This publication includes deadline dates for the month of September 2024 and late announcements for the months of August 2024 and July 2024. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk (**) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.

Program: ACLS/New York Public Library Fellowships
Agency: American Council of Learned Societies
Next Deadline: Sep 27, 2024
Offers 15 residential fellowships for up to 12 months of research by experienced scholars with a Ph.D. or equivalent to utilize resources at the Library's Cullman Center for Scholars and Writers. Fellowships are intended to enhance a scholar's research in the humanities or humanities-related social sciences by facilitating access to the Library's various collections. Stipends are $75,000. Applicants must also apply to the Cullman Center for Scholars and Writers at the NYPL. Deadline from NYPL. ACLS guidelines in Summer. --------------------------------------------------------------------------------------------------

Program: Curatorial Grant Program and Fellowships
Agency: Andy Warhol Foundation for the Visual Arts
Next Deadline: Sep 01, 2024
Supports curatorial programs at museums, artists' organizations and other cultural organizations that originate innovative and scholarly presentations of contemporary visual art. Multi-year Program. Support grants fund two years of visual arts programming. This can include exhibitions, residencies, public art works, screenings, performances, lectures, publications, mentorships and other professional development opportunities for artists. Exhibition Support grants fund solo or two person shows and thematic group exhibitions. Awards for both grants range from $60,000 to $100,000. Fellowship awards up to $50,000 also available. Annual deadlines: 3/1, 9/1. See https://warholfoundation.org/grants/application-guidelines/

--------------------------------------------------------------------------------------------------

Program: Millard Meiss Publication Grants
Agency: College Art Association
Next Deadline: Sep 15, 2024
Supports book-length scholarly manuscripts that have been accepted by a commercial or university publisher but that cannot be published in the most desirable form without a subsidy. Works must focus on art history, visual studies, or related subjects. Museum catalogues, excavation reports, articles, collections of previously published essays, or multi-author volumes are ineligible. Awards typically between $3,000 and $7,000. Commercial, university, and museum presses are all eligible. Applicants must hold CAA membership. Annual deadlines: 3/15, 9/15. See http://www.collegeart.org/programs/publishing-grants/meiss

--------------------------------------------------------------------------------------------------

Program: Core Fulbright Scholar Program (U.S. Scholars)
Agency: Council for International Exchange of Scholars
Next Deadline: Sep 16, 2024
Sends nearly 500 scholars and professionals each year to 125 countries where they lecture or conduct research in a wide variety of academic and professional fields. Applicants must have current U.S. citizenship; hold a Ph.D. or other terminal degree in their field; have university teaching experience; and have foreign language proficiency for country where project will take place. Awards vary from two months to a full academic year. See http://www.cies.org

CFDA Number: N/A
Contact: scholars@iie.org
202-686-4000
Program: Fulbright International Education Administrators Program
Agency: Council for International Exchange of Scholars
Next Deadline: Sep 16, 2024
Supports international education professionals and senior university administrators in two-week summer seminars in various countries. Seminars introduce participants to the society, culture and higher education systems of these countries through visits, meetings with foreign colleagues and officials, cultural events, and briefings on education. Applicants must be U.S. citizens who have significant responsibility for international programs and activities. Annual deadlines: 2/3 (France, Germany), 9/16 (India, Taiwan), and 11/1 (Korea, Japan). See https://cies.org/programs/IEA-seminars

Program: Research Travel Grants Program
Agency: Gerald R. Ford Library and Museum
Next Deadline: Sep 15, 2024
Provides approximately 12 awards of up to $2,200 for travel and living expenses to use the library's archival materials relating to 1960-70s U.S. domestic and economic policies, foreign affairs and national politics. Annual deadlines: 3/15, 9/15. In addition, one $5,000 award is given annually to one individual to support dissertation research on an aspect of the U.S. political process during the latter part of the 20th Century (3/31). See https://tinyurl.com/35akjh5x

Program: Grant Programs
Agency: Graham Foundation
Next Deadline: Sep 15, 2024
Program offers grants in architecture and its role in arts, culture and society: Production and Presentation Grants for individuals or organizations; and Research and Development Grants for individuals. Grants fund production-related expenses to take a project from conceptualization to realization and public presentation and provide seed money for research-related expenses. Annual deadlines: 2/25 for organizations, 9/15 for individuals. Also offers Carter Manny Award, which supports dissertation research and writing by promising doctoral students (11/15). Program: Research Grants and Fellowships
Agency: John F. Kennedy Library Foundation
Next Deadline: Sep 30, 2024 (tentative)
Supports scholars and students to apply for support of their research and use of the archival, manuscript, and audiovisual holdings of the Library under five programs with different research foci (four devoted to aspects of JFK and one to the library's Ernest Hemingway collection). Scholars and students may apply. Each application will be evaluated for support in all appropriate areas. Annual deadline: 9/30 (11/1 for Ernest Hemingway). 617-514-1600
Program: Fellowships to Assist Research and Artistic Creation
Agency: John Simon Guggenheim Memorial Foundation
Next Deadline: Sep 15, 2024 (target date)
Provides individual fellowships averaging $50,000 each to further the development of exceptional scholars and professionals in all fields (natural and social sciences, humanities, and creative arts) but not to performing artists. The foundation will provide fellowships to composers but not conductors, singers, or instrumentalists; choreographers but not dancers; filmmakers, playwrights, and performance artists who create their own work but not actors or theater directors. Annual deadline: mid-September for scholars from the U.S. and Canada. See http://www.gf.org

