# Deadlines

Funding Expertise. Personally Delivered.

March 01, 2024

This publication includes deadline dates for the month of June 2024 and late announcements for the months of May 2024 and April 2024. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk (\*\*) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.

## Arts / Humanities / International

### Council for International Exchange of Scholars

## **The Grants Resource Center (GRC)**

is a Washington-based grants information and technical assistance service available to colleges and universities.

*Deadlines* is published electronically once a month to GRC members. Hard copies are also available to members for \$10 per copy.

**Program:** Fulbright Scholar-in-Residence Program  
**Agency:** Council for International Exchange of Scholars

**Next Deadline:** Jun 03, 2024

Supports proposals to bring scholars and professionals from abroad to U.S. colleges and universities that infrequently or never have the opportunity to host visiting scholars. In addition to teaching courses, scholars give campus-wide and community lectures, help initiate international programs, and contribute to curriculum development. Program is especially appropriate for small liberal arts colleges, minority-serving institutions, and community colleges. Scholars can also receive awards through the Outreach Lecturing Fund which will fund short visits to other IHEs while in the U.S. Latest competition for the 2025-2026 academic year. **Program:** Research Grants and Fellowship Programs

**Agency:** Hagley Museum and Library

**Next Deadline:** Jun 30, 2024

Provides fellowships to use Hagley's collections in American economic, business, industrial and technological history. Hagley Exploratory Research Grants (\$400) support one-week visits by scholars who need an exploratory review of the collection. Henry Berlin du Pont Fellowships support access to Hagley's research collections for as long as needed with a stipend of up to \$400 per week for up to 8 weeks. Other fellowships available. Annual deadlines 3/31, 6/30, and 10/31. Also available: Dissertation Fellowships (11/15) and Louis Gambos Fellowship in Business and Politics (2/1) and NEH-Hagley Fellowship (2/15). **Program:** State & Regional Partners  
**Agency:** National Endowment for the Arts  
**Next Deadline:** Jun 2024 (target date)

NEA supports state arts agencies throughout the U.S. to plan, evaluate, make decisions, and act as leaders in support of the arts. Forty percent of NEA's appropriation goes to these agencies. They also support regional partnerships for planning, evaluation, access, and arts touring series. Limited funding is available for national services provided by membership organizations of state arts agencies and regional arts organizations. See <https://www.arts.gov/partners/state-regional> for contact information on the appropriate agency.

**Program:** Digital Projects for the Public  
**Agency:** National Endowment for the Humanities

**Next Deadline:** Jun 12, 2024

Supports projects such as websites, mobile applications, games, and virtual environments that significantly contribute to the public's engagement with humanities ideas. Projects must be analytical and deeply grounded in humanities scholarship. Awards last one to three years and offer up to \$30,000 for Discovery grants, up to \$100,000 for Prototyping grants or up to \$400,000 for Production grants. Awardees may receive funds outright or as matching funds or a combination. See <http://www.neh.gov/grants/public/digital-projects-the-public>

**Program:** Public Impact Projects at Smaller Organizations  
**Agency:** National Endowment for the Humanities

**Next Deadline:** Jun 12, 2024

Supports projects to expand the scope, reach, and excellence of a smaller organization's public programs. These awards support a variety of activities that focus on enriching interpretive strategies, strengthening interpretive skill sets or enhancing community engagement with public-facing programs. Awards of up to \$25,000 support projects lasting up to two years. Colleges and universities may apply if they meet eligibility criteria. An applicant may also be a subordinate of a parent entity (such as an IHE) as long as it is programmatically and administratively distinct with its own budget and board or oversight. See <https://www.neh.gov/program/public-impact-projects-smaller-organizations>

**Program:** Humanities Grants

**Agency:** State Humanities Councils

**Next Deadline:** Jun 2024 (target date)

State humanities councils are nonprofit organizations that operate in all fifty states. They support regional humanities projects aimed at increasing critical thinking, encouraging community involvement, and building connections between diverse community groups. Often award provides for public program development, curriculum development, planning, conferences, technical assistance, individual research support, and special projects, as well as seed grants. Do not normally fund equipment purchase or operating budgets.

Deadlines vary by state. See

<https://www.neh.gov/about/state-humanities-councils> for details and state contact information.

**Program:** Large Research Projects for Prevention of Healthcare-Associated Infections

**Agency:** Agency for Healthcare Research and Quality

**Next Deadline:** Jun 05, 2024

Supports funding to conduct Large Research Projects that propose to advance the base of knowledge for detection, prevention, and reduction of Healthcare-Associated Infections (HAIs). This FOA describes the broad areas of HAI research for which funds are available to support Large Research Projects. Companion funding available. Annual deadlines: 2/5, 6/5, 10/5 through 5/27/25. See <https://grants.nih.gov/grants/guide/pa-files/PA-21-265.html>

**Program:** Research Grants  
**Agency:** Alternatives Research & Development Foundation

**Next Deadline:** Apr 19, 2024

ARDF's Annual Open grant program was established to fund research projects that develop alternative methods to advance science and replace or reduce animal use. Expert reviewers evaluate proposals based on scientific merit and feasibility, and the potential to reduce or replace the use of animals in the near future. Proposals are considered in fields of research, testing, or education. The maximum grant is \$40,000. See <http://www.ardf-online.org/>

