Application for Admission to the Blended BS + MS (BMS) Program in Computer Science

The BMS in Computer Science is for highly motivated, well-qualified students. The program allows a student majoring in Computer Science to progress toward the master's degree in Computer Science while still an undergraduate. The BMS program allows the qualified student to earn both degrees in 150 units over 5 years. The BMS program also allows the qualified student to progress to graduate study without having to formally apply to the graduate school.

Eligibility: To be eligible to apply for the BMS in Computer Science a student must meet the following minimum criteria:

- be an undergraduate with a declared major in Computer Science,

- have at least junior status and completion of at least 12 upper division units of Computer Science courses including CSCI 311,

- have at least two semesters of coursework remaining in the major after completion of the current semester

- meet a minimum GPA requirement of 3.0 in the major (you can find this on your degree progress report)

- secure a recommendation from a faculty member

Instructions: Check that you meet the eligibility requirements and then fill our and submit this form. The information requested below can be found on your degree progress report. The recommendation from a faculty member should be emailed from the faculty member directly to the Undergraduate Coordinator.
