This publication includes deadline dates for the month of October 2024 and late announcements for the months of September 2024 and August 2024. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

**Those deadlines marked by an asterisk (**) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.**

Program: German Chancellor Fellowship
Agency: Alexander von Humboldt Foundation
Next Deadline: Oct 15, 2024
Up to 10 fellowships are made per year to prospective leaders from the U.S. to conduct a project as guests of the partner of their choice in Germany. Fellows will be recruited from a broad range of areas such as politics and public policy, law, media, business and the arts. Program provides a stay of one year in Germany where fellows are mentored by hosts, whom they have identified on the basis of their expertise. Projects should have a long-term and visible impact and help to advance fellows’ careers and professional development. Monthly stipends of 2,200 to 2,700 EUR. Annual deadline: 10/15. See https://www.humboldt-foundation.de/en/apply/sponsorship-programmes/german-chancellor-fellowship

Contact: info@avh.de

CFDA Number:

Program: Humboldt Research Fellowships
Agency: Alexander von Humboldt Foundation
Next Deadline: Oct 2024 (target date)
Supports a variety of fellowships for outstanding researchers in all fields to promote research collaboration with colleagues in Germany. Award winners expected to collaborate on research projects with established academics in Germany. Annual deadline: applications accepted anytime. Foundation also supports hosting German academics. See https://www.humboldt-foundation.de/en/apply/sponsorship-programmes/humboldt-research-fellowship

Contact: Svenja Kemmerling
svenja.kemmerling@avh.de

Program: Research Fellowships
Agency: American Antiquarian Society
Next Deadline: Oct 05, 2024
Visiting Academic Research Fellowships include Long Term awards of up to $60,000 for AAS NEH (annual deadline: 1/15) and up to $40,000 for Hench Post-Dissertation (10/5) for early to senior scholars; Short Term awards of up to $2,000 per month for recent Ph.D.s and doctoral candidates (1/15); Virtual Fellowships (5/31); and Fellowships for Creative and Performing Artists and Writers (10/5). Program: Luce Foundation/ACLS Dissertation Fellowships in American Art
Agency: American Council of Learned Societies
Next Deadline: Oct 30, 2024
Supports 7 fellowships for graduate students in art history at any stage of the dissertation research and writing process. Dissertation must be on a topic related to the history of the visual arts in the U.S. Applicants must be U.S. citizens enrolled in a Ph.D. program within an art history department, or have an art history professor as the principal dissertation advisor. Stipend is $38,000 (plus up to $4,000 for travel and research) for a one year, non-renewable term, beginning in the summer. May be carried out at the fellow's home institution, abroad, or at another appropriate site for the research. See https://www.acls.org/competitions/luce-acls-dissertation-fellowships-in-american-art/

212-697-1505 (ext. 144)
Program: Franklin Research Grants  
Agency: American Philosophical Society  
Next Deadline: Oct 01, 2024  
Supports travel to libraries and archives for research purposes, the purchase of microfilm, the cost of photocopies or equivalent research materials, and the costs associated with fieldwork and laboratory research expenses in a wide range of fields. Applicants must hold a doctorate or have published work of doctoral character and quality. Awards are up to $6,000 each. Annual deadlines: 10/1 and 12/2 depending on proposed start date. Grants are payable to the individual applicant. See http://www.amphilsoc.org/grants/franklin

Program: CHS Fellowships in Hellenic Studies  
Agency: Center for Hellenic Studies  
Next Deadline: Oct 15, 2024 (tentative)  
Offers residential fellowships to scholars working on various aspects of ancient Greek civilization including literature, area/ethnic studies, anthropology, archaeology, art history, education, history, philosophy, religious studies, and science. Program designed for Ph.D. applicants who are at the early stages of their careers. Fellowships provide up to $25,000 and housing at CHS in Washington, D.C. for up to 18 weeks plus travel and health insurance support. Other programs may be available. Annual deadline: 10/15. Program: Asian Studies Grants  
Agency: Association for Asian Studies  
Next Deadline: Oct 01, 2024  
The Association for Asian Studies (AAS) is a scholarly, non-political, non-profit professional association open to all persons interested in Asia and the study of Asia. AAS offers several grants to support the research of North American scholars to improve the quality of teaching about Asian cultures at the college and pre-college levels. Grant amounts, details and deadlines vary according to program. Annual deadlines: 2/1, and 10/1, with programs to support bringing speakers to campus due 12/31 (virtual or in-person). Also offers prizes for scholarly books. See http://www.asian-studies.org/Grants-and-Awards/AAS-Grant-Programs

Supports research on suicide and suicide prevention from a variety of disciplines: psychiatry, medicine, psychology, genetics, epidemiology, neurobiology, and others. Grants are awarded for one to two years under seven programs: Focus Grants ($500K/required LOIs due 8/1); Early Career Research Innovation Grants ($140K); Standard Research Grants ($125K); Linked Standard Research Grants ($450K/required LOIs due 9/15 ); Distinguished Investigator Grants ($150K); Postdoctoral Research Fellowships ($140K); and Pilot Grants ($50K). Other programs may be available. Annual deadline: 11/15 unless otherwise noted. See https://afsp.org/research-grant-information

-----------------------------

Program: Fellowships, Research and Program Grants
Agency: American Psychological Foundation
Next Deadline: Oct 2024 (target date)
Provides financial support for innovative research and programs in psychology. APF's current grantmaking priorities include: strengthening the connection between mental and physical health; understanding and preventing violence; reducing stigma and prejudice to promote unity and harmony; exploring long-term psychological needs of individuals and communities in the aftermath of disaster. Many grants and fellowships offered, each making one award. Deadlines vary according to program. See https://www.apa.org/about/awards

**Agency:** BrightFocus Foundation  
**Program:** Research Grants (Alzheimer's, Glaucoma, Macular Degeneration)  
**Next Deadline:** Oct 31, 2024  
Supports research on age-related and degenerative diseases (glaucoma, Alzheimer's, and macular degeneration). Separate applications required in each area: Alzheimer's Disease Research Grants (8/2/24); National Glaucoma Research Grants (10/31/24); and Macular Degeneration Grants (7/25/24). **Agency:** Centers for Disease Control and Prevention  
**Program:** Occupational Safety and Health Education and Research Centers  
**Next Deadline:** Oct 22, 2024  
Supports Education and Research Centers (ERCs) that are focused on occupational safety and health training. ERCs are academic institutions that provide high-quality interdisciplinary graduate and post-graduate training, research training, continuing education, and outreach in the core occupational safety and health disciplines of industrial hygiene, occupational health nursing, occupational medicine, and occupational safety, as well as allied disciplines. Limited submission: one application per institution. Annual deadline: late October through 2027. See https://grants.nih.gov/grants/guide/rfa-files/RFA-OH-23-003.html