**Program:** Exploratory/Developmental Grant Program

**Agency:** Centers for Disease Control and Prevention

**Next Deadline:** Jun 16, 2024

Supports research (R21) to develop an understanding of the risks and conditions associated with occupational diseases and injuries, to explore methods for reducing risks and for preventing or minimizing exposure to hazardous conditions in the workplace, and to translate significant scientific findings into prevention practices and products that will effectively reduce work-related illnesses and injuries. Interested in applications to reduce injury and illness in construction, transportation, agriculture, mining, and health care. Annual deadlines: 2/16, 6/16, 10/16 through 11/18/24. See <https://grants.nih.gov/grants/guide/pa-files/PAR-18-798.html>

**Program:** Spinal Cord Research Grants and Fellowships

**Agency:** Craig H. Neilsen Foundation

**Next Deadline:** Jun 09, 2024

The Neilson Foundation funding is dedicated to supporting both programs and scientific research to improve the quality of life for those affected by and living with spinal cord injury. The foundation various types of funding under four themes: Creating Opportunity and Independence (1/29), Psychosocial Research (2/29), and Spinal Cord Injury Research on the Translational Spectrum (6/9). Deadlines are for required LOIs. Scholarships and fellowships also available by invitation only. See <http://chnfoundation.org/how-to-apply/>

---

**Program:** Advanced Nursing Education (ANE)

**Agency:** Health Resources and Services Administration

**Next Deadline:** Apr 02, 2024

Supports enhancement of advanced nursing education and practice. Supports programs such as combined RN to master's degree programs, post-nursing master's certificate programs and clinical nurse specialists. Projects must engage other graduate health professionals and demonstrate integration of IPE into the nursing clinical and didactic curriculum. Offers special focus area competitions. Limited submission: one application per institution. April 2024 competition is for ANE-SANE. See <https://www.hrsa.gov/grants/fundingopportunities/default.aspx>

**Program:** Accelerating the Pace of Child Health Research Using Existing Data

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Supports the analysis of the Adolescent Brain Cognitive Development (ABCD) Study (R01, R21), the largest long-term study of brain development and child health in the United States, collecting data from nearly 12,000 youth and their parents/caregivers beginning at ages 9 and 10 and following them longitudinally to early adulthood. The study serves as a public use dataset to increase knowledge of adolescent physical health and mental health, cognitive function, substance use, cultural and environmental factors, brain structure and functions. Annual deadlines: 2/5, 6/5 and 10/5 through 5/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-137.html>

**CFDA Number:**

**Contact:** Multiple Contacts

---

**Program:** Bioengineering Research Grants (BRG)

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Supports collaborations between the life and physical sciences that apply a multidisciplinary bioengineering approach to biomedical problems; and accelerates the adoption of promising tools, methods and techniques for a specific research or clinical problem in basic, translational, or clinical science and practice in physics, mathematics, chemistry, computer sciences and engineering. Annual deadlines: 2/5, 6/5, and 10/5 through 9/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-242.html>

**Program:** BRAIN Initiative: Development of Novel Tools to Probe Cell-Specific and Circuit-Specific Processes

**Agency:** National Institutes of Health

**Next Deadline:** Jun 07, 2024

Program encourages applications that will develop and validate novel tools to facilitate the detailed analysis and manipulation of complex circuits in large brains. Critical advances in the treatment of brain disorders in human populations are hindered by our lack of ability to monitor and manipulate circuitry in safe, minimally-invasive ways. Clinical intervention with novel cell- and circuit-specific tools will require extensive focused research designed to remove barriers for targeted circuit manipulation. Optional LOIs are due 30 days prior to the application due date. Annual deadline: 6/7 through 2024. See <https://grants.nih.gov/grants/guide/rfa-files/RFA-MH-23-295.html>

**Program:** BRAIN Initiative: New Concepts/Early-Stage Research for Recording and Modulation

**Agency:** National Institutes of Health

**Next Deadline:** Jun 18, 2024

Program seeks applications for unique and innovative recording and/or modulation technologies that are in the earliest stage of development, including new and untested ideas that are in the initial stages of conceptualization. Some projects may aim to increase recording or modulation capabilities by many orders of magnitude, while others may aim to improve the precision and selectivity of recording or modulation. Annual deadlines: mid-June through 2026. See <https://grants.nih.gov/grants/guide/rfa-files/RFA-EY-23-001.html>

**Program:** BRAIN Initiative: Targeted BRAIN Circuits Projects- TargetedBCP

**Agency:** National Institutes of Health

**Next Deadline:** Jun 28, 2024

Solicits applications for research projects that seek to understand how circuit activity gives rise to mental experience and behavior using innovative, methodologically-integrated approaches. The goal is to support adventurous projects that can realize a potentially transformative outcome within five years. Applications are expected to address circuit function in the context of specific behaviors or neural systems, such as sensation, perception, attention, reasoning, intention, decision-making, emotion, navigation, communication, or homeostasis. R01 Clinical Trial Not allowed and R34 Planning Grant awards available. Annual deadlines: late June and early October through 2024. See <https://grants.nih.gov/grants/guide/rfa-files/RFA-NS-23-024.html>

**Program:** Career Transition Award (K22)

**Agency:** National Institutes of Health

**Next Deadline:** Jun 12, 2024

Many Institutes support this program which aims to transition investigators from the mentored to the independent stage of their careers. It enables promising new researchers to obtain additional mentored postdoctoral research experience. Award often has two phases, depending upon the Institute supporting it: postdoctoral research training at an NIH lab for up to 1-2 years; and support for awardee's research at an institution to which she/he has been recruited. Call before applying. Annual deadlines: 2/12, 6/12, 10/12. See <https://researchtraining.nih.gov/programs/career-development/K22> for individual notices and contacts.

