May 01, 2024

This publication includes deadline dates for the month of August 2024 and late announcements for the months of July 2024 and June 2024. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk (**) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.

Program: Abilene Travel Grants Program
Agency: Eisenhower Foundation
Next Deadline: Aug 02, 2024 (target date)
Supports travel to Abilene, Kansas, not to exceed $1,000, where researchers may use the Dwight D. Eisenhower presidential library. Allows research of primary sources in history, government, economics, communications, and international affairs. Annual deadline: 8/1 (8/2 in 2024). See https://www.eisenhowerfoundation.net/research-travel-grants

Program: Scientific Research and Archiving and Preservation Projects
Agency: Grammy Museum
Next Deadline: Jun 01, 2024
Scientific Research Projects support research on the impact of music on the human condition (up to $20,000). Examples might include the study of the effects of music on mood, cognition and healing, as well as the medical and occupational well-being of music professionals and the creative process underlying music. Preservation Projects support efforts that advance the archiving and preservation of the music and recorded sound heritage of the Americas (up to $20,000; assessment up to $5,000). Deadline for required LOIs. No phone calls. See https://grammymuseum.org/national-reach/grant-program

CFDA Number: N/A
Contact: grants@grammymuseum.org

Program: Our Town
Agency: National Endowment for the Arts
Next Deadline: Aug 01, 2024 (tentative)
Supports projects that enhance community livability, provide a systemic approach to equitable civic development, and support artists, designers, and arts organizations by integrating the arts and design into the fabric of civic life. Applications must include two primary partners: a nonprofit organization (possibly a college or university) and a local government entity. Additional partners are encouraged. A 1:1 funding match is required. Limited submission: an organization may be lead applicant on up to two applications. See https://www.arts.gov/grants/our-town

CFDA Number: 45.024
Contact: Jen Hughes
OT@arts.gov
202-682-5547

Program: Fellowship Programs at Independent Research Institutions
Agency: National Endowment for the Humanities
Next Deadline: Aug 14, 2024
Grants support fellowships at institutions devoted to advanced study and research in the humanities including independent centers for advanced study, libraries, and museums in the U.S.; U.S. overseas research centers; or other U.S. organizations that have expertise in promoting research on foreign cultures. Individual scholars must apply directly to the institutions themselves (see website for institutional list). Grants of up to $565,000 are available for fellowships of $5,000 per month. See http://www.neh.gov/grants/research/fellowship-programs-independent-research-institutions

*Wednesday, May 1, 2024  Deadlines Page 2 of 37*
Program: Grant Program
Agency: FINRA Investor Education Foundation
Next Deadline: Aug 2024 (target date)
FINRA supports innovative research and educational projects that give investors tools and information needed to better understand markets and the basic principles of saving and investing. Projects are encouraged in: using behavioral finance to improve saving and investing; meeting financial and investor education needs of underserved audiences; creating new marketing and distribution channels for financial and investor education; and helping retirees manage finances. Annual deadline: accepts project concept forms, from which proposals will be invited, at any time during the year. See https://www.finrafoundation.org/general-grant-program

--------------------------------------------

Program: Fellowships and Research Grants
Agency: Grant (William T.) Foundation
Next Deadline: Jul 03, 2024
Supports grants and fellowship programs for early and mid-career scholars research that enhances understanding of how youth settings work, how they affect youth development and how they can be improved; and when, how and under what conditions research evidence is used. Scholars Program (7/3) focuses on career development. Institutional Challenge Grants (9/12) encourage institutions to build sustained research-practice partnerships with public agencies or nonprofit organizations in order to reduce inequality in youth outcomes. Also offers Research Grants on Inequality and on Improving the Use of Research Evidence (LOIs 1/10, 5/1, 8/7). See https://wtgrantfoundation.org/funding

**Agency:** Righteous Persons Foundation  
**Program:** Grant Program  
**Next Deadline:** Aug 09, 2024  
Founded by filmmaker Steven Spielberg, this agency offers organizational funding to help further ideals that are important to the Jewish community. RPF currently funds projects in the U.S. that are national in scope and/or can serve as models. IHEs can apply especially in partnership with a Jewish organization. However, RPF will not fund academic projects. Up to $2 million per year may be available to fund 30 projects. Projects must address at least one of RPF's priorities. Deadline is for required LOI. See https://www.righteouspersons.org/

310-314-8393

**Agency:** Sociological Initiatives Foundation  
**Program:** Action Research Projects  
**Next Deadline:** Aug 15, 2024  
Supports projects that link research with a concrete social action strategy in order to find solutions to social problems. Applications are encouraged from academic-community partnerships and from academics that organize or link to a constituency through their research. SIF has funded projects in the areas of civic participation, community organizing, crime and law, education, health, housing, immigration, labor organizing, and language/literacy. Awards are from $10,000 to $20,000. See http://www.sifoundation.org/

Agency: U.S. Department of Agriculture
Next Deadline: Jun 14, 2024
Program addresses technical barriers to the export of U.S. specialty crops by providing funding to U.S. organizations for activities such as seminars and workshops, study tours, field surveys, pest and disease research, and pre-clearance programs. Eligible crops include all cultivated plants and their products produced in the U.S. with the exception of wheat, feed grains, oilseeds, cotton, rice, peanuts, sugar, and tobacco. See https://www.fas.usda.gov/programs/technical-assistance-specialty-crops-tasc or Grants.gov for CFDA 10.604.

