**Required Ethics Training for Human
and Animal Subjects Research**

Per Provost Larson's announcements on August 23, 2021, ethics training is required for all "Key Personnel" in human and animal subjects research. "Key Personnel" applies to CSE students, staff, administrators, centers, Center Directors, and Principal Investigators (PI) who are directly involved in or conduct human or animal subjects research whether the project is funded or not. Please see the Provost's announcements for further information and to further define "Key Personnel".