CFDA Number: N/A
Contact: info@gf.org
212-687-4470

Program: Kluge Fellowships
Agency: Library of Congress
Next Deadline: Sep 15, 2024
Supports research in the Kluge Center using the Library of Congress collections and resources for 4 to 11 months. Stipend of $5,000/month for residential research at the Library. Encourages humanistic and social science research that makes use of the large and varied collections. Scholars must have received a terminal advanced degree within the past seven years in the humanities, social sciences or a professional field such as architecture or law. Up to 12 awards are made annually. Applications usually due 7/15, but 9/15 in 2024.
Center also offers three Digital Studies Fellowships (9/15), Philip Lee Phillips Fellowship (9/15), David B. Larson Fellowship in Health and Spirituality (9/15) and others. See https://tinyurl.com/y4xd3srx

202-707-3302

Program: Research Fellowships
Agency: Lyndon Baines Johnson Library and Museum
Next Deadline: Sep 15, 2024
Supports short-term research at the Johnson Library, which houses the papers of LBJ’s career. Harry Middleton Fellowship in Presidential Studies offers two $5,000 fellowships annually to support scholarly work in presidential studies and to honor Middleton’s contributions to the Presidential library system. Moody Research Grants are allocated at $60,000 and offer $600 to $3,000 to grantees to help defray living, travel and related expenses incurred while conducting research at the LBJ Library during the grant period. Annual deadlines: 3/15, 9/15. See https://www.lbjlibrary.org/research

Program: Archaeological and Ethnographic Field Research
Agency: National Endowment for the Humanities
Next Deadline: Sep 25, 2024
Provides support for archaeological and ethnographic research in the United States or abroad in order to answer questions of importance to the humanities. The program supports field costs such as travel, accommodation, field staff, field equipment, and salary replacement for the project director and collaborating scholars. Awards of up to $150,000 each are anticipated in FY 25. See https://www.neh.gov/program/archaeological-and-ethnographic-field-research

**Agency:** National Endowment for the Humanities  
**Next Deadline:** Sep 18, 2024 (tentative)  
Provides 1:1 federal matching funds of up to $300,000 to humanities organizations (including IHEs) for comprehensive organizational assessments that lead to strategic climate action and adaptation plans. Supported activities include energy audits, risk assessments, and meetings with consultants. Resulting plans help awardees establish goals and prioritize actions that reduce their impacts on the environment through mitigation and vulnerability from extreme events through adaptation. Individual organizations can apply for themselves or lead a consortium of organizations collaborating on strategic climate smart planning. See https://www.neh.gov/program/climate-smart-humanities-organizations-0

202-606-8309  

**Program:** Dialogues on the Experience of War  
**Agency:** National Endowment for the Humanities  
**Next Deadline:** Sep 17, 2024  
Supports the study/discussion of important humanities sources about war, in the belief that these sources can help U.S. military veterans and others to think more deeply about the issues raised by war and military service. The humanities sources can be drawn from history, philosophy, literature, and film and they should be supplemented by testimonials from those who have served. The program awards grants of up to $100,000 to support the recruitment and training of discussion leaders; and the convening of at least two discussion programs after the training. See http://www.neh.gov/grants/education/dialogues-the-experience-war

202-606-8337  

**Program:** Humanities Connections  
**Agency:** National Endowment for the Humanities  
**Next Deadline:** Sep 05, 2024  
Supports projects that expand the role of the humanities in the undergraduate curriculum at two- and four-year institutions, allowing students in all academic fields opportunities to benefit from humanities skills and perspectives. Grants support the development and implementation of an integrated set of courses (at least three) and student engagement activities with significant humanities content. A common topic, theme, or issue must link the courses and activities. Projects must have collaboration between humanities faculties and at least one other department. See https://www.neh.gov/grants/education/humanities-connections

**Program:** NSF Dynamic Language Infrastructure - NEH Documenting Endangered Languages: Fellowships  
**Agency:** National Endowment for the Humanities  
**Next Deadline:** Sep 11, 2024  
NEH/NSF partnership to develop and advance knowledge concerning endangered human languages. NEH fellowships support junior or senior linguists, linguistic anthropologists, and sociolinguists to conduct research on one or more endangered or moribund languages. Prioritizes scholarly analysis and publication, including but not limited to lexicons, grammars, databases, peer-reviewed articles, and monographs. Also supports fieldwork and other activities relevant to digital recording, documenting, and sustainable archiving of endangered languages. See https://www.neh.gov/program/dli-del-fellowships and NSF version for Senior Research and Conferences grants.

--------------------------------------------

Program: Research and National Technical Assistance
Agency: U.S. Department of Commerce
Next Deadline: Sep 01, 2024 (target date)
Supports efforts to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities. Funds support two project types: Research and Evaluation, for the development of tools, recommendations, and resources that shape federal economic development policies and decision-making; and National Technical Assistance program that supports best practices among communities trying to solve problems related to economic development goals. Projects requesting less than a 50 percent cost-share must justify their reasons for less matching funds. Annual deadline: proposals accepted at any time. See https://www.eda.gov/funding/programs or Grants.gov for CFDA 11.312.

