

Grants Resource Center
Deadlines
 Funding Expertise. Personally Delivered.

March 01, 2023

This publication includes deadline dates for the month of June 2023 and late announcements for the months of May 2023 and April 2023. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk (**) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.

Program: Fulbright Scholar-in-Residence Program
Agency: Council for International Exchange of Scholars

Next Deadline: Jun 01, 2023

Supports proposals to bring scholars and professionals from abroad to U.S. colleges and universities that infrequently or never have the opportunity to host visiting scholars. In addition to teaching courses, scholars give campus-wide and community lectures, help initiate international programs, and contribute to curriculum development. Program is especially appropriate for small liberal arts colleges, minority-serving institutions, and community colleges. Scholars can also receive awards through the Outreach Lecturing Fund which will fund short visits to other IHEs while in the U.S. Latest competition for the 2024-2025 academic year. See <http://www.cies.org/sir/>

202-686-4000

Program: General Grant Programs

Agency: Eurasia Foundation

Next Deadline: Jun 2023 (target date)

Eurasia Foundation is a U.S.-based non-profit organization promoting civil society, governance, and local government development. It offers opportunities across the general areas of advocacy, capacity building, community engagement, and economic opportunity. Various opportunities accept applications throughout the year. See <https://www.eurasia.org/Programs#Eurasia>

CFDA Number:

Contact: Program Office
info@eurasia.org
202-234-7370

Program: Research Grants and Fellowship Programs

Agency: Hagley Museum and Library

Next Deadline: Jun 30, 2023

Provides fellowships to use Hagley's collections in American economic, business, industrial and technological history. Hagley Exploratory Research Grants (\$400) support one-week visits by scholars who need an exploratory review of the collection. Henry Berlin du Pont Fellowships support access to Hagley's research collections for as long as needed with a stipend of up to \$400 per week for up to 8 weeks. Other fellowships available. Annual deadlines 3/31, 6/30, and 10/31. Also available: Dissertation Fellowships (11/15) and Louis Gambos Fellowship in Business and Politics (2/1) and NEH-Hagley Fellowship (2/15). See <http://www.hagley.org/library-grants>

Program: Grants Program (Global Education/International Understanding)

Agency: Longview Foundation

Next Deadline: Jun 23, 2023

Foundation makes grants to promote learning about world regions, cultures, international affairs and global issues in K-12 schools in the United States. Funding priorities include: State Networks (invitation only) and Internationalizing Teacher Preparation. Longview's grants are typically between \$15,000 and \$25,000. Deadlines refer to required LOIs. See <http://www.longviewfdn.org/applying/dates-deadlines/>

globaled@longviewfdn.org
703-862-0023

Program: National Historical Publications & Records Commission

Agency: National Archives and Records Administration

Next Deadline: May 03, 2023

Supports archival projects, editing projects, educational programs, fellowships, publication grants, and projects dealing with electronic records including digitization. All projects must help to identify, preserve, publish, and increase public access to non-federal sources that document the history of the U.S. Competitions include: Major Collaborative Archival Initiatives (5/3/23); Archives Collaboratives (15/3/23); Publishing Historical Records (5/3/23, 11/2/23); NHPRC-Mellon Planning Grants for Collaborative Digital Editions in African American, Asian American, Hispanic American, and Native American History and Ethnic Studies (6/7/23); and State Board Programming Grants (5/3/23). Program: State & Regional Partners

Agency: National Endowment for the Arts

Next Deadline: Jun 2023 (tentative)

NEA supports state arts agencies throughout the U.S. to plan, evaluate, make decisions, and act as leaders in support of the arts. Forty percent of NEA's appropriation goes to these agencies. They also support regional partnerships for planning, evaluation, access, and arts touring series. Limited funding is available for national services provided by membership organizations of state arts agencies and regional arts organizations. See <https://www.arts.gov/partners/state-regional> for contact information on the appropriate agency.