**Contact:** Multiple Contacts

---

**Program:** Ethical, Legal, and Social Implications (ELSI) Research

**Agency:** National Institutes of Health

**Next Deadline:** Jun 18, 2024

Several institutes support research applications that propose to study the ethical, legal and social implications (ELSI) of human genetic or genomic research. Applications may propose studies using either single or mixed methods. Approaches may include but are not limited to empirical qualitative and quantitative methods, and conceptual, legal, and normative analyses. Applied research designed to address ELSI issues in genetics and genomics will also be considered responsive. Direct engagement with communities and other interested groups is encouraged, but not required. Annual deadlines: mid-February, June, October through 11/19/26. See <https://grants.nih.gov/grants/guide/pa-files/PAR-23-293.html>

**Contact:** Multiple Contacts

---

**Program:** HEAL Initiative: Discovery and Validation of Novel Targets for Safe and Effective Pain Treatment (R01 Clinical Trial Not Allowed)

**Agency:** National Institutes of Health

**Next Deadline:** Jun 02, 2024

Supports projects that promote the discovery and validation of novel therapeutic targets to facilitate the development of pain therapeutics. The specific program focus is on the basic science discovery of targets in the peripheral nervous system, central nervous system, immune system or other tissues in the body that can be used to develop treatments that have minimal side effects and little to no abuse/addiction liability. Annual deadlines: 2/2, 6/2, and 10/4 until 12/7/24. See <https://grants.nih.gov/grants/guide/rfa-files/RFA-NS-22-034.html>

**Program:** Multidisciplinary Studies of HIV/AIDS and Aging

**Agency:** National Institutes of Health

**Next Deadline:** May 07, 2024

Supports research at the intersection of HIV and aging by: improving understanding of biological, clinical, and socio-behavioral aspects of aging through the lens of HIV infection and its treatment; and improving approaches for testing, prevention, and treatment of HIV infection and managing HIV-related comorbidities, co-infections, and complications in different populations and cultural settings by applying current understanding of aging science. Annual deadlines: 1/7, 5/7, 9/7 through 1/8/27. Optional companion funding is available. See <https://grants.nih.gov/grants/guide/pa-files/PAR-24-091.html>

**CFDA Number:** 93.866

**Contact:** Multiple Contacts

---

**Program:** Research Enhancement Award Program (REAP) for Health Professional Schools and Graduate Schools

**Agency:** National Institutes of Health

**Next Deadline:** Jun 25, 2024

Supports basic and clinical research in educational institutions that provide baccalaureate or advanced degrees for a significant number of the Nation's research scientists, but that have not been major recipients of NIH support. Eligible institutions must award NIH-relevant baccalaureate or advanced degrees in health professions and have received less than \$6 million per year of NIH support (total costs) in 4 of the last 7 fiscal years. Annual deadlines: 2/25, 6/25, 10/25 through 1/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-060.html> (no clinical trial) or <https://grants.nih.gov/grants/guide/pa-files/PAR-21-357.html> (clinical trial)

**CFDA Number:** 93.113

**Contact:** Multiple Contacts

---

**Program:** Research on Autism Spectrum Disorders

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Supports research designed to study the etiology, epidemiology, diagnosis, treatment and optimal means of service delivery in relation to autism spectrum disorders (ASD). Basic research into the pathophysiology of ASD, including research on brain mechanisms and genetics, is of special interest. Program intended to support research goals of the Strategic Plan for ASD Research. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/25. Optional companion funding is available. See <https://grants.nih.gov/grants/guide/pa-files/PA-21-201.html>

support@grants.gov

---

**Program:** Research on Biopsychosocial Factors of Social Connectedness and Isolation

**Agency:** National Institutes of Health

**Next Deadline:** Jun 21, 2024

Supports projects that seek to explain the underlying mechanisms, processes, and trajectories of social relationships and how these factors affect outcomes in human health, illness, recovery, and overall wellbeing. Types of projects submitted under this FOA include studies that prospectively assign human participants to conditions and that assess biomedical and/or behavioral outcomes in humans to understand fundamental aspects of phenomena related to social connectedness and isolation. Annual deadline: 6/21 through 2024. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-349.html>

**CFDA Number:**

**Contact:** Multiple Contacts

**Program:** Academic-Industrial Partnerships for Translation of Technologies for Diagnosis and Treatment (R01 - Clinical Trial Not Allowed AND R01 - Clinical Trial Optional)