CFDA Number: 11.312

Program: Rapid Response Fund for Aquatic Invasive Species  
Agency: U.S. Department of the Interior  
Next Deadline: Jul 15, 2024  
Supports projects that lead to the eradication of non-native, potentially invasive species, including plants or animals, that reside within fresh, estuarine, wetland or marine waters. Colleges and universities may collaborate with eligible applicants such as state or territorial agencies, interstate organizations, and tribal government and organizations. Applications are due quarterly. See Grants.gov for CFDA 15.608

703-358-2466
**Program:** Brownfields Program  
**Agency:** U.S. Environmental Protection Agency  
**Next Deadline:** Aug 15, 2024  
Support efforts to carry out cleanup activities, technical assistance, or job training for brownfield sites. Multipurpose, Assessment (three types) and Cleanup Grants (TBD) Limited submission: applicant may only submit one Cleanup Grant proposal. Also offers Technical Assistance to Brownfields Communities grants (3/1), Brownfields Job Training Grants (8/15). See https://www.epa.gov/brownfields/grants-and-funding

**CFDA Number:**  
**Contact:** Varies by Applicant State

**Program:** Health Services Research Demonstration and Dissemination Grants  
**Agency:** Agency for Healthcare Research and Quality  
**Next Deadline:** Sep 25, 2024  
Supports health services research grant applications focused on AHRQ research priorities, including improving healthcare quality and patient safety, improving healthcare delivery and practice improvement, and enhancing whole-person healthcare delivery. AHRQ supports research in all healthcare settings, including the hospital, long-term care, ambulatory care, home healthcare, pharmacy, and care transitions between settings. Annual deadlines: 1/25, 5/25 and 9/25 through 5/27/29. See https://grants.nih.gov/grants/guide/pa-files/PA-24-156.html

**CFDA Number:** 93.226  
**Contact:** Multiple Contacts 301-402-7469

---

**Program:** Grants, Scholarships, and Fellowships  
**Agency:** American Dental Association Foundation  
**Next Deadline:** Sep 16, 2024  
Provides grants for sustainable programs in dental research, education, access to care and assistance for dentist, including various funding opportunities to strengthen America's oral health system. See https://www.adafoundation.org/ada-foundation-award-programs

**CFDA Number:**  
**Contact:** Tracey Schilligo garciac@ada.org 312-440-2763

---

**Program:** Nationwide Research, Development, and Training Awards  
**Agency:** American Diabetes Association  
**Next Deadline:** Sep 2024 (target date)  
Supports research to fight against the deadly consequences of diabetes and fight for those affected by diabetes through several grants. Deadlines and award amounts vary. See http://professional.diabetes.org/research-grants

**CFDA Number:** N/A  
**Contact:** Chandra Gruber grantquestions@diabetes.org 800-676-4065, x2086

---

**Program:** Research Grants and Fellowships  
**Agency:** American Foundation for AIDS Research  
**Next Deadline:** Sep 2024 (target date)  
Supports research in biomedical science relevant to HIV/AIDS through targeted and general RFPs. Investigators are required to submit a pre-application letter of intent. Investigator and a mentor must be affiliated with a nonprofit institution. Multiple programs and deadlines. See https://www.amfar.org/

**CFDA Number:** N/A  
**Contact:** Marcella Flores grants@amfar.org 212-806-1600
**Program:** Research Awards, Grants, & Fellowships  
**Agency:** American Gastroenterological Association Research Foundation  
**Next Deadline:** Jul 2024 (target date)  
Supports basic and clinical research and young investigator research career development in areas related to gastroenterology and hepatology. Multiple programs and award amounts available with varying deadlines. See http://www.gastro.org/research-funding  
**CFDA Number:**  
**Contact:** Stacey Hinton Tuneski  
stuneski@gastro.org

**Program:** Post-doctoral Fellowships  
**Agency:** Christian de Duve Institute of Cellular Pathology  
**Next Deadline:** Sep 15, 2024  
Supports one-year fellowships in Brussels for young scientists, who, in principle, have not obtained their Ph.D. at a Belgian University, and who wish to carry out their post-doctoral research within one of the research groups in the Institute. The fellowship provides additional training in the disciplines of biomedical research covered by the Institute, including: cell biology; immunology; hormones & metabolism; tropical diseases; infectious pathogeny; connective tissues; and human molecular genetics. Monthly stipends are approximately €2500. Annual deadlines: 3/15 and 9/15. See https://www.deduveinstitute.be/

Program: Maternal and Child Health Policy Innovation Program
Agency: Health Resources and Services Administration

Next Deadline: Sep 06, 2024
Supports research for new and innovative studies relevant to the cause, pathogenesis or treatment of the hereditary or sporadic ataxias. Research Grants provide up to $50,000 for pilot studies. Post-Doc Fellowship Award provide one-year grants up to $35,000 for applicants that have completed at least one year of post-doctoral training, but not more than two at the time of application. Young Investigator Award provides $35,000 to encourage young clinical and scientific investigators to pursue a career in ataxia research. Diverse Scientists in Ataxia Pre-doctoral Research Fellowship and other awards available. See https://www.ataxia.org/researcher-resources/