CFDA Number: 45.007

Contact: 202-682-5097

Program: Digital Projects for the Public

Agency: National Endowment for the Humanities

Next Deadline: Jun 14, 2023

Supports projects such as websites, mobile applications, games, and virtual environments that significantly contribute to the public's engagement with humanities ideas. Projects must be analytical and deeply grounded in humanities scholarship. Awards last one to three years and offer up to \$30,000 for Discovery grants, up to \$100,000 for Prototyping grants or up to \$400,000 for Production grants. Awardees may receive funds outright or as matching funds or a combination. See <http://www.neh.gov/grants/public/digital-projects-the-public>

202-606-8269

Program: Study of the U.S. Institutes for Student Leaders

Agency: U.S. Department of State

Next Deadline: Apr 03, 2023

Supports five-week academic programs for multinational groups of undergraduate students from abroad. U.S. universities compete to hold institutes on their campuses. Approximately 20 students participate. Limited submission: organizations may submit only one proposal and must have at least four years experience in international exchanges. FY 23 competition focused on student exchanges from Pakistan. See <http://eca.state.gov/organizational-funding/open-grant-solicitations>

Program: Grants Program
Agency: Weill (Kurt) Foundation for Music
Next Deadline: Jun 01, 2023

Promotes the public appreciation of the music of Kurt Weill, Lotte Lenya, and Marc Blitzstein. Funding will be provided for research and travel, dissertation fellowships, publication assistance, educational outreach, and college/university performances. Annual deadlines: 6/1 (for certain college/university performance grants) and 11/1. Applications for support of major professional productions/festivals/exhibitions, etc., will be evaluated on a case-by-case basis without application or performance deadlines. Program: Carole Fielding Student Grants
Agency: University Film and Video Association (UFVA)

Next Deadline: Jun 01, 2023

Supports undergraduate and graduate students whose research and production projects meet high standards of scholarship. Grants are available for film, video, multimedia production and research in historical, critical, theoretical, and experimental studies of film and video. Research awards are up to \$1,000 each, while production grants typically range from \$1,500 to \$2,500. Sponsor must be a UFVA member (12/15). Also offers UFVF/KODAK Student Filmmaking and Cinematography Grant of up to \$5,000 in cash and \$5000 in product (6/1). See <http://ufva.org/student-grants/>

Program: Humanities Grants

Agency: State Humanities Councils

Next Deadline: Jun 2023 (target date)

State humanities councils are nonprofit organizations that operate in all fifty states. They support regional humanities projects aimed at increasing critical thinking, encouraging community involvement, and building connections between diverse community groups. Often award provides for public program development, curriculum development, planning, conferences, technical assistance, individual research support, and special projects, as well as seed grants. Do not normally fund equipment purchase or operating budgets. Deadlines vary by state. See <https://www.neh.gov/about/state-humanities-councils> for details and state contact information.

CFDA Number:

Contact: Multiple Contacts

Program: Local Food Promotion Program

Agency: U.S. Department of Agriculture

Next Deadline: May 02, 2023

Supports the development and expansion of local and regional food business enterprises to increase domestic consumption of, and access to, locally and regionally produced agricultural products, and to develop new market opportunities for farm and ranch operations serving local markets. Planning and implementation awards available. Applicants can apply for either category, but will receive only one award. Awards require 25 percent funding match. See <https://www.ams.usda.gov/services/grants/lfpp> for details.

FMLFPPGrants@usda.gov
202-720-0933

Program: Regional Food System Partnerships (RFSP)

Agency: U.S. Department of Agriculture

Next Deadline: May 02, 2023

The RFSP supports partnerships that connect public and private resources to plan and develop local or regional food systems. The RFSP focuses on building and strengthening local or regional food economy viability and resilience, and this includes pandemic response and recovery. Colleges and universities may apply as part of a partnership. See <https://www.ams.usda.gov/services/grants/rfsp> for details.