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Supports translation of scientific discoveries and engineering developments into methods or tools that address problems in basic cancer research to understand disease, or in applied research to assess risk, detect, prevent, diagnose, treat, and/or manage disease. Projects should include a partnership structure that is expected to help bridge gaps in knowledge and experience by engaging the strengths of academic, industrial, and other investigators. Annual deadlines: 2/5, 6/5, 10/5 until 9/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-166.html>

**Program:** Cancer Tissue Engineering  
Collaborative: Enabling Biomimetic  
Tissue-Engineered Technologies for  
Cancer Research (R01 Clinical Trial  
Optional)

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Supports the development and characterization of state-of-the-art biomimetic tissue-engineered technologies for cancer research. Collaborative, multidisciplinary projects that engage the fields of regenerative medicine, tissue engineering, biomaterials, and bioengineering with cancer biology will be essential for generating novel experimental models that mimic cancer pathophysiology in the context of a testable cancer research hypothesis. Annual deadlines: 2/5, 6/5 and 10/5 through 5/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-099.html>

**Program:** Exploratory Grants in Cancer Control

**Agency:** National Institutes of Health

**Next Deadline:** Jun 07, 2024

FOA seeks exploratory/developmental research grant (R21) applications that focus on different aspects of cancer control by modifying behavior, screening, and understanding etiologic factors contributing to the development of cancer, and developing ways to control cancer. The overarching goal is to provide support to promote the early and conceptual stages of research efforts on novel scientific ideas that have the potential to substantially advance population-based cancer research. Annual deadlines: 6/7 and early October through 2024. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-341.html>

---

**Program:** Integrating Biospecimen Science Approaches into Clinical Assay Development (U01 Clinical Trial Not Allowed)

**Agency:** National Institutes of Health

**Next Deadline:** Jun 07, 2024

Supports research addressing and mitigating challenges facing clinical assay development and subsequent analytical validation due to preanalytical variability in tumor tissue biopsies and blood biospecimens utilized as "liquid biopsies". The goal is to improve the understanding of how analytical quantification of clinically relevant biomarkers is affected by variation in biospecimen collection, processing, and storage procedures. Annual deadlines: 1/11, 6/7, 9/13 through 9/14/24. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-049.html>

---

**Program:** Integration of Imaging and Fluid-Based Tumor Monitoring in Cancer Therapy (R01 Clinical Trial Optional)

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Supports projects that integrate imaging and fluid-based tumor monitoring (liquid biopsy) assays during cancer therapy in patients to determine the optimal use of these modalities in the characterization of therapy response and/or emergence of treatment resistance. Annual deadlines: 2/5, 6/5, 10/5 until 1/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-290.html>

---

**Program:** Mechanisms that Impact Cancer Risk after Bariatric Surgery

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Supports investigator-initiated studies addressing mechanisms by which bariatric surgery impacts cancer risk, and seeks to draw in talented scientists who study bariatric surgery to investigate its effects on cancer, rather than shorter term outcomes such as weight loss and diabetes. Annual deadlines: 2/5, 6/5, 10/5 until 9/8/24. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-331.html>

---

**Program:** Microbial-based Cancer Imaging and Therapy - Bugs as Drugs

**Agency:** National Institutes of Health

**Next Deadline:** Jun 16, 2024

Supports research to utilize bacteria, archaeobacteria, bacteriophages, or other non-oncolytic viruses and their natural products to study the underlying mechanisms of the complex interactions between microorganisms, tumors, and the immune system, and to explore their clinical potential for cancer imaging, therapeutics or diagnostics. Projects can focus on using microorganisms as anti-tumor agents, as activators of anti-tumor immunity, or as delivery vehicles for treatment, diagnosis, or imaging, complementing or synergizing with existing tools and approaches. Annual deadlines: 2/16, 6/16, 10/16, until 5/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-086.html>

---

**Program:** Modulating Human Microbiome Function to Enhance Immune Responses Against Cancer (R01 Clinical Trial Not Allowed)

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Supports basic research that elucidates mechanisms by which the human microbiome inhibits or enhances anti-tumor immune responses, and to identify potential novel molecular targets for cancer prevention strategies. Applications should be focused on delineating how host interactions with specific microbes (or consortia) or their metabolites target immune responses that enhance or prevent inflammation-associated or sporadic tumor formation. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-061.html>

---

**Program:** Molecular Imaging of Inflammation in Cancer

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Supports research for the development and use of current and emerging molecular imaging methods to gain fundamental insights into cancer inflammation in vivo. Projects are sought that focus on developing integrated imaging approaches to interrogate the role of inflammation in cancer through strong cross-field collaboration between cancer basic science researchers and imaging scientists. These collaborations are expected to advance science and understanding of cancer inflammation interactions. Annual deadlines: 2/5, 6/5, 10/5 until 1/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-294.html>

**Program:** Paul Calabresi Career Development Award for Clinical Oncology

**Agency:** National Institutes of Health

**Next Deadline:** Jun 17, 2024

Supports methods to increase the number of clinician-scientists (M.D.s, D.O.s, Pharm.D.s, nurses with Ph.D.s, or equivalent) trained in clinical and translational cancer research, and to promote their career development as cancer researchers. This FOA also allows appointed Scholars to serve as the lead investigator of an independent clinical trial; or propose a separate ancillary clinical trial to an existing trial; or proposing to gain research experience in a clinical trial led by another investigator, as part of their research and career development. Annual deadline: 6/15 through 2024. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-136.html>

