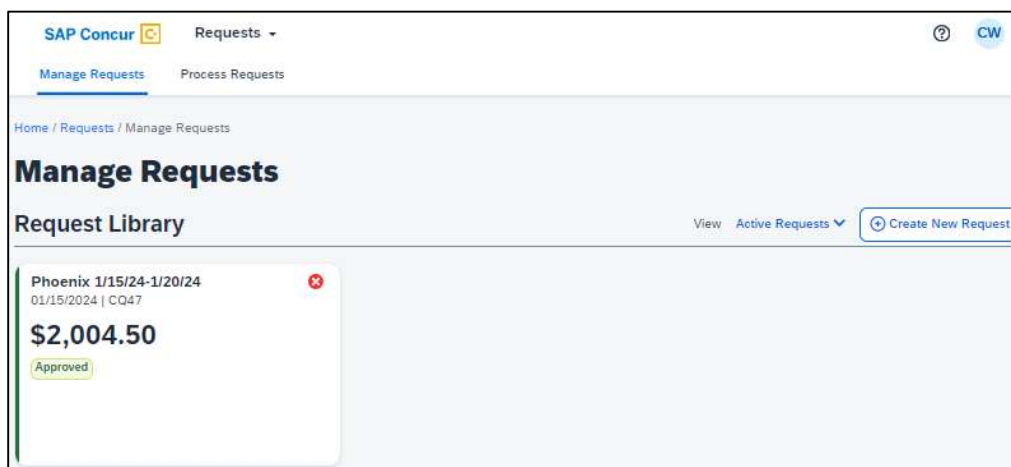

## Approving a Travel Request

The approver will see requests awaiting approval under Authorization Requests on the Concur home page. Trip elements cannot be booked until approval occurs.

1. Select the Request you wish to approve by clicking the **Request Name**.
2. Review the **Request Header** and the **Expense Summary** tabs. Things to consider:
  - a. Review destination and see if banned state or alerts for high hazard destinations are noted.
  - b. Take note of any personal days and consider that estimated costs are prorated accordingly (i.e. daily meal allowances, incidentals, etc.).
  - c. Review attachments to obtain further information about purpose of trip.
  - d. Review all expenses for reasonableness and completeness.
3. There are three approval options:
  - a. **Approve** – approve the Request
  - b. **Approve & Forward** – Approve and Forward the Request for additional approval. In the User-Added Approver box, type in the last name of the approver and select from the dropdown box. You can only select users who are already designated as approvers in the system.
  - c. **Send Back Request** – Return the Request to the traveler. Use the Comment field in the Send Back Report window to explain the reason the report is being returned, then click OK.

Once Travel Requests have been acted on by the approver, notification regarding the status will be sent to the traveler (and delegate if opted into notifications) and the status will be noted on the traveler's **Manage Requests** page.