CFDA Number: N/A
Contact: naf@ataxia.org 763-553-0020

Program: Research Grants and Postdoctoral Fellowships
Agency: National Ataxia Foundation

Next Deadline: Sep 25, 2024
Supports the development and/or enhancement of research training opportunities for predoctoral students interested in careers in biomedical, behavioral, or clinical research. This program is also intended to encourage training of graduate students in the physical or quantitative sciences to pursue research careers by short-term exposure to, and involvement in, the health-related sciences. The training should be of sufficient depth to enable the trainees, upon completion of the program, to have a thorough exposure to the principles underlying the conduct of biomedical research. Annual deadlines: 1/25, 5/25 and 9/25 through 5/8/26. See https://grants.nih.gov/grants/guide/pa-files/PA-23-080.html

Contact: Multiple Contacts

---

Program: NIH Director’s Pioneer Award Program (DP1 Clinical Trial Optional)  
Agency: National Institutes of Health  
Next Deadline: Sep 09, 2024  
Supports individual scientists of exceptional creativity who propose highly innovative research projects with the potential to produce a major impact on broad, important areas relevant to the mission of NIH. Individuals from diverse backgrounds and from the full spectrum of eligible institutions in all geographic locations are strongly encouraged to apply. In addition, applications in all topics relevant to the broad mission of NIH are welcome, including, but not limited to, topics in the behavioral, social, biomedical, applied, and formal sciences and topics that may involve basic, translational, or clinical research. See [link to website]

CFDA Number: 93.310  
Contact: Patricia Labosky  
PioneerAwards@mail.nih.gov

---

Program: NRSA Institutional Research Training Grants (T32)  
Agency: National Institutes of Health  
Next Deadline: Sep 25, 2024  
NRSA Institutional Research Training Grants support the development or enhancement of research training opportunities (predoctoral, postdoctoral, and short-term training for health-professional students) for individuals, selected by the institution, who are training for careers in specified areas of biomedical, behavioral, and clinical research. All applications must include a plan for RCR instruction. Contacts, policies, and deadlines vary by NIH Institute, so applicants must contact NIH before applying. Annual deadlines: 1/25, 5/25, 9/25 through 5/8/26. See [link to website]

**Program:** NIA Program Project Applications  
**Agency:** National Institutes of Health  
**Next Deadline:** Sep 25, 2024  
Supports integrated, multi-project programs that have a central, well-defined research focus or objective research in NIA’s high-priority research areas, to include but not limited to: caregiving, exercise/physical activity, nutrition, Alzheimer’s disease, dementia, end of life, etc. The P01 competition is a two-part process with an applicant requirement to include at least three individual research projects that contribute to the program objective. The individual research projects should reflect a distinct, separate, scientifically meritorious research effort led by independent investigators. Annual deadlines: 1/25, 5/25, 9/25 until 9/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-130.html

301-402-7710

**Program:** HIV/AIDS Research  
**Agency:** National Institutes of Health  
**Next Deadline:** Sep 2024 (target date)  
Supports efforts to help ensure an end to the HIV/AIDS epidemic by increasing basic knowledge of the pathogenesis and transmission of the human immunodeficiency virus (HIV), supporting the development of therapies for HIV infection and its complications and co-infections, and supporting the development of vaccines and other prevention strategies. Annual deadline: applications may be submitted even when there are no relevant RFAs or PAs. Call to determine interest. See https://www.niaid.nih.gov/diseases-conditions/hiv/aids?researchers=true

**CFDA Number:** 93.855  
**Contact:** Carl Dieffenbach, NIAID  
carl.dieffenbach@nih.gov  
301-496-9112

**Program:** Immunology Program  
**Agency:** National Institutes of Health  
**Next Deadline:** Sep 2024 (target date)  
Supports unsolicited basic immunology investigations that focus on properties, interactions & functions of immune system cells & the substances produced by those cells. Areas of interest include: immune regulation at specialized anatomical sites; immune regulation at different stages of human development; & role of the innate immune system in regulating adaptive immunity. The overarching goal is to integrate immune research with other research disciplines. Deadlines vary by funding mechanism. Annual deadline: accepts unsolicited applications on any relevant topic. Call or email to determine interest. See https://www.niaid.nih.gov/grants-contracts/opportunities

Agency: National Institutes of Health

Program: Fertility and Infertility Branch

Next Deadline: Sep 2024 (target date)

Supports research to alleviate human infertility, find new possible pathways to control fertility and expand fundamental knowledge of processes that underlie human reproduction. Program provides funds for basic, clinical and translational studies to enhance understanding of normal reproduction & reproductive pathophysiology as well as enable the development of more effective strategies for diagnosis, management, and prevention of conditions that compromise fertility. Annual deadline: applications accepted year round. See https://tinyurl.com/apb28rke

Contact: Nahida Chakhtoura, NICHD
nahida.chakhtoura@nih.gov
**Program:** Avenir Award Program for Genetics or Epigenetics of Substance Use Disorders (DP1 Clinical Trial Optional)

