

Chico State Enterprises Announcements Years of Service Information Request Monday, March 2, 2020

California State University, Chico will be celebrating the 49th Annual Staff Awards Luncheon in May 2020. The luncheon will recognize 10, 15, 20, 25, 30, 35 & 40 years of service achieved between January 1 – December 31, 2019. The years of service calculations includes any years served stateside and/or in Associated Students and Chico State Enterprises. There is a deduction for breaks/absences in service longer than three months from the total years served.

[This link is a list](#) of Chico State Enterprises employees who have achieved the recognized years of service in 2019. We need your assistance to review and please let us know if there are corrections or additions that need to be made to the list. The challenge every year is that all years of service count (stateside, AS & CSE) and the three entities have different databases making it difficult to track anniversaries. Also, if there is an active employee whose recognized anniversary was previously missed, please let us know as well.

Please email [Russ Wittmeier](#), no later than Friday March 6th, with any changes to ensure that the information can be included in the program prior to being submitted to the printers.

Thank you.

Russ Wittmeier
Chico State Enterprises