CFDA Number:

Contact: Patrick Kelley, AMS
IPPGGrants@usda.gov

Program: Economic Development RNTA

Agency: U.S. Department of Commerce

Next Deadline: Jun 2023 (target date)

Notice seeking applications for investments that support research, evaluation, and national technical assistance projects under EDA's Research and Evaluation (R&E) and National Technical Assistance (NTA) programs. Through the R&E program, EDA supports the development of tools, recommendations, and resources that shape Federal economic development policies and inform economic development decision-making. EDA's NTA program supports a small number of projects that provide technical assistance at a national scope. Annual deadline: required concept proposals accepted at any time. See <https://www.eda.gov/programs/rnta/>

CFDA Number: 11.303

Contact: EDA
RNTA@eda.gov

Program: Marine Education and Training Mini Grant Program

Agency: U.S. Department of Commerce

Next Deadline: Apr 22, 2023

Supports projects that will increase the sustainability, viability, and visibility of fishing and marine resource issues and communities in the Pacific Islands Region. Projects should prepare communities for employment in marine related professions, increase seafood and fishing safety, marketing, or management; or increase the sustainability of fishing practices through technology improvements or data collection. Partnerships are required. A 50 percent cost share is required. Current deadline is for Alaska projects (<https://www.grants.gov/web/grants/view-opportunity.html?oppId=336656>). See <https://www.fisheries.noaa.gov/grant/marine-education-and-training-mini-grant-program>

Program: Fulbright-Hays: Doctoral Dissertation Research Abroad

Agency: U.S. Department of Education

Next Deadline: Apr 11, 2023

Provides grants to IHEs to award six to 12 month fellowships for doctoral students in modern foreign languages or related area studies to conduct dissertation research abroad. Proposals focusing on Western Europe and the U.S. are not eligible. Priority is given to research projects conducted in the fields of science, technology, engineering, mathematics, computer science, education (comparative or international), international development, political science, public health, or economics. In FY 23, approximately 90 awards of up to \$60,000 are available. See <http://www.ed.gov/programs/iegpsddrap/index.html>

Program: Research and Evaluation on Domestic Radicalization and Violent Extremism

Agency: U.S. Department of Justice

Next Deadline: Apr 24, 2023

Program seeks to build knowledge and evidence related to strategies for effective prevention of terrorism in the United States. Applicants should propose research projects that will primarily benefit, and have clear implications for, criminal justice agencies and their attendant communities at the state, local, and tribal levels. NIJ is particularly interested in research responding to the following areas: research to inform terrorism prevention efforts; research on disengagement, deradicalization and reintegration; evaluations of programs and practices; and research on countering mis-, dis-, and mal-information. Deadline refers to [Grants.gov](https://www.grants.gov) submission. See <http://www.nij.gov/funding/pages/current.aspx>

Agency: National Institutes of Health

Next Deadline: Jun 19, 2023

Several institutes support research that identifies, examines and addresses the ethical, legal and social implications of advances in genomic research and technology for individuals, families, communities and society more broadly. Of particular interest are projects that propose focused legal, economic, philosophical or historical analyses of new or emerging issues. Annual deadlines 2/17, 6/17, and 10/19 through 7/20/23. See <https://grants.nih.gov/grants/guide/pa-files/PAR-20-254.html>

CFDA Number: 93.172

Contact: Contacts vary by institute

Program: HEAL Initiative: Discovery and Validation of Novel Targets for Safe and Effective Pain Treatment (R01 Clinical Trial Not Allowed)

Agency: National Institutes of Health

Next Deadline: Jun 02, 2023

Supports projects that promote the discovery and validation of novel therapeutic targets to facilitate the development of pain therapeutics. The specific program focus is on the basic science discovery of targets in the peripheral nervous system, central nervous system, immune system or other tissues in the body that can be used to develop treatments that have minimal side effects and little to no abuse/addiction liability. Annual deadlines: 2/2, 6/2, and 10/4 until 12/7/24. See

<https://grants.nih.gov/grants/guide/rfa-files/RFA-NS-22-034.html>

Program: Research Enhancement Award Program (REAP) for Health Professional Schools and Graduate Schools

