Dear Dr. Zingg,

At its February 2017 Mid-Year Meeting, the Accreditation Committee for the American Council for Construction Education (ACCE) reviewed the First Year Progress Report for the Construction Management Program at California State University, Chico.

The report as submitted was accepted by the Council. Actions taken by the institution on correction or elimination of Weaknesses and Concerns cited in the Fall 2015 Visiting Team Report were approved.

From the information in the Progress Report, the Council summarized the following comments:

The Council appreciates the work accomplished to resolve the Weaknesses and Concerns and looks forward to learning of continued progress in the second year progress report. The safety plan assignment provided for CMGT 360 is confusing. On page 1, the requirements are company based, while on page 2, they are project based, but no project is specified. Please clarify in the second year progress report. Items addressed in a progress report are to be identified as either in progress or alleviated, but not both.

If you have any questions, please contact Mike Holland, President for ACCE. We look forward to continued cooperation in the accreditation process between ACCE and California State University, Chico.

Best regards,
American Council for Construction Education

Michael M. Holland, CPC, AIC
President, ACCE

Cc: Dr. Susan Elrod, Provost
Dr. Ricardo Jacquez, Dean
Dr. Joel Arthur, Chair
Dr. Allan J. Hauck, ACCE Board Chair
Dr. John Schaufelberger, Chair, ACCE Accreditation Committee
