

Biology/Omicron Friday Seminar Series

Fall 2024

Location: Holt 170
Social at 3:30 pm; Seminar at 4:00 pm

- 
- September 6** **Megan Vahsen (Utah State University)**
Eco-evolutionary dynamics (on Zoom)
- September 13** **Provost Leslie Cornick (Chico State)**
Marine biology
- September 20** **Stem Cell Graduate Students (Sac State)**
Stem cell biology (on Zoom)
- September 27** **Elizabeth Leger (University of Nevada, Reno)**
Plant population biology
- October 4** **Benjamin J Duran (Chico State)**
Animal Science
- October 11** **Kerry Byrne (Cal Poly Humboldt)**
Applied terrestrial ecology
- October 18** **Anthony Chan (City of Hope)**
Cancer biology and epigenetics
- October 25** **David Alvarez-Ponce (University of Nevada, Reno)**
Genome evolution
- November 1** **Logan Smith (Chico State)**
Regenerative agriculture and soil biology
- November 15** **Anna Doty (Sacramento State)**
Bat physiology
- December 6** **BIOL 600 Student Presentations**
- December 13** **BIOL 600 Student Presentations**
