March 01, 2023

This publication includes deadline dates for the month of June 2023 and late announcements for the months of May 2023 and April 2023. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk (**) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.

Program: Fulbright Scholar-in-Residence Program  
Agency: Council for International Exchange of Scholars  
Next Deadline: Jun 01, 2023  
Supports proposals to bring scholars and professionals from abroad to U.S. colleges and universities that infrequently or never have the opportunity to host visiting scholars. In addition to teaching courses, scholars give campus-wide and community lectures, help initiate international programs, and contribute to curriculum development. Program is especially appropriate for small liberal arts colleges, minority-serving institutions, and community colleges. Scholars can also receive awards through the Outreach Lecturing Fund which will fund short visits to other IHEs while in the U.S. Latest competition for the 2024-2025 academic year. Program: Research Grants and Fellowship Programs  
Agency: Hagley Museum and Library  
Next Deadline: Jun 30, 2023  
Provides fellowships to use Hagley's collections in American economic, business, industrial and technological history. Hagley Exploratory Research Grants ($400) support one-week visits by scholars who need an exploratory review of the collection. Henry Berlin du Pont Fellowships support access to Hagley's research collections for as long as needed with a stipend of up to $400 per week for up to 8 weeks. Other fellowships available. Annual deadlines 3/31, 6/30, and 10/31. Also available: Dissertation Fellowships (11/15) and Louis Gambos Fellowship in Business and Politics (2/1) and NEH-Hagley Fellowship (2/15). Program: General Grant Programs  
Agency: Eurasia Foundation  
Next Deadline: Jun 2023 (target date)  
Eurasia Foundation is a U.S.-based non-profit organization promoting civil society, governance, and local government development. It offers opportunities across the general areas of advocacy, capacity building, community engagement, and economic opportunity. Various opportunities accept applications throughout the year. See https://www.eurasia.org/Programs#Eurasia

202-234-7370

Program: Grants Program (Global Education/International Understanding)  
Agency: Longview Foundation  
Next Deadline: Jun 23, 2023  
Foundation makes grants to promote learning about world regions, cultures, international affairs and global issues in K-12 schools in the United States. Funding priorities include: State Networks (invitation only) and Internationalizing Teacher Preparation. Longview’s grants are typically between $15,000 and $25,000. Deadlines refer to required LOIs. See http://www.longviewfdn.org/applying/dates-deadlines/

globaled@longviewfdn.org  
703-862-0023
Program: National Historical Publications & Records Commission
Agency: National Archives and Records Administration
Next Deadline: May 03, 2023
Supports archival projects, editing projects, educational programs, fellowships, publication grants, and projects dealing with electronic records including digitization. All projects must help to identify, preserve, publish, and increase public access to non-federal sources that document the history of the U.S. Competitions include: Major Collaborative Archival Initiatives (5/3/23); Archives Collaboratives (5/3/23); Publishing Historical Records (5/3/23, 11/2/23); NHPRC-Mellon Planning Grants for Collaborative Digital Editions in African American, Asian American, Hispanic American, and Native American History and Ethnic Studies (6/7/23); and State Board Programming Grants (5/3/23). Program: Digital Projects for the Public
Agency: National Endowment for the Humanities
Next Deadline: Jun 14, 2023
Supports projects such as websites, mobile applications, games, and virtual environments that significantly contribute to the public’s engagement with humanities ideas. Projects must be analytical and deeply grounded in humanities scholarship. Awards last one to three years and offer up to $30,000 for Discovery grants, up to $100,000 for Prototyping grants or up to $400,000 for Production grants. Awardees may receive funds outright or as matching funds or a combination. See http://www.neh.gov/grants/public/digital-projects-the-public

Program: State & Regional Partners
Agency: National Endowment for the Arts
Next Deadline: Jun 2023 (tentative)
NEA supports state arts agencies throughout the U.S. to plan, evaluate, make decisions, and act as leaders in support of the arts. Forty percent of NEA’s appropriation goes to these agencies. They also support regional partnerships for planning, evaluation, access, and arts touring series. Limited funding is available for national services provided by membership organizations of state arts agencies and regional arts organizations. See https://www.arts.gov/partners/state-regional for contact information on the appropriate agency.

CFDA Number: 45.007
Contact: 202-682-5097
Agency: United States-Japan Foundation  
Next Deadline: Jun 30, 2023  
Supports cooperation between the U.S. and Japan through three programs: Communication/Public Opinion funds projects that raise awareness and address issues that affect bilateral relations and stimulate quality media coverage; Pre-college Education supports improved instruction about Japan in U.S. schools and the U.S. in Japanese schools through creative curriculum development and teacher training; and U.S. Japan Policy funds projects in foreign policy, trade relations, energy and the environment, managing globalization, national identity, and understanding institutions. Deadline is for required LOIs. See http://us-jf.org/programs/grants/

*Deadlines Page 4 of 46*
Program: Economic Development RNTA
Agency: U.S. Department of Commerce
Next Deadline: Jun 2023 (target date)
Notice seeking applications for investments that support research, evaluation, and national technical assistance projects under EDA’s Research and Evaluation (R&E) and National Technical Assistance (NTA) programs. Through the R&E program, EDA supports the development of tools, recommendations, and resources that shape Federal economic development policies and inform economic development decision-making. EDA’s NTA program supports a small number of projects that provide technical assistance at a national scope. Annual deadline: required concept proposals accepted at any time. See https://www.eda.gov/programs/rnta/

