51st Annual Staff Awards – Years of Service Recognition

California State University, Chico will be celebrating the 51st Annual Staff Awards on May 27, 2021. The celebration will recognize 10, 15, 20, 25, 30, 35 and 40 years of service achieved between January 1 – December 31, 2021. The years of service calculations include any years served stateside and/or with Associated Students (AS) and Chico State Enterprises (CSE). There is a deduction for breaks/absences in service longer than three months from the total years served.

Please view the [list of CSE employees](#) who have achieved the recognized years of service in 2021. I need your assistance to review and please let me know if there are corrections or additions that need to be made to the list. The challenge every year is that all years of service count (stateside, AS and CSE) and the three entities have different databases making it difficult to track anniversaries. Also, if there is an active employee that had a recognized anniversary that was previously missed, please let me know as well.

Please email csehr@csuchico.edu as soon as possible with any changes to ensure that the information can be included in the program prior to going to the printers.

Thank You,

Russell Wittmeier
Director of Human Resources & Payroll