--------------------------------------------

Program: Rural Cooperative Development Grants Program (RCDG)
Agency: U.S. Department of Agriculture
Next Deadline: Jun 03, 2024
Provides grants to non-profit companies and IHEs to improve economic conditions in rural areas through cooperative development by coordinating activities that retain rural businesses, facilitate cooperatives, generate employment, improve marketing opportunities and provide technical assistance. Matching requirement 25 percent (5 percent for 1994 institutions). See https://www.rd.usda.gov/programs/services/rural-cooperative-development-grant-program for contacts and updates when available.

CFDA Number: 10.446

--------------------------------------------

Program: Teacher Quality Partnership Program
Agency: U.S. Department of Education
Next Deadline: Jun 03, 2024
Supports activities to reduce shortages of highly qualified teachers in high-need school districts. Eligible applicants are partnerships consisting of high need local educational agencies, teacher preparation institutions, and schools of arts and sciences. Recipients must carry out a needs assessment and then design and implement recruitment activities. See https://tinyurl.com/t53wohx

--------------------------------------------

Program: Augustus F. Hawkins Center of Educational Excellence (Hawkins) Program
Agency: U.S. Department of Education
Next Deadline: Jun 18, 2024
Supports centers of excellence at institutions of higher education (IHEs) to help increase the number of well-prepared teachers, including teachers of color, resulting in a more diverse teacher workforce prepared to teach in low-performing elementary and secondary schools and close achievement gaps. Eligibility is limited to IHEs with qualified teacher preparation programs that are HBCUs, HSIs, TCUs or other MSIs as detailed in the guidelines. See https://www2.ed.gov/programs/afhce/index.html

--------------------------------------------
**Program:** Graduate Assistance in Areas of National Need (GAANN)

**Agency:** U.S. Department of Education

**Next Deadline:** Jun 24, 2024

Program allows IHE grantees to provide fellowships to graduate students with financial need who plan to teach or conduct research in areas of national need such as cybersecurity, secure programming, artificial intelligence, engineering, materials science, constitutional law, and American political development and history. Competitions typically every three years. See http://www.ed.gov/programs/iegpsgaann/index.html

---

**Program:** Training and Services to End Abuse in Later Life Program

**Agency:** U.S. Department of Justice

**Next Deadline:** Jun 18, 2024

Funds projects that will focus on providing training for criminal justice professionals to enhance their ability to address elder (50 years and older) abuse, neglect and exploitation (including domestic violence, dating violence, sexual assault, or stalking) in their communities. IHEs cannot apply directly, but partnership opportunities exist. Deadline refers to Grants.gov submission. Limited submission: OVW will consider only one application per organization for the same service area. See https://www.justice.gov/ovw/open-solicitations

**Program:** Research Grants

**Agency:** American Hearing Research Foundation

**Next Deadline:** Aug 15, 2024

Supports basic and clinical studies on the hearing or balance functions of the ear. Priority is for startup funding for new projects. Awards are up to $75,000. Eligibility is limited to qualified Ph.D.s and M.D.s. Priority is given to investigators early in their careers who need seed funds to generate results and data that can be used to support later application for larger grants. See [http://www.american-hearing.org/research-grants/](http://www.american-hearing.org/research-grants/)

**Program:** Commercial Fishing Occupational Safety Research Cooperative Agreement

**Agency:** Centers for Disease Control and Prevention

**Next Deadline:** Aug 27, 2024

Supports research on improving the occupational safety of workers in the commercial fishing industry. This includes: improving vessel and deck equipment design; developing and improving emergency and protective equipment; improving vessel and fishing processes to reduce safety risks; enhancing vessel monitoring systems; improving communication devices, deicing technology, and severe weather detection. Annual deadlines: late August and late January until 1/31/28. See [https://grants.nih.gov/grants/guide/rfa-files/rfa-oh-22-005.html](https://grants.nih.gov/grants/guide/rfa-files/rfa-oh-22-005.html)

**Program:** Commercial Fishing Occupational Safety Training Project Grants

**Agency:** Centers for Disease Control and Prevention

**Next Deadline:** Aug 27, 2024

Supports municipalities, port authorities, other appropriate public entities, not-for-profit organizations, and other qualified persons to conduct commercial fishing vessel safety training for vessel operators and crewmembers. Safety training courses could include the following topics: emergency drills, survival, damage control, fire prevention and firefighting, stability, seamanship, fatigue awareness and prevention, watchkeeping, and weather forecasting. The program is also authorized to provide funding for the purchase of safety equipment and training aids for use in those safety training programs. Annual deadlines: late August and late January until 1/31/28. See [https://grants.nih.gov/grants/guide/rfa-files/RFA-OH-22-006.html](https://grants.nih.gov/grants/guide/rfa-files/RFA-OH-22-006.html)

---
Program: NIOSH Support for Conferences and Scientific Meetings
Agency: Centers for Disease Control and Prevention
Next Deadline: Aug 12, 2024
Supports high quality scientific meetings, conferences, and workshops that are relevant to NIOSH’s scientific mission and that promote occupational safety and health, NIOSH program priorities, and public health. An application should address and advance important areas of research in the field of occupational safety and health of particular interest to NIOSH programs and the National Occupational Research Agenda. Applications for training-only events will not be considered under this announcement. Annual deadlines: 4/12, 8/12, 12/12 through 12/15/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-148.html

