November 01, 2023

This publication includes deadline dates for the month of February 2024 and late announcements for the months of January 2024 and December 2023. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

**Those deadlines marked by an asterisk (**) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.**

American Association of State Colleges and Universities All rights reserved.
**Agency:** American Historical Association  
**Program:** Research Grants and Fellowships  
**Next Deadline:** Feb 15, 2024 (tentative)  
Supports several small research grants (up to $1,500; annual deadline 2/15) in the following areas: history of the Western hemisphere; colonial American history, with particular reference to the intercultural aspects of American and European relations; U.S. legal history and the field of law and society; and history of Europe, Asia, and Africa. Only AHA members are eligible to apply for these grants. Also supports fellowships in Aerospace History (4/1). See https://www.historians.org/awards-and-grants

**Agency:** American Philosophical Society  
**Program:** Library Resident Research Fellowships  
**Next Deadline:** Jan 19, 2024  
Supports one to two month (3/3) or year-long (1/19) residential fellowships for research in the library's collections. Subject areas include the: Early American History & Culture; Atlantic History; Intellectual History; Travel, Exploration & Expeditions; History of Science, Technology & Medicine; History of Biochemistry, Physiology & Biophysics; Natural History; Anthropology; Native American History; Culture & Languages; Caribbean & Slavery Studies. Applicants must hold a Ph.D. or the equivalent, be Ph.D. students at the dissertation stage, or independent scholars. Award amounts vary. Annual deadlines: vary by program, but mainly fall at the end of January and the beginning of March. See https://www.amphilsoc.org/grants/fellowships

**Agency:** American Institute for Yemeni Studies  
**Program:** Graduate and Post Graduate Fellowships for Research and Study in Yemen  
**Next Deadline:** Feb 13, 2024

**Program:** Summer Fellowships for Intensive Advanced Turkish Language Study  
**Agency:** American Research Institute in Turkey  
**Next Deadline:** Feb 2024 (tentative)  
Provides 15 summer fellowships for intensive advanced language study at Bogazici University in Istanbul, Turkey. Participants also attend extracurricular activities including films, lectures, and cultural events both on and off campus. Eligibility is limited to full-time, citizen, national, or permanent resident of the U.S. Awards cover airfare, application and tuition fees, and a modest stipend. There is a $25 application fee. Next deadline in early February 2024. See http://ccat.sas.upenn.edu/ARIT/ARITSummerLanguageProgram.html

Program: Research, Grants and Fellowships
Agency: Arthur and Elizabeth Schlesinger Library on the History of Women
Next Deadline: Jan 28, 2024
Sponsors grants to use the library's holdings. Research Support Grants are open to researchers from any college or university and to independent scholars. Dissertation Grants are open to scholars who are enrolled in a doctoral program in a relevant field, have completed their course work toward the doctoral degree, and have an approved dissertation topic by the time the application is submitted. Oral history grants are open to scholars conducting oral history interviews. Dissertation Grants are due 1/28. Schlesinger Library Research Support Grants due 1/28. New England Regional Fellowship due 2/1. See https://tinyurl.com/p2u5e6cz

Program: Asian Studies Grants
Agency: Association for Asian Studies
Next Deadline: Feb 01, 2024 (target date)
The Association for Asian Studies (AAS) is a scholarly, non-political, non-profit professional association open to all persons interested in Asia and the study of Asia. AAS offers several grants to support the research of North American scholars to improve the quality of teaching about Asian cultures at the college and pre-college levels. Grant amounts, details and deadlines vary according to program. Annual deadlines: 2/1, and 10/1, with programs to support bringing speakers to campus due 12/31 (virtual or in-person). Also offers prizes for scholarly books. See http://www.asian-studies.org/Grants-and-Awards/AAS-Grant-Programs

Contact: Hilary Finchum-Sung
hvfinchum@asianstudies.org
734-665-2490

Program: Awards and Fellowships
Agency: BMI Foundation
Next Deadline: Feb 2024 (target date)
Provides awards for young performers, composers, and songwriters in a range of music genres. Most awards are for applicants aged up to 24. The BMI Composer Award is for applicants up to 27 years old. Also offers the Pete Carpenter Fellowship for aspiring film, television, and video game composers. See https://bmifoundation.org/

CFDA Number: N/A
Contact: info@bmifoundation.org

Program: Fellowships (Various Short-Term)
Agency: Clark (William Andrews) Memorial Library
Next Deadline: Feb 01, 2024
Offers residential fellowship programs that support postdoctoral research at UCLA's Clark Library specializing in 17th and 18th century studies: Ahmanson-Getty Postdoctoral Fellowships ($64,480 for theme-based research fellowship in residence); Clark Short-Term Fellowships ($4,000 per month up to three months); ASECS/Clark Fellowships ($4,000 for one month of research on Restoration or the 18th century); Kanner Fellowship in British Studies ($9,000 for three months); and Clark Bibliographical Fellowship ($8,000 for two months). Annual deadline: 2/1. See http://www.1718.ucla.edu/research/

Program: Fulbright International Education Administrators Program  
Agency: Council for International Exchange of Scholars  
Next Deadline: Feb 01, 2024  
Supports international education professionals and senior university administrators in two-week summer seminars in various countries. Seminars introduce participants to the society, culture and higher education systems of these countries through visits, meetings with foreign colleagues and officials, cultural events, and briefings on education. Applicants must be U.S. citizens who have significant responsibility for international programs and activities. Annual deadlines: 2/1 (France, Germany), 9/15 (India, Taiwan), and 11/1 (Korea, Japan). Program: Museum Assessment Program  
Agency: Institute of Museum and Library Services  
Next Deadline: Feb 01, 2024  
Provides consultative resources and services to museums for a fee of $300 to $1,500 based on size of the museum's operating expense. Four types of assessments are supported: organizational, collections stewardship, public engagement, and leadership. The services are awarded on a first-come, first-served basis after being approved by the director of IMLS. Eligible organizations should select one of the assessment types and prepare an application for either deadline. MAP is a cooperative program between IMLS and the American Association of Museums (AAM). See http://www.aam-us.org/resources/assessment-programs/MAP