**Program:** Research Projects to Enhance Applicability of Mammalian Models for Translational Research

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Supports projects to expand, improve, or transform the utility of mammalian cancer and tumor models for translational research. NCI encourages projects devoted to demonstrating that mammalian models, including organoids, tumoroids and cell models, used for translational research are robust representations of human biology, are appropriate to test questions of clinical importance, and provide reliable information for patient benefit. Annual deadlines: 2/5, 6/5, 10/5 until 9/8/26. See <https://grants.nih.gov/grants/guide/pa-files/PAR-23-281.html>

**Program:** Utilizing the PLCO Biospecimens Resource to Bridge Gaps in Cancer Etiology and Early Detection Research (U01 Clinical Trial Not Allowed)

**Agency:** National Institutes of Health

**Next Deadline:** Jun 11, 2024

Supports advance research in cancer etiology and early detection biomarkers, utilizing the advantages of the unique biorepository resources of the NCI-sponsored Prostate, Lung, Colorectal, and Ovarian Cancer (PLCO) Screening Trial. The PLCO Biorepository offers high-quality, prospectively collected, serial pre-diagnostic blood samples from the PLCO screened arm participants, and a onetime collection of buccal cells from both the screened and the control arm participants. Available data associated with the biospecimens includes demographic, diet, lifestyle, smoking, screening results, and other clinical data. Annual deadlines: early February, June and October through 10/12/24. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-330.html>

**Program:** NEI Research Grant for Vision-Related Secondary Data Analysis

**Agency:** National Institutes of Health

**Next Deadline:** Jun 16, 2024

Encourages applications from institutions/organizations that propose to conduct vision-related secondary data analyses utilizing existing database resources. Applications may be related to, but must be distinct from, the specific aims of the original data collection. The NEI supports an extensive portfolio of clinical trials and large-scale epidemiologic research projects wherein numerous data collection activities are required to meet each project's specific aims. Annual deadlines: 2/16, 6/16 and 10/16 through 5/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-141.html>

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

SHINE supports basic and early translational hematology research that fuels growth in the nonmalignant hematology research domain. Overall program objectives aim to catalyze discoveries in basic molecular and cellular biology that provide new insights into the pathogenesis, prevention, detection, and potential treatment of nonmalignant hematologic diseases; attract new investigators into basic and translational hematology research; promote productive interdisciplinary research collaborations; and reinforce a flexible, proactive role for the NIA, NHLBI, and NIDDK. Annual deadlines: 2/5, 6/5 and 10/5 through 1/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAS-22-096.html>

**CFDA Number:**

---

**Program:** Research to Action: Assessing and Addressing Community Exposures to Environmental Contaminants

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Supports multidisciplinary projects to investigate the potential health risks of environmental exposures of concern to a community and to develop and implement an environmental public health action plan based on research findings. Projects supported under this program will employ community-engaged research methods to conduct research and to translate research findings into public health action. Annual deadlines: 2/5, 6/5, 10/5 through 9/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-210.html>

---

**Program:** IDeA Networks of Biomedical Research Excellence (INBRE)

**Agency:** National Institutes of Health

**Next Deadline:** May 22, 2024

Promotes the development, coordination and sharing of research resources and expertise that will expand the research opportunities and increase the number of competitive investigators in the IDeA-eligible states. INBRE grants are intended to enhance the caliber of scientific faculty at research institutions and undergraduate schools, thereby attracting more promising students to these organizations. Applicants should have an established state-wide network before submission. Limited submission: only one application per institution is allowed. Annual deadline: 5/22 through 2025. See <https://grants.nih.gov/grants/guide/pa-files/PAR-23-100.html>

**Program:** National and Regional Resources

**Agency:** National Institutes of Health

**Next Deadline:** Jun 14, 2024

Encourages applications for support of resources that will provide access to state-of-the-art equipment, technologies, research tools, materials, organisms, software, and/or services to a substantial regional (multi-state) or national user base. Only those resources with technical capabilities that fall within the NIGMS-supported program areas are eligible for awards. The resources should already be established or may be formed through consolidation of existing local or regional facilities. Annual deadline: 6/14 through 2024. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-065.html>

---

**Program:** Science Education Partnership Award (SEPA)

**Agency:** National Institutes of Health

**Next Deadline:** Jun 07, 2024

Supports research education activities in the mission areas of the NIH. The overarching goal of this R25 program is to support educational activities that complement and/or enhance the training of a workforce to meet the nation's biomedical, behavioral and clinical research needs. This FOA will support creative educational activities with a primary focus on: Courses for Skills Development, Research Experiences, Mentoring Activities, Curriculum or Methods Development, and Outreach. Annual deadline: early June in 2024 and 2025. See <https://grants.nih.gov/grants/guide/pa-files/PAR-23-137.html>