Program: Cancer Research Grants Program
Agency: Elsa U. Pardee Foundation
Next Deadline: Aug 31, 2024
Supports research that promotes the cure and/or control of cancer. Innovative, small-scale, short-term projects, especially those involving young or new investigators, are encouraged. Funds over $4 million dollars annually in cancer research and care. Grants are typically over $100,000. It is anticipated that this early stage funding by the Foundation may lead to subsequent and expanded support using government agency funding. Project relevance to cancer detection, treatment, or cure should be clearly identified. Annual deadlines: 4/30, 8/31, 12/15. See https://pardeefoundation.org/how-to-apply/

----------------------------------------------------------
**Program:** Independent Scientist Award (K02)  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 12, 2024  
The purpose of the NIH Independent Scientist Award (K02) is to foster the development of outstanding scientists and enable them to expand their potential to make significant contributions to their field of research. The K02 award provides three to five years of salary support and "protected time" for newly independent scientists who can demonstrate the need for a period of intensive research focus as a means of enhancing their research careers. Each independent scientist career award program must be tailored to meet the individual needs of the candidate. Call before applying. Annual deadlines: 2/12, 6/12, 10/12 through 5/8/27. See https://grants.nih.gov/grants/guide/pa-files/PA-24-178.html

**Program:** Kirschstein NRSA Individual Postdoctoral Fellowship  
**Agency:** National Institutes of Health  
**Next Deadline:** Aug 08, 2024  
Supports research training of highly promising postdoctoral candidates who have the potential to become productive, independent investigators in scientific health-related research fields relevant to the missions of the participating NIH Institutes and Centers. Applications are expected to incorporate exceptional mentorship. This NOFO is designed specifically for candidates proposing research that does not involve leading an independent clinical trial, a clinical trial feasibility study, or an ancillary clinical trial, but does allow candidates to propose research experience in a clinical trial led by a sponsor or co-sponsor. Annual deadlines: 4/8, 8/8 and 12/8 through 9/8/25. See https://grants.nih.gov/grants/guide/pa-files/PA-23-262.html

**Program:** Mentored Quantitative Research Career Development Award  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 12, 2024  
Supports investigators whose quantitative science and engineering research has thus far not been focused primarily on questions of health and disease. The K25 award will provide support and "protected time" for a period of supervised study and research for productive professionals with quantitative and engineering backgrounds to integrate their expertise with NIH-relevant research. Candidates not planning an independent clinical trial, or proposing to gain research experience in a clinical trial led by another investigator, must apply to companion NOFO (PA-24-191). Annual deadlines: 2/12, 6/12, and 10/12 through 5/8/27. See [https://grants.nih.gov/grants/guide/pa-files/PA-24-190.html](https://grants.nih.gov/grants/guide/pa-files/PA-24-190.html)

301-945-7573
Program: NIH Directors New Innovator Award Program (DP2 Clinical Trial Optional)
Agency: National Institutes of Health
Next Deadline: Aug 19, 2024
Supports early stage investigators of exceptional creativity who propose highly innovative research projects with the potential to produce a major impact on broad, important problems relevant to the mission of NIH including, but not limited to, topics in the behavioral, social, biomedical, applied, and formal sciences and topics that may involve basic, translational, or clinical research. See https://grants.nih.gov/grants/guide/rfa-files/RFA-RM-24-003.html

Program: NIH Exploratory/Developmental Research Grant Program (Parent R21)
Agency: National Institutes of Health
Next Deadline: Jun 16, 2024
Many, but not all, NIH institutes support investigator-initiated, also known as unsolicited, exploratory and developmental research (R21) by funding the early and conceptual stages of such efforts. Priorities vary by Institute/Center (I/C). I/Cs that do not accept R21 applications under this announcement may offer similar programs. Combined budget for direct costs for the two year project period may not exceed $275,000. Consultation with NIH staff highly encouraged. Annual deadlines: 2/16, 6/16, 10/16 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PA-20-185.html

GrantsInfo@nih.gov
301-945-7573

Program: NIH Research Project Grant (Parent R01)
Agency: National Institutes of Health
Next Deadline: Jun 05, 2024
The NIH Research Project Grant supports a discrete, specified, circumscribed project in areas representing the specific interests and competencies of the investigator(s). The proposed project must be related to the programmatic interests of one or more of the participating NIH Institutes and Centers (ICs) based on their scientific missions. Companion opportunities available. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PA-20-185.html

CFDA Number: 93.242
Contact: Multiple Contacts

Program: NIH Small Research Grant Program (Parent R03)
Agency: National Institutes of Health
Next Deadline: Jun 16, 2024
Supports discrete, well-defined projects that realistically can be completed in two years and require limited levels of funding. Examples of project themes include pilot and feasibility studies; secondary analysis of existing data; self-contained research projects; development of research methodology; and development of new research technology, etc. Direct costs cap at $100,000 over a two-year period, with no more than $50,000 in direct costs allowed in a single year. Annual deadlines: 2/16, 6/16, and 10/16 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PA-20-200.html
**Program:** NIH Support for Conferences and Scientific Meetings (R13)  
**Agency:** National Institutes of Health  
**Next Deadline:** Aug 12, 2024  
Supports symposiums, seminars, conferences, workshops or formal meetings relevant to NIH's scientific mission and public health. Funding is contingent on fiscal and programmatic priorities of the individual ICs. PI must present letter from IC staff documenting permission to apply. Annual deadlines: 4/12, 8/12, and 12/12 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PA-21-151.html