Program: Occupational Safety and Health Training Project Grants [T03]
Agency: Centers for Disease Control and Prevention
Next Deadline: Oct 22, 2024
Supports training projects in academic institutions that provide high quality undergraduate, graduate, or post-graduate training in a variety of occupational safety and health (OSH) and allied disciplines. Program also funds non-academic training projects to meet specific training needs of targeted populations including firefighters, commercial fishermen and OSH interns. Limited submission: an educational institution may submit one Training Project Grant application with up to three academic training programs; non-academic programs, organizations may submit one application requesting support for one training program. Annual deadline in late October until 2025. See https://grants.nih.gov/grants/guide/rfa-files/RFA-OH-22-003.html

Program: Research Awards Program
Agency: Dermatology Foundation
Next Deadline: Sep 2024 (target date)
Supports career development, fellowships and grant awards intended to advance the early research careers of individuals in dermatology and cutaneous biology. All research must be conducted in the U.S. under sponsorship of a division or department of dermatology. An emphasis is placed on supporting research that benefits the dermatology community at large. Eligibility and deadlines varies by program. See http://dermatologyfoundation.org/rap
CFDA Number: N/A
Contact: dfgen@dermatologyfoundation.org 847-328-2256

Program: Parker B. Francis Fellowship Program
Agency: Francis Family Foundation
Next Deadline: Oct 10, 2024
Supports the development of outstanding investigators who plan careers in pulmonary science, to help make the transition to independent, self-supporting, faculty members. Each of these PBF Fellows will receive $225,000 in salary support over a three-year period. Mentorship by established investigators is required, and fellows must guarantee 75% time availability for research. Most successful candidates have 2-5 years of research experience and a minimum of 2-3 research publications at time of application. See http://www.francisfellowships.org/apply-for-the-fellowship/

Program: Accelerating the Pace of Child Health Research Using Existing Data
Agency: National Institutes of Health
Next Deadline: Oct 05, 2024
Supports the analysis of the Adolescent Brain Cognitive Development (ABCD) Study (R01, R21), the largest long-term study of brain development and child health in the United States, collecting data from nearly 12,000 youth and their parents/caregivers beginning at ages 9 and 10 and following them longitudinally to early adulthood. The study serves as a public use dataset to increase knowledge of adolescent physical health and mental health, cognitive function, substance use, cultural and environmental factors, brain structure and and functions. Annual deadlines: 2/5, 6/5 and 10/5 through 9/8/25. See: https://grants.nih.gov/grants/guide/pa-files/PAR-22-137.html
CFDA Number: 93.286

**Program:** Career Transition Award (K22)  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 12, 2024  
Many Institutes support this program which aims to transition investigators from the mentored to the independent stage of their careers. It enables promising new researchers to obtain additional mentored postdoctoral research experience. Award often has two phases, depending upon the Institute supporting it: postdoctoral research training at an NIH lab for up to 1-2 years; and support for awardee’s research at an institution to which she/he has been recruited. Call before applying. Annual deadlines: 2/12, 6/12, 10/12. See https://researchtraining.nih.gov/programs/career-development/K22 for individual notices and contacts.  
**CFDA Number:** 93.121

---

Monday, July 1, 2024  
Deadlines Page 17 of 54
Several institutes support research applications that propose to study the ethical, legal and social implications (ELSI) of human genetic or genomic research. Applications may propose studies using either single or mixed methods. Approaches may include but are not limited to empirical qualitative and quantitative methods, and conceptual, legal, and normative analyses. Applied research designed to address ELSI issues in genetics and genomics will also be considered responsive. Direct engagement with communities and other interested groups is encouraged, but not required. Annual deadlines: mid-February, June, October through 11/19/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-293.html

---

Supports projects that promote the discovery and validation of novel therapeutic targets to facilitate the development of pain therapeutics. The specific program focus is on the basic science discovery of targets in the peripheral nervous system, central nervous system, immune system or other tissues in the body that can be used to develop treatments that have minimal side effects and little to no abuse/addiction liability. Annual deadlines: 2/2, 6/2, and 10/4 until 12/7/24. See https://grants.nih.gov/grants/guide/rfa-files/RFA-NS-22-034.html

---

The purpose of the NIH Independent Scientist Award (K02) is to foster the development of outstanding scientists and enable them to expand their potential to make significant contributions to their field of research. The K02 award provides three to five years of salary support and "protected time" for newly independent scientists who can demonstrate the need for a period of intensive research focus as a means of enhancing their research careers. Each independent scientist career award program must be tailored to meet the individual needs of the candidate. Call before applying. Annual deadlines: 2/12, 6/12, 10/12 through 5/8/27. See https://grants.nih.gov/grants/guide/pa-files/PAR-24-178.html

---

Supports developmental/exploratory research to improve health in Native American populations. This includes etiologic research that will directly inform intervention development or adaptations; research that develops, adapts, or tests interventions for health promotion, prevention, treatment, or recovery; and where a sufficient body of knowledge on intervention efficacy exists, research on strategies to overcome barriers to the adoption, integration, scale-up, and sustainability of effective interventions. Annual deadline: 10/21 through 1/8/27. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-299.html
**Program:** Mentored Clinical Scientist Research Career Development Award  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 12, 2024  
Prepares qualified individuals for careers that have a significant impact on the health-related research needs of the nation. This program represents the continuation of a long-standing NIH program that provides support and "protected time" to individuals with a clinical doctoral degree for an intensive, supervised research career development experience in the fields of biomedical and behavioral research, including translational research. Annual deadlines: 2/12, 6/12, 10/12 through 5/8/27. See https://grants.nih.gov/grants/guide/pa-files/PA-24-181.html

