Reporting Missed Work Time for CSE Employees Evacuated From the Thompson Fire

We are grateful to share that all Chico State Enterprises (CSE) employees evacuated from the Thompson Fire in Oroville, California are safe and have been able to return to their homes. Those employees that missed work due to the mandatory evacuations may utilize their accrued sick and/or vacation hours for the missed work time during the evacuation.

Unfortunately, there are many fires occurring throughout California and impacting CSE employees working in other areas of the state. Please continue to allow those employees to prioritize the safety of themselves and their families as we have done with employees locally. If any CSE employee needs to evacuate, regardless of their location, they too will be able to utilize their accrued sick and/or vacation hours for missed work time.

Fires and wildfire season can be emotionally difficult for our campus community. If you or any of your staff need someone to talk to, [CSE's employee assistance provider](#) can be contacted as a confidential resource.
