

Grants Resource Center
Deadlines
 Funding Expertise. Personally Delivered.

April 01, 2025

This publication includes deadline dates for the month of July 2025 and late announcements for the months of June 2025 and May 2025. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk () are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.**

Program: Institutional Grants
Agency: Japan-United States Friendship
Commission

Next Deadline: Jul 01, 2025

Supports reciprocal research programs between the U.S. and Japan, in support of the continuation of close friendship and cooperation. Awards will be made on the basis of academic or professional excellence evaluated in relation to national and cultural needs for certain professional fields; existing gaps in understanding; and availability or lack of other sources of support. Focus areas include: Exchanges and Scholarship; Global Challenges; Arts and Culture; and Education and Public Affairs. See https://www.jusfc.gov/grant_program/

CFDA Number:

Contact: Niharika Chibber Joe
jusfc@jusfc.gov
202-653-9800

Program: Grants for Arts Projects
Agency: National Endowment for the Arts

Next Deadline: Jul 10, 2025

Supports the creation of high quality art, public engagement with the arts, lifelong learning in the arts, and community development through the arts. Projects that are innovative or replicable are encouraged. Awards from approximately \$10,000 to \$100,000 are available requiring a non-federal 1:1 match. Deadlines are for step one of application process. Limited submission: one submission per organization (with some exceptions for the Media Arts discipline). Demonstrably separate components of an organization may apply. See <https://www.arts.gov/grants/grants-for-arts-projects>
View contacts by discipline at <https://tinyurl.com/hmjengo>

Contact: Multiple Contacts
202-682-5400

Program: Humanities Collections and
Reference Resources

Agency: National Endowment for the
Humanities

Next Deadline: Jul 15, 2025

Grants support projects that address major challenges in preserving/providing intellectual access to humanities resources. NEH encourages digital projects that codify, unite, integrate, or aggregate humanities collections and resources. Projects may also develop a reference work or tool or integrate tools and reference works with digital collections to provide context to humanities materials and to facilitate discovery. Supports implementation awards up to \$350,000 (3 years) and foundations planning awards up to \$50,000 (2 years). See <http://www.neh.gov/grants/preservation/humanities-collections-and-reference-resources>

202-606-8570

Program: National Trust Preservation Fund

Agency: National Trust for Historic
Preservation

Next Deadline: Jun 02, 2025

Provides grants ranging from \$2,500-\$5,000 to initiate preservation planning and education projects. Funds may be used to obtain professional expertise in areas such as historic preservation, architecture, archeology, engineering, preservation planning, land-use planning, fundraising, organizational development, and law, as well as preservation education activities to educate the public. Intervention and emergency funds are also available throughout the year. One to one match is required. Limited submission: one award per organization per round. Annual deadlines: 2/1 (2/3 in 2025), 6/1 (6/2 in 2025), 10/1. Other grants with other deadlines also available. See <https://savingplaces.org/grants>

CFDA Number:

Contact: grants@savingplaces.org
202-588-6000

Program: Research, Fellowships, and Scholar Programs

Agency: Russell Sage Foundation

Next Deadline: Jul 16, 2025

Supports research in the social sciences. Presidential Awards of up to \$50,000 and Trustee grants up to \$200,000 support basic social science research to improve social policies. Core Research Grants offered in two main focus areas: Race, Ethnicity, and Immigration; and Behavioral Science and Decision Making in Context. Other special initiatives also supported. Annual deadlines (for required LOIs) 3/11, and 7/16. Additional programs available including Dissertation Research Grants (due 2/4/25) and Fellowships (due 6/25/25). 212-750-6000

Program: Grants Program

Agency: American College Personnel Association

Next Deadline: Jul 01, 2025

Supports proposals from ACPA members to enhance the student affairs profession and to generate and disseminate knowledge of students in higher education. Of primary interest are proposals related to student learning and professional development. Research grants may be used to fund such items as graduate student support, travel for data collection, software for data analysis, supplies, postage, printing costs, etc. Up to \$10,000 is awarded each year. Research grants usually range from \$500 to \$2,500 for one-year projects. Multi-year grants are also available. Annual deadline: 7/1. See <http://foundation.myacpa.org/transform/research-grants/>

CFDA Number:

Contact: info@acpa.nche.edu
202-835-2272

Program: Research Project Funding and Academic Scholarships

Agency: American Hotel and Lodging Educational Foundation

Next Deadline: Jul 2025 (*tentative*)