**CFDA Number:** 93.121
**Contact:** Multiple Contacts  
GrantsInfo@nih.gov  
301-945-7573

**Program:** Mentored Quantitative Research Career Development Award  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 12, 2024  
Supports investigators whose quantitative science and engineering research has thus far not been focused primarily on questions of health and disease. The K25 award will provide support and "protected time" for a period of supervised study and research for productive professionals with quantitative and engineering backgrounds to integrate their expertise with NIH-relevant research. Candidates not planning an independent clinical trial, or proposing to gain research experience in a clinical trial led by another investigator, must apply to companion NOFO (PA-24-191). Annual deadlines: 2/12, 6/12, and 10/12 through 5/8/27. See https://grants.nih.gov/grants/guide/pa-files/PA-24-190.html

**CFDA Number:** 93.855
**Contact:** Multiple Contacts  
GrantsInfo@nih.gov  
301-945-7573

**Program:** Mentored Patient-Oriented Research Career Development Award  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 12, 2024  
Supports the career development of individuals with a clinical doctoral degree who have made a commitment to focus their research endeavors on patient-oriented research. Applicants not planning an independent clinical trial, or proposing to gain research experience in a clinical trial led by another investigator, must apply to companion NOFO (PA-24-185). Annual deadlines: 2/12, 6/12, 10/12 through 5/8/27. See https://grants.nih.gov/grants/guide/pa-files/PA-24-184.html

**CFDA Number:** 93.855
**Contact:** Multiple Contacts

301-945-7573

**Program:** NIH Exploratory/Developmental Research Grant Program (Parent R21)  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 16, 2024  
Many, but not all, NIH institutes support investigator-initiated, also known as unsolicited, exploratory and developmental research (R21) by funding the early and conceptual stages of such efforts. Priorities vary by Institute/Center (I/C). I/Cs that do not accept R21 applications under this announcement may offer similar programs. Combined budget for direct costs for the two year project period may not exceed $275,000. Consultation with NIH staff highly encouraged. Annual deadlines: 2/16, 6/16, 10/16 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PA-20-195.html

---

*Monday, July 1, 2024  Deadlines Page 19 of 54*
**Program:** NIH Research Project Grant (Parent R01)

**Agency:** National Institutes of Health

**Next Deadline:** Oct 05, 2024

The NIH Research Project Grant supports a discrete, specified, circumscribed project in areas representing the specific interests and competencies of the investigator(s). The proposed project must be related to the programmatic interests of one or more of the participating NIH Institutes and Centers (ICs) based on their scientific missions. Companion opportunities available. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PA-20-185.html

**CFDA Number:**

**Contact:** Multiple Contacts

**Program:** NIH Small Research Grant Program (Parent R03)

**Agency:** National Institutes of Health

**Next Deadline:** Oct 16, 2024

Supports discrete, well-defined projects that realistically can be completed in two years and require limited levels of funding. Examples of project themes include pilot and feasibility studies; secondary analysis of existing data; self-contained research projects; development of research methodology; and development of new research technology, etc. Direct costs cap at $100,000 over a two-year period, with no more than $50,000 in direct costs allowed in a single year. Annual deadlines: 2/16, 6/16, and 10/16 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PA-20-200.html

**CFDA Number:** 93.242

**Contact:** Multiple Contacts

**Program:** Pathway to Independence Award (Parent K99/R00)

**Agency:** National Institutes of Health

**Next Deadline:** Oct 12, 2024

Supports a timely transition of outstanding postdoctoral researchers with a research and/or clinical doctorate degree from mentored, postdoctoral research positions to independent, tenure-track or equivalent faculty positions. Applicants must have less than four years of postdoctoral research experience at the time of the initial (new) or the subsequent resubmission application and requires at least 12 months of mentored research training and career development (K99 phase) before transitioning to the R00 award phase of the program. Funding is available for up to five years covered within two phases. Annual deadlines: 2/12, 6/12 and 10/12 through 5/8/27. See https://grants.nih.gov/grants/guide/pa-files/PA-24-195.html

**CFDA Number:**

**Contact:** Multiple Contacts

GrantsInfo@nih.gov
301-945-7573

**Program:** Research Enhancement Award Program (REAP) for Health Professional Schools and Graduate Schools

**Agency:** National Institutes of Health

**Next Deadline:** Oct 25, 2024

Supports basic and clinical research in educational institutions that provide baccalaureate or advanced degrees for a significant number of the Nation's research scientists, but that have not been major recipients of NIH support. Eligible institutions must award NIH-relevant baccalaureate or advanced degrees in health professions and have received less than $6 million per year of NIH support (total costs) in 4 of the last 7 fiscal years. Annual deadlines: 2/25, 6/25, 10/25 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PA-22-060.html (no clinical trial) or https://grants.nih.gov/grants/guide/pa-files/PAR-21-357.html (clinical trial)

**CFDA Number:** 93.113

**Contact:** Multiple Contacts
**Agency:** National Institutes of Health  
**Program:** Research on Autism Spectrum Disorders  
**Next Deadline:** Oct 05, 2024

Supports research designed to study the etiology, epidemiology, diagnosis, treatment and optimal means of service delivery in relation to autism spectrum disorders (ASD). Basic research into the pathophysiology of ASD, including research on brain mechanisms and genetics, is of special interest. Program intended to support research goals of the Strategic Plan for ASD Research. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/25. Optional companion funding is available. See [https://grants.nih.gov/grants/guide/pa-files/PA-21-201.html](https://grants.nih.gov/grants/guide/pa-files/PA-21-201.html)

**CFDA Number:** 93.242  
**Contact:** Multiple Contacts

**Program:** Tobacco Regulatory Science  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 04, 2024  

Supports biomedical and behavioral research that will provide scientific data to inform regulation of tobacco products to protect public health. Research Projects must address the research priorities related to the regulatory authority of the FDA and the Center for Tobacco Products. Annual deadlines: early May and October through 5/5/25. See [https://grants.nih.gov/grants/guide/rfa-files/RFA-OD-23-017.html](https://grants.nih.gov/grants/guide/rfa-files/RFA-OD-23-017.html)

**CFDA Number:** 93.350

**Program:** Clinical Trial Readiness for Rare Diseases, Disorders, and Syndromes  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 17, 2024  

Supports that are intended to facilitate rare diseases research by enabling efficient and effective movement of candidate therapeutics or diagnostics towards clinical trials, and to increase their likelihood of success through development and testing of rigorous biomarkers and clinical outcome assessment measures, or by defining the presentation and course of a rare disease to enable the design of upcoming clinical trials. R03 and R21 awards are available. Annual deadlines: mid-May and October until 10/18/24. See [https://grants.nih.gov/grants/guide/pa-files/PAR-23-160.html](https://grants.nih.gov/grants/guide/pa-files/PAR-23-160.html)