CFDA Number: 11.303
Contact: EDA RNTA@eda.gov

Program: Marine Education and Training Mini Grant Program
Agency: U.S. Department of Commerce
Next Deadline: Apr 22, 2023
Supports projects that will increase the sustainability, viability, and visibility of fishing and marine resource issues and communities in the Pacific Islands Region. Projects should prepare communities for employment in marine related professions, increase seafood and fishing safety, marketing, or management; or increase the sustainability of fishing practices through technology improvements or data collection. Partnerships are required. A 50 percent cost share is required. Current deadline is for Alaska projects (https://www.grants.gov/web/grants/view-opportunity.html?oppId=336656). **Agency:** March of Dimes  
**Next Deadline:** Jun 30, 2023  
Provides millions in grants and scholarships for community programs and education for professionals. Basil O'Connor Starter Scholar Research award provides $75,000 per year over two years for new investigators holding recent faculty appointments to conduct independent research on birth defects (6/30). General Research Grants (10/11) support the prevention of birth defects. See https://www.marchofdimes.org/research/march-of-dimes-application-instructions--guidelines.aspx

---

**Program:** Academic Research Enhancement Award (AREA) for Undergraduate-Focused Institutions  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 25, 2023  
Supports small scale research grants at institutions that do not receive substantial funding from the NIH, with an emphasis on providing biomedical research experiences primarily for undergraduate students, and enhancing the research environment at these applicant institutions. Eligible institutions must award baccalaureate biomedical science degrees. Applicants must pay attention to special R15 review considerations. Annual deadlines: 2/25, 6/25, 10/25 through 5/8/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-155.html and https://grants.nih.gov/grants/guide/pa-files/PAR-21-154.html

**Program:** Accelerating the Pace of Child Health Research Using Existing Data  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 02, 2023  
Supports the analysis of the Adolescent Brain Cognitive Development (ABCD) Study (R01, R21), the largest long-term study of brain development and child health in the United States, collecting data from nearly 12,000 youth and their parents/caregivers beginning at ages 9 and 10 and following them longitudinally to early adulthood. The study serves as a public use dataset to increase knowledge of adolescent physical health and mental health, cognitive function, substance use, cultural and environmental factors, brain structure and functions. Annual deadlines: 2/5, 6/5 and 10/5 through 5/8/25. See [here](https://grants.nih.gov/grants/guide/pa-files/PAR-22-137.html)

---

**Program:** Advancing Research to Develop Improved Measures and Methods for Understanding Multimorbidity (R01 Clinical Trial Optional)  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2023  
Supports research that improve the availability, quality, and utility of data and measures that capture multimorbidity or multiple chronic conditions (MCCs) and the methods for analyzing multimorbidity data. Research supported by this initiative should be designed to discover, develop, and/or evaluate MCC measures/tools that reflect the longitudinally and life course diversity of multimorbidity. Annual deadlines: 2/5, 6/5, and 10/5/24. See [here](https://grants.nih.gov/grants/guide/pa-files/PAR-20-179.html)  
**CFDA Number:**

---

**Program:** Bioengineering Research Grants (BRG)  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2023  
Supports collaborations between the life and physical sciences that apply a multidisciplinary bioengineering approach to biomedical problems; and accelerates the adoption of promising tools, methods and techniques for a specific research or clinical problem in basic, translational, or clinical science and practice in physics, mathematics, chemistry, computer sciences and engineering. Annual deadlines: 2/5, 6/5, and 10/5 through 9/8/25. See [here](https://grants.nih.gov/grants/guide/pa-files/PAR-22-242.html)

**Program:** BRAIN Initiative: Development of Novel Tools to Probe Cell-Specific and Circuit-Specific Processes  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 07, 2023  
Program encourages applications that will develop and validate novel tools to facilitate the detailed analysis and manipulation of complex circuits in large brains. Critical advances in the treatment of brain disorders in human populations are hindered by our lack of ability to monitor and manipulate circuitry in safe, minimally-invasive ways. Clinical intervention with novel cell- and circuit-specific tools will require extensive focused research designed to remove barriers for targeted circuit manipulation. Optional LOIs are due 30 days prior to the application due date. Annual deadline: 6/7 through 2024. See https://grants.nih.gov/grants/guide/rfa-files/RFA-MH-22-115.html

**Program:** BRAIN Initiative: Integration and Analysis of BRAIN Initiative Data  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 09, 2023  
Supports the development of informatics tools for analyzing, visualizing, and integrating data related to the BRAIN Initiative or to enhance our understanding of the brain. This FOA can also be used to support several different, but related activities, to include modifying existing analysis and visualization tools to deal with BRAIN Initiative data and integrating different types of BRAIN Initiative datasets. Project scope and budget must reflect the actual needs of the proposed project. Annual deadlines: June and October through 6/8/24. See https://grants.nih.gov/grants/guide/rfa-files/RFA-MH-22-220.html

**Program:** BRAIN Initiative: Targeted BRAIN Circuits Projects- TargetedBCP  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 30, 2023  
Solicits applications for research projects that seek to understand how circuit activity gives rise to mental experience and behavior using innovative, methodologically-integrated approaches. The goal is to support adventurous projects that can realize a potentially transformative outcome within five years. Applications are expected to address circuit function in the context of specific behaviors or neural systems, such as sensation, perception, attention, reasoning, intention, decision-making, emotion, navigation, communication, or homeostasis. R01 Clinical Trial Not allowed and R34 Planning Grant awards available. Annual deadlines: late June and early October through 2024. See http://tinyurl.com/krzm9ek2

**Program:** Career Transition Award (K22)  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 12, 2023

Many Institutes support this program which aims to transition investigators from the mentored to the independent stage of their careers. It enables promising new researchers to obtain additional mentored postdoctoral research experience. Award often has two phases, depending upon the Institute supporting it: postdoctoral research training at an NIH lab for up to 1-2 years; and support for awardee’s research at an institution to which she/he has been recruited. Call before applying. Annual deadlines: 2/12, 6/12, 10/12. See https://researchtraining.nih.gov/programs/career-development/K22 for individual notices and contacts.

