Non-Essential Travel Restrictions Lifted Effective June 1, 2021

Per a memo from the Chancellor's Office last month, the domestic and international travel restrictions that were implemented last year will be lifted as of June 1, 2021. All auxiliary funded travel must adhere to current [Centers for Disease Control and Prevention \(CDC\) guidance](#) and consider health and safety. Please utilize the appropriate travel forms and guidance found on the [CSE Travel page](#) and as needed, consult with your Analyst or the CSE Accounts Payable (AP) team.

- Domestic travel must be reviewed and approved by the appropriate administrator under the normal travel process.
- International travel must be initially approved by the appropriate administrator with final review and approval by the President. The request must contain the country's CDC warning level and the [U.S. State Department's Travel Advisory](#) status within the request.

For questions pertaining to this announcement and travel reimbursement requirements, please contact **CSE AP** at cseaccountspayable@csuchico.edu.
