For full consideration, apply by: Thursday, March 30, 2023
Late applications may be considered based on scholarship fund availability.

Name: _____

Address: _____

City: _____ State: _____ Zip: _____

Email: _____

Home Phone: _____ Cell phone: _____

Signature: _____ Date: _____

This program is for NEW Chico State students who want to be math or science teachers.

In order for your application to be considered, you must attach the following:

1) Transcripts.

Incoming freshmen must provide an (unofficial) copy of your high school transcript showing the list of the courses you have completed and the grades received, as well as a list of your current courses.

Transfer students must provide an (unofficial) copy of your college or community college transcript showing the list of courses you have completed and the grades received, as well as a list of your current courses.

2) A one-page (maximum) personal statement that addresses your career goals, your reasons for wanting to become a math or science teacher, and assets you would bring to the program.

Scholarship decisions will be made by April 19th, 2023.

Awarded students will be encouraged to join activities and clubs for future teachers, and will have opportunities for future support as you progress to the goal of teaching.

For more information about these opportunities, please contact the School of Education via email: EDUCstudent@csuchico.edu or you can review our program opportunities at <https://www.csuchico.edu/cmse>