# EXPENSE REPORTS

## Creating an Expense Report

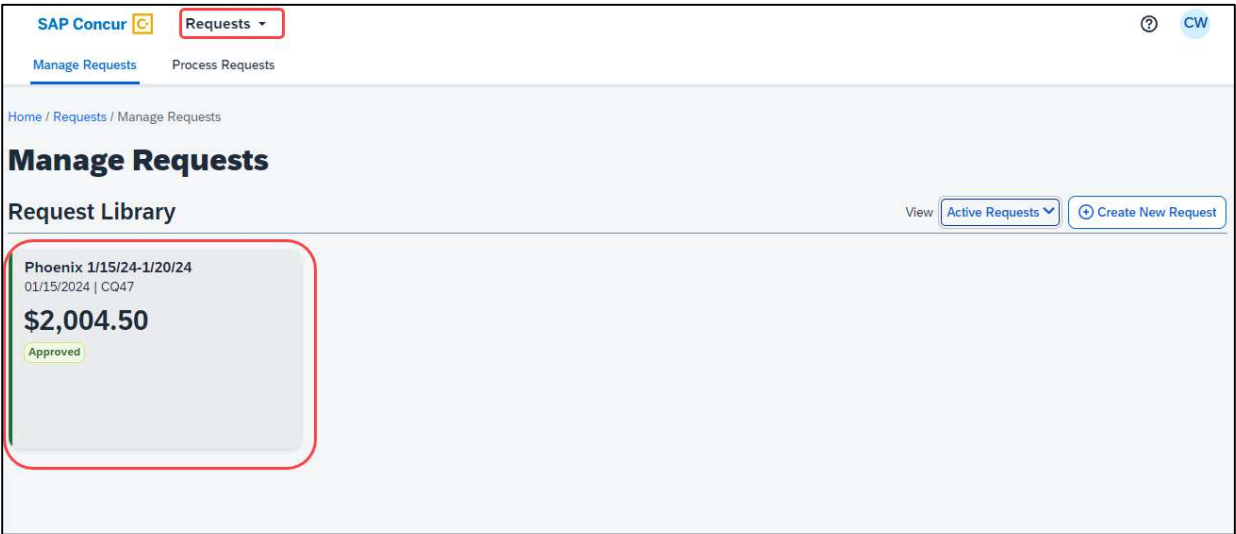

All CSU related travel for faculty and staff must have an approved Travel Request before an expense report can be created.

Per CSU Travel Procedures, Section IX; A ***"Travel Expense Claim must be submitted to the campus Travel Reimbursement office within 60 days of the end of a trip unless there is recurrent local travel, in which case claims may be aggregated and submitted monthly."***

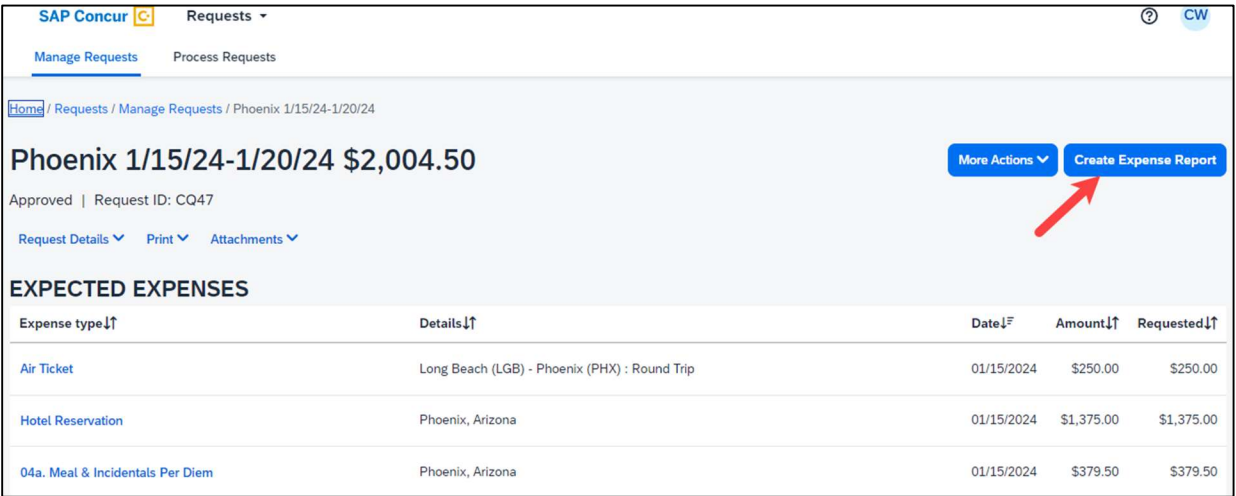

Please be aware Approved Travel Requests will automatically close on day 61 after the travel end date. In order to submit a late expense report, the request will have to be re-opened. The request will not be re-opened until exception approval has been obtained from Division VP and CFO.

### Expense Report from Approved Travel Request

1. From the Home Menu, select **"Requests"**.
2. Select the approved tile for the trip to be sourced to an expense report.

3. Once open, select **"Create Expense Report"**.

## Report Header

All the header details from the request are brought to the report header. If you need to edit the details, select the **“Report Details”** menu, **“Report Header”** option, or click on the **Report Number**.