**Program:** Basic Neurodevelopmental Biology of Circuits and Behavior

**Agency:** National Institutes of Health

**Next Deadline:** Jun 16, 2024

Supports research projects focused on the dynamic and mechanistic links between the maturation of brain circuits and behaviors across development in rodents and non-human primates. The goal is to build a foundation for understanding how interactions within and among brain regions change over pre- and post-natal development, allowing for the emergence of cognitive, affective and social behaviors. Supported projects will focus on neurodevelopmental trajectories and investigate questions using in vivo neural measures in awake, behaving animals. Annual deadlines: 2/16, 6/16, 10/16 until 1/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-067.html>

**Program:** Biobehavioral Research Awards for Innovative New Scientists (NIMH BRAINS)

**Agency:** National Institutes of Health

**Next Deadline:** Jun 20, 2024

The BRAINS award supports outstanding, exceptionally productive scientists who are in the early, formative stages of their careers and plan to make a long term career commitment to NIMH research. This award seeks to launch careers in innovative clinical, translational, basic or services research program to profoundly transform the understanding, diagnosis, treatment, or prevention of mental disorders. Annual deadline: 6/20 through 6/21/25. See <https://grants.nih.gov/grants/guide/rfa-files/RFA-MH-22-185.html>

**Program:** Confirmatory Efficacy Clinical Trials of Non-Pharmacological Interventions for Mental Disorders

**Agency:** National Institutes of Health

**Next Deadline:** Jun 15, 2024

Supports confirmatory efficacy testing of non-pharmacological therapeutic and preventive interventions for mental disorders in adults and children through an experimental therapeutics approach. Trials must be designed so that results, whether positive or negative, will provide information of high scientific utility and will support "go/no-go" decisions about further development, effectiveness testing, or dissemination of the intervention. Optional letters of intent are due 30 days prior to the application due date. Annual deadlines: 2/15, 6/15, and mid-October through 10/16/24. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-132.html>

**Program:** Drug Discovery For Nervous System Disorders

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Supports the discovery of novel compounds for the prevention and treatment of nervous system disorders to stimulate research in the discovery, design, and preclinical testing of innovative and effective therapeutics aimed at prevention or treatment of nervous system disorders. Priority will be granted to projects that provide novel novel agents for ameliorating, modifying, or correcting potential aberrations in brain signaling and approaches for identifying potential therapeutic agents. Annual deadlines: 2/5, 6/5 and 10/5 through 1/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-031.html>

**Program:** Effectiveness Trials for Post-Acute Interventions and Services to Optimize Longer-term Outcomes

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Supports research projects to evaluate the effectiveness of therapeutic and service delivery interventions for the post-acute management of mental health conditions affecting youth, adults, and older adults. Clinical trials are encouraged to establish the effectiveness and test hypotheses regarding moderators, mediators, and mechanisms of action of post-acute phase therapeutic and services interventions that are matched to the stage of illness in terms of both their focus and intensity/burden for promoting optimal longer-term outcomes. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-210.html>

**Program:** Mood and Psychosis Symptoms  
During the Menopause Transition

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Encourages applications that will advance mechanistic and translational research on the onset and worsening of mood and psychotic disorders during the menopausal transition (or perimenopause). In particular, NIMH seeks research that will advance understanding of the underlying neurobiological and behavioral mechanisms of mood disruption and psychosis during the menopausal transition and that will identify novel targets for future mental health interventions or prevention efforts. Companion funding available. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-23-097.html>

**Program:** Novel Mechanism Research on Neuropsychiatric Symptoms (NPS) in Alzheimer's Dementia

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Supports studies that will enhance knowledge of mechanisms associated with neuropsychiatric symptoms (NPS) in persons with Alzheimer's disease (AD) or Alzheimer's disease-related dementias (ADRD). Project outcomes will advance mechanistic understanding of both biobehavioral and neurobiological pathways leading to NPS, and may provide insight into targets for interventions that may offset some burden linked to symptoms or suggest strategies for prevention. Annual deadlines: 2/5, 6/5, and 10/5 through 9/8/26. See <https://grants.nih.gov/grants/guide/pa-files/PAR-23-207.html>

**Program:** Clinical Trial Readiness for Functional Neurological Disorders

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2024

Functional Neurological Disorders (FNDs) are characterized by symptoms of altered voluntary motor or sensory function with clinical findings providing evidence of incompatibility between the symptoms and recognized neurological or medical conditions. This FOA invites researchers to submit prospective clinical projects that address critical needs for clinical trial readiness in FNDs. Projects appropriate for this FOA include the validation of biomarkers, endpoints and clinical outcome assessments (COA) that are fit-for-purpose and have a defined context of use for clinical trials. Annual deadlines: 2/5, 6/5, 10/5 through 11/6/24. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-053.html>

**Program:** Joint NINDS/NIMH Exploratory Neuroscience Research Grant

**Agency:** National Institutes of Health

**Next Deadline:** Jun 16, 2024

Supports exploratory and innovative research projects, which fall within the missions of the NINDS and NIMH. Awards will provide support for the early and conceptual stages of projects. These studies often assess the feasibility of a novel avenue of investigation and involve considerable risk, but have the potential to bring about breakthroughs in the understanding of important areas of neuroscience, or to the development of novel techniques, agents, methodologies, or models, of high value to the neuroscience community. Annual deadlines: 2/16, 6/16, 10/16 through 1/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PA-21-219.html>