Agency: National Institutes of Health

Next Deadline: Jun 25, 2023

Supports basic and clinical research in educational institutions that provide baccalaureate or advanced degrees for a significant number of the Nation's research scientists, but that have not been major recipients of NIH support. Eligible institutions must award NIH-relevant baccalaureate or advanced degrees in health professions and have received less than \$6 million per year of NIH support (total costs) in 4 of the last 7 fiscal years. Annual deadlines: 2/25, 6/25, 10/25 through 1/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-060.html> (no clinical trial) or <https://grants.nih.gov/grants/guide/pa-files/PAR-21-357.html> (clinical trial)

CFDA Number: 93.113

Contact: Multiple Contacts

Program: Research on Biopsychosocial Factors of Social Connectedness and Isolation

Agency: National Institutes of Health

Next Deadline: Jun 21, 2023

Supports projects that seek to explain the underlying mechanisms, processes, and trajectories of social relationships and how these factors affect outcomes in human health, illness, recovery, and overall wellbeing. Types of projects submitted under this FOA include studies that prospectively assign human participants to conditions and that assess biomedical and/or behavioral outcomes in humans to understand fundamental aspects of phenomena related to social connectedness and isolation.

Annual deadline: 6/21 through 2024. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-349.html>

CFDA Number:

Contact: Multiple Contacts

Program: Clinical Trials of Mind and Body Interventions for NCCIH

Agency: National Institutes of Health

Next Deadline: Jun 20, 2023

Supports clinical trials that study the effects of complementary and integrative health approaches with physical and/or psychological therapeutic inputs (often called mind and body interventions) in NCCIH designated areas of high research priority. Competitions include Feasibility Clinical Trials and Clinical and Data Coordinating Centers.

Applications due mid-late February, June, and October until 3/12/24. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-240.html>

Program: Academic-Industrial Partnerships for Translation of Technologies for Diagnosis and Treatment (R01 - Clinical Trial Not Allowed AND R01 - Clinical Trial Optional)

Agency: National Institutes of Health

Next Deadline: Jun 05, 2023

Supports translation of scientific discoveries and engineering developments into methods or tools that address problems in basic cancer research to understand disease, or in applied research to assess risk, detect, prevent, diagnose, treat, and/or manage disease. Projects should include a partnership structure that is expected to help bridge gaps in knowledge and experience by engaging the strengths of academic, industrial, and other investigators. Annual deadlines: 2/5, 6/5, 10/5 until 5/8/24. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-166.html>

Program: Basic Research in Cancer Health Disparities

Agency: National Institutes of Health

Next Deadline: Jun 05, 2023

Supports basic, mechanistic research into the biological/genetic causes of cancer health disparities. These research project grants will support innovative studies designed to investigate biological/genetic bases of cancer disparities, such as mechanistic studies of biological factors, including cancer prevention intervention strategies; development and testing of new methodologies and models; and secondary data analyses. Companion funding available. Annual deadlines: 2/5, 6/5, 10/5 until 9/8/24. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-322.html>

Program: Cancer Tissue Engineering
Collaborative: Enabling Biomimetic
Tissue-Engineered Technologies for
Cancer Research (R01 Clinical Trial
Optional)

Agency: National Institutes of Health

Next Deadline: Jun 05, 2023

Supports the development and characterization of state-of-the-art biomimetic tissue-engineered technologies for cancer research. Collaborative, multidisciplinary projects that engage the fields of regenerative medicine, tissue engineering, biomaterials, and bioengineering with cancer biology will be essential for generating novel experimental models that mimic cancer pathophysiology in the context of a testable cancer research hypothesis. Annual deadlines: 2/5, 6/5 and 10/5 through 5/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-099.html>

Program: Clinical and Translational
Exploratory-Developmental Studies

Agency: National Institutes of Health

Next Deadline: Jun 12, 2023

Supports preclinical and early phase clinical research, as well as correlative studies, directly related to advancements in cancer treatment, diagnosis, prevention, symptom management, or reduction of cancer health disparities. Annual deadlines: 2/13, 6/12 and 10/10 through 7/2/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-216.html>

CFDA Number:

Contact: Multiple Contacts, NCI

Program: Clinical Characterization of Cancer
Therapy-induced Adverse Sequelae

Agency: National Institutes of Health

Next Deadline: Jun 05, 2023

Supports basic, translational, and/or clinical research projects that seek to identify the mechanisms of therapy-induced adverse sequelae, clinically characterize the adverse sequelae, or translate the mechanistic understanding into therapeutic approaches to prevent or minimize the development of long-term sequelae. Research projects should focus on mechanistic studies with translational endpoints; and/or longitudinal clinical phenotyping to identify and validate clinical endpoints for future use in clinical trials that will evaluate the efficacy of interventions designed to prevent or reduce specific adverse sequelae. Annual deadlines: 2/5, 6/5, 10/5 through 11/6/24. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-329.html>

Program: Small Research Grants for Analyses of Gabriella Miller Kids First Pediatric Research Data

Agency: National Institutes of Health

Next Deadline: Jun 16, 2023

Supports small research projects focused on analyses of childhood cancer and/or structural birth defects genomic datasets generated by the Kids First program and/or associated phenotypic datasets. Development of approaches, tools, or algorithms appropriate for analyzing genomic, phenotypic, and/or clinical data relevant to Kids First may also be proposed. Annual deadlines: 2/16, 6/16, 10/16 until 1/8/26. See <https://grants.nih.gov/grants/guide/pa-files/PAR-23-075.html>

Program: Imaging - Science Track Award for Research Transition (I/START)

Agency: National Institutes of Health

Next Deadline: Jun 16, 2023

Supports the entry of investigators to the area of neuroimaging, including both new investigators and established investigators seeking to adopt neuroimaging methodologies in their research programs, to enable the conduct of small "proof of concept" studies. The R03 mechanism supports research projects executed in a short period of time with limited resources. Annual deadlines: 2/16, 6/16 and 10/16 through 9/8/24. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-309.html>

Program: Pilot and Feasibility Studies in Preparation for Substance Use Prevention Trials

Agency: National Institutes of Health

Next Deadline: Jun 16, 2023

Encourages theoretically-driven pilot and/or feasibility research in the following areas: the development and pilot testing of new or adapted interventions to prevent or delay the initiation of substance use and/or the progression from use to misuse or disorder; and services research examining questions specific to the prevention of substance use. Annual deadlines: 2/16, 6/16, 10/16 through 5/8/24. See <https://grants.nih.gov/grants/guide/pa-files/PA-21-110.html>

Program: Substance Use/Substance Use Disorder Dissertation Research Award

Agency: National Institutes of Health

Next Deadline: Jun 16, 2023

Enhances the diversity of the drug abuse research workforce by providing dissertation awards on topics related to the study of basic and clinical neuroscience, development, epidemiology, prevention, treatment, services, or women and sex/gender differences as they relate to drug abuse. This award is for up to two years of support for the completion of the doctoral dissertation research project. LOI due 30 days prior to the application deadline. Annual deadlines: 2/16, 6/16, 10/16 through 5/8/23. See <https://grants.nih.gov/grants/guide/pa-files/PA-20-208.html>

Program: New Directions in Hematology Research (SHINE-II) (R01 Clinical Trial Optional)

Agency: National Institutes of Health

Next Deadline: Jun 05, 2023

This FOA seeks innovative grant applications in nonmalignant hematology research that will steer the field in new directions. Applications to this FOA should propose proof of principle research that is tightly focused into one specific aim, which can be accomplished within a 1-3 year project period, and is directed at validating novel concepts and approaches that promise to open new pathways for discovery. Annual deadlines: 2/5, 6/5, 10/5 through 5/8/24. See <https://grants.nih.gov/grants/guide/pa-files/PAS-21-150.html>

Program: Pilot and Feasibility Studies to Facilitate the Use of Diabetes Self-Management

Agency: National Institutes of Health

Next Deadline: Jun 22, 2023

The purpose of this FOA is to test an innovative and pragmatic approach to address barriers to and facilitate greater use of diabetes self-management education and support (DSMES) by people living with diabetes mellitus. Research applications should engage key stakeholders in cultivating a practical and sustainable strategy with the potential for dissemination. The pilot trial of the proposed strategy should be designed to generate preliminary data in support of a future, full-scale trial to study broader dissemination and implementation to expand the use of DSMES. Annual deadline: June 22 through 2023. See <https://grants.nih.gov/grants/guide/rfa-files/RFA-DK-20-032.html>

