Introduction to ARC Go!

The Accessibility Resource Center (ARC) is excited to announce our new accessibility and case management software, ARC Go! If you are currently registered with ARC, you will transition from the Student Request Portal to ARC Go! This new system will improve delivery of accommodations to students; allow you the freedom to customize accommodations; improve interaction between students, instructors, and ARC; and will provide more information and easier access for instructors and students.

If you have any questions about ARC Go! or if you would like one-on-one training, please do not hesitate to contact our office. We are happy to support our students and faculty members during this transition.