**Contact:** Multiple Contacts

**Program:** Ethical, Legal, and Social Implications (ELSI) of Genomics Research (R01)  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 19, 2023

Several institutes support research that identifies, examines and addresses the ethical, legal and social implications of advances in genomic research and technology for individuals, families, communities and society more broadly. Of particular interest are projects that propose focused legal, economic, philosophical or historical analyses of new or emerging issues. Annual deadlines 2/17, 6/17, and 10/19 through 7/20/23. See https://grants.nih.gov/grants/guide/pa-files/PAR-20-254.html

**CFDA Number:** 93.172

**Program:** HEAL Initiative: Discovery and Validation of Novel Targets for Safe and Effective Pain Treatment (R01 Clinical Trial Not Allowed)  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 02, 2023

Supports projects that promote the discovery and validation of novel therapeutic targets to facilitate the development of pain therapeutics. The specific program focus is on the basic science discovery of targets in the peripheral nervous system, central nervous system, immune system or other tissues in the body that can be used to develop treatments that have minimal side effects and little to no abuse/addiction liability. Annual deadlines: 2/2, 6/2, and 10/4 until 12/7/24. See https://grants.nih.gov/grants/guide/rfa-files/RFA-NS-22-034.html

**Program:** Research Enhancement Award Program (REAP) for Health Professional Schools and Graduate Schools  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 25, 2023

Supports basic and clinical research in educational institutions that provide baccalaureate or advanced degrees for a significant number of the Nation's research scientists, but that have not been major recipients of NIH support. Eligible institutions must award NIH-relevant baccalaureate or advanced degrees in health professions and have received less than $6 million per year of NIH support (total costs) in 4 of the last 7 fiscal years. Annual deadlines: 2/25, 6/25, 10/25 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-060.html (no clinical trial) or https://grants.nih.gov/grants/guide/pa-files/PAR-21-357.html (clinical trial)

**CFDA Number:** 93.113  
**Contact:** Multiple Contacts
Program: Research on Biopsychosocial Factors of Social Connectedness and Isolation
Agency: National Institutes of Health
Next Deadline: Jun 21, 2023
Supports projects that seek to explain the underlying mechanisms, processes, and trajectories of social relationships and how these factors affect outcomes in human health, illness, recovery, and overall wellbeing. Types of projects submitted under this FOA include studies that prospectively assign human participants to conditions and that assess biomedical and/or behavioral outcomes in humans to understand fundamental aspects of phenomena related to social connectedness and isolation. Annual deadline: 6/21 through 2024. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-349.html

Program: Basic Research in Cancer Health Disparities
Agency: National Institutes of Health
Next Deadline: Jun 05, 2023
Supports basic, mechanistic research into the biological/genetic causes of cancer health disparities. These research project grants will support innovative studies designed to investigate biological/genetic bases of cancer disparities, such as mechanistic studies of biological factors, including cancer prevention intervention strategies; development and testing of new methodologies and models; and secondary data analyses. Companion funding available. Annual deadlines: 2/5, 6/5, 10/5 until 9/8/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-322.html

**Program:** Cancer Tissue Engineering Collaborative: Enabling Biomimetic Tissue-Engineered Technologies for Cancer Research (R01 Clinical Trial Optional)  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2023  
Supports the development and characterization of state-of-the-art biomimetic tissue-engineered technologies for cancer research. Collaborative, multidisciplinary projects that engage the fields of regenerative medicine, tissue engineering, biomaterials, and bioengineering with cancer biology will be essential for generating novel experimental models that mimic cancer pathophysiology in the context of a testable cancer research hypothesis. Annual deadlines: 2/5, 6/5 and 10/5 through 5/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-099.html

**Program:** Clinical Characterization of Cancer Therapy-induced Adverse Sequelae  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2023  
Supports basic, translational, and/or clinical research projects that seek to identify the mechanisms of therapy-induced adverse sequelae, clinically characterize the adverse sequelae, or translate the mechanistic understanding into therapeutic approaches to prevent or minimize the development of long-term sequelae. Research projects should focus on mechanistic studies with translational endpoints; and/or longitudinal clinical phenotyping to identify and validate clinical endpoints for future use in clinical trials that will evaluate the efficacy of interventions designed to prevent or reduce specific adverse sequelae. Annual deadlines: 2/5, 6/5, 10/5 through 11/6/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-329.html

**Program:** Exploratory Grants in Cancer Control (R21 Clinical Trial Optional)  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 07, 2023  
FOA seeks exploratory/developmental research grant (R21) applications that focus on different aspects of cancer control by modifying behavior, screening, and understanding etiologic factors contributing to the development of cancer, and developing ways to control cancer. The overarching goal is to provide support to promote the early and conceptual stages of research efforts on novel scientific ideas that have the potential to substantially advance population-based cancer research. Annual deadlines: 6/7 and early October through 2024. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-341.html

**Program:** Microbial-based Cancer Imaging and Therapy - Bugs as Drugs  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 16, 2023  
Supports research to utilize bacteria, archaeabacteria, bacteriophages, or other non-oncolytic viruses and their natural products to study the underlying mechanisms of the complex interactions between microorganisms, tumors, and the immune system, and to explore their clinical potential for cancer imaging, therapeutics or diagnostics. Projects can focus on using microorganisms as anti-tumor agents, as activators of anti-tumor immunity, or as delivery vehicles for treatment, diagnosis, or imaging, complementing or synergizing with existing tools and approaches. Annual deadlines: 2/16, 6/16, 10/16, until 5/8/25. Supports R01 and R21 awards. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-086.html