**Program:** Pathway to Independence Award (Parent K99/R00)  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 12, 2024  
Supports a timely transition of outstanding postdoctoral researchers with a research and/or clinical doctorate degree from mentored, postdoctoral research positions to independent, tenure-track or equivalent faculty positions. Applicants must have less than four years of postdoctoral research experience at the time of the initial (new) or the subsequent resubmission application and requires at least 12 months of mentored research training and career development (K99 phase) before transitioning to the R00 award phase of the program. Funding is available for up to five years covered within two phases. Annual deadlines: 2/12, 6/12 and 10/12 through 5/8/27. See https://grants.nih.gov/grants/guide/pa-files/PA-24-195.html

**Program:** Division of Aging Biology  
**Agency:** National Institutes of Health  
**Next Deadline:** Aug 2024 (target date)  
Supports research on the biochemical, genetic & physiological mechanisms of aging & age-related changes in humans & animal models. Includes investigations of the gradual or programmed alterations of structure & function which characterize normal aging, & investigations of the adverse changes which are risk factors for or accompany age-related disease states. Although research emphasis is on aging in mammals, lower organism (e.g. Drosophila, C. elegans, yeast) research related to aging is also supported. Annual deadline: applications accepted even when there are no relevant RFAs or PAs. See http://www.nia.nih.gov/research/dab

**Program:** Global Infectious Disease Research Training Program  
**Agency:** National Institutes of Health  
**Next Deadline:** Aug 06, 2024  
Program encourages joint applications from U.S. and low- and middle-income country (LMIC) institutions. Applications should propose a collaborative training program that will strengthen the capacity of a LMIC institution to conduct infectious disease research not including HIV/AIDS. FIC will support research-training programs that focus on major endemic or life-threatening emerging infectious diseases, neglected tropical diseases, infections that frequently occur as co-infections in HIV infected individuals or infections associated with non-communicable disease conditions of public health importance in LMICs. Annual deadline: 8/6 through 2026. See https://grants.nih.gov/grants/guide/pa-files/PAR-24-174.html

**Program:** Innovation for HIV Vaccine Discovery  
**Agency:** National Institutes of Health  
**Next Deadline:** Aug 02, 2024  
Supports high risk, high impact, early discovery research on vaccine approaches to prevent acquisition of or ongoing infection by HIV. This FOA supports a Go/No-Go approach to funding high risk research, which is significantly different from most R01 projects. Continued funding for the full award duration is dependent upon achieving negotiated Go/No-Go criteria by the end of Year 2. Annual deadline: 8/2 through 2025. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-169.html

**Program:** Avenir Award Program for Research on Substance Abuse and HIV/AIDS

**Agency:** National Institutes of Health

**Next Deadline:** Aug 15, 2024

The Avenir Award Program for Research on Substance Abuse and HIV/AIDS will support research approaches, both basic and clinical, which have the potential to benefit substance using populations with or at risk for HIV/AIDS by reducing HIV incidence, improving therapies for HIV, reducing the impact of comorbid conditions, and ultimately, eradicating HIV. Annual deadline: 8/15 through 2025. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-125.html

**Program:** Behavioral and Integrative Treatment Development Program

**Agency:** National Institutes of Health

**Next Deadline:** Aug 09, 2024

Supports research grant applications on the development and testing of behavioral and integrative treatments for substance use and dependence. This FOA reaffirms the continued commitment of NIDA to major programs of research on behavioral and integrative treatments. Screening, brief, computerized, adherence, prevention interventions for HIV risk behaviors, and interventions that target therapist training and fidelity also are included. Annual deadlines: 3/21 and 8/10 through 3/25/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-183.html

**Program:** Cutting-Edge Basic Research Awards (CEBRA)

**Agency:** National Institutes of Health

**Next Deadline:** Aug 13, 2024

Supports high risk, innovative, and creative research (R21) related to the etiology, pathophysiology, prevention, or treatment of substance use disorders (SUDs) that is underrepresented or not included in NIDA's current portfolio. The proposed research should: (1) test an innovative and significant hypothesis for which there are scant precedent or preliminary data and which, if confirmed, would transform current thinking; and/or (2) develop, and/or adapt, revolutionary techniques or methods for addiction research or that show promising future applicability to SUD research. Annual deadlines: 3/8, 8/10 through 8/14/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-208.html

**Program:** Device Based Treatments for Substance Use Disorders

**Agency:** National Institutes of Health

**Next Deadline:** Aug 13, 2024

Supports projects to accelerate the development of devices to treat Substance Use Disorders (SUDs). The objective is to move devices to their next step in the FDA approval process, with the ultimate goal of generating new, FDA approved device-based treatments for SUDs. Applications may focus on the pre-clinical and/or clinical development and testing of new devices or existing devices approved for other indications. Applications may evaluate the mechanism of action of a device. Annual deadlines: 8/13, 12/18 until 8/14/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-253.html