Program: National and Regional Resources

Agency: National Institutes of Health

Next Deadline: Jun 14, 2023

Encourages applications for support of resources that will provide access to state-of-the-art equipment, technologies, research tools, materials, organisms, software, and/or services to a substantial regional (multi-state) or national user base. Only those resources with technical capabilities that fall within the NIGMS-supported program areas are eligible for awards. The resources should already be established or may be formed through consolidation of existing local or regional facilities. The intent is to provide resource access to investigators without regard to the specific biomedical focus of their research, while not duplicating or replacing resources supported by sources such as other NIH Institutes and Centers (ICs) or host institutions. Annual deadline: 6/14 through 2024. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-065.html>

CFDA Number:

Contact: Christina Liu, NIGMS
christina.liu@nih.gov

Program: Basic Neurodevelopmental Biology of Circuits and Behavior

Agency: National Institutes of Health

Next Deadline: Jun 16, 2023

Supports research projects focused on the dynamic and mechanistic links between the maturation of brain circuits and behaviors across development in rodents and non-human primates. The goal is to build a foundation for understanding how interactions within and among brain regions change over pre- and post-natal development, allowing for the emergence of cognitive, affective and social behaviors. Supported projects will focus on neurodevelopmental trajectories and investigate questions using in vivo neural measures in awake, behaving animals. Annual deadlines: 2/16, 6/16, 10/16 until 1/8/25. See

Program: Silvio O. Conte Centers for Basic Neuroscience or Translational Mental Health Research

Agency: National Institutes of Health

Next Deadline: Jun 07, 2023

Supports research by teams of researchers with the primary objectives of: advancing the state of the science in basic brain and behavior research that will uncover and dissect the underlying mechanisms that will ultimately provide the foundation for understanding mental disorders; supporting the integration and translation of basic and clinical neuroscience research on severe mental illnesses; and/or advancing our understanding of the neurobehavioral developmental mechanisms and trajectories of psychopathology that begin in childhood and adolescence. Annual deadline: 6/7 except 6/9/25 until 6/10/25. See <https://grants.nih.gov/grants/guide/pa-files/PA-22-155.html>

koesters@mail.nih.gov
301-443-3563

Program: Understanding and Modifying Temporal Dynamics of Coordinated Neural Activity

Agency: National Institutes of Health

Next Deadline: Jun 16, 2023

Supports research to test whether modifying specific patterns of coordinated neural activity in vivo can improve cognitive, social, or affective processes. These studies should be based on a rational understanding of the role of specific neural activity rhythms in, for example, the routing of information among brain regions or in improving the ability of afferent information to affect local processing via coherence of underlying oscillatory activity. R21 and R01 awards are available. Annual deadlines: 2/16, 6/16, 10/16 until 5/8/24. See <https://grants.nih.gov/grants/guide/pa-files/PA-21-176.html>

Program: Utilizing Invasive Recording and Stimulating Opportunities in Humans

Agency: National Institutes of Health

Next Deadline: Jun 05, 2023

Encourages applications to pursue invasive neural recording studies focused on mental health-relevant questions. Invasive neural recordings provide an unparalleled window into the human brain to explore the neural circuitry and neural dynamics underlying complex moods, emotions, cognitive functions, and behaviors with high spatial and temporal resolution. Companion funding available. Annual deadlines: 2/5, 6/5, 10/5 through 7/6/24. See <https://grants.nih.gov/grants/guide/pa-files/PA-23-093.html>

Program: Risk and Protective Factors of Family Health and Family Level Interventions

Agency: National Institutes of Health

Next Deadline: Jun 05, 2023

The purpose of this initiative is to advance the science of minority health and health disparities by supporting research on family health and well-being and resilience. The NIMHD Research Framework recognizes family health, family well-being, and family resilience as critically important areas of research to decrease disparities and promote equity. Annual deadlines: 2/5, 6/5, 10/5 through 5/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-358.html>