**Program:** Molecular Imaging of Inflammation in Cancer  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2023  
Supports research for the development and use of current and emerging molecular imaging methods to gain fundamental insights into cancer inflammation in vivo. Projects are sought that focus on developing integrated imaging approaches to interrogate the role of inflammation in cancer through strong cross-field collaboration between cancer basic science researchers and imaging scientists. These collaborations are expected to advance science and understanding of cancer inflammation interactions. Annual deadlines: 2/5, 6/5, 10/5 until 9/8/24. --------------------------------------------

**Program:** NHLBI Early Phase Clinical Trials for Therapeutics and/or Diagnostics

**Agency:** National Institutes of Health

**Next Deadline:** Jun 04, 2023

The objective of this funding opportunity is to support investigator-initiated, phase I clinical trials for diagnostic and therapeutic interventions for heart, lung, blood, and sleep (HLBS) disorders in adults and children. The proposed trial can be single or multisite. Companion opportunities available. Annual deadlines: 6/4, 10/2 through 1/8/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-118.html

--------------------------------------------

**Program:** Alzheimer’s Drug-Development Program

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2023

Provides funding support for the pre-clinical and early stage clinical (Phase I) development of novel small-molecule and biologic drug candidates that prevent Alzheimer's disease (AD), slow its progression, or treat its cognitive and behavioral symptoms. Participants in this program will receive funding for therapy development activities such as medicinal chemistry; pharmacokinetics; Absorption, Distribution, Metabolism, Excretion, Toxicology; efficacy in animal models; formulation development; chemical synthesis under Good Manufacturing Practices; Investigational New Drug enabling studies; and initial Phase I clinical testing. Annual deadlines: 2/5, 6/5, 10/5 through 11/6/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-047.html

**Program:** Early Stage Investigator Research Using Nonhuman Primate (NHP) Models (R21 Clinical Trial Not Allowed)

**Agency:** National Institutes of Health

**Next Deadline:** Jun 16, 2023

Supports research using nonhuman primate (NHP) models performed by early-stage investigators who are within 10 years of their terminal degree or residency training and have at least two years of postdoctoral experience. This FOA is designed specifically for applicants proposing research that does not involve leading an independent clinical trial, a clinical trial feasibility study, or an ancillary clinical trial. Applicants to this FOA are permitted to propose research experience in a clinical trial led by another investigator. Annual deadlines: 2/16, 6/16, 10/16 through 5/8/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-106.html

**Program:** NIA Academic Leadership Career Award

**Agency:** National Institutes of Health

**Next Deadline:** Jun 12, 2023

Provides support for senior investigators who have the expertise and leadership skills to enhance aging and geriatric research capacity within their academic institution. This FOA is designed specifically for applicants proposing research that does not involve leading an independent clinical trial, a clinical trial feasibility study, or an ancillary clinical trial. Applicants to this FOA are permitted to propose research experience in a clinical trial led by another investigator. Annual deadlines: 2/12, 6/12, 10/12 through 5/8/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-106.html

**--------------------------------------------**
Program: Archiving and Documenting Child Health and Human Development Data Sets
Agency: National Institutes of Health
Next Deadline: Jun 16, 2023
Supports the archiving and documentation of existing data sets within the scientific mission of the NICHD in order to enable secondary analysis of these data by the scientific community. The highest priority is to archive original data collected with NICHD funding. LOIs are due 30 days prior to the application due date. Annual deadlines: 2/16, 6/16, and 10/16 through 11/17/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-261.html

Program: Collaborative Program Grant for Multidisciplinary Teams (RM1 - Clinical Trial Optional)

Agency: National Institutes of Health

Next Deadline: May 26, 2023

Supports highly integrated research teams of three to six Program Directors/Principal Investigators (PDs/PIs) to address ambitious and challenging research questions that are within the mission of the National Institute of General Medical Sciences. Annual deadlines late January and May annually until 1/28/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-077.html

CFDA Number: 93.859

Contact: NIGMS
RM1mailbox@nigms.nih.gov

Program: IDeA Networks of Biomedical Research Excellence (INBRE)

Agency: National Institutes of Health

Next Deadline: Jun 26, 2023

Promotes the development, coordination and sharing of research resources and expertise that will expand the research opportunities and increase the number of competitive investigators in the IDeA-eligible states. INBRE grants are intended to enhance the caliber of scientific faculty at research institutions and undergraduate schools, thereby attracting more promising students to these organizations. Applicants should have an established state-wide network before submission. Limited submission: only one application per institution is allowed. Annual deadline: 5/22 in 2024 and 2025. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-100.html

Program: National and Regional Resources

Agency: National Institutes of Health

Next Deadline: Jun 14, 2023

Encourages applications for support of resources that will provide access to state-of-the-art equipment, technologies, research tools, materials, organisms, software, and/or services to a substantial regional (multi-state) or national user base. Only those resources with technical capabilities that fall within the NIGMS-supported program areas are eligible for awards. The resources should already be established or may be formed through consolidation of existing local or regional facilities. The intent is to provide resource access to investigators without regard to the specific biomedical focus of their research, while not duplicating or replacing resources supported by sources such as other NIH Institutes and Centers (ICs) or host institutions. Annual deadline: 6/14 through 2024. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-065.html

