Chico State Enterprises (CSE) Domestic Travel Suspended Until Further Notice

All Chico State Enterprises (CSE) domestic travel has been suspended until further notice. This follows Chico State's March 11th communication of the suspension of University-related travel to international destinations and the [March 11th CSE Announcement](#) regarding new Travel Approval Guidance for CSE and UF-related travel. All previously authorized exceptions for "essential" domestic travel are rescinded. At this time, only CEO Mary Sidney has the authority to approve exceptions, and circumstances will be weighed carefully in consultation with University leadership when considering exception requests.