Supports hospitality research projects (currently suspended) that benefit the lodging industry. Proposals must address industry problems, have broad geographical appeal, and contribute to prosperity of the industry. Academic and professional development exists for both self-nominated and select school-nominated funding opportunities. Several scholarships are available to support students pursuing a degree in hospitality management (3/15) or professionals looking to update credentials (applications accepted on a rolling basis, and are awarded monthly). Program: Research Grants Program

Agency: March of Dimes

Next Deadline: Jul 2025 (target date)

Provides millions in grants and scholarships for community programs and education for professionals to support the prevention of birth defects. Basil O'Connor Starter Scholar Research award provides \$75,000 per year over two years for new investigators holding recent faculty appointments to conduct independent research on birth defects. Other programs and awards available for new and established researchers. Various deadlines. See <https://www.marchofdimes.org/our-work/research/grants-awards>

Program: Blueprint Neurotherapeutics Network (BPN): Biologic-based Drug Discovery/Development for Disorders of the Nervous System

Agency: National Institutes of Health

Next Deadline: Jul 15, 2025

Supports preclinical discovery and development of potential therapeutic Biotechnology Products and Biologics including, but not limited to, large biologic macromolecules, gene-based therapies, cell therapies, and novel emerging therapies. Eligible applicants are small businesses but colleges and universities may collaborate. Companion opportunities available. Annual deadlines: 1/15 (1/27 in 2025) and 7/15 until 8/19/27. See <https://grants.nih.gov/grants/guide/pa-files/PAR-24-294.html>

CFDA Number: 93.121

Program: Accelerating the Pace of Substance Use Research Using Existing Data

Agency: National Institutes of Health

Next Deadline: Jul 17, 2025

Supports innovative analysis of existing social science, behavioral, administrative, and neuroimaging data to study the etiology and epidemiology of drug using behaviors (defined as alcohol, tobacco, prescription and other drug) and related disorders, prevention of drug use and HIV, and health service utilization. Companion funding available. Annual deadlines: 7/17 and 12/3 through 12/4/27. See <https://grants.nih.gov/grants/guide/rfa-files/RFA-DA-26-055.html>

Program: Animal Genomics Program

Agency: National Institutes of Health

Next Deadline: Jul 23, 2025

Supports projects to identify genetic, genomic, and molecular (epi)genetic variants that underlie: Phenotypes associated with addictive behaviors and/or vulnerability to distinct stages along the substance use disorder (SUD) trajectory; Behaviors associated with SUD (e.g. impulsivity, novelty seeking, delayed discounting, and other genetically-associated phenotypes); and Comorbidities that demonstrate genetic correlations with phenotypes and behaviors linked with SUD (e.g. anxiety, stress, poor maternal care, social defeat, and other paradigms). Annual deadlines: 2/11 and 7/23 until 2/12/27. See <https://grants.nih.gov/grants/guide/pa-files/PAR-24-269.html>

Program: Time-Sensitive Evaluation of Policies Affecting Health Behaviors and Chronic Disease Risk

Agency: National Institutes of Health

Next Deadline: May 2025 (*target date*)

Supports time-sensitive research to evaluate a new policy or program that is likely to influence diet, physical activity, sleep, and/or weight and thus has the potential to lower rates of chronic diseases, particularly in populations at risk for health disparities. This NOFO is intended to support research where opportunities for empirical study are, by their very nature, only available through expedited review and funding. Applications submitted to this time-sensitive NOFO are not eligible for re-submission. Annual deadlines: applications due monthly through 1/12/28. Funding will be awarded within four months. See <https://grants.nih.gov/grants/guide/pa-files/PAR-25-312.html>

Program: IDeA Networks of Biomedical Research Excellence (INBRE)

Agency: National Institutes of Health

Next Deadline: May 22, 2025

Promotes the development, coordination and sharing of research resources and expertise that will expand the research opportunities and increase the number of competitive investigators in the IDeA-eligible states. INBRE grants are intended to enhance the caliber of scientific faculty at research institutions and undergraduate schools, thereby attracting more promising students to these organizations. Applicants should have an established state-wide network before submission. Limited submission: only one application per institution is allowed. Annual deadline: 5/22 through 2025. See <https://grants.nih.gov/grants/guide/pa-files/PAR-23-100.html>

Program: Grants and Awards
Agency: Orthopaedic Research and Education Foundation

Next Deadline: Jul 2025 (target date)

Supports independent, peer-reviewed musculoskeletal research and education that orthopaedic surgeons can apply in daily practice. Wide range of programs that impact orthopaedic practice. Individual grants and awards support investigators and educators that range from \$5,000 for one year up to \$300,000 over three years. Deadlines vary and some refer to required LOIs. See <http://www.oref.org/grants-and-awards/grant-programs>