**Program:** Academic-Industrial Partnerships for Translation of Technologies for Diagnosis and Treatment (R01 - Clinical Trial Not Allowed AND R01 - Clinical Trial Optional)  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 05, 2024  
Supports translation of scientific discoveries and engineering developments into methods or tools that address problems in basic cancer research to understand disease, or in applied research to assess risk, detect, prevent, diagnose, treat, and/or manage disease. Projects should include a partnership structure that is expected to help bridge gaps in knowledge and experience by engaging the strengths of academic, industrial, and other investigators. Annual deadlines: 2/5, 6/5, 10/5 until 9/8/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-264.html

**Program:** Assay Development and Screening for Discovery of Chemical Probes, Drugs or Immunomodulators  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 05, 2024  
Supports research projects to discover and develop novel, small molecules that can be used to probe cancer biology, to validate cancer targets, or as the basis for optimized drugs. The small molecules for targets to be pursued must be relevant to understanding cancer biology, and/or for developing strategies for cancer prevention, diagnosis, treatment or clinical monitoring of treatment. In addition to targeting tumor cells themselves, applications targeting immune cells that regulate tumor development are appropriate. Annual deadlines: 2/5, 6/5, 10/5 until 9/8/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-264.html

Program: Assay Validation of High Quality Markers for Clinical Studies in Cancer
Agency: National Institutes of Health
Next Deadline: Oct 08, 2024

Supports the validation of molecular/cellular/imaging markers (referred to as "markers" or "biomarkers") and assays for cancer detection, diagnosis, prognosis, monitoring, and prediction of response or resistance to treatment, as well as markers for cancer prevention and control. Annual deadlines: mid-February, June, and October through 10/15/26. Optional companion funding is available. See https://grants.nih.gov/grants/guide/par-files/PAR-23-313.html

Program: Cancer Tissue Engineering Collaborative: Enabling Biomimetic Tissue-Engineered Technologies for Cancer Research (R01 Clinical Trial Optional)
Agency: National Institutes of Health
Next Deadline: Oct 05, 2024

Supports the development and characterization of state-of-the-art biomimetic tissue-engineered technologies for cancer research. Collaborative, multidisciplinary projects that engage the fields of regenerative medicine, tissue engineering, biomaterials, and bioengineering with cancer biology will be essential for generating novel experimental models that mimic cancer pathophysiology in the context of a testable cancer research hypothesis. Annual deadlines: 2/5, 6/5 and 10/5 through 5/8/25. See https://grants.nih.gov/grants/guide/par-files/PAR-22-099.html

Program: Clinical and Translational Exploratory-Developmental Studies
Agency: National Institutes of Health
Next Deadline: Oct 10, 2024

Supports preclinical and early phase clinical research, as well as correlative studies, directly related to advancements in cancer treatment, diagnosis, prevention, symptom management, or reduction of cancer health disparities. Annual deadlines: 2/13, 6/12 and 10/10 through 7/2/25. See https://grants.nih.gov/grants/guide/par-files/PAR-22-216.html

CFDA Number:
Contact: Multiple Contacts, NCI
Program: Clinical Characterization of Cancer Therapy-induced Adverse Sequelae  
Agency: National Institutes of Health  
Next Deadline: Oct 05, 2024  
Supports basic, translational, and/or clinical research projects that seek to identify the mechanisms of therapy-induced adverse sequelae, clinically characterize the adverse sequelae, or translate the mechanistic understanding into therapeutic approaches to prevent or minimize the development of long-term sequelae. Research projects should focus on mechanistic studies with translational endpoints; and/or longitudinal clinical phenotyping to identify and validate clinical endpoints for future use in clinical trials that will evaluate the efficacy of interventions designed to prevent or reduce specific adverse sequelae. Annual deadlines: 2/5, 6/5, 10/5 through 11/6/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-329.html

Program: Co-infection and Cancer  
Agency: National Institutes of Health  
Next Deadline: Oct 05, 2024  
Supports mechanistic and epidemiologic investigations addressing the roles of co-infection, the occurrence of infections by two or more infectious (pathogenic or non-pathogenic) agents either concurrently or sequentially and includes both acute and chronic infections by viruses, bacteria, parasites, and/or other microorganisms. NCI prefers investigations of co-infections with known oncogenic agents (excluding human immunodeficiency virus [HIV]) and of co-infections that engender novel opportunities for prevention and treatment. Annual deadlines: 2/5, 6/5, and 10/5 through 11/6/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-055.html

Program: Exploratory Grants in Cancer Control  
Agency: National Institutes of Health  
Next Deadline: Oct 08, 2024  
FOA seeks exploratory/developmental research grant (R21) applications that focus on different aspects of cancer control by modifying behavior, screening, and understanding etiologic factors contributing to the development of cancer, and developing ways to control cancer. The overarching goal is to provide support to promote the early and conceptual stages of research efforts on novel scientific ideas that have the potential to substantially advance population-based cancer research. Annual deadlines: 6/7 and early October through 2024. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-341.html

**Program:** Molecular Imaging of Inflammation in Cancer  

**Agency:** National Institutes of Health  

**Next Deadline:** Oct 05, 2024  

Supports research for the development and use of current and emerging molecular imaging methods to gain fundamental insights into cancer inflammation in vivo. Projects are sought that focus on developing integrated imaging approaches to interrogate the role of inflammation in cancer through strong cross-field collaboration between cancer basic science researchers and imaging scientists. These collaborations are expected to advance science and understanding of cancer inflammation interactions. Annual deadlines: 2/5, 6/5, 10/5 until 1/8/25. **Program:** Modulating Human Microbiome Function to Enhance Immune Responses Against Cancer  

**Agency:** National Institutes of Health  

**Next Deadline:** Oct 05, 2024  

Supports basic research that elucidates mechanisms by which the human microbiome inhibits or enhances anti-tumor immune responses, and to identify potential novel molecular targets for cancer prevention strategies. Applications should be focused on delineating how host interactions with specific microbes (or consortia) or their metabolites target immune responses that enhance or prevent inflammation-associated or sporadic tumor formation. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-061.html