**Agency:** National Institutes of Health

**Next Deadline:** Sep 25, 2024

Supports early stage investigators proposing highly innovative studies that open new areas of research for the genetics or epigenetics of addiction. The term "avenir" stems from the French meaning "future". These may be novel methods or approaches that can potentially be applied to the analysis of generics or epidemics of substance abuse. Annual deadline: 9/25 through 2025. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-021.html

andrew.bremer@nih.gov

--------------------------------------------
Program: Pilot Studies of Biological, Behavioral and Social Mechanisms Contributing to HIV Pathogenesis
Agency: National Institutes of Health
Next Deadline: Sep 07, 2024
Supports innovative basic and translational pilot research projects that are aligned with NIH HIV/AIDS research priorities. Potential topics could address multiple overarching priorities. These include elucidation of unique pathophysiological mechanisms contributing to HIV comorbidities, coinfections, and complications (CCCs) affecting organs, tissues, and processes. Likewise, interrogations into biological mechanisms underlying HIV reservoirs in NIDDK-relevant tissues are important for developing strategies for long-term viral suppression or eradication. Annual deadlines: 1/7, 5/7, 9/7 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-24-162.html

Contact: Peter J. Perrin, NIDDK
Peter.Perrin@nih.gov
301-451-3759
Program: Bridges to the Baccalaureate Research Training Program
Agency: National Institutes of Health
Next Deadline: Sep 25, 2024
Supports partnerships between two-year and four-year colleges/universities to facilitate the transition (R25) of underrepresented and/or minority students into baccalaureate degree programs in the biomedical, clinical, behavioral and social sciences research workforce. The goal is to increase the pool of two-year college students from underrepresented backgrounds who go on to research careers. Specific aims must be based on a self-assessment that is consonant with the overall goals and objectives. Limited submission: one application per institution. Annual deadlines: Sep 25 through 2024. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-125.html

Program: Medical Scientist Training Program
Agency: National Institutes of Health
Next Deadline: Sep 25, 2024
Program seeks to develop a diverse pool of highly trained clinician-scientist leaders available to meet the nation’s biomedical research needs. Specifically, this FOA provides support to eligible domestic institutions to develop and implement effective, evidence-informed approaches to integrated dual-degree training leading to the award of both clinical degrees, e.g., M.D., D.O., D.V.M., D.D.S., Pharm.D., and research doctorate degrees (Ph.D.). Limited submission: one application per institution. Annual deadlines: 1/25, 5/25, 9/25 through 1/26/27. See https://grants.nih.gov/grants/guide/pa-files/PAR-24-128.html

CFDA Number: 93.859
Contact: Miles Fabian, NIGMS
miles.fabian@nih.gov

Program: Predoctoral Basic Biomedical Sciences Research Training Program
Agency: National Institutes of Health
Next Deadline: Sep 25, 2024
Supports effective, evidence-informed approaches to biomedical graduate training and mentoring that will keep pace with the rapid evolution of the biomedical research enterprise. Proposed research training programs should incorporate didactic, research, and career development elements to prepare trainees for careers that will have a significant impact on the health-related research needs of the nation. Annual deadlines: 1/25, 5/25, 9/25 until 1/26/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-228.html

**Program:** STrengthening Research Opportunities for NIH Grants (STRONG): Resource Limited Institutions (RLIs)  
**Agency:** National Institutes of Health  
**Next Deadline:** Sep 18, 2024  
STRENGTHENING-RLI program supports research capacity needs assessments by eligible Resource-Limited Institutions (RLIs). The program will also support the recipient institutions to use the results of the assessments to develop action plans for how to meet the identified needs. RLIs are defined as institutions with a mission to serve historically underrepresented populations in biomedical research that award degrees in the health professions (and in STEM fields and social and behavioral sciences) and have received an average of $0 to $25 million per year of NIH Research Project Grant support for the past three fiscal years. Limited submission: one application per institution. Annual deadline: 9/18 through 2025. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-144.html

**Agency:** National Institutes of Health  
**Next Deadline:** Sep 26, 2024  
Centers provide support for special colonies of laboratory animals, as well as other resources such as informatics tools, reagents, cultures (cells, tissues, and organs) and genetic stocks that serve the biomedical research community in a variety of research areas on a local, regional, and national basis. The goal of projects supported by this FOA is to provide research resources that facilitate optimization and enhancement of scientific rigor, transparency, and experimental reproducibility of biomedical research. Annual deadlines: late-January, May, and September through 1/8/26. See [https://grants.nih.gov/grants/guide/rfa-files/RFA-OD-23-001.html](https://grants.nih.gov/grants/guide/rfa-files/RFA-OD-23-001.html)

**Program:** Novel Tools and Devices for Animal Research Facilities and to Support Care of Animal Models  
**Agency:** National Institutes of Health  
**Next Deadline:** Sep 05, 2024  
Supports projects to facilitate the design, creation, and implementation of novel tools and devices for the health and management of research animals, and to advance equipment that improves the operation and environmental conditions of animal facilities that support biomedical and bio-behavioral research. Applications must come from small businesses but colleges and universities may collaborate. Annual deadlines: 1/5, 4/5, 9/5 until 9/6/24. See [https://grants.nih.gov/grants/guide/pa-files/PAR-21-225.html](https://grants.nih.gov/grants/guide/pa-files/PAR-21-225.html)

