Chico State Enterprises (CSE)

- **Return to Campus Guidelines and Requests**
- **NEW Resources Available on the CSE Website**

Chico State Enterprises (CSE) has created the [CSE Return to Campus Guidelines and Requests webpage](#). As we navigate next steps in collaboration with our campus partners, our intent is to capture the same content and necessary approvals as the University, while providing ease of access to you for resources which must be unique to CSE. The CSE specific resources on our new webpage include return to campus information, guidelines, request forms and training links. For additional Chico State resources, please visit the [Chico State Return to Campus Guidelines and Expectations webpage](#).

New CSE Return to Campus Requests must be approved by CSE CEO, Mary Sidney, prior to the campus Emergency Operations Center (EOC) review. If return is authorized by CSE, the request will be submitted to the EOC for assessment. To obtain CSE CEO approval, submit requests to CSE representatives, Gina McCammon (gmccammon@csuchico.edu) and Coleen Stewart (cbstewart@csuchico.edu) for review.

Consistent with the University, we are now revisiting and documenting those onsite performing essential functions to ensure compliance with updated safety requirements and safeguarding the health and safety of our campus community. If you have any CSE employees or volunteers working at a CSE or CSUC owned or leased site, please complete the request forms and email them to Gina McCammon and Coleen Stewart. In addition, all employees and volunteers who are working at a CSE or CSUC owned or leased site will need to complete COVID-19 workplace training no later than Monday, August 31, 2020. The training should take no more than thirty minutes to complete and COVID-19 training links—one for employees, and one for managers—can be found on the new [CSE Return to Campus webpage](#).
