Dear Dr. Hutchinson,

At its February 2018 Mid Year Meeting, the Accreditation Committee for the American Council for Construction Education (ACCE) reviewed the Second Year Progress Report for the Construction Management Program at California State University, Chico.

The report as submitted was accepted by the Council. Actions taken by the institution on correction or elimination of Weaknesses and Concerns cited in the 2016 Visiting Team Report were approved.

From the information in the Progress Report, the Council summarized the following comments:

The Council commends the Program for its actions to resolve the Weaknesses and Concerns and its move to modify the course syllabi and outcome assessment process to the new outcome-based standards.

If you have any questions, please contact Mike Holland, President for ACCE. We look forward to continued cooperation in the accreditation process between ACCE and California State University, Chico.