Program: Basic Neurodevelopmental Biology of Circuits and Behavior

Agency: National Institutes of Health

Next Deadline: Jun 16, 2023

Supports research projects focused on the dynamic and mechanistic links between the maturation of brain circuits and behaviors across development in rodents and non-human primates. The goal is to build a foundation for understanding how interactions within and among brain regions change over pre- and post-natal development, allowing for the emergence of cognitive, affective and social behaviors. Supported projects will focus on neurodevelopmental trajectories and investigate questions using in vivo neural measures in awake, behaving animals. Annual deadlines: 2/16, 6/16, 10/16 until 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-067.html
Program: Biobehavioral Research Awards for Innovative New Scientists (NIMH BRAINS)

Agency: National Institutes of Health

Next Deadline: Jun 20, 2023

The BRAINS award supports outstanding, exceptionally productive scientists who are in the early, formative stages of their careers and plan to make a long term career commitment to NIMH research. This award seeks to launch careers in innovative clinical, translational, basic or services research program to profoundly transform the understanding, diagnosis, treatment, or prevention of mental disorders. Annual deadline: 6/20 through 6/21/25. See https://grants.nih.gov/grants/guide/rfa-files/RFA-MH-22-185.html

Program: Clinical Trials to Test the Effectiveness of Treatment, Preventive, and Services Interventions

Agency: National Institutes of Health

Next Deadline: Jun 15, 2023

Supports clinical trials designed to test the therapeutic value of treatment and preventive interventions for which there is already evidence of efficacy, for use in community and practice settings. Applications might include research to evaluate the effectiveness or increase the clinical impact of pharmacologic, somatic, psychosocial (e.g., psychotherapeutic, behavioral), device-based, rehabilitative and combination interventions to prevent or treat mental illness. Annual deadlines: 2/15, 6/15, 10/15 through 2/16/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-129.html

**Program:** Initiation of a Mental Health Family Navigator Model  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2023  
Encourages research applications to develop and test the effectiveness and implementation of family navigator models designed to promote early access, engagement, coordination and optimization of mental health treatment and services for children and adolescents who are experiencing early symptoms of mental health problems. Companion funding available. Annual deadlines: 2/5, 6/5, 10/5 through 7/6/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-094.html

**Program:** Innovative Mental Health Services Research Not Involving Clinical Trials  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2023  
Supports innovative research that will inform and support the delivery of high-quality, continuously improving mental health services to benefit the greatest number of individuals with, or at risk for developing, a mental illness. NIH invites applications for non-clinical trial R01 and R34-level projects that address NIMH strategic priorities that strengthen the public health impact of NIMH-supported research. R01 annual deadlines: 2/5, 6/5, 10/5 through 7/6/24. Companion opportunities available. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-095.html

**Program:** Laboratories to Optimize Digital Health  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2023  
Supports innovative research projects to test strategies to increase the reach, efficiency, effectiveness, and quality of digital mental health interventions which may impact mental health outcomes, including suicide behaviors and serious mental illness. Annual deadlines: 2/5, 6/5, 10/5 until 3/6/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-096.html

**Program:** Mood and Psychosis Symptoms during the Menopause Transition  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2023  
Encourages applications that will advance mechanistic and translational research on the onset and worsening of mood and psychotic disorders during the menopausal transition (or perimenopause). In particular, NIMH seeks research that will advance understanding of the underlying neurobiological and behavioral mechanisms of mood disruption and psychosis during the menopausal transition and that will identify novel targets for future mental health interventions or prevention efforts. Companion funding available. Annual deadlines: 2/5, 6/5, 10/5 through 11/6/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-097.html

301-480-8335
**Program:** National Cooperative Drug/Device Discovery/Development Groups (NCDDG)

**Agency:** National Institutes of Health

**Next Deadline:** Jun 26, 2023

Supports research to accelerate innovative drug and device therapies translation from discovery to early human studies in order to treat mental health disorders or alcohol use disorder. Annual deadlines: late February, June, and October until 2/25/25. U1 and U19 award types are available. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-143.html

**Program:** Neuromodulation/Neurostimulation Device Development for Mental Health Applications

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2023

FOA encourages applications seeking to develop the next generation of brain stimulation devices for treating mental health disorders. Applications are encouraged that will either develop novel brain stimulation devices; or significantly enhance, by means of hardware/software improvements, the effectiveness of brain stimulation devices that are currently FDA-approved or cleared. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-039.html

**Program:** Novel Assays to Address Translational Gaps in Treatment Development

**Agency:** National Institutes of Health

**Next Deadline:** Jun 21, 2023

Supports research projects to optimize and evaluate pharmacodynamic measures of neurophysiological processes that are disrupted within or across mental disorders in both healthy humans and in another species relevant to the therapeutic development pipeline. The initiative will support initial proof of concept studies aimed at identifying measures for potential development as preclinical assays for evaluating potential new drug and device therapies and their targets. Annual deadlines: 2/21, 6/21, 10/21 until 6/21/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-087.html

--------------------------------------------

**Program:** Pilot Effectiveness Trials for Treatment, Prevention and Services Interventions

**Agency:** National Institutes of Health

**Next Deadline:** Jun 15, 2023

Supports pilot research consistent with NIMH's priorities for preventive and therapeutic interventions with previously demonstrated efficacy, for use with broader target populations or for use in community practice settings, and research on the development and preliminary testing of innovative services interventions. Applications should provide evaluation approaches to improve mental health. Optional letters of intent are due 30 days prior to the application due date. Annual deadlines: 2/15, 6/15, and mid-October through 2/16/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-131.html

Program: Research on Autism Spectrum Disorders  
Agency: National Institutes of Health  
Next Deadline: Jun 05, 2023  
Supports research designed to study the etiology, epidemiology, diagnosis, treatment and optimal means of service delivery in relation to autism spectrum disorders (ASD). Basic research into the pathophysiology of ASD, including research on brain mechanisms and genetics, is of special interest. Program intended to support research goals of the Strategic Plan for ASD Research. Annual deadlines: 2/5, 6/5, 10/5 through 3/6/24. Optional companion funding is available. See [https://grants.nih.gov/grants/guide/pa-files/PA-21-201.html](https://grants.nih.gov/grants/guide/pa-files/PA-21-201.html)