**Program:** Prospective Observational Comparative Effectiveness Research in Clinical Neurosciences

**Agency:** National Institutes of Health

**Next Deadline:** Jun 18, 2024

Supports grant applications for investigator-initiated prospective observational comparative effectiveness research (CER) to NINDS (note: only prospective observational studies will be considered). The study must address questions within the mission and research interests of the NINDS and may evaluate preventive strategies, diagnostic approaches, or interventions including drugs, biologics, and devices, or surgical, behavioral, and rehabilitation therapies. NINDS is particularly interested in pragmatic study designs that utilize a cost-effective means of prospectively collecting observational data important to current clinical practice. Annual deadlines: mid-February, June, and October through 5/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-076.html>

---

**Program:** Distance Learning and Telemedicine Program (DLT)

**Agency:** U.S. Department of Agriculture

**Next Deadline:** Apr 29, 2024

Provides loans and grants to encourage and improve telemedicine and distance learning services in rural areas using telecommunications, computer networks, and related advanced technologies by students, teachers, medical professionals, and rural residents. Colleges and universities are eligible to apply if they currently deliver or propose to deliver distance learning or telemedicine services for the term of the grant. A 15% match is required. See <https://www.rd.usda.gov/programs-services/telecommunications-programs/distance-learning-telemedicine-grants>

**Program:** Disability and Rehabilitation Research and Related Projects

**Agency:** U.S. Department of Health and Human Services

**Next Deadline:** Apr 08, 2024

Supports research, demonstration projects, training, and related activities to improve the lives of individuals with disabilities. Projects may support research relating to the development of methods, procedures, and devices to assist in the provision of rehabilitation services, particularly to persons with severe disabilities. Several programs available. See <https://acl.gov/grants/open-opportunities>

---

**Program:** Minority Research Grant Program

**Agency:** U.S. Department of Health and Human Services

**Next Deadline:** Apr 15, 2024 (tentative)

Supports researchers investigating systems-level solutions to social determinants of health issues that affect patient experiences and readmissions and ultimately health outcomes. Provides two grant opportunities to support researchers at Historically Black Colleges and Universities (HBCUs), Hispanic Serving Institutions (HSIs), Asian American and Native American Pacific Islander-Serving Institutions (AANAPISIs), or Tribal Colleges and Universities (TCUs). See <https://tinyurl.com/2s4vytpc> and Grants.gov for CFDA 93.779

---

**Program:** Visiting Scholarships, Graduate Fellowships, and Undergraduate Internships

**Agency:** Field Museum of Natural History

**Next Deadline:** Jun 2024 (target date)

Supports use of the Field Museum collections, with a preference for projects in anthropology, botany, geology, and zoology. Awards are for travel and subsistence for students and professionals (for short-term support) and for extended visits by distinguished scientists. Project types include: Postdoctoral Fellowships (TBD); Graduate Fellowships annual deadline: (3/1); Bass Senior Visiting Fellowships (8/5); and Visiting Scholarships (11/2). See <https://www.fieldmuseum.org/research-scholarships-and-fellowships>

---

**Program:** HRI Competitive Grants Program

**Agency:** Horticultural Research Institute

**Next Deadline:** Jun 01, 2024

Supports research on green industry-related issues to address significant problems, regulatory issues, or emerging opportunities in the nursery and landscape industry; encourage environmentally responsible management practices; increase nursery crop producers' business or financial expertise; or improve and expand the market for plant material. Awards generally range from \$5,000 to \$35,000, although larger awards have been made. Annual deadline: 6/1. See

---

**Program:** Research Opportunities in Aeronautics

**Agency:** National Aeronautics and Space Administration

**Next Deadline:** Jun 2024 (target date)

Supports aeronautics research to establish a milestone-based approach to research that enables near-term results while focusing on long-term, cutting edge research, and ensures long-term, stable, strategic investment in aeronautics research to benefit both civilian and military applications. Varies focus areas offered throughout the year. See <https://www.nasa.gov/aeroresearch/solicitations>

---

**Program:** Advanced Manufacturing

**Agency:** National Science Foundation

**Next Deadline:** Jun 2024 (target date)

Notice supporting projects that accelerate advances in manufacturing technologies with emphasis on multidisciplinary research that fundamentally alters and transforms manufacturing capabilities, methods and practices. Focus areas include: manufacturing systems; materials processing; manufacturing machines; methodologies; and manufacturing across the length scales. Researchers working in the areas of cybermanufacturing systems, manufacturing machines and equipment, materials engineering and processing, and nanomanufacturing are encouraged to transcend and cross domain boundaries. Annual deadline: proposals accepted at any time. See <https://tinyurl.com/425taxna> for details.

---

**Program:** Plant Genome Research Program

**Agency:** National Science Foundation

**Next Deadline:** Jun 2024 (target date)

Proposals are welcomed that build on genomics tools and sequence resources to develop conceptually new and different ideas and strategies to address grand challenge questions in plants of economic importance on a genome-wide scale. There is also a continued need for the development of novel and creative tools to facilitate new experimental approaches or new ways of analyzing genomic data. Proposals at all scales accepted. Annual deadline: applications accepted at any time. See <https://tinyurl.com/2ndt624b> for updates.