Below the buttons, there is a table titled "Available Cash Advances". The table has columns: "Cash Advance Name", "Date Issued", "Foreign Amount", "Exchange Rate", "Amount", and "Balance". There are two rows of data. The first row is "HAWAII-TEAM TRAVEL 2023-CMLW" with a date of "08/10/2023", a foreign amount of "\$3,000.00", an exchange rate of "\$1.00000000", an amount of "\$3,000.00", and a balance of "\$3,000.00". The second row is "IRVINE-TEAM TRAVEL 2023-CMLY" with a date of "08/10/2023", a foreign amount of "\$520.00", an exchange rate of "\$1.00000000", an amount of "\$520.00", and a balance of "\$520.00". The second row is selected with a radio button. At the bottom right, there are two buttons: "Cancel" and "Add To Report". The "Add To Report" button is highlighted with a red box.

3. Continue to enter your expenses as normal. When you enter an out-of-pocket expense, the outstanding cash advance balance will reduce.

When the Outstanding Advance balance is zero, then the cash advance has been fully utilized. If you have additional out-of-pocket expenses, you will receive the balance you paid out-of-pocket minus the cash advance amount.

**To Expense a Cash Advance (Excess Funds to be returned to the University):** If there are funds not fully utilized from the advance after accounting for all expenses, you will see the amount remaining at the top of the screen. The remaining amount must be paid back to the University and the returned amount must be accounted for within the expense report.

The screenshot shows a "CASH ADVANCE: 1" section. It has two fields: "Amount" and "Remaining". The "Amount" field shows "\$520.00". The "Remaining" field shows "\$320.00". The "Remaining" field is highlighted with a red box.

1. Enter an expense line for the funds returned as **“Cash Advance Return.”** Attach the receipt you received from paying back the advance. This will clear the remaining balance to \$0.00. You will now be able to submit the expense report.

## Send Receipt Images to Travelers Available Receipts Library

The Delegate cannot set up an email account when they are delegating, nor can they use the verified email account they have set up for their own expense reports to populate another user's Available Receipts Gallery. However, the delegate can upload receipt images to Concur for attachment to the line item of the Traveler report they are acting on. The following steps should be completed during profile setup:

1. The Traveler must verify his/her own email address in his/her profile under Your Information, Email Addresses.
2. The Delegate must verify his/her own email address is in his/her profile under Your Information, Email Addresses.
3. The delegate must have the correct delegation permission (can prepare, can view receipts, etc.). To update delegate permissions, go to **Profile > ProfileSettings**.
4. Navigate to **Expense Delegates > Add a Delegate > select Can Prepare and Can View Receipts**.
5. Then, the Delegate can email receipts to [receipts@concur.com](mailto:receipts@concur.com) with the correct image extensions and

size (must be a .png, .jpg, .jpeg, .pdf, .html, .tif or .tiff file; 5 MB limit per file).

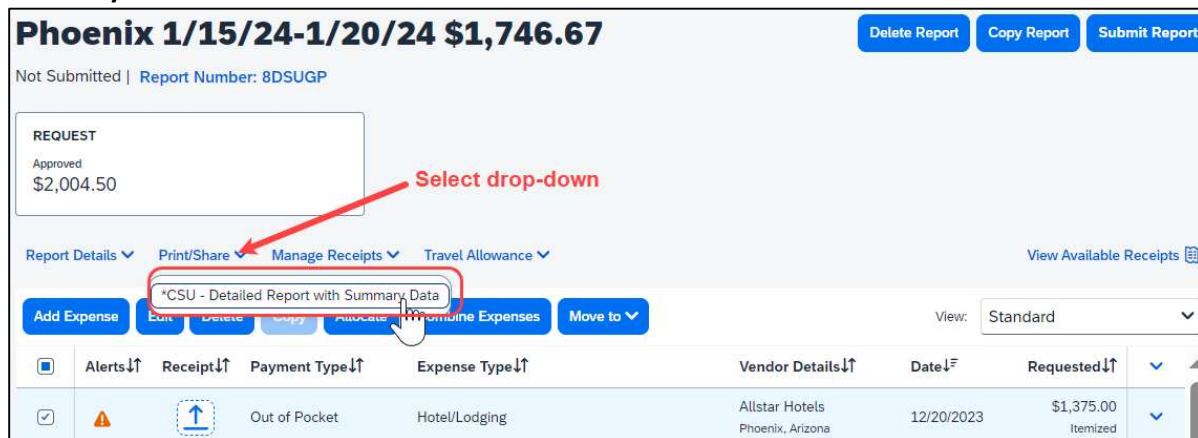

6. The Delegate must put the Traveler email address in the subject line.
7. The receipt will show in the Traveler **Available Receipts** gallery within three minutes.