Program: Silvio O. Conte Centers for Basic Neuroscience or Translational Mental Health Research  
Agency: National Institutes of Health  
Next Deadline: Jun 07, 2023  
Supports research by teams of researchers with the primary objectives of: advancing the state of the science in basic brain and behavior research that will uncover and dissect the underlying mechanisms that will ultimately provide the foundation for understanding mental disorders; supporting the integration and translation of basic and clinical neuroscience research on severe mental illnesses; and/or advancing our understanding of the neurobehavioral developmental mechanisms and trajectories of psychopathology that begin in childhood and adolescence. Annual deadline: 6/7 except 6/9/25 until 6/10/25. See [https://grants.nih.gov/grants/guide/pa-files/PAR-22-155.html](https://grants.nih.gov/grants/guide/pa-files/PAR-22-155.html)

Program: Understanding and Modifying Temporal Dynamics of Coordinated Neural Activity  
Agency: National Institutes of Health  
Next Deadline: Jun 16, 2023  
Supports research to test whether modifying specific patterns of coordinated neural activity in vivo can improve cognitive, social, or affective processes. These studies should be based on a rational understanding of the role of specific neural activity rhythms in, for example, the routing of information among brain regions or in improving the ability of afferent information to affect local processing via coherence of underlying oscillatory activity. R21 and R01 awards are available. Annual deadlines: 2/16, 6/16, 10/16 until 5/8/24. See [https://grants.nih.gov/grants/guide/pa-files/PAR-21-176.html](https://grants.nih.gov/grants/guide/pa-files/PAR-21-176.html)

Program: Clinical Trial Readiness for Functional Neurological Disorders
Agency: National Institutes of Health
Next Deadline: Jun 05, 2023
Functional Neurological Disorders (FNDs) are characterized by symptoms of altered voluntary motor or sensory function with clinical findings providing evidence of incompatibility between the symptoms and recognized neurological or medical conditions. This FOA invites researchers to submit prospective clinical projects that address critical needs for clinical trial readiness in FNDs. Projects appropriate for this FOA include the validation of biomarkers, endpoints and clinical outcome assessments (COA) that are fit-for-purpose and have a defined context of use for clinical trials. Annual deadlines: 2/5, 6/5, 10/5 through 11/6/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-053.html

Program: Faculty Development Award to Promote Diversity in Neuroscience Research
Agency: National Institutes of Health
Next Deadline: Jun 12, 2023
Supports the diversification of independent neuroscience research investigators by providing junior faculty with research cost support, protected research time and career stage appropriate professional development mentorship in neuroscience research. Individuals from backgrounds underrepresented in biomedical research with a doctoral research degree (Ph.D. or equivalent) and are in the first 3 years of a faculty tenure trackor equivalent position are encouraged to apply. Offers up to $100,000/yr. toward the salary of the award recipient. Annual deadlines: 2/12, 6/12, 10/12 through 5/8/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-234.html

Program: Innovation Grants to Nurture Initial Translational Efforts (IGNITE): Assay Development and Neurotherapeutic Agent Identification
Agency: National Institutes of Health
Next Deadline: Jun 20, 2023
This FOA encourages research grant applications to develop in vitro and/or ex vivo assays and conduct iterative screening efforts to identify and characterize potential therapeutic agents for neurological or neuromuscular disorders. This FOA is part of a suite of Innovation Grants to Nurture Initial Translational Efforts (IGNITE) to advance projects to the point where they can meet the entry criteria for the Blueprint Neurotherapeutics Network (BPN) or other translational programs. Annual deadlines: mid-February, June, and October through 2/21/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-124.html

Program: Joint NINDS/NIMH Exploratory Neuroscience Research Grant
Agency: National Institutes of Health
Next Deadline: Jun 16, 2023
Supports exploratory and innovative research projects, which fall within the missions of the NINDS and NIMH. Awards will provide support for the early and conceptual stages of projects. These studies often assess the feasibility of a novel avenue of investigation and involve considerable risk, but have the potential to bring about breakthroughs in the understanding of important areas of neuroscience, or to the development of novel techniques, agents, methodologies, or models, of high value to the neuroscience community. Annual deadlines: 2/16, 6/16, 10/16 through 5/8/24. See https://grants.nih.gov/grants/guide/pa-files/PA-21-219.html

Program: NeuroNEXT Clinical Trials
Agency: National Institutes of Health
Next Deadline: Jun 05, 2023

Program encourages exploratory clinical trials of investigational agents (drugs, biologics, surgical therapies or devices) that may contribute to the justification for and provide the data required for designing a future trial, for biomarker validation studies, or for proof of mechanism clinical studies. Diseases chosen for study should be based on the NINDS' strategic plan and clinical research interests (www.ninds.nih.gov/funding/areas/index.htm). Successful applicants will be given access to the NeuroNEXT infrastructure. Annual deadlines: 2/5, 6/5, 10/5 through 3/6/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-223.html

**Program:** Prospective Observational Comparative Effectiveness Research in Clinical Neurosciences  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 19, 2023

Supports grant applications for investigator-initiated prospective observational comparative effectiveness research (CER) to NINDS (note: only prospective observational studies will be considered). The study must address questions within the mission and research interests of the NINDS and may evaluate preventive strategies, diagnostic approaches, or interventions including drugs, biologics, and devices, or surgical, behavioral, and rehabilitation therapies. NINDS is particularly interested in pragmatic study designs that utilize a cost-effective means of prospectively collecting observational data important to current clinical practice. Annual deadlines: mid-February, June, and October through 5/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-076.html