---

**Program:** Expeditions in Computing

**Agency:** National Science Foundation

**Next Deadline:** Jun 20, 2024

Notice supporting efforts to pursue ambitious, fundamental research agendas that promise to define the future of computing and information. Investigators are encouraged to come together within or across departments or institutions to combine their creative talents in the identification of compelling, transformative research agendas that promise disruptive innovations in computer and information science and engineering for many years to come. Expeditions awards - required pre-proposal due 6/20/24. Projects reaching the end of their term can apply for additional funds matching industry contributions through the "InTrans" track (accepted anytime). See [http://www.nsf.gov/funding/pgm\\_summ.jsp?pims\\_id=503169](http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503169) for details.

**Program:** Perception, Action, and Cognition

**Agency:** National Science Foundation

**Next Deadline:** Jun 17, 2024

Supports research on perception, action and cognition, with emphasis on research strongly grounded in theory. Topics include vision, audition, haptics, attention, memory, reasoning, written and spoken discourse, motor control and developmental issues. Program encompasses a range of theoretical perspectives, such as symbolic computation, connectionism, ecological, nonlinear dynamics and complex systems. Annual deadlines: workshop and conference proposal windows close 6/15; research proposal windows close 2/1, 8/1. See <http://tinyurl.com/ztnfrdu> for details.

---

**Program:** Farmers Market Promotion Program

**Agency:** U.S. Department of Agriculture

**Next Deadline:** May 14, 2024

Program helps to improve and expand domestic farmers markets, roadside stands, community-supported agriculture programs and other direct producer-to-consumer market opportunities. Awards from \$50,000 to \$500,000 are available. IHEs are eligible to apply. An eligible entity may submit more than one application, but only one grant per applicant entity will be awarded per year. ---

**Program:** AFRI: Sustainable Agricultural Systems

**Agency:** U.S. Department of Agriculture

**Next Deadline:** Jun 06, 2024

Supports efforts to help transform U.S. food and agricultural systems by increasing production in sustainable ways in the wake of diminishing land and water resources, changing climate, increasingly extreme weather events, threatening outbreaks of diseases and pests, and challenges to human health. A one-to-one funding match is required for commodity-specific research that is not of national scope. Deadline for required LOI. See <https://nifa.usda.gov/funding-opportunity/afri-sustainable-agricultural-systems-competitive-grants-program>

---

**Program:** Conservation Innovation Grants (CIG)

**Agency:** U.S. Department of Agriculture

**Next Deadline:** Apr 2024 (target date)

Supports development and adoption of innovative conservation approaches and technologies while leveraging federal investment in environmental enhancement and protection, in conjunction with agricultural production. Search for Conservation Innovation Grants using the USDA filter in Grants.gov. These projects may be farm-based, multi-county, small watershed, or statewide in scope. Multiple programs usually available with April or May deadlines, although USDA says March or April for 2024. See <https://tinyurl.com/bdlbq54> and Grants.gov

---

**Program:** Coastal Resilience Grants Program

**Agency:** U.S. Department of Commerce

**Next Deadline:** Apr 10, 2024

Supports efforts to build resilience by conserving and restoring sustainable ecosystem processes and functions and reducing the vulnerability of coastal communities and infrastructure from the impacts of extreme weather events, climate hazards, and changing ocean conditions. This program supports activities that restore or create natural infrastructure and natural landscape features to provide valuable ecosystem functions and services, such as habitat for fish, improved water quality and quantity, flood reduction, and erosion protection. Deadline is for required preproposals. See <https://www.nfwf.org/programs/national-coastal-resilience-fund>

**CFDA Number:**

**Contact:** NOAA

---

**Program:** NOAA Broad Agency Announcement

**Agency:** U.S. Department of Commerce

**Next Deadline:** May 15, 2024

Encourages research, education and outreach, innovative projects, or sponsorships that are not addressed through NOAA's competitive discretionary programs. Program goals include: Climate Adaptation and Mitigation; Weather-Ready Nation; Healthy Ocean; and Resilient Coastal Communities and Economies. Funds support extramural research, innovative projects, and sponsorships that address at least one of the above goals. Annual deadline: 5/15. See <https://coast.noaa.gov/funding/index.html>

---

**Program:** North American Wetlands  
Conservation Act Grants

**Agency:** U.S. Department of the Interior

**Next Deadline:** May 13, 2024

Provides matching funds for wetlands conservation partnership projects that ensure long-term benefits to wetland ecosystems and the waterfowl, fish and wildlife that depend on such habitats. Supports acquisition, enhancement, and restoration of wetland and wetland-associated habitats. Supports U.S. Small Grants (TBD); and U.S. Standard Grants (2/23 and 7/11). Mexico (5/13) and Canada (submit proposals January to June) programs also offered. A 1:1 match is required for most programs. Each grant and match dollar, except for indirect costs, must be linked to an acre acquired, restored, enhanced, and/or established. See <http://tinyurl.com/yc53vt8w> and search CFDA 15.623 at Grants.gov.