Program: Clinical Trial Readiness for Functional Neurological Disorders

Agency: National Institutes of Health

Next Deadline: Jun 05, 2023

Functional Neurological Disorders (FNDs) are characterized by symptoms of altered voluntary motor or sensory function with clinical findings providing evidence of incompatibility between the symptoms and recognized neurological or medical conditions. This FOA invites researchers to submit prospective clinical projects that address critical needs for clinical trial readiness in FNDs. Projects appropriate for this FOA include the validation of biomarkers, endpoints and clinical outcome assessments (COA) that are fit-for-purpose and have a defined context of use for clinical trials. Annual deadlines: 2/5, 6/5, 10/5 through 11/6/24. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-053.html>

Program: Innovation Grants to Nurture Initial Translational Efforts (IGNITE): Assay Development and Neurotherapeutic Agent Identification

Agency: National Institutes of Health

Next Deadline: Jun 20, 2023

This FOA encourages research grant applications to develop in vitro and/or ex vivo assays and conduct iterative screening efforts to identify and characterize potential therapeutic agents for neurological or neuromuscular disorders. This FOA is part of a suite of Innovation Grants to Nurture Initial Translational Efforts (IGNITE) to advance projects to the point where they can meet the entry criteria for the Blueprint Neurotherapeutics Network (BPN) or other translational programs. Annual deadlines: mid-February, June, and October through 2/21/24. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-124.html>

Program: Joint NINDS/NIMH Exploratory Neuroscience Research Grant

Agency: National Institutes of Health

Next Deadline: Jun 16, 2023

Supports exploratory and innovative research projects, which fall within the missions of the NINDS and NIMH. Awards will provide support for the early and conceptual stages of projects. These studies often assess the feasibility of a novel avenue of investigation and involve considerable risk, but have the potential to bring about breakthroughs in the understanding of important areas of neuroscience, or to the development of novel techniques, agents, methodologies, or models, of high value to the neuroscience community. Annual deadlines: 2/16, 6/16, 10/16 through 5/8/24. See <https://grants.nih.gov/grants/guide/pa-files/PA-21-219.html>

Program: Prospective Observational Comparative Effectiveness Research in Clinical Neurosciences

Agency: National Institutes of Health

Next Deadline: Jun 19, 2023

Supports grant applications for investigator-initiated prospective observational comparative effectiveness research (CER) to NINDS (note: only prospective observational studies will be considered). The study must address questions within the mission and research interests of the NINDS and may evaluate preventive strategies, diagnostic approaches, or interventions including drugs, biologics, and devices, or surgical, behavioral, and rehabilitation therapies. NINDS is particularly interested in pragmatic study designs that utilize a cost-effective means of prospectively collecting observational data important to current clinical practice. Annual deadlines: mid-February, June, and October through 5/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-076.html>

Program: Women and Minorities in Science, Technology, Engineering and Math (WAMS)

Agency: U.S. Department of Agriculture

Next Deadline: Apr 19, 2023

Supports research and extension projects that have robust collaborations to increase the participation of women and underrepresented minorities from rural areas in STEM fields. Cost sharing is required if the project provides a particular benefit to a specific commodity and awardees must match awarded funds dollar for dollar. IHEs are eligible to apply. Limited submission: one application as an individual institution. See <https://tinyurl.com/yavq9hx4> for details.

Program: Conservation Innovation Grants (CIG)
Agency: U.S. Department of Agriculture
Next Deadline: Apr 14, 2023

Supports development and adoption of innovative conservation approaches and technologies while leveraging federal investment in environmental enhancement and protection, in conjunction with agricultural production. Search for Conservation Innovation Grants using the USDA filter in Grants.gov. These projects may be farm-based, multi-county, small watershed, or statewide in scope. Multiple programs usually available with April or May deadlines. See <https://tinyurl.com/bdlbq54> and Grants.gov for updates.