Program:  Research Projects to Enhance Applicability of Mammalian Models for Translational Research  
Agency:  National Institutes of Health  
Next Deadline:  Oct 05, 2024  
Supports projects to expand, improve, or transform the utility of mammalian cancer and tumor models for translational research. NCI encourages projects devoted to demonstrating that mammalian models, including organoids, tumoroids and cell models, used for translational research are robust representations of human biology, are appropriate to test questions of clinical importance, and provide reliable information for patient benefit. Annual deadlines: 2/5, 6/5, 10/5 until 9/8/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-281.html

Program:  Utilizing the PLCO Biospecimens Resource to Bridge Gaps in Cancer Etiology/Early Detection Research  
Agency:  National Institutes of Health  
Next Deadline:  Oct 11, 2024  
Supports advance research in cancer etiology and early detection biomarkers, utilizing the advantages of the unique biorepository resources of the NCI-sponsored Prostate, Lung, Colorectal, and Ovarian Cancer (PLCO) Screening Trial. The PLCO Biorepository offers high-quality, prospectively collected, serial pre-diagnostic blood samples from the PLCO screened arm participants, and a onetime collection of buccal cells from both the screened and the control arm participants. Available data associated with the biospecimens includes demographic, diet, lifestyle, smoking, screening results, and other clinical data. Annual deadlines: early February, June and October through 10/12/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-330.html

**Program:** Clinical Trials in Communication Disorders  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 05, 2024  
Supports investigator initiated low risk clinical trials addressing the mission and research interests of NIDCD (R01 awards). Also supports cooperative agreements between an NIDCD Project Scientist and an Investigator to support a clinical trial that meets any of the following criteria: requires FDA oversight, is intended to formally establish efficacy, or has potentially higher risks to participants (U01 awards). R01 annual deadlines: 2/5, 6/5, 10/5 until 1/8/28. U01 annual deadlines 2/27, 6/27, 10/28 until 10/28/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-24-051.html

**Program:** NIDCD Clinical Research Center Grant  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 09, 2024  
Supports research centers to advance the diagnosis, prevention, treatment, and amelioration of human communication disorders. Examples of such research include but are not limited to, studies of the prevention, pathogenesis, pathophysiology, diagnosis, treatment, management or epidemiology of a disease or disorder of hearing, balance, smell, taste, voice, speech, or language. Annual deadlines: early February, June, and October until 10/10/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-025.html

**Program:** Research Career Enhancement Award for Established Investigators  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 08, 2024  
The purpose of the NIDCD Research Career Enhancement Award for Established Investigators (K18) program is to enable established, proven investigators to augment or redirect their research programs through the acquisition of new research skills to answer questions relevant to the hearing, balance, smell, taste, voice, speech and language sciences. Companion opportunities available. Annual deadlines: early February, June and October through 5/8/27. See https://grants.nih.gov/grants/guide/pa-files/PAR-24-142.html

**Program:** Mentored Career Development Award to Promote Diversity  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 12, 2024  
Supports the diversification of independently funded dental, oral and craniofacial research workforce by providing a mentored research experience for eligible postdoctoral fellows and early career faculty from diverse backgrounds, including those who are from groups underrepresented in the biomedical and behavioral sciences. Funding covers salary and research support for a protected time for intensive research career development under the guidance of an experienced mentor. Annual deadlines: 2/12, 6/12 and 10/12 through 1/8/25. Companion opportunities available. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-050.html

**Program:** High Impact, Interdisciplinary Science in NIDDK Research Areas  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 30, 2024  
Supports high impact ideas that may lay the foundation for new fields of investigation within the mission of NIDDK. This FOA seeks novel approaches in areas that address specific knowledge gaps, scientific opportunities, new technologies, data generation, or research methods that will advance the area in significant ways designed to accelerate scientific progress in the understanding, treatment, and prevention of diseases within the mission of the NIDDK. Program expires 10/31/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-069.html

**Program:** Stimulating Hematology Investigation: New Endeavors (SHINE)  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 05, 2024  
SHINE supports basic and early translational hematology research that fuels growth in the nonmalignant hematology research domain. Overall program objectives aim to catalyze discoveries in basic molecular and cellular biology that provide new insights into the pathogenesis, prevention, detection, and potential treatment of nonmalignant hematologic diseases; attract new investigators into basic and translational hematology research; promote productive interdisciplinary research collaborations; and reinforce a flexible, proactive role for the NIA, NHLBI, and NIDDK. Annual deadlines: 2/5, 6/5 and 10/5 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAS-22-096.html

**Contact:** Multiple Contacts, NIDDK

**Program:** Research to Action: Assessing and Addressing Community Exposures to Environmental Contaminants  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 05, 2024  
Supports multidisciplinary projects to investigate the potential health risks of environmental exposures of concern to a community and to develop and implement an environmental public health action plan based on research findings. Projects supported under this program will employ community-engaged research methods to conduct research and to translate research findings into public health action. Annual deadlines: 2/5, 6/5, 10/5 through 9/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-210.html

**CFDA Number:** 93.113
**Program:** Time-Sensitive Research Opportunities in Environmental Health Sciences  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 01, 2024  
Supports environmental health research in which an unpredictable event provides a limited window of opportunity to collect human biological samples or environmental exposure data. The primary motivation of the FOA is to understand the consequences of natural and man-made disasters or emerging environmental public health threats in the U.S. and abroad. Optional LOIs are due 30 days prior to the application deadline. Annual deadlines: every other month until 12/2/25. See https://grants.nih.gov/grants/guide/rfa-files/RFA-ES-23-011.html

**Program:** Basic Neurodevelopmental Biology of Circuits and Behavior  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 16, 2024  
Supports research projects focused on the dynamic and mechanistic links between the maturation of brain circuits and behaviors across development in rodents and non-human primates. The goal is to build a foundation for understanding how interactions within and among brain regions change over pre- and post-natal development, allowing for the emergence of cognitive, affective and social behaviors. Supported projects will focus on neurodevelopmental trajectories and investigate questions using in vivo neural measures in awake, behaving animals. Annual deadlines: 2/16, 6/16, 10/16 until 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-067.html

Program: Cellular and Molecular Biology of Complex Brain Disorders
Agency: National Institutes of Health
Next Deadline: Oct 05, 2024
Supports research on the impact of alterations associated with complex brain disorders related to the fundamental cellular and molecular substrates of neuronal function. Applicants are strongly advised to consult with institute staff early when developing their projects to ascertain that their proposed study is aligned with NIMH priorities. Annual deadlines: 2/5, 6/5 and 10/5 through 9/8/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-24-024.html