**Program:** Grants and Awards  
**Agency:** Orthopaedic Research and Education Foundation  
**Next Deadline:** Jul 2024  
Supports independent, peer-reviewed musculoskeletal research and education that orthopaedic surgeons can apply in daily practice. Wide range of programs that impact orthopaedic practice. Individual grants and awards support investigators and educators that range from $5,000 for one year up to $300,000 over three years. Deadlines vary and some refer to required LOIs. See [http://www.oref.org/grants-and-awards/grant-programs](http://www.oref.org/grants-and-awards/grant-programs)

**Program:** Scleroderma Foundation Research Grant Program  
**Agency:** Scleroderma Foundation  
**Next Deadline:** Sep 16, 2024  
Supports basic research on scleroderma, including studies by new and established investigators carried out on a molecular, cellular, animal, or patient level. New Investigator Grants ($150,000/three years) are for promising new investigators with faculty positions who wish to pursue a career in research on systemic sclerosis. Established Investigator Grants ($150,000/two years) fund innovative pilot studies. Annual deadline: 9/16 for required LOIs. See https://scleroderma.org/grant-opportunities/

**Program:** Research Grants Program  
**Agency:** Skin Cancer Foundation  
**Next Deadline:** Jul 14, 2024  
Supports basic research, clinical studies, and educational programs related to skin cancer. Research must be conducted by dermatology residents, fellows, and young faculty (5-10 years post first academic appointment) from institutions within the U.S. Preference is given to basic or clinical projects that address methods for reducing the incidence, morbidity and mortality of skin cancer. The available awards are $50,000 (2) and $25,000 (1), based on the scope of the project. Will not support overhead costs. See http://www.skincancer.org/for-medical-professionals/research-grants

**Program:** HIV/AIDS Prevention Program  
**Agency:** U.S. Department of Defense  
**Next Deadline:** Sep 2024  
Supports efforts to assist foreign military partners with the development/implementation of culturally focused, military-specific HIV/AIDS prevention, care, and treatment programs in targeted countries. Proposals should focus on rapidly extending HIV/AIDS services, and respondents should target specific needs with a practical business plan, using small grass-roots organizations to provide community-based services as a way to enhance organic capabilities and sustainability. Annual deadline: concept papers accepted at any time through 9/18/27. See https://health.mil/Military-Health-Topics/Health-Readiness/Public-Health/DHAPP and Grants.gov (search CFDA 12.350)

Braden.r.hale.civ@health.mil

**Program:** Airman Readiness Medical Research (ARMR) Hybrid BAA  
**Agency:** U.S. Department of Defense  
**Next Deadline:** Aug 2024  
Supports medical research to enable, enhance, restore and sustain the Airman to more effectively execute the Air Force mission. This medical research objective is dual natured: ensure medical availability of Airmen by analyzing attributes and operational environments to drive optimal performance of Airmen engaged in high-demand, high-impact mission tasks; and investigate how the flight environment affects the process of life, the ability to maintain homeostasis, and the risk for injury or secondary insult, seeking to ameliorate these stressors to optimize Airman health and performance. Annual deadline: white papers are accepted on a rolling basis until 4/30/26. See https://www.grants.gov/search-results-detail/327332

**CFDA Number:** 12.800  
**Contact:** Amber A. Taylor  
amber.taylor.9@us.af.mil
**Program:** BAA for Extramural Medical Research

**Agency:** U.S. Department of Defense

**Next Deadline:** Sep 30, 2024

Seeks to provide solutions to medical problems of importance to the American Service member at home and abroad, as well as to the general public at large. Research areas include: Military Infectious Diseases; Combat Casualty Care; Military Operational Medicine; Medical Biological Defense; and Medical Chemical Defense. Pre-proposals are required. Applications are accepted at any time until 9/30/2027. See https://usamraa.health.mil/Pages/BAA.aspx

Monday, June 3, 2024  
Deadlines Page 36 of 54
Program: Research Grant Program
Agency: Fats and Proteins Research Foundation, Inc.
Next Deadline: Sep 15, 2024
Supports research objectives for rendered by-products that should be directed toward solving a significant problem, improving product safety/quality, chemical or biological modifications to increase value or nutritional studies to improve their utilization in animal diets. Work focused in aquaculture, swine, and poultry nutrition especially gaps in the current knowledge necessary for diet formulators. Approximately five awards per year of about $45,000 each are available. Annual deadlines: 3/15, 9/15. See http://www.fprf.org/

CFDA Number: N/A
Contact: Jessica Meisinger
https://fprf.org/contact/
703-683-2914

Program: Postdoctoral Training Grants
Agency: Jackson Laboratory
Next Deadline: Sep 2024 (target date)
Supports mammalian genetics research training to discover precise genomic solutions for disease and empower the global biomedical community in the shared quest to improve human health. Postdoctoral Training Appointments for research training at The Jackson Laboratory are awarded to recent (within 0 - 4 years) recipients of a doctoral degree who seek research experience beyond that obtained in graduate or professional school, or in recent postdoctoral training elsewhere. Annual deadline: letters of inquiry are accepted at any time and should include curriculum vitae, statement of research interests, list of publications, and names of three references. See https://www.jax.org/education-and-learning/pre-and-postdoctoral-program/postdoctoral-training