Program: High Priority HIV and Substance Use Research  
Agency: National Institutes of Health  
Next Deadline: Aug 01, 2024  
Supports high priority research at the intersection of HIV and substance use. This FOA invites innovative research projects with the potential to open new areas of HIV/AIDS research and/or lead to new avenues for prevention, treatment and cure of HIV among people who use drugs (PWUD). Applications submitted under this FOA are required to have a detailed research plan, preliminary data, and a clear description of the nexus with substance use. This FOA is open to both individual researchers and research teams and includes all areas of research from basic science to clinical and implementation research. Annual deadlines: 2/15 and 8/15 through 8/2/24. See https://grants.nih.gov/grants/guide/rfa-files/RFA-DA-22-040.html

---

Program: Mechanistic Research on Neuromodulation for Substance Use Disorders Treatment  
Agency: National Institutes of Health  
Next Deadline: Aug 14, 2024  
Supports clinical research that will identify and validate novel targets for non-invasive brain stimulation (NIBS) and Substance use disorder (SUD)-relevant neurobiological, cognitive, and behavioral responses to NIBS that may precede clinical outcomes like reduced craving or substance use. Annual deadlines: 1/16, 8/14 until 8/15/26. See https://grants.nih.gov/grants/guide/rfa-files/RFA-DA-24-032.html

---

Program: Mentored Clinical Scientist Development Program Award in Substance Use and Substance Use Disorder Research  
Agency: National Institutes of Health  
Next Deadline: Aug 05, 2024  
Program supports institutional research career development (K12) programs that propose to support intensive supervised research training and career development experiences for clinician scientists leading to research independence in the area of drug abuse and addiction. Clinician scientists may include physicians, clinical psychologists, epidemiologists, doctoral-level social workers, pharmacists, and behavioral scientists. Annual deadlines: 3/6, 8/5, 11/13 through 11/14/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-24-089.html

---

Program: Providing Research Education Experiences to Enhance Diversity in the Next Generation  
Agency: National Institutes of Health  
Next Deadline: Aug 13, 2024  
Supports educational activities designed to encourage individuals from diverse backgrounds, including those from groups underrepresented in the biomedical and behavioral sciences, to pursue further studies or careers in research. Annual deadlines: 3/13, 8/13, 11/13 through 11/14/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-24-048.html

---

Program: Understanding and Modifying Temporal Dynamics of Coordinated Neural Activity
Agency: National Institutes of Health
Next Deadline: Jun 16, 2024
Supports research to test whether modifying specific patterns of coordinated neural activity in vivo can improve cognitive, social, or affective processes. These studies should be based on a rational understanding of the role of specific neural activity rhythms in, for example, the routing of information among brain regions or in improving the ability ofafferent information to affect local processing via coherence of underlying oscillatory activity. R21 and R01 awards are available. Annual deadlines: 2/16, 6/16, 10/16 until 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-176.html

**Agency:** Pharmaceutical Research Manufacturers of America Foundation  

**Program:** Research Awards  

**Next Deadline:** Aug 2024  

Supports young M.D.s, Ph.D.s, and medical students in disciplines important to the pharmaceutical industry. Every program the foundation supports aims to improve the field of drug discovery and development. Multiple fellowships and grants are available with annual deadlines. See http://www.phrmafoundation.org/

---

**Agency:** Prevent Cancer Foundation  

**Program:** Research Grants and Fellowships  

**Next Deadline:** Jun 14, 2024  

Supports early-career scientists who demonstrate potential for impact on cancer prevention and early detection through research, education and community outreach to all populations, including children and the underserved. Postdoctoral Fellowships and Research Grants each offer $50,000/year for two years, must be conducted in the U.S., should lead to future funding from other peer-reviewed sources and are non-renewable. See http://preventcancer.org/our-work/grants-fellowships/

---

**Agency:** Progeria Research Foundation  

**Program:** Research Funding Program  

**Next Deadline:** Jul 01, 2024  

PRF is a driving force worldwide in finding treatments and the cure for Progeria and its aging-related disorders, including heart disease. PRF offers $75k each year for up to two years for research that lead to clinical treatment trials within five years, development of gene-and cell-based therapies, and assessment of natural history of disease that may be important to developing outcome measures in treatment trials. Deadlines refer to required LOI. See https://www.progeriaresearch.org/research-funding-opportunities/

**Agency:** U.S. Department of Defense  

**Program:** Multiple Sclerosis Research Program (MSRP)  

**Next Deadline:** Jul 24, 2024  

Supports research projects to prevent the occurrence, cure, reverse, or slow the progression of multiple sclerosis. Focus areas include: Obstacles to Remyelination and/or Obstacles to Axonal Protection in MS; Correlates of Disease Activity and Progression in MS; and Biology and Measurements of MS Symptoms. FY 24 mechanisms include: Early Investigator Research Award, Exploration-Hypothesis Development Award, Clinical Trial Award, and Investigator-Initiated Research Award. Deadline refers to required pre-applications. See https://cdmrp.health.mil/msrp/default

**Program:** Tick-Borne Disease Research Program  
**Agency:** U.S. Department of Defense  
**Next Deadline:** Jun 26, 2024  
Program supporting research focused on understanding the pathogenesis of Lyme disease and other tick-borne illness and on delivering innovative solutions to prevent and better diagnose and treat their manifestations. Deadlines reflect mandatory pre-application deadlines. Focus areas include: Pathogenesis; Prevention; Diagnosis; and Treatment. Funding mechanisms for FY 24 include: Therapeutic/Diagnostic Research Award and Idea Award. Deadline refers to required pre-applications. See https://cdmrp.health.mil/tbdrp/default