---------------------------------------------

Program: Confirmatory Efficacy Clinical Trials of Non-Pharmacological Interventions for Mental Disorders
Agency: National Institutes of Health
Next Deadline: Oct 15, 2024
Supports confirmatory efficacy testing of non-pharmacological therapeutic and preventive interventions for mental disorders in adults and children through an experimental therapeutics approach. Trials must be designed so that results, whether positive or negative, will provide information of high scientific utility and will support "go/no-go" decisions about further development, effectiveness testing, or dissemination of the intervention. Optional letters of intent are due 30 days prior to the application due date. Annual deadlines: 2/15, 6/15, and mid-October through 10/16/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-132.html

---------------------------------------------
Program: Drug Discovery For Nervous System Disorders
Agency: National Institutes of Health
Next Deadline: Oct 05, 2024
Supports the discovery of novel compounds for the prevention and treatment of nervous system disorders to stimulate research in the discovery, design, and preclinical testing of innovative and effective therapeutics aimed at prevention or treatment of nervous system disorders. Priority will be granted to projects that provide novel novel agents for ameliorating, modifying, or correcting potential aberrations in brain signaling and approaches for identifying potential therapeutic agents. Annual deadlines: 2/5, 6/5 and 10/5 through 1/8/25. See https://grants.nih.gov/grants-guide/pa-files/PAR-22-031.html

Program: Effectiveness Trials for Post-Acute Interventions and Services to Optimize Longer-term Outcomes
Agency: National Institutes of Health
Next Deadline: Oct 05, 2024
Supports research projects to evaluate the effectiveness of therapeutic and service delivery interventions for the post-acute management of mental health conditions affecting youth, adults, and older adults. Clinical trials are encouraged to establish the effectiveness and test hypotheses regarding moderators, mediators, and mechanisms of action of post-acute phase therapeutic and services interventions that are matched to the stage of illness in terms of both their focus and intensity/burden for promoting optimal longer-term outcomes. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/25. See https://grants.nih.gov/grants-guide/pa-files/PAR-21-210.html

**Program:** Mood and Psychosis Symptoms During the Menopause Transition  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 05, 2024  
Encourages applications that will advance mechanistic and translational research on the onset and worsening of mood and psychotic disorders during the menopausal transition (or perimenopause). In particular, NIMH seeks research that will advance understanding of the underlying neurobiological and behavioral mechanisms of mood disruption and psychosis during the menopausal transition and that will identify novel targets for future mental health interventions or prevention efforts. Companion funding available. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-097.html

**Program:** Neuromodulation/Neurostimulation Device Development for Mental Health Applications  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 05, 2024  
FOA encourages applications seeking to develop the next generation of brain stimulation devices for treating mental health disorders. Applications are encouraged that will either develop novel brain stimulation devices; or significantly enhance, by means of hardware/software improvements, the effectiveness of brain stimulation devices that are currently FDA-approved or cleared. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-039.html

Program: Novel Mechanism Research on Neuropsychiatric Symptoms (NPS) in Alzheimer's Dementia
Agency: National Institutes of Health
Next Deadline: Oct 05, 2024
Supports studies that will enhance knowledge of mechanisms associated with neuropsychiatric symptoms (NPS) in persons with Alzheimer's disease (AD) or Alzheimer's disease-related dementias (ADRD). Project outcomes will advance mechanistic understanding of both biobehavioral and neurobiological pathways leading to NPS, and may provide insight into targets for interventions that may offset some burden linked to symptoms or suggest strategies for prevention. Annual deadlines: 2/5, 6/5, and 10/5 through 9/8/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-207.html

Contact: Laura M. Rowland, NIMH
laura.rowland@nih.gov
301-480-8335

Program: Understanding and Modifying Temporal Dynamics of Coordinated Neural Activity
Agency: National Institutes of Health
Next Deadline: Oct 16, 2024
Supports research to test whether modifying specific patterns of coordinated neural activity in vivo can improve cognitive, social, or affective processes. These studies should be based on a rational understanding of the role of specific neural activity rhythms in, for example, the routing of information among brain regions or in improving the ability of afferent information to affect local processing via coherence of underlying oscillatory activity. R21 and R01 awards are available. Annual deadlines: 2/16, 6/16, 10/16 until 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-176.html

Program: Pilot Effectiveness Trials for Treatment, Prevention and Services Interventions
Agency: National Institutes of Health
Next Deadline: Oct 15, 2024
Supports pilot research consistent with NIMH's priorities for preventive and therapeutic interventions with previously demonstrated efficacy, for use with broader target populations or for use in community practice settings, and research on the development and preliminary testing of innovative services interventions. Applications should provide evaluation approaches to improve mental health. Optional letters of intent are due 30 days prior to the application due date. Annual deadlines: 2/15, 6/15, and mid-October through 10/16/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-131.html

**Program:** Clinical Trial Readiness for Functional Neurological Disorders  
**Agency:** National Institutes of Health  
**Next Deadline:** Oct 05, 2024  
Functional Neurological Disorders (FNDs) are characterized by symptoms of altered voluntary motor or sensory function with clinical findings providing evidence of incompatibility between the symptoms and recognized neurological or medical conditions. This FOA invites researchers to submit prospective clinical projects that address critical needs for clinical trial readiness in FNDs. Projects appropriate for this FOA include the validation of biomarkers, endpoints and clinical outcome assessments (COA) that are fit-for-purpose and have a defined context of use for clinical trials. Annual deadlines: 2/5, 6/5, 10/5 through 11/6/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-053.html

Program: Prospective Observational Comparative Effectiveness Research in Clinical Neurosciences
Agency: National Institutes of Health
Next Deadline: Oct 18, 2024
Supports grant applications for investigator-initiated prospective observational comparative effectiveness research (CER) to NINDS (note: only prospective observational studies will be considered). The study must address questions within the mission and research interests of the NINDS and may evaluate preventive strategies, diagnostic approaches, or interventions including drugs, biologics, and devices, or surgical, behavioral, and rehabilitation therapies. NINDS is particularly interested in pragmatic study designs that utilize a cost-effective means of prospectively collecting observational data important to current clinical practice. Annual deadlines: mid-February, June, and October through 5/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-076.html