**Program:** Building Research Capacity of New Faculty in Biology  
**Agency:** National Science Foundation  
**Next Deadline:** Jun 30, 2023  
Provides support for new faculty to initiate and build independent research programs by enhancing research capacity in alignment with NSF’s goals of broadening participation by expanding the types of institutions that submit proposals to BIO and expanding opportunities to groups underrepresented in the biological sciences. Projects might also include biology-focused research collaborations among faculty within the same institution, across peer-, or research-intensive institutions, or partnerships with industry or other non-academic partners that advance the candidate's research program. Annual deadlines: submission windows--12/1 to 12/30 and 6/1 to 6/30. See [https://beta.nsf.gov/funding/opportunities/building-research-capacity-new-faculty-biology-brc-bio](https://beta.nsf.gov/funding/opportunities/building-research-capacity-new-faculty-biology-brc-bio) for details.

**Program:** Plant Genome Research Program  
**Agency:** National Science Foundation  
**Next Deadline:** Jun 2023  
Proposals are welcomed that build on genomics tools and sequence resources to develop conceptually new and different ideas and strategies to address grand challenge questions in plants of economic importance on a genome-wide scale. There is also a continued need for the development of novel and creative tools to facilitate new experimental approaches or new ways of analyzing genomic data. Proposals at all scales accepted. Annual deadline: applications accepted at any time. See [https://tinyurl.com/2ndt624b](https://tinyurl.com/2ndt624b) for updates.

**Program:** Manufacturing Systems Integration (MSI)  
**Agency:** National Science Foundation  
**Next Deadline:** May 2023 (target date)  
Supports research into the opportunities and challenges that digital technologies present for the next industrial revolution - such as connectivity, automation, and secure collaboration and their roles in global manufacturing. Interdisciplinary, convergent proposals that bring diverse perspectives, populations, disciplines, and capabilities together are welcome. It is strongly encouraged and expected that investigators discuss their ideas with a MSI program director well in advance of proposal submission. Annual deadline: proposals accepted any time. See https://beta.nsf.gov/funding/opportunities/manufacturing-systems-integration-msi

**Program:** Per ception, Action, and Cognition  
**Agency:** National Science Foundation  
**Next Deadline:** Jun 15, 2023  
Supports research on perception, action and cognition, with emphasis on research strongly grounded in theory. Topics include vision, audition, haptics, attention, memory, reasoning, written and spoken discourse, motor control and developmental issues. Program encompasses a range of theoretical perspectives, such as symbolic computation, connectionism, ecological, nonlinear dynamics and complex systems. Annual deadlines: workshop and conference proposal windows close 6/15; research proposal windows close 2/1, 8/1. See http://tinyurl.com/ztnfrdu for details.

**Program:** Farmers Market Promotion Program  
**Agency:** U.S. Department of Agriculture  
**Next Deadline:** May 02, 2023  
Program helps to improve and expand domestic farmers markets, roadside stands, community-supported agriculture programs and other direct producer-to-consumer market opportunities. Awards from $50,000 to $500,000 are available. IHEs are eligible to apply. An eligible entity may submit more than one application, but only one grant per applicant entity will be awarded per year. **Deadlines Page 42 of 46**
Program: AFRI: Sustainable Agricultural Systems
Agency: U.S. Department of Agriculture
Next Deadline: Apr 13, 2023
Supports efforts to help transform U.S. food and agricultural systems by increasing production in sustainable ways in the wake of diminishing land and water resources, changing climate, increasingly extreme weather events, threatening outbreaks of diseases and pests, and challenges to human health. A one-to-one funding match is required for commodity-specific research that is not of national scope. Deadline for required LOI. See https://nifa.usda.gov/funding-opportunity/afri-sustainable-agricultural-systems-competitive-grants-program

Contact: Dionne Toombs, NIFA
AFRI@usda.gov

Program: Higher Education Challenge Grant Program
Agency: U.S. Department of Agriculture
Next Deadline: Apr 18, 2023
Enables colleges and universities to provide the quality of education necessary to produce baccalaureate or higher degree level graduates capable of strengthening the nation’s food and agricultural and scientific and professional workforce. See http://nifa.usda.gov/funding-opportunity/higher-education-challenge-hec-grants-program for details.

Program: Organic Agriculture Research and Extension Initiative
Agency: U.S. Department of Agriculture
Next Deadline: Apr 13, 2023
Program seeks to solve critical organic agricultural issues, priorities, or problems through the integration of research, education and extension activities. OREI funds research, education and extension programs that enhance the ability of producers and processors who have already adopted organic standards to grow and market high quality organic agricultural products. Priority concerns include biological, physical, and social sciences, including economics. Matching cost share is required. See https://nifa.usda.gov/funding-opportunity/organic-agriculture-research-and-extension-initiative

202-570-1915

Program: Organic Transitions Program
Agency: U.S. Department of Agriculture
Next Deadline: Apr 27, 2023
Supports the development and implementation of research, extension and higher education programs to improve the competitiveness of organic livestock and crop producers and those who are adopting organic practices. Supporting systems-based research to enhance the sustainability of food production, including environmental, economic, and social factors. Priority concerns include: documenting/understanding the effects of organic practices; improved environmental services and climate change mitigation; develop alternatives to prohibited substances; outreach to students and producers. See https://nifa.usda.gov/funding-opportunity/organic-transitions-org for details.

