

Grants for Research, Scholarly & Creative Activities

2020 CSU System RSCA Grant Program

Administered via Academic Affairs, Faculty Senate,
and Chico State Enterprises

Internal Research Grant Competition for CSU Chico Faculty

Proposals due Monday, March 2, 2020

Chico State Enterprises announces the application period for the 2020 CSU System *Research, Scholarly and Creative Activities (RSCA) Grant* program which allocates funds from the Chancellor's Office to support faculty RSCA on each CSU campus.

Individual RSCA Grants are awarded through a competitive process on each CSU campus and are open to all faculty in the R03 Bargaining Unit from any academic discipline.

The CSU Chancellor's Office requires that all RSCA applications are submitted through the [Chico grants portal](#). You can also access this portal at the [CSE homepage](#). This portal provides application instructions and required documents, and a web-based application.

We encourage you to apply to this internal grant program to foster your research, scholarly or creative activities at CSU Chico. If you have any questions, please email jjessen@csuchico.edu.