CFDA Number: N/A
Contact: Postdoc Program Staff
postdoc@jax.org

Program: Accelerating Research through International Network-to-Network Collaborations (AccelNet)
Agency: National Science Foundation
Next Deadline: Sep 16, 2024
Supports projects that 1) leverage prior NSF support for building research capacity towards activities that launch international research network of networks that will lead to an accelerated advancement of an area of science after the award period and 2) recruit and foster a diverse and internationally competent US-based workforce trained in conducting and leading multi-team international collaboration. Annual deadline: third Monday in September. See https://new.nsf.gov/funding/opportunities/accelerating-research-through-international

CFDA Number: N/A
Contact: Kara Hoover
accelnet@nsf.gov
703-292-2235

Program: Emerging Frontiers in Research and Innovation
Agency: National Science Foundation
Next Deadline: Sep 12, 2024
Supports interdisciplinary teams of researchers to embark on rapidly advancing frontiers of fundamental engineering research. Research areas include: Chromatin and Epigenetic Engineering; and Continuum, Compliant, and Configurable Soft Robotics Engineering. Funds support proposals with transformative ideas that represent an opportunity for a significant shift in fundamental engineering knowledge with a strong potential for long term impact on national needs or a grand challenge. Deadline refers to required letters of intent. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=13708

**Program:** National Science Foundation  
Research Traineeship (NRT) Program  

**Next Deadline:** Sep 06, 2024  

Supports applications to engage graduate students in research-based master’s and doctoral degree programs to develop the skills, knowledge, and competencies needed to pursue a range of STEM careers. Priority areas include: Harnessing the Data Revolution; and Innovations at the Nexus of Food, Energy, and Water Systems. Limited submission: only two proposals per organization are permitted. Annual deadline: 9/6. See https://tinyurl.com/kzverrsc and https://www.grants.gov/search-results-detail/330059

**Program:** National Science Foundation  
Pathways to Enable Open-Source Ecosystems (POSE)  

**Next Deadline:** Sep 05, 2024  

POSE aims to harness the power of open-source development for the creation of new technology solutions to problems of national and societal importance. This solicitation seeks two types of proposals, allowing teams to propose specific activities to scope and plan the establishment of an OSE (Phase I), and to establish a sustainable OSE based on a robust open-source product that shows promise in the ability to both meet an emergent societal or national need and build a community to help develop it (Phase II). Annual deadline: first Thursday in September. See https://new.nsf.gov/funding/opportunities/pathways-enable-open-source-ecosystems-pose  

**Contact:** Multiple Contacts  
pose@nsf.gov  

---

**Program:** National Science Foundation  
Biodiversity on a Changing Planet (BoCP)  

**Next Deadline:** Sep 05, 2024  

Supports interdisciplinary projects addressing grand challenges in biodiversity science within the context of unprecedented environmental change, including climate change. Successful BoCP proposals will test novel hypotheses about functional biodiversity and its connections to shifting biodiversity dynamics on a changing planet, with an emphasis on integrative research into the complex intersections among climatic, geological, paleontological, and biological processes. Annual deadline: first Thursday in September. See https://beta.nsf.gov/funding/opportunities/biodiversity-changing-planet-bocp  

**Contact:** Matthew Herron, BIO  
biodiversity@nsf.gov  
703-292-5361  

---

**Program:** National Science Foundation  
Division of Environmental Biology (Core Programs)  

**Next Deadline:** Sep 2024  

Supports research and training on evolutionary and ecological processes acting at the level of populations, species, communities, and ecosystems. Program encourages research that elucidates fundamental principles that identify and explain the unity and diversity of life and its interactions with the environment over space and time. Annual deadline: Proposals are accepted at any time. See https://beta.nsf.gov/funding/opportunities/division-environmental-biology-deb  

**Contact:** BIO  
dequestions@nsf.gov  
703-292-8480  

---
Supports research aimed at understanding why organisms are structured the way they are and function as they do. Proposals should focus on organisms as a fundamental unit of biological organization. Areas of inquiry include, but are not limited to, developmental biology and the evolution of developmental processes, nervous system development, structure, and function, physiological processes, functional morphology, symbioses, interactions of organisms with biotic and abiotic environments, and animal behavior. Annual deadline: proposals accepted at any time. See https://tinyurl.com/24k649bz

IOSBSC@nsf.gov
703-292-8423

Program: Division of Molecular and Cellular Biosciences Core Programs (MCB)
Agency: National Science Foundation
Next Deadline: Sep 2024 (target date)
Supports research that promises to uncover the fundamental properties of living systems across atomic, molecular, subcellular, and cellular scales. Core research clusters are Cellular Dynamics and Function; Genetic Mechanisms; Molecular Biophysics; and Systems and Synthetic Biology. Annual deadline: proposals are accepted at any time. All MCB clusters prioritize projects that integrate across scales, investigate molecular and cellular evolution, synergize experimental research with computational or mathematical modeling, and/or develop innovative, broadly applicable methods and technologies. See https://beta.nsf.gov/funding/opportunities/division-molecular-cellular-biosciences-core

CFDA Number:
Contact: Loretta Jackson-Hayes, BIO
mcb-cdf@nsf.gov
703-292-4286

Program: Long-Term Research in Environmental Biology (LTREB)
Agency: National Science Foundation
Next Deadline: Sep 2024 (target date)
Supports the generation of extended time series of data to address important questions in evolutionary biology, ecology, and ecosystem science. Research areas include, but are not limited to, the effects of natural selection or other evolutionary processes on populations, communities, or ecosystems; the effects of interspecific interactions that vary over time and space; population or community dynamics for organisms that have extended life spans and long turnover times; feedbacks between ecological and evolutionary processes; pools of materials such as nutrients in soils that turn over at intermediate to longer time scales; and external forcing functions such as climatic cycles that operate over long return intervals. Annual deadline: proposals are accepted at any time. See https://tinyurl.com/v265f8d

