

## **STUDENT CLUBS AND COMPETITION ACHIEVEMENTS**

Chico State's Construction Management Department is committed to teaching the "whole student." To accomplish this, our faculty and staff have endeavored to create opportunities for students to be involved in activities that complement their academic studies and builds all-important interpersonal and "soft" skills. Participation in activities offered outside the classroom has become a part of the culture of the Chico State Construction Management Department.

## **STUDENT CHAPTERS OF PROFESSIONAL ORGANIZATIONS**

### **Associated General Contractors of America (AGC) Student Chapter**

The AGC is an association of general engineering, building, and specialty contractors focused on making the construction industry the best in the nation. Resources are committed to workforce development, continuing education, future organization leadership, lobbying, and charitable giving. The AGC prides itself to maintain the motto: Skill, Responsibility, and Integrity.

The student chapters' mission is to provide its members resources and opportunities for industry relationships, professional development, community service and club camaraderie. Students regularly attend State Conferences and National Conventions among field trips to jobsites.

The student chapter has been recognized statewide and nationally on several occasions:

- 2018 – 2<sup>nd</sup> Place National Outstanding Student Chapter

- 2011 – Advisor awarded - Chico State Miles Tracy Outstanding Student Organization Advisor
- 2010 – 3<sup>rd</sup> Place, Bank of America Low-Income Housing Challenge

## ASSOCIATED SCHOOLS OF CONSTRUCTION (ASC) STUDENT COMPETITION

The ASC is a professional association for the development and advancement of construction education, where the sharing of ideas and knowledge inspires, guides and promotes excellence in curricula, teaching, research and service. The student competition has many categories representing the various sectors of the construction industry. 6-person student teams compete against each other based upon a construction company sponsor problem set reflecting real construction projects. Students are given a set amount of time (12-18 hours) to perform various construction industry tasks, including but not limited to, scheduling, estimating, site utilization, safety, coordination of the work, contract negotiation, pre-construction services, quality control, personnel issues, model building, unforeseen site conditions, etc.

Chico State has participated in this competition since its inception in 1986, below are results over the past 5 years.