Program: Grants Program (Pediatric Research/Prevention of Disease)

Agency: Thrasher Research Fund

Next Deadline: Jul 15, 2025

Provides grants for pediatric medical research and supports a variety of research topics important to children's health worldwide. E.W. "Al" Thrasher Awards (1/14, 7/15) purpose is to improve children's health through medical research, with an emphasis on projects that have the potential to translate into clinically meaningful results within a few years. Early Career Awards (3/18, 9/2) encourage the development of medical research in child health by awarding small grants to new researchers. See <http://www.thrasherresearch.org>

Program: FDA Support for Conferences and Scientific Meetings

Agency: U.S. Food and Drug Administration

Next Deadline: Jul 2025 (target date)

Program facilitates the provision of federal financial assistance in support of high-quality conferences and scientific meetings designed to research and investigate a topic clearly aligned with the FDA mission. A conference or scientific meeting is defined as a symposium, seminar, workshop, or any formal meeting, whether conducted face-to-face or virtually to exchange information and explore a defined subject, issue, or area of concern impacting the public's health within the scope of the FDA's mission. FDA will not issue a conference grant award unless it can be issued before the conference start date. Deadlines refer to required LOIs up to eight weeks before the proposals are due. Expires 10/11/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-23-072.html>

CFDA Number: 93.103

Program: Grants Program
Agency: Great Lakes Protection Fund
Next Deadline: Jul 2025 (target date)

Supports projects that benefit the health of the entire Great Lakes ecosystem. Projects must identify a significant, tangible ecological outcome and a pragmatic plan to achieve it. The fund prefers to support projects that take concrete actions to achieve basin-wide ecological results. Support for conferences, environmental education, and basic research are considered only when they are part of a broader, regional action strategy. Annual deadline: pre-proposals may be submitted at any time; feedback provided within three months. Invited full proposals are reviewed at quarterly board meetings. 703-292-5111

Program: Historically Black Colleges and Universities - Excellence in Research (HBCU- EIR)

Agency: National Science Foundation

Next Deadline: Jul 10, 2025

Supports projects that stimulate sustainable improvement in research and development capacity at public and private HBCUs - particularly those that have not been successful in larger NSF research and related activities competitions. Previously part of the HBCU-UP program, now its own competition. Annual deadline: second Thursday in July for required LOIs. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505765 for details.

CFDA Number: 47.083

Contact: See solicitation for a list by topic

Program: Biological Anthropology

Agency: National Science Foundation

Next Deadline: Jul 31, 2025 (target date)

Supports basic research in areas related to human evolution and contemporary human biological variation. Supported research areas include human genetic variation, human adaptation, human osteology and bone biology, human and nonhuman primate paleontology, functional anatomy, and primate socioecology. Annual deadlines: 1/31 and 7/31. See <https://tinyurl.com/3urp327h> for updates. Program also supports doctoral dissertation research improvement grants. Annual deadlines: 1/31 and 7/31. Program: Improving Undergraduate STEM Education: Ed and HR (IUSE: EDU)

Agency: National Science Foundation

Next Deadline: Jul 16, 2025

Supports projects that build on both fundamental research in undergraduate STEM education and prior research and development that provide theoretical and empirical justification for proposed efforts. There are two tracks, each with two levels of funding. See <https://tinyurl.com/76dw7ha4>

CFDA Number:

Contact: General Inquiries, EDU
IUSE@nsf.gov
703-292-8670

Program: SBIR/STTR Phase I Programs

Agency: National Science Foundation

Next Deadline: Jul 2025 (target date)

Program's goal is to increase the incentive and opportunity for small firms to undertake cutting-edge, high-risk, high-quality scientific, engineering, or science and engineering education research that would have a high-potential economic payoff if the research is successful. Requires researchers at universities and other non-profit research institutions to play a significant intellectual role in the conduct of each STTR project, but optional for SBIR projects. Limited submission: one submission at a time and up to two submissions per open window. Submit a project pitch anytime; full proposals by invitation. See <https://seedfund.nsf.gov/apply/>

CFDA Number: 47.041

Contact: ENG
sbir@nsf.gov
703-292-8050

Program: Mechanics of Materials and Structures (MOMS)

Agency: National Science Foundation

Next Deadline: Jul 2025 (target date)

Supports fundamental research in mechanics as related to the behavior of deformable solid materials and respective structures under internal and external actions. Areas of emphasis include advances in theory, experimental and computational methods in mechanics, and the use of contemporary mechanics methods to address modern challenges in materials and structures. Proposals that explore and build upon advanced computing techniques and tools to enable major advances in mechanics are particularly welcome. Annual deadlines: proposals accepted at any time. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=13355 for details.