CFDA Number:
Contact: Betsy von Holle, DEB
mvonholl@nsf.gov
703-292-4974

Program: Infrastructure Innovation for Biological Research
Agency: National Science Foundation
Next Deadline: Sep 2024 (target date)
Supports new and innovative research in biological informatics, instrumentation and associated methods, as well as multidisciplinary approaches to these broad themes that address needs in basic biological research. These awards support pioneering approaches that develop de novo infrastructure, significantly redesign existing infrastructure, or apply existing infrastructure in novel ways. Annual deadline: proposals accepted at any time. See https://tinyurl.com/3h4pesdf
**Program:** CISE Community Research Infrastructure (CCRI)  
**Agency:** National Science Foundation  
**Next Deadline:** Sep 13, 2024  
Supports the creation of new CISE community research infrastructure with integrated tools, resources, user services, and community outreach to enable innovative CISE research opportunities to advance the frontiers of the CISE core research areas. Funds support diverse communities of CISE researchers pursuing focused research agendas in computer and information science and engineering. The new award class includes Grand Ensemble (Grand), Medium Ensemble (Medium), and Planning awards. Annual deadline: second Friday in September. 
**CFDA Number:** 47.070  
**Contact:** Tatiana Korelsky, CISE

703-292-8930

**Program:** CISE Research Initiation Initiative (CRII)  
**Agency:** National Science Foundation  
**Next Deadline:** Sep 18, 2024  
Awards grants to initiate the course of independent research after obtaining a Ph.D. Funds support untenured faculty or research scientists (or equivalent) in their first three years in a primary academic position after the Ph.D. One may not yet have received any other grants or contracts in the PI role from any department, agency, or institution of the federal government, including from the CAREER program. Limited submission: A PI may submit one proposal per annual competition, or participate in more than two CRII competitions, or submit a proposal in the same calendar year in which he/she submits a CAREER proposal. Annual deadline: third Monday in September.

---

**Program:** Secure and Trustworthy Cyberspace (SaTC)  
**Agency:** National Science Foundation  
**Next Deadline:** Sep 2024 (target date)  
Supports proposals that address cybersecurity and privacy, and draw on expertise in one or more of these areas: computing, communication and information sciences; engineering; economics; education; mathematics; statistics; and social and behavioral sciences. Proposals that advance the field of cybersecurity and privacy within a single discipline or interdisciplinary efforts that span multiple disciplines are both encouraged. Funds support core research, cybersecurity education, and efforts to translate research results into practice. Annual deadlines: proposals accepted at any time for small, medium and EDU projects. See [http://tinyurl.com/8kw7rwn](http://tinyurl.com/8kw7rwn)

---
Program: Research Experiences for Undergraduates (REU)
Agency: National Science Foundation
Next Deadline: Aug 21, 2024
Supports undergraduate research participation through two mechanisms. REU Sites support independent projects to initiate and conduct research projects involving several undergraduates. REU Supplements support the addition of undergraduates to ongoing, new, or renewal NSF-funded projects (deadlines vary). Approximately 180 new Site awards and 1,600 new Supplement awards are granted yearly. Annual deadline: third Wednesday in August. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5517

--------------------------------------------

**Program:** Joint DMS/NIGMS Initiative to Support Research in Biological/Math Sciences

**Agency:** National Science Foundation

**Next Deadline:** Sep 18, 2024

This joint NSF/NIH initiative supports new and existing collaborations for mathematical and statistical research on questions in the biological and biomedical sciences. The goal is to create new opportunities in quantitative biological research, encourage new collaborations, as well as to support existing ones. Following review, proposals may be recommended for funding by either the NIH National Institute of General Medical Sciences or the NSF Division of Mathematical Sciences. Annual deadline: proposal window is 9/1 to 9/18. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5300

--------------------------------------------
Program: Research Training Groups in the Mathematical Sciences  
Agency: National Science Foundation  
Next Deadline: Aug 13, 2024  
Supports groups of researchers based in a sub-area of the mathematical sciences or linked by a multidisciplinary theme to support training at educational levels from undergraduate to postdoctoral within that focus. RTG awards are intended to support training programs that have strong potential to increase the number of well-prepared U.S. citizens, nationals, and permanent residents who pursue careers in the mathematical sciences and in other NSF-supported disciplines. Annual deadline: second Tuesday in August. See https://tinyurl.com/3x254x7e

--------------------------------------------

Program: Mathematical Biology  
Agency: National Science Foundation  
Next Deadline: Sep 2024 (target date)  
Supports research in areas of applied and computational mathematics with relevance to the biological sciences. Projects should be mathematically innovative and address challenging problems of interest to members of the biological community. May include development of mathematical concepts and tools traditionally seen in other disciplinary programs within the Division of Mathematical Sciences, e.g., topology, probability, statistics, and computational mathematics. Annual deadline: proposals accepted anytime. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5690
