Institutional Animal Care and Use Committee (IACUC) Website Launch

Chico State Enterprises (CSE) provides the administrative support for the California State University, Chico Institutional Animal Care and Use Committee (IACUC). In this capacity, CSE is pleased to announce that the IACUC has launched a new website within the Division of Academic Affairs! Please visit [Animal Care and Use](#) to see our new look and user-friendly navigation. The new site is designed to make it easier to learn about our services and efficiently locate the information you need.

Several online ethics courses are offered and are available for the CSU Chico research community. The courses are delivered through the Collaborative Institutional Training Initiative (CITI) Program and are now viewable using the *CITI Training* button. Please note that ethics training is currently not required for IACUC approval.

CSE staff member Sharon Ruggirello serves as the IACUC Coordinator and works in consultation with the IACUC Chair. Sharon is available to answer general questions regarding the protection of animal subjects and can be reached at iacuc@csuchico.edu.