Program: Postdoctoral Research Fellowships in Basic Biomedical Sciences
Agency: Whitney (Helen Hay) Foundation
Next Deadline: Jun 17, 2024
Supports postdoctoral research training in all basic biomedical sciences. Eligibility is limited to M.D.s, Ph.D.s, and the equivalent who have no more than one year of postdoctoral research experience and who received their degree no more than two years (Ph.D.) or three years (M.D.) prior to the deadline, or who are in the final stages of their degree. Support is limited to applicants who plan a significant change of venue from the laboratory where they already have received significant training. Stipends start at $56,000 annually with a $1,500 research allowance. New application will post in April. See http://hhwf.org/research-fellowship/

--------------------------------------------
**Agency:** Dreyfus Foundation  
**Program:** Jean Dreyfus Lectureship for Undergraduate Institutions  
**Next Deadline:** Aug 01, 2024  
Supports proposals to bring a leading researcher to a primarily undergraduate institution to give a series of lectures in the chemical sciences. Lecturer is expected to substantially interact with undergraduate students and faculty over the period of the visit. Will provide funds to host the speaker and support summer research opportunities for two undergraduate students. Eligible departments grant a BS or MS degree in chemistry, but not a Ph.D. Award total is $18,500. Limited submission: one application per institution. **Agency:** Dreyfus Foundation  
**Program:** Teacher-Scholar Awards in Chemical Sciences  
**Next Deadline:** Aug 01, 2024  
Camille Dreyfus (2/1) and Henry Dreyfus (8/3) Teacher-Scholar awards support research and teaching careers of talented young faculty in chemical sciences. Camille Dreyfus awards provide $100,000 based on an independent body of scholarship and demonstrated commitment to education. Henry Dreyfus awards provide $75,000 based on accomplishment in scholarly research with undergraduates and compelling commitment to teaching. Limited submission: one application per institution. **Agency:** Field Museum of Natural History  
**Program:** Visiting Scholarships, Graduate Fellowships, and Undergraduate Internships  
**Next Deadline:** Aug 05, 2024 (target date)  
Supports use of the Field Museum collections, with a preference for projects in anthropology, botany, geology, and zoology. Awards are for travel and subsistence for students and professionals (for short-term support) and for extended visits by distinguished scientists. Project types include: Postdoctoral Fellowships (TBD); Graduate Fellowships annual deadline: (3/1); Bass Senior Visiting Fellowships (8/5); and Visiting Scholarships (11/2). **Program:** ADVANCE: Organizational Change for Gender Equity in STEM Academic Professions  
**Agency:** National Science Foundation  
**Next Deadline:** Aug 05, 2024  
Supports projects to increase representation and advancement of women in academic science and engineering careers to develop innovative and sustainable ways to promote gender equity in the STEM academic workforce; and to contribute to the development of a more diverse science and engineering workforce. Funds support three tracks. Preliminary proposals only apply to IHEs seeking support for an Institutional Transformation award (4/25/24). LOIs only apply to the Adaptation and Partnership competition (8/5/24). Limited submission: one proposal per eligible organization. See https://tinyurl.com/cw8ts6kh for details.

**Program:** Alliances for Graduate Education and the Professoriate (AGEP)  
**Agency:** National Science Foundation  
**Next Deadline:** Aug 20, 2024  
Seeks to advance knowledge about models to improve pathways to the professoriate and success for historically underrepresented minority doctoral students, postdoctoral fellows and faculty in specific STEM disciplines and/or STEM education research fields. New and innovative models are encouraged, as are models that reproduce and/or replicate existing evidence-based alliances in significantly different disciplines, institutions, and participant cohorts. Annual deadlines: 8/20 for AGEP Faculty Career Pathways Alliance LOIs and second Tuesday in February for AGEP Institutional Transformation Alliance prelim proposals. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id =5474 for updates.

**Program:** Improving Undergraduate STEM Education: Hispanic-Serving Institutions (IUSE: HSI)

**Agency:** National Science Foundation

**Next Deadline:** Aug 28, 2024

The goals of this program is to enhance the quality of undergraduate STEM education and to increase the recruitment, retention, and graduation rates of students pursuing associate's or baccalaureate degrees in STEM. IUSE: HSI offers three tracks: Track 1 is for Planning or Pilot Projects (PPP), Track 2 is for Implementation and Evaluation Projects (IEP), and Track 3 is for Institutional Transformation Projects (ITP). Limited submission: two proposals for PPP and IEP tracks, on proposal for ITP track. Annual deadlines: second Wednesday in February (PPP, IEP) and last Wednesday in August (PPP, IEP, ITP). In 2022, PPP, IEP, and ITP are due 9/30. See [https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505512](https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505512)

**Program:** Robert Noyce Teacher Scholarship Program

**Agency:** National Science Foundation

**Next Deadline:** Aug 27, 2024

Program encourages STEM majors and professionals to become K-12 STEM teachers. The program invites creative and innovative proposals that address the critical need for recruiting/preparing highly effective teachers, especially in high-need areas. The program offers four tracks: Noyce Teacher Scholarships/Stipends, Teaching Fellowships, Master Teaching Fellowships, and Noyce Research. In addition, Capacity Building proposals accepted from proposers intending to develop a future Track 1, 2, or 3 proposal. Annual deadline: last Tuesday in August. See [https://new.nsf.gov/funding/opportunities/robert-noyce-teacher-scholarship-program](https://new.nsf.gov/funding/opportunities/robert-noyce-teacher-scholarship-program) for details.

