Research Foundation Announcement – Redesigned Website Launch

Thursday, May 9, 2019

Research Foundation Redesigned Website Launch

The Research Foundation is pleased to announce the upcoming launch of our newly redesigned website on May 13th! The redesigned website was created on the Cascade content management system, which is the system utilized by CSU, Chico.

The primary objectives of our site redesign efforts were focused on aesthetics, fostering improved communication, simplifying content, and creating a user experience that is more consistent with that of campus.

The website will officially launch on Monday, May 13, by 9 a.m. and is located at the same address: <https://www.csuchico.edu/rfdn/>

The website will not be accessible for a short time between 8 a.m. - 9 a.m. as the Web Services team launches the site on behalf of the Research Foundation. Once launched URLs may change, therefore if you have saved any shortcuts to the current website, please visit the redesigned website to access content and new URLs.

We hope that you find the redesigned website easier to navigate and more user friendly. Moving forward we will continue to add new content to further improve visitor experience. If you have any questions, please email [Coleen Stewart](mailto:Coleen.Stewart@csuchico.edu).

Thank you.
