

# The Department of Biological Sciences

*offers the*

## *Dempsey Field Research Award*

*apply now*

Wes Dempsey, professor emeritus, has created a new award to support biology students conducting field studies at Eagle Lake Field Station, Big Chico Creek Ecological Reserve, or any public nature preserve in northern California.

The award is open to Upper-class or Graduate students conducting field research.

Amount of award varies per semester.

**Application Deadline:**

**May 10 2021**