**Program:** Mathematical Sciences Infrastructure Program  
**Agency:** National Science Foundation  
**Next Deadline:** Aug 06, 2024  
Supports projects that foster the continuing health of the mathematical sciences research community as a whole, most often those cutting across multiple sub-disciplines. Funds support working research sessions, such as conferences and symposia, as well as larger initiatives focused on enhancing and developing the mathematical sciences at the national scale. Funds also support a limited number of unsolicited training projects aimed at the undergraduate, graduate, or postdoctoral levels that include a core mathematical sciences research component for trainees. Annual deadline: first Tuesday in August. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=12756 for details.

Program: Accountable Institutions and Behavior (AIB)
Agency: National Science Foundation
Next Deadline: Aug 15, 2024
Supports basic scientific research that advances knowledge and understanding of issues broadly related to attitudes, behavior, and institutions connected to public policy and the provision of public services. Research proposals are expected to be theoretically motivated, conceptually precise, methodologically rigorous, and empirically oriented. Substantive areas include (but are not limited to) the study of individual and group decision-making, political institutions (appointed or elected), attitude and preference formation and expression, electoral processes and voting, public administration, and public policy. Annual deadlines: 1/15 and 8/15. See https://tinyurl.com/4hyezyre for details.

Program: Science and Technology Studies (STS)
Agency: National Science Foundation
Next Deadline: Aug 05, 2024
Program supports research that uses historical, philosophical, and social scientific methods to investigate the intellectual, material, and social facets of the scientific, technological, engineering and mathematical (STEM) disciplines. It encompasses a broad spectrum of topics including interdisciplinary studies of ethics, equity, governance, and policy issues that are closely related to STEM disciplines. Annual deadlines: 2/2, 8/3. Doctoral Dissertation Improvement Grant programs are only accepted during the August deadline. See https://tinyurl.com/9pchntwv for details.

Program: Science of Learning and Augmented Intelligence Program
Agency: National Science Foundation
Next Deadline: Aug 07, 2024
Supports potentially transformative research that develops basic theoretical insights and fundamental knowledge about principles, processes and mechanisms of learning, and about augmented intelligence - how human cognitive function can be augmented through interactions with others, contextual variations, and technological advances. The program also supports research addressing learning in individuals and in groups, across a wide range of domains at one or more levels of analysis including: molecular/cellular mechanisms; brain systems; cognitive, affective, and behavioral processes; and social/cultural influences. Annual deadlines: second Wednesday in February and first Wednesday in August. See https://tinyurl.com/d5tykku7 for details.

Agency: National Science Foundation

Program: Security and Preparedness (SAP)

Next Deadline: Aug 15, 2024

Supports basic scientific research that advances knowledge and understanding of issues broadly related to global and national security. Research proposals are evaluated on the criteria of intellectual merit and broader impacts; the proposed projects are expected to be theoretically motivated, conceptually precise, methodologically rigorous, and empirically oriented. Substantive areas include (but are not limited to) international relations, global and national security, human security, political violence, state stability, conflict processes, regime transition, international and comparative political economy, and peace science. Annual deadlines: 1/15 and 8/15. See https://tinyurl.com/92vrwavk for details.

--------------------------------------------

Agency: National Science Foundation

Program: Decision, Risk, and Management Sciences (DRMS)

Next Deadline: Aug 19, 2024 (target date)

Supports research projects, dissertation research, workshops, and small grants for time-sensitive and high-risk projects to increase understanding and effectiveness of decision making by individuals, groups, organizations, and society. Topics of interest include judgment and decision making; decision analysis and decision aids; risk analysis, perception, and communication; societal and public policy decision making; management science and organizational design. Annual target deadlines: 1/18, 8/19. See https://new.nsf.gov/funding/opportunities/decision-risk-management-sciences-drms for details.

--------------------------------------------

Agency: National Science Foundation

Program: Economics

Next Deadline: Aug 19, 2024 (target date)

Supports research designed to improve understanding of the processes and institutions of the U.S. economy and of the world system of which it is a part. Supports research in almost every area of economics, including econometrics, economic history, environmental economics, finance, industrial organization, international economics, labor economics, macroeconomics, mathematical economics, and public finance. Annual deadlines: target dates are 1/18 and 8/19. See https://new.nsf.gov/funding/opportunities/economics for details.

Agency: National Science Foundation

Program: Methodology, Measurement, and Statistics (MMS)

Next Deadline: Aug 29, 2024 (target date)

Supports development of innovative analytical and statistical methods and models through regular research awards, Awards for conferences, workshops, and community-development activities, Doctoral Dissertation Research Improvement Grants, and Research Experience for Undergraduates Supplements. Proposals should be methodologically innovative, be grounded in theory, and have potential utility for multiple fields within the social and behavioral sciences. Annual deadlines: target dates are the last Thursday in January and August. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5421 for details.