Program: Linguistics Programs

Agency: National Science Foundation

Next Deadline: Jul 15, 2025

Supports basic science in the domain of human language, encompassing investigations of the grammatical properties of individual human languages and of natural language in general. Research areas include syntax, semantics, morphology, phonetics, and phonology. Annual deadlines: target dates are 1/15, 7/15. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5408 for Linguistics Research and http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505033 for Doctoral Dissertation Research Improvement Awards.

Program: Research Infrastructure in the Social and Behavioral Sciences (RISBS)

Agency: National Science Foundation

Next Deadline: Jul 2025 (*target date*)

Supports projects that create computational tools and data to facilitate basic research in the social and behavioral sciences that can lead to improved health, prosperity and security. Project examples include, but are not limited to, data collection or assembly efforts that result in new resources for a community of researchers or software platforms that facilitate data collection efforts by others. RISBS does not support research by PIs except in service of creation of the infrastructure. Annual deadline: applications accepted anytime. See <https://new.nsf.gov/funding/opportunities/research-infrastructure-social-behavioral-sciences>

Program: Developmental Sciences

Agency: National Science Foundation

Next Deadline: Jul 30, 2025

Supports basic research that increases our understanding of cognitive, linguistic, social, cultural, and biological processes related to human development across the lifespan. Research supported by this program will add to our knowledge of the underlying developmental processes that support social, cognitive, and behavioral functioning, thereby illuminating ways for individuals to live productive lives as members of society. Currently accepting individual investigator and workshop/small conference proposals. Annual deadlines: target dates are 1/30 and 7/31. See <https://new.nsf.gov/funding/opportunities/developmental-sciences-ds>

Program: Social Psychology
Agency: National Science Foundation

Next Deadline: Jul 15, 2025 (*target date*)

Supports basic research on human social behavior, including cultural differences and development over the lifespan. Among the many research topics supported are attitude formation and change, social cognition, personality processes, interpersonal relations, group processes, the self, emotion, social comparison and social influence, the social psychology of health, and the psychophysiological correlates of social behavior. Annual deadlines: target dates are 1/15 and 7/15. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5712

Program: Cottrell Scholar Awards
Agency: Research Corporation for Science Advancement

Next Deadline: Jul 01, 2025

Cottrell Scholar Awards provide \$120,000 to early career tenure-track assistant professors in bachelor- and Ph.D.-granting departments of astronomy, chemistry, and physics. Applicant proposals must contain a research plan, an educational plan and a clear statement on how the CSA will help applicants become truly outstanding teacher-scholars and future academic leaders. Eligibility is limited to faculty members who started their first tenure-track appointment in 2022. See <http://rescorp.org/cottrell-scholars/cottrell-scholar-award>

Program: Smithsonian Opportunities for Research and Study

Agency: Smithsonian Institution

Next Deadline: Jul 2025 (*target date*)

Supports graduate, postdoctoral, and senior fellowships research at the Smithsonian in various areas: anthropology, archaeology, astrophysics and astronomy, earth sciences, ecology, behavioral and environmental sciences, evolutionary and systematic biology, history of science, art history, and social and cultural history of the U.S. The stipend amount and length of fellowships vary. Graduate and undergraduate internships are also available. Fellowship application deadlines vary by program. See <https://www.si.edu/ofi>

Program: Coastal Resilience Grants Program

Agency: U.S. Department of Commerce

Next Deadline: May 06, 2025

Supports efforts to build resilience by conserving and restoring sustainable ecosystem processes and functions and reducing the vulnerability of coastal communities and infrastructure from the impacts of extreme weather events, climate hazards, and changing ocean conditions. This program supports activities that restore or create natural infrastructure and natural landscape features to provide valuable ecosystem functions and services, such as habitat for fish, improved water quality and quantity, flood reduction, and erosion protection. Deadline is for required preproposals. See

Program: Environmental Literacy Grants

Agency: U.S. Department of Commerce

Next Deadline: May 21, 2025

Seeks projects that engage the public in educational activities that utilize emerging or advanced technologies to improve understanding and stewardship of the local and global environment.

