

Chico State Enterprises Announcements Tuesday, March 17, 2020

COVID-19: 65 and/or With Existing Conditions

Chico State Enterprises (CSE) is coordinating with Chico State and the Emergency Operations Center (EOC) regarding COVID-19. Accordingly, CSE is following the directive of Chico State and Governor Newsom that requires that **all CSE employees 65 and older, or individuals with serious chronic medical conditions (i.e., heart disease, diabetes, lung disease), must practice home isolation. As such, effective immediately, all employees so categorized must stay off campus, both for your safety and others in the campus community.**

Please contact your manager to notify them that you will be complying with this order. Managers should discuss telecommuting with employees in this category whose job duties can be done remotely. For those employees that are not able to telecommute, you will be placed on administrative leave with pay at your current rate and for your normal scheduled workhours.

As further clarity emerges from the Governor's Office, and as circumstances surrounding COVID-19 continue to change, we reserve the right to adjust this directive. For further information, you may contact CSE Human Resources at extension 3536. We anticipate a high call volume, so please be patient, and remain confident that a response will be provided as quickly as possible.

Thank you for all that you are doing to ensure the health and safety of those around you.