------------------------------
**Program:** SPECA Grants Program  
**Agency:** U.S. Department of Agriculture  
**Next Deadline:** Apr 05, 2023  
Promotes and strengthens teaching programs in agriscience and agribusiness at secondary and two-year postsecondary institutions by enhancing curricula, increasing faculty teaching competencies, and promoting higher education to prepare students for incorporating agriscience or agribusiness subject matter into other instructional programs. Matching requirement is 100 percent but waivable if applicant or collaborator is exempt (many IHEs are exempt, see eligibility section). Offers Regular and Collaborative Types 1 & 2 grant types. Collaboratives types vary by number of partners required. See http://tinyurl.com/ho24gmg for details.

**Program:** Conservation Innovation Grants (CIG)  
**Agency:** U.S. Department of Agriculture  
**Next Deadline:** Apr 14, 2023  
Supports development and adoption of innovative conservation approaches and technologies while leveraging federal investment in environmental enhancement and protection, in conjunction with agricultural production. Search for Conservation Innovation Grants using the USDA filter in Grants.gov. These projects may be farm-based, multi-county, small watershed, or statewide in scope. Multiple programs usually available with April or May deadlines. See https://tinyurl.com/bd1bq54 and Grants.gov for updates.

**Program:** Women and Minorities in Science, Technology, Engineering and Math (WAMS)  
**Agency:** U.S. Department of Agriculture  
**Next Deadline:** Apr 19, 2023  
Supports research and extension projects that have robust collaborations to increase the participation of women and underrepresented minorities from rural areas in STEM fields. Cost sharing is required if the project provides a particular benefit to a specific commodity and awardees must match awarded funds dollar for dollar. IHEs are eligible to apply. Limited submission: one application as an individual institution. See https://tinyurl.com/yavq9hx4 for details.

**Program:** Coastal Resilience Grants Program  
**Agency:** U.S. Department of Commerce  
**Next Deadline:** Apr 12, 2023  
Supports efforts to build resilience by conserving and restoring sustainable ecosystem processes and functions and reducing the vulnerability of coastal communities and infrastructure from the impacts of extreme weather events, climate hazards, and changing ocean conditions. This program supports activities that restore or create natural infrastructure and natural landscape features to provide valuable ecosystem functions and services, such as habitat for fish, improved water quality and quantity, flood reduction, and erosion protection. Deadline is for required preproposals. See https://www.nfwf.org/programs/national-coastal-resilience-fund

**Program:** Advanced Tracking Architectures Using Artificial Intelligence (AI) (ATA-AI)

**Agency:** U.S. Department of Defense

**Next Deadline:** Jun 01, 2023

BAA seeks proposals to research, design, develop, test, evaluate, and deliver innovative technologies and techniques for Next Generation Target Tracking architectures which exploit a wide array of data sources and leverage the power of Artificial Intelligence (AI) and Machine Learning (ML). Annual deadline: 6/1 for required white papers. Submissions can be accepted through 9/30/25, but funding is unlikely to be available. See https://sam.gov/opp/59dd5d8e8cc6463fba0e67043fb9ad6c/view

--------------------------------------------

**Program:** Space and Terrestrial Communications Directorate

**Agency:** U.S. Department of Defense

**Next Deadline:** Jun 19, 2023

Notice seeking white papers supporting the research focuses of the Space and Terrestrial Communications Directorate. Topic areas include: Power Amplifier; Current Force Quality of Service; Voice Interworking Function; Tactical Defensive Cyber Operations; Tactical Satellite Communications On-the-Move; Advanced Satellite System Control Capabilities; Multi-Access Cellular Extension; Multiple-Input Multiple-Output Technologies for Tactical Communications and Electronic Warfare; and Radio Frequency Compatibility and Interference Cancellation. White papers accepted at any time through 6/19/23. See https://tinyurl.com/t8mah3l

--------------------------------------------

**Program:** Small Business Innovation Research (SBIR)/Small Business Technology Transfer (STTR)

**Agency:** U.S. Department of Defense

**Next Deadline:** Jun 14, 2023

Program funds early-stage R&D at small technology companies and is designed to stimulate technological innovation; increase private sector commercialization of federal R&D; increase small business participation in federally funded R&D; and foster participation by minority and disadvantaged firms in technological innovation. IHEs may partner. Deadlines refer to Army, Navy, and Air Force SBIR/STTR solicitations. See https://www.defensesbirsttr.mil/

--------------------------------------------

**Program:** Laboratory Equipment Donation Program (LEDP)

**Agency:** U.S. Department of Energy

**Next Deadline:** May 2023 (target date)

Awards grants of used energy-related laboratory equipment for use in energy-oriented educational programs in the life, physical, and environmental sciences, technology, and engineering. Applicant institution not required to have a currently funded project with DOE to participate. Annual deadline: application reviews and grant awards will be performed on a first-received, first-qualified basis. See https://apps.orau.gov/ledp

Program: DHS S&T Long Range Broad Agency Announcement

Next Deadline: Jun 2023 (target date)
Supports R&D projects across a spectrum of science and engineering, focusing on areas where risk inhibits mission or operational investments, and where significantly improved or increased capability payoffs can be expected. Broad topic categories include: Border & Maritime Security; Cyber Security; Explosive Countermeasures; and First Responders. White papers accepted at any time until June 2023. See https://www.dhs.gov/science-and-technology/st-lrbaa

Program: Research and Development in Forensic Science for Criminal Justice Purposes

Agency: U.S. Department of Justice

Next Deadline: Apr 19, 2023
An NIJ forensic science research and development grant supports a discrete, specified, circumscribed project that will: (1) increase the body of knowledge to guide and inform forensic science policy and practice, or (2) lead to the production of useful material(s), device(s), system(s), or method(s) that have the potential for forensic application. Deadline refers to Grants.gov submission. See https://nij.ojp.gov/funding/current