Fund supports projects that make populations more resilient to extreme weather and other environmental hazards they face. Program areas include: Formal K-12 Education and Informal/ Nonformal Science Education. Colleges and universities are eligible to apply directly. Current opportunity is the Environmental Literacy for Community Resilience. See <http://www.noaa.gov/office-education/elp/grants>

Program: Transformative Artificial Intelligence Research and Applications Broad Agency Announcement (BAA)

Agency: U.S. Department of Defense

Next Deadline: Jul 2025 (*target date*)

Program seeks white papers and proposals in support of new technologies and translational research-based approaches that support the identification, alignment, and exploitation of basic, applied, and advanced research and technology. Annual deadline: white papers and proposals accepted any time through 7/31/26. See <https://sam.gov/opp/1e7f4a9d24f2420787a63776c1b115a0/view>

Program: DARPA: Biological Technologies Office

Agency: U.S. Department of Defense

Next Deadline: Jul 2025 (*target date*)

DARPA pursues opportunities for transformational change rather than incremental advances. It does so collaboratively as part of a robust innovation ecosystem that includes academic, corporate, and governmental partners. DARPA supports several research topics for the Biological Technologies Office. See <https://www.darpa.mil/work-with-us/opportunities> and search CFDA 12.910 in Grants.gov

Program: Solar Decision Support for Universities

Agency: U.S. Department of Energy

Next Deadline: Jul 2025 (target date)

The National Renewable Energy Laboratory offers resources to universities seeking to go solar. In support of the U.S. Department of Energy Solar Energy Technologies Office, these resources aim to increase the deployment of midscale solar photovoltaic (PV) systems, engage stakeholders to develop deployment solutions, and empower decision makers. Annual deadlines: applications accepted anytime; contact NREL in advance. See <https://www.nrel.gov/state-local-tribal/universities.html>

Program: Science Undergraduate Laboratory Internships (SULI)

Agency: U.S. Department of Energy

Next Deadline: May 21, 2025

Program encourages undergraduate students to pursue STEM careers by providing research experiences at DOE National Laboratories. Interns perform research, guided by laboratory staff, on projects related to ongoing programs. Appointments are for 10 weeks in the summer, 16 weeks in the spring and fall. Each DOE laboratory/facility offers different research opportunities; not all DOE laboratories/facilities offer internships during the Fall and Spring Terms. See <https://science.osti.gov/wdts/suli>

Program: Hazard Mitigation Assistance

Agency: U.S. Department of Homeland Security

Next Deadline: Jul 2025 (target date)

Provides funding for eligible mitigation activities that reduce disaster losses and protect life and property from future disaster damages. Programs include Building Resilient Infrastructure and Communities and Flood Mitigation Assistance. Applications must be submitted by an agency designated by the state emergency management agency. Most grants are released for a specific region after a disaster has occurred. IHEs may subcontract. Other opportunities may be available. See <http://www.fema.gov/hazard-mitigation-assistance>

Program: North American Wetlands Conservation Act Grants

Agency: U.S. Department of the Interior

Next Deadline: Jul 10, 2025

Provides matching funds for wetlands conservation partnership projects that ensure long-term benefits to wetland ecosystems and the waterfowl, fish and wildlife that depend on such habitats. Supports acquisition, enhancement, and restoration of wetland and wetland-associated habitats. Supports U.S. Small Grants (10/10); and U.S. Standard Grants (7/10). Mexico (tbd) and Canada (tbd) programs also offered. A 1:1 match is required for most programs. Each grant and match dollar, except for indirect costs, must be linked to an acre acquired, restored, enhanced, and/or established. Program: Earthquake Hazards Program

Agency: U.S. Department of the Interior

Next Deadline: May 28, 2025

Supports research on earthquake occurrence and effects. Program elements: national and regional earthquake hazards assessments; earthquake information, monitoring and notification; research on earthquake occurrence, physics, effects impacts, and risks; and earthquake safety policy. All proposed work must indicate how the expected results would be applied to reducing losses from earthquakes in the United States. Collaboration is encouraged. See <https://www.usgs.gov/news/technical-announcement/usgs-seeks-earthquake-hazards-research-proposals-7> and Grants.gov (search CFDA 15.807).

Program: Aviation Research Grants

Agency: U.S. Department of Transportation

Next Deadline: Jul 03, 2025

Program encourages and supports innovative, advanced research of potential benefit to the long-term growth of civil aviation and commercial space transportation. The pursuit of basic and applied research in scientific and engineering disciplines that have the potential to further knowledge and understanding on a broad front of emerging technologies is crucial to the realization of this goal. The FAA encourages the submission of proposals that embrace the entire spectrum of physical, chemical, biological, medical, psychological, mathematical, and engineering sciences. Annual deadlines: 1/2, 7/3, 9/2, 12/1 through 9/7/27. See <https://www.grants.gov/search-results-detail/328902>