Program: Coastal Resilience Grants Program

Agency: U.S. Department of Commerce

Next Deadline: Apr 12, 2023

Supports efforts to build resilience by conserving and restoring sustainable ecosystem processes and functions and reducing the vulnerability of coastal communities and infrastructure from the impacts of extreme weather events, climate hazards, and changing ocean conditions. This program supports activities that restore or create natural infrastructure and natural landscape features to provide valuable ecosystem functions and services, such as habitat for fish, improved water quality and quantity, flood reduction, and erosion protection. Deadline is for required preproposals. See <https://www.nfwf.org/programs/national-coastal-resilience-fund>

Program: Advanced Tracking Architectures
Using Artificial Intelligence (AI)
(ATA-AI)

Agency: U.S. Department of Defense

Next Deadline: Jun 01, 2023

BAA seeks proposals to research, design, develop, test, evaluate, and deliver innovative technologies and techniques for Next Generation Target Tracking architectures which exploit a wide array of data sources and leverage the power of Artificial Intelligence (AI) and Machine Learning (ML). Annual deadline: 6/1 for required white papers. Submissions can be accepted through 9/30/25, but funding is unlikely to be available. See <https://sam.gov/opp/59dd5d8e8cc6463fba0e67043fb9ad6c/view>

Program: Space and Terrestrial
Communications Directorate

Agency: U.S. Department of Defense

Next Deadline: Jun 19, 2023

Notice seeking white papers supporting the research focuses of the Space and Terrestrial Communications Directorate. Topic areas include: Power Amplifier; Current Force Quality of Service; Voice Interworking Function; Tactical Defensive Cyber Operations; Tactical Satellite Communications On-the-Move; Advanced Satellite System Control Capabilities; Multi-Access Cellular Extension; Multiple-Input Multiple-Output Technologies for Tactical Communications and Electronic Warfare; and Radio Frequency Compatibility and Interference Cancellation. White papers accepted at any time through 6/19/23. See <https://tinyurl.com/t8mah3l>

Program: Small Business Innovation Research
(SBIR)/Small Business Technology
Transfer (STTR)

Agency: U.S. Department of Defense

Next Deadline: Jun 14, 2023

Program funds early-stage R&D at small technology companies and is designed to stimulate technological innovation; increase private sector commercialization of federal R&D; increase small business participation in federally funded R&D; and foster participation by minority and disadvantaged firms in technological innovation. IHEs may partner. Deadlines refer to Army, Navy, and Air Force SBIR/STTR solicitations. See <https://www.defensesbirsttr.mil/>

Program: Laboratory Equipment Donation
Program (LEDP)

Agency: U.S. Department of Energy

Next Deadline: May 2023 (*target date*)

Awards grants of used energy-related laboratory equipment for use in energy-oriented educational programs in the life, physical, and environmental sciences, technology, and engineering. Applicant institution not required to have a currently funded project with DOE to participate. Annual deadline: application reviews and grant awards will be performed on a first-received, first-qualified basis. See <https://apps.ora.gov/ledp>

Program: DHS S&T Long Range Broad
Agency Announcement

Agency: U.S. Department of Homeland
Security

Next Deadline: Jun 2023 (target date)

Supports R&D projects across a spectrum of science and engineering, focusing on areas where risk inhibits mission or operational investments, and where significantly improved or increased capability payoffs can be expected. Broad topic categories include: Border & Maritime Security; Cyber Security; Explosive Countermeasures; and First Responders. White papers accepted at any time until June 2023. See <https://www.dhs.gov/science-and-technology/st-lrbaa>

Program: Research and Development in
Forensic Science for Criminal Justice
Purposes

Agency: U.S. Department of Justice

Next Deadline: Apr 19, 2023

An NIJ forensic science research and development grant supports a discrete, specified, circumscribed project that will: (1) increase the body of knowledge to guide and inform forensic science policy and practice, or (2) lead to the production of useful material(s), device(s), system(s), or method(s) that have the potential for forensic application. Deadline refers to Grants.gov submission. See <https://nij.ojp.gov/funding/current>
