This publication includes deadline dates for the month of March 2020 and late announcements for the months of February 2020 and January 2020. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk (***) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (****) are target dates.

Program: Evaluating Natural Experiments in Healthcare to Improve Diabetes Prevention and Treatment (R18)
Agency: National Institutes of Health
Next Deadline: Feb 13, 2020
Supports research to evaluate large scale policies or programs related to healthcare delivery that are expected to influence diabetes prevention and care. Not intended to support initiation and delivery of new policies or programs. Research support is for the evaluation of the effectiveness of healthcare programs and/or policies implemented independent of NIH grant funding. Annual deadlines: 3/1 and 11/1 through 2/14/20. See https://grants.nih.gov/grants/guide/pa-files/PAR-17-178.html for updates.

**Program:** Geography and Spatial Sciences - Doctoral Dissertation Research Improvement Awards (GSS-DDRI)  
**Agency:** National Science Foundation  
**Next Deadline:** Mar 2020 (target date)  
Supports basic research on geographic distributions and interactions of human, physical, and biotic systems on Earth's surface. Investigators are encouraged to propose plans for research about the nature, causes, and consequences of human activity and natural environmental processes across a range of scale. Projects must enhance geographical knowledge, concepts, theories, and methods, and their application to societal problems and concerns. Annual deadlines: all proposals accepted at any time. **Program:** Security and Preparedness (SAP)  
**Agency:** National Science Foundation  
**Next Deadline:** Jan 15, 2020  
Supports basic scientific research that advances knowledge and understanding of issues broadly related to global and national security. Research proposals are evaluated on the criteria of intellectual merit and broader impacts; the proposed projects are expected to be theoretically motivated, conceptually precise, methodologically rigorous, and empirically oriented. Substantive areas include (but are not limited to) international relations, global and national security, human security, political violence, state stability, conflict processes, regime transition, international and comparative political economy, and peace science. Annual deadlines: 1/15 and 8/15 (8/17 in 2020). See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505712 for details.

**Program:** The Science of Learning and Augmented Intelligence Program (SL)  
**Agency:** National Science Foundation  
**Next Deadline:** Jan 15, 2020  
Supports potentially transformative research that develops basic theoretical insights and fundamental knowledge about principles, processes and mechanisms of learning, and about augmented intelligence - how human cognitive function can be augmented through interactions with others, contextual variations, and technological advances. The program also supports research addressing learning in individuals and in groups, across a wide range of domains at one or more levels of analysis including: molecular/cellular mechanisms; brain systems; cognitive, affective, and behavioral processes; and social/cultural influences. Annual deadlines: third Wednesday in January and second Wednesday in July. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505731

**Program:** Grants and Fellowships  
**Agency:** Partnership for Clean Competition  
**Next Deadline:** Mar 01, 2020  
Supports scientific research advancing knowledge in the anti-doping sphere. Grant and Fellowships pre-applications are accepted awarded three times annually (annual deadlines: 3/1, 7/1, 11/1). For applicants invited to submit full applications, the due date is the first day of the month following the pre-application deadline. The PCC also offers micro-grants year round for grants requiring less than $75,000 and six months to complete. See www.cleancompetition.org for updates.

Program: Small Business Innovation Research Program (SBIR)
Next Deadline: Jan 22, 2020
The S&T Directorate SBIR program issues two solicitations per year, generally in December and April. Topics for solicitations are developed by program managers in each of the S&T divisions. Eligibility is limited to small businesses, which may partner with colleges and universities. Program goals include increasing the participation of small businesses in federal research and development programs and bringing innovative homeland security solutions to reality. The program is focused on near-term commercialization and delivery of operational prototypes to government. See https://sbir2.st.dhs.gov/portal/SBIR/ for updates.