Program: Clara Mayo Grants for Research on Sexism, Racism, or Prejudice
Agency: Society for the Psychological Study of Social Issues
Next Deadline: Oct 15, 2024
Supports master's theses or pre-dissertation research on aspects of sexism, racism, or prejudice, with preference given to students enrolled in a terminal master’s program. Studies of the application of theory or the design of interventions or treatments to address these problems are welcome. Up to six awards of $1,000 each are made per cycle. Proposals that include a college or university agreement to match the amount requested are favored. Applicants must be SPSSI members who have matriculated in relevant graduate programs. Limited submission: applicants may submit only one application per calendar year, and may not apply to the Grants-In-Aid in that year. Annual deadlines: 5/15, 10/15. See https://tinyurl.com/kx7f9bb

**Program:** Grants-In-Aid Program  
**Agency:** Society for the Psychological Study of Social Issues  
**Next Deadline:** Oct 15, 2024  
Supports scientific research in social problem areas related to the basic interests and goals of SPSSI, related to the psychological aspects of human problems of the group, the community, and nations. Funds particularly support projects that are not likely to receive support from traditional sources. Awards are up to $1,000 for graduate research and up to $2,000 for postdoctoral research (exceptions granted in some cases). Applicants must be SPSSI members. Limited submission: applicants may submit only one application per deadline and may not submit to the Clara Mayo Grant in the same award year. Annual deadlines: 5/15, 10/15. **Program:** Lead Hazard Control and Healthy Homes Grant Programs  
**Agency:** U.S. Department of Housing and Urban Development  
**Next Deadline:** Aug 06, 2024  
Supports projects to improve knowledge of housing-related health and safety hazards and to improve or develop new hazard assessment and control methods, with a focus on lead and other key residential health and safety hazards. IHEs can apply directly to the annual Lead and Healthy Homes Technical Studies (LHHTS) Grant Program. See https://www.hud.gov/program_offices/healthy_homes/hhi/lhhts and search CFDA 14.906 or 14.902 in Grants.gov. Related HUD grant and cooperative agreement programs available - IHEs may apply directly or in collaboration depending on program. See https://www.hud.gov/program_offices/healthy_homes/grant_opportunities

**Program:** Orphan Products Grants Program  
**Agency:** U.S. Food and Drug Administration  
**Next Deadline:** Oct 22, 2024  
Supports clinical studies that contribute to market approval of products used in the prevention, diagnosis and/or treatment of rare diseases. Focus is on safety and effectiveness of drugs, biologics, medical devices, foods for medical purposes and veterinary products that lack commercial sponsorship. Also supports tests of already marketed products for uses in which they are not currently labeled. See https://www.fda.gov/industry/developing-products-rare-diseases-conditions/orphan-products-grants-program

**Program:** Travel Grants and Mentoring Travel Grants  
**Agency:** Association for Women in Mathematics  
**Next Deadline:** Oct 01, 2024  
Supports travel grants for women mathematics researchers and educators. The goal of this FOA is to enable women to attend conferences in fields supported by the NSF's Mathematical Sciences Division. Up to $2,300 is available for domestic travel and $3,500 for foreign travel. Mathematics mentoring travel grants (annual deadline: 2/15, 8/15) provide up to seven awards of up to $5,000 each to help junior women researchers develop long-term working relationships with senior mathematicians. Other awards may be offered. Annual deadlines: 2/15, 5/15, 10/1. See https://awm-math.org/awards/awm-grants/travel-grants/

Program: Mathematical and Physical Sciences Ascending Postdoctoral Research Fellowships (MPS-Ascend)
Agency: National Science Foundation
Next Deadline: Oct 16, 2024
Supports postdoctoral fellows who will broaden the participation of groups that are underrepresented in MPS fields in the U.S. including Blacks or African Americans, Hispanics, Latinos, and Native Americans (to include Alaska Natives, Native Hawaiians or other Native Pacific Islanders) as future leaders in MPS fields. The program is intended to recognize beginning investigators of significant potential and provide them with experience in research that will broaden perspectives, facilitate interdisciplinary interactions and help broadening participation within MPS fields. Annual deadline: third Wednesday in October. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505879

Program: Mathematical Sciences Postdoctoral Research Fellowships (MSPRF)
Agency: National Science Foundation
Next Deadline: Oct 16, 2024
Supports future leaders in mathematics and statistics by facilitating their participation in postdoctoral research environments that will have maximal impact on their future scientific development. Awards will support research in areas of mathematics and statistics, including applications to other disciplines. Awardees have two options: Research Fellowship and Research Instructorship. Annual deadline: third Wednesday in October. See https://tinyurl.com/fumaxmbm

Deadlines Page 50 of 54
**Program:** Grants-in-Aid of Research  
**Agency:** Sigma Xi, The Scientific Research Society  
**Next Deadline:** Oct 01, 2024

Supports full-time graduate and undergraduate students and Ph.D. professionals conducting scientific research in any field of science and engineering. Awards of up to $5,000 for members and $1,000 for non-members pay for travel expenses to and from a research site, for purchase of non-standard laboratory equipment necessary to complete a specific research project. Annual deadlines: 3/15 and 10/1. See https://www.sigmaxi.org/programs/grants-in-aid-of-research

---

**Program:** 1890 Institution Teaching, Research and Extension Capacity Building Grants  
**Agency:** U.S. Department of Agriculture  
**Next Deadline:** Aug 06, 2024

Supports projects that build and strengthen institutional capacity at 1890 Land-Grant Universities by awarding grants that address key problems of national, regional and multi-institutional importance in sustaining all components of agriculture, including farm efficiency, ranching, renewable energy, forestry (both urban and agroforestry), aquaculture, rural communities/entrepreneurship, human nutrition, food safety, family and consumer sciences, biotechnology, and conventional breeding. See https://nifa.usda.gov/funding-opportunity/1890-institution-teaching-research-and-extension-capacity-building-grants-cbg

**Program:** AFRI: Education and Workforce Development  
**Agency:** U.S. Department of Agriculture  
**Next Deadline:** Oct 24, 2024

EWD focuses on developing the next generation of research, education, and extension professionals in the food and agricultural sciences. Applications include: Research and Extension Experiences for Undergraduates (8/15); Professional Development for Agricultural Literacy (9/12); Fellowships for Predoctoral Candidates (10/24); Fellowships for Postdoctoral Scholars (9/5); Program for Agricultural Workforce Training (9/19) and others. Programs have different deadlines and LOI requirements. See https://nifa.usda.gov/grants/funding-opportunity/education-workforce-development