### Travel Prior to the Per Diem Policy change

If the traveler is claiming for a trip that occurred before the per diem policy change, when selecting the itinerary, select the “Per Diem (Travel pre 1-1-24)” option to complete the transaction. This is only necessary for international travel prior to the per diem implementation.

The screenshot shows the 'Itinerary Info' section of a travel management system. The 'Itinerary Name' field contains 'SAP Concur Conf. 9/25-9/28/23'. The 'Selection' dropdown menu is open, showing three options: 'Per Diem (Travel post 12-31-23)', 'Per Diem (Travel post 12-31-23)', and 'Per Diem (Travel pre 1-1-24)'. A red box highlights the 'Per Diem (Travel pre 1-1-24)' option, and a red arrow points to it with the text 'Select Pre 1/1/24'. Below the dropdown, there are buttons for 'Add Stop' and 'Delete Rows', and fields for 'Departure City', 'Arrival City', and 'Arrival Rate Location'. The status at the bottom indicates 'No Itinerary Rows Found'.

For domestic travel prior to 1/1/24, travelers can use the specified expense types as follows:

1. Breakfast – Domestic (Travel prior to 1-1-24)
2. Dinner – Domestic (Travel prior to 1-1-24)
3. Lunch – Domestic (Travel prior to 1-1-24)

The screenshot shows the 'Add Expense' form. At the top, there are two tabs: '0 Available Expenses' and '+ Create New Expense'. Below the tabs is a search bar labeled 'Search for an expense type'. A red box highlights the '04b. Meals - Domestic- (Travel prior to 1-1-24)' category, which is expanded to show three sub-items: 'Breakfast - Domestic (Travel prior to 1-1-24)', 'Dinner - Domestic (Travel prior to 1-1-24)', and 'Lunch - Domestic (Travel prior to 1-1-24)'. Below this, there are other categories: '05. Hospitality' and '06. Office Expenses', each with a sub-item.

## Converting Foreign Currency Transactions

1. With the Expense Report open, click **Add Expense**, and then enter the appropriate information in the required and optional fields (required fields are indicated with a red asterisk).
2. For the **Amount** field enter the amount spent in foreign currency. The correct currency should populate based on the City of Purchase information you entered. If needed, you can change the currency from the list to the right of the **Amount** field.

4. *If expense amount is already in USD*, enter amount in **Amount in USD** field and it will calculate the foreign amount for you.

## Support Documents for Inter campus Fund Transaction (IFT) Submission

IFTs are CSU transactions between (1) a campus and the CO or (2) between two or more campuses. The CO facilitates the movement of monies between campus funding sources by way of an IFT (journal entry). The CO generally requires copies of the expense report and related receipts, depending on the allocation involved. The awarding department at the CO/campus will generally give recipients/participants instruction on what will be reimbursed and the department will have to decide if they will cover any variance that may occur between reimbursement allowed by CSU procedures and allocation received by the CO/campus.

In consultation with the CO Accounting team, a copy of the expense report from Concur and the supporting receipts can be utilized for CPO support in lieu of copies provided under paper environment. ***Sometimes the CO asks for receipts that are not required by the policy*** – it will be important for travelers/departments to retain those additional copies IF an IFT is in play or until these additional requirements are no longer exercised.

1. In Concur, go to **Expenses > Manage Expenses** and select the View drop-down arrow to the right of “**Active Reports**” to display other report options and ranges for active or submitted expense reports.

2. Select the correct expense report and then choose “**Print/Email**” link and select “**CSU-Detailed Report with Summary Data.**” Print this report to PDF. The PDF version will also contain the related receipts that were attached. This file can then be sent to the appropriate CO contact or campus accounting team for CPO support.
