Good morning! It’s cold out there! I’m sending Child Development updates!

- The first Child Development Student Association (CDSA) meeting of the Spring 2019 semester is **today, Wednesday 2.6.19 at 5 pm. Please note the new start time.** It will be a social with pizza and treats; Valentine cards will be made for children at Chico area medical facilities. Come, make friends, and learn more about how to make a difference in the lives of children and families in Chico.

- Scholarship applications are due next Friday, February 15. We’ve been informed that applications are significantly down in number at this point, so it is a great time to apply! There are over 700 different scholarships from a wide range of criteria, and the application is student-friendly! It is always a good choice to apply. Find out more at [http://www.csuchico.edu/fa/scholarships/wildcat.shtml](http://www.csuchico.edu/fa/scholarships/wildcat.shtml) and access the application at [https://csuchico.academicworks.com](https://csuchico.academicworks.com).

- Now that you’ve finalized your Spring 19 class schedule; time to plan ahead for Fall 19! Continuing student registration is April 22 which will be here before you know it. Child Development majors, particularly those who are scheduled to take the Child Development Practice course (CHLD 392) should be scheduling their Spring 19 advising appointments. Additional appointments have been added to the schedule, so please call (898.5250) or come by (Modoc 216) soon to save your spot.

- Thank you to the students who have been able to participate in the interviews for our new faculty position. The last interview will be this week. You may be in a Child Development course for a presentation; your honest feedback is greatly appreciated. There is also a drop in time on Friday 2.8 in Modoc 216 from 2:45 – 3:45 if you would like to meet the candidate personally and share your thoughts.

- The first Career Fair of the semester is scheduled for Wednesday, February 20 from 10-2 in the BMU. This is a Business Career Fair and a great opportunity to explore opportunities, practice talking to future employers, and gain experience. The Career Center on Campus is a great resource – make sure to take advantage of this!

Stay warm today! And as always, contact the CHLD office if you have questions.