---

**Program:** AFRI: Foundational and Applied Science  
**Agency:** U.S. Department of Agriculture  
**Next Deadline:** Aug 08, 2024

Supports research focusing on building a foundation of knowledge critical for solving current and future agricultural challenges. Research is supported across a wide range of disciplines and topics related to agriculture including plant and animal biology, farming, animal and human health, soil health, agricultural systems and technology, economic development, environmental justice, and more. All Conference Grants (LOIs due 195 days before conference). Various deadlines from August through November. See https://nifa.usda.gov/funding-opportunity/foundational-applied-science-program

Program: National Needs Graduate and Postgraduate Fellowship Grants Program
Agency: U.S. Department of Agriculture
Next Deadline: Aug 13, 2024
Supports students’ training and completion of master’s and/or doctoral degree programs in identified national need areas within the food and agriculture sciences. Students should propose projects in: animal and plant production; forest resources; agricultural educators and communicators; agricultural management and economics; food science and human nutrition; sciences for agricultural biosecurity; and training in integrative biosciences for sustainable food and agricultural systems. A 25% match is required. See https://nifa.usda.gov/funding-opportunity/food-and-agricultural-sciences-national-needs-graduate-and-postgraduate

Program: Conservation Innovation Grants (CIG)
Agency: U.S. Department of Agriculture
Next Deadline: Aug 2024 (target date)
Supports development and adoption of innovative conservation approaches and technologies while leveraging federal investment in environmental enhancement and protection, in conjunction with agricultural production. Search for Conservation Innovation Grants using the USDA filter in Grants.gov. These projects may be farm-based, multi-county, small watershed, or statewide in scope. Multiple programs usually available with spring or summer deadlines; current competition is for Arkansas. See https://tinyurl.com/bdlbq54 and Grants.gov

nrcscig@wdc.usda.gov

Program: Measurement Science and Engineering Research Grants Program
Agency: U.S. Department of Commerce
Next Deadline: Oct 2024 (target date)
NIST Laboratories in MD and CO conduct research responding to industry needs in the following areas: material measurement; physical measurement; engineering; fire research; information technology; neutron research; nanoscale science and technology; etc. Also supports an Engineering Laboratory Grant Program. See https://www.nist.gov/about-nist/funding-opportunities and Grants.gov for CFDA 11.609.

Program: Coastal Management and Digital Coast Fellowship Program
Agency: U.S. Department of Commerce
Next Deadline: Oct 14, 2024
Provides on-the-job education and training opportunities in coastal resource management and policy for postgraduate students and provides project assistance to state coastal zone management programs. Up to six fellows are placed with state coastal programs every year and up to three fellows are placed with Digital Coast partnership organizations every other year, in even years. The Coastal Management and Digital Coast Fellowship program matches postgraduate students to work on projects proposed by the host (10/14) and selected by the fellowship sponsor. Application packages must be submitted to the Sea Grant program office in the state where degree is earned (1/26). See https://coast.noaa.gov/fellowship/coastalmanagement.html

**Program:** Mathematical Sciences Program  
**Agency:** U.S. Department of Defense  
**Next Deadline:** Oct 15, 2024  
Supports efforts to maintain a vigorous academic mathematics community. Funds support several mechanisms, including: Conference, Workshops, Special Situation and Research Experience for Undergraduate (REU) proposals. Conference and workshop proposals must be in the following five subject areas: Algebra, Discrete Mathematics, Number Theory, Probability and Statistics. The award for conferences and workshops will not exceed $25,000. REU proposals may be in any area of mathematics or computer science. Annual deadline: 9/1-10/15. See https://www.nsa.gov/Research/Math-Sciences-Program/

---

**Program:** Science Education and Workforce Development Programs  
**Agency:** U.S. Department of Energy  
**Next Deadline:** Oct 2024 (target date)  
Oak Ridge National Laboratory is the largest DOE science and energy laboratory, conducting basic and applied research to deliver transformative solutions to compelling problems in energy and security. ORNL’s diverse capabilities span a broad range of scientific and engineering disciplines. Program offers many opportunities for all student levels, graduates, and faculty. Guidelines and funding vary by opportunity. Annual deadline: applications may be submitted throughout the year, and appointments may begin at any time. See https://orise.orau.gov/stem/program-administration.html

---

**Program:** Joint Genome Institute  
**Agency:** U.S. Department of Energy  
**Next Deadline:** Oct 04, 2024  
Supports basic, multidisciplinary research towards understanding plants, microbes, and microbial communities relevant to DOE missions in bioenergy, carbon management, and the environment. FOAs include Community Science Program (CSP) Annual Call (4/18/24); Joint Genome Institute/Environmental Molecular Science Library Collaborative Science Initiative (3/7/24); CSP New Investigator Call (10/4/24): and CSP Functional Genomics (1/30/25). Deadlines for CSP Annual Call and JGI-EMSL refer to required LOIs. See https://jgi.doe.gov/user-programs/program-info/how-to-propose-a-csp-project/

---

**Program:** Small Business Innovation Research (SBIR) Program  
**Agency:** U.S. Environmental Protection Agency  
**Next Deadline:** Aug 21, 2024  
Supports research by small businesses focusing on these areas: Clean and Safe Water; Air Quality; Land Revitalization; Manufacturing; and Building Construction Materials. Homeland Security; EPA issues annual solicitations for Phase I and Phase II research proposals. IHEs may partner or subcontract. Phase I awards give $100,000 for a 6 month "proof of concept" period. Phase I awardees may then apply for Phase II grants up to $400,000 for two years for development and commercialization. See https://www.epa.gov/sbir/sbir-funding-opportunities

---
Program: Grants-in-Aid and Research Grants
Agency: Whitehall Foundation
Next Deadline: Oct 01, 2024

Supports basic research in vertebrate and invertebrate (excluding clinical) neurobiology in the U.S. Grants-in-Aid provide up to $30,000 for one year to researchers at the assistant professor level or senior researchers who have not received significant funding. Research Grants provide up to $100,000 per year for up to three years to established researchers of any age who have not received significant funding. The Foundation will accept only one letter of intent per year from an Investigator. Annual deadlines: required LOIs are due: 1/15, 4/15, 10/1. See http://www.whitehall.org/grants