--------------------------------------------
Program: Sociology
Agency: National Science Foundation
Next Deadline: Aug 2024 (target date)
Supports basic research on social organization: societies, institutions, groups, demography and processes of individual and institutional change. Encourages investigations on fundamental social processes, such as research on organizations and organizational behavior, population dynamics, social movements, social groups, labor force participation, stratification and mobility, family, social networks, socialization, gender roles, and the sociology of science and technology. Annual deadlines: proposals accepted any time. See http://tinyurl.com/cgu7j17 for details.

jwhitmey@nsf.gov
703-292-7808

Program: Science for Peace and Security Programme
Agency: North Atlantic Treaty Organization (NATO)
Next Deadline: Jun 30, 2024
Supports research collaborations between scientists in NATO countries. Research priorities focus on enhancing the defense against terrorism and addressing other threats to security, including explosives detection, physical protection from chemical, biological, radiological or nuclear agents, emergency preparedness, cyber defense, and environmental security. Grants support workshops, training, and multi-year projects and cover travel and living expenses of investigators where basic costs will be covered by national funding. See http://www.nato.int/cps/en/natolive/78209.htm

Contact: Public Diplomacy Division
sps.info@hq.nato.int

Program: Innovation Corps - National Innovation Network Teams Program (I-Corps™ Teams)
Agency: National Science Foundation
Next Deadline: Aug 2024 (target date)
Supports efforts to contribute to a national innovation ecosystem that builds upon fundamental research to guide the output to facilitate the application of scientific discoveries closer to the development of technologies, products and processes that benefit society. Project teams will gain access to resources to help determine the readiness of transition technology developed by previously-funded or currently funded NSF projects. Annual deadline: proposals accepted any time, with a cognizant NSF Program Officer's invitation. See https://tinyurl.com/3nsu23u2 for details.

Program: Grants and Fellowships
Agency: Partnership for Clean Competition
Next Deadline: Aug 01, 2024
Supports scientific research advancing knowledge in the anti-doping sphere. Grant and Fellowships pre-applications are accepted two times annually (annual deadlines: 2/1, 8/1). For applicants invited to submit full applications, the due date is the first day of the month following the pre-application deadline. The PCC also offers micro-grants year round for grants requiring less than $75,000 and six months to complete. See www.cleancompetition.org

**Program:** AFRI: Foundational and Applied Science  
**Agency:** U.S. Department of Agriculture  
**Next Deadline:** Aug 08, 2024  
Supports research focusing on building a foundation of knowledge critical for solving current and future agricultural challenges. Research is supported across a wide range of disciplines and topics related to agriculture including plant and animal biology, farming, animal and human health, soil health, agricultural systems and technology, economic development, environmental justice, and more. All Conference Grants (LOIs due 195 days before conference). Various deadlines from August through November. See [https://nifa.usda.gov/funding-opportunity/agriculture-and-food-research-initiative-foundational-applied-science-program](https://nifa.usda.gov/funding-opportunity/agriculture-and-food-research-initiative-foundational-applied-science-program)

**Program:** NIST Small Business Innovation Research Program (SBIR)  
**Agency:** U.S. Department of Commerce  
**Next Deadline:** Jun 15, 2024  
Supports creative advanced research in scientific and engineering areas that encourages the conversion of government-funded research into a commercial application. Research topics include: Advanced Communications, Networks, and Scientific Data Systems; Advanced Manufacturing and Material Measurements; Cybersecurity and Privacy; Exploratory Measurement Science; Health and Bioscience; Physical Infrastructure and Resilience; and Lab to Market. Phase 1 applicants may receive up to $100,000. Colleges and universities are eligible only as consultants or subcontractors to small businesses. See [https://www.nist.gov/tpo/small-business-innovation-research-program](https://www.nist.gov/tpo/small-business-innovation-research-program)

Program: DEVCOM Army Research Laboratory BAA for Foundational Research
Agency: U.S. Department of Defense
Next Deadline: Aug 2024 (target date)
Supports defense relevant research in mechanical sciences, environmental sciences, mathematics, electronics, computing science, physics, chemistry, life sciences, materials science and network science. Funds support cutting-edge innovative research that could produce discoveries that would have a significant impact on enabling new and improved Army operational capabilities and related technologies. Annual deadline: applications are accepted at any time until 11/20/27. Combines two previously separate BAA opportunities into one comprehensive BAA. See https://www.arl.army.mil/collaborate-with-us/opportunity/arl-baa/

Program: ONR: STEM Education and Workforce Program
Agency: U.S. Department of Defense
Next Deadline: Jul 2024 (target date)
Supports efforts for augmenting existing or developing innovative solutions that directly maintain, or cultivate a diverse, world-class STEM workforce in order to maintain the U.S. Navy and Marine Corps’ technological superiority. Projects must aim to increase student engagement in STEM and persistence of students in STEM degrees, while improving student technical capacity from high school to the current naval STEM workforce. Required white papers are accepted any time before the final deadline of April 4, 2025. See https://www.nre.navy.mil/education-outreach/naval-stem and https://www.nre.navy.mil/work-with-us/funding-opportunities

Contact: Michael Simpson, ONR
DON_STEM_grants@navy.mil
Program: Hydrogen and Fuel Cell Technologies R&D, and Demonstrations
Agency: U.S. Department of Energy
Next Deadline: Aug 2024 (target date)
Supports R&D, demonstration and deployment projects in fuel cell development. Several opportunities available throughout the year. Deadlines refer to required concept papers. See http://energy.gov/eere/fuelcells/fuel-cell-technologies-office-funding-opportunities