Program: Visiting Research Fellowships in Humanities
Agency: University of Edinburgh
Next Deadline: Feb 23, 2024
Supports up to 25 fellows for residencies from two to six months at the University of Edinburgh. No limitation will be placed on the area of research within the humanities, inter-departmental and interdisciplinary study is encouraged. Applications should clearly state the relationship of the project to one or more of the current research strands/themes of the Institute. Making an Edinburgh contact before submitting applications is an advantage. Most fellowships are honorary, but limited support for expenses is sometimes available. Annual deadline: 2/25 (2/23 in 2024). See http://www.iash.ed.ac.uk/fellowships/fellowships-at-iash/visiting-research-fellowships/

**Program:** New Investigator Research Grant Program  
**Agency:** Leukemia Research Foundation  
**Next Deadline:** Feb 16, 2024  
Funds new investigator grants of up to $150,000 for a grant period of one year. New investigators are considered to be within seven years of their first independent position (years as a resident physician, fellow physician, or post-doc fellow are considered to be training years). Grants must be used to conduct research, and cannot be used for capital support or PI salary. Travel funds not to exceed $1,000. Deadline is for required LOIs. See https://leukemiarf.org/research/grant-programs/

**Program:** Research and Postdoctoral Fellowship Programs  
**Agency:** National Athletic Trainers Association Research and Education Foundation  
**Next Deadline:** Feb 15, 2024  
Supports athletic training profession by offering research grants to grad students, faculty, and postdoctoral fellows for studies that address issues important to the healthcare of the physically active, including basic science, clinical and educational studies. Annual deadlines: 2/15 for doctoral program, 8/1 for master's program, and 9/1 for required research pre-proposals. See https://www.natafoundation.org/research/grant-opportunities/

**Program:** Academic Research Enhancement Award (AREA) for Undergraduate-Focused Institutions  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 25, 2024  
Supports small scale research grants at institutions that do not receive substantial funding from the NIH, with an emphasis on providing biomedical research experiences primarily for undergraduate students, and enhancing the research environment at these applicant institutions. Eligible institutions must award baccalaureate biomedical science degrees. Applicants must pay attention to special R15 review considerations. Annual deadlines: 2/25, 6/25, 10/25 through 5/8/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-155.html and https://grants.nih.gov/grants/guide/pa-files/PAR-21-154.html

**Program:** Accelerating the Pace of Child Health Research Using Existing Data  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 05, 2024  
Supports the analysis of the Adolescent Brain Cognitive Development (ABCD) Study (R01, R21), the largest long-term study of brain development and child health in the United States, collecting data from nearly 12,000 youth and their parents/caregivers beginning at ages 9 and 10 and following them longitudinally to early adulthood. The study serves as a public use dataset to increase knowledge of adolescent physical health and mental health, cognitive function, substance use, cultural and environmental factors, brain structure and functions. Annual deadlines: 2/5, 6/5 and 10/5 through 5/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-137.html
**Program:** Bioengineering Research Grants (BRG)  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 05, 2024  
Supports collaborations between the life and physical sciences that apply a multidisciplinary bioengineering approach to biomedical problems; and accelerates the adoption of promising tools, methods and techniques for a specific research or clinical problem in basic, translational, or clinical science and practice in physics, mathematics, chemistry, computer sciences and engineering. Annual deadlines: 2/5, 6/5, and 10/5 through 9/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-242.html

**Program:** Blueprint MedTech Translator, Small Business Translator, and Incubator Hubs  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 20, 2024  
Provides funding to pursue translational activities and clinical feasibility studies to advance the development of therapeutic, and diagnostic devices for disorders that affect the nervous or neuromuscular systems. Annual deadlines: mid-February, June, October through 6/21/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-315.html

**Program:** Blueprint Neurotherapeutics Network (BPN): Biologic-based Drug Discovery/Development for Disorders of the Nervous System  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 09, 2024  
Supports preclinical discovery and development of potential therapeutic Biotechnology Products and Biologics including, but not limited to, large biologic macromolecules, gene-based therapies, cell therapies, and novel emerging therapies. Eligible applicants are small businesses but colleges and universities may collaborate. Annual deadlines: 2/9 and 8/9 until 4/6/24. Companion opportunities available. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-233.html

**Program:** BRAIN Initiative: Research Resource Grants for Technology Integration and Dissemination  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 14, 2024  
Supports efforts to disseminate resources for integration into neuroscience research practice. The resource(s) should be relevant to the goals of the BRAIN Initiative. The resource(s) should address compelling needs of neuroscience researchers that are otherwise unavailable or impractical in their current form. Program expires 10/12/24. See https://grants.nih.gov/grants/guide/rfa-files/RFA-NS-23-026.html

Program: BRAIN Initiative-Related Research Education: Short Courses (R25 Clinical Trial Not Allowed)

Agency: National Institutes of Health

Next Deadline: Feb 15, 2024

Supports the continuation of ongoing and creation of new short courses for skills development that will significantly advance the educational goals of the BRAIN Initiative as described in The BRAIN Initiative®2.0: From Cells to Circuits, Toward Cures including neuroethics and opportunities to increase the workforce diversity in BRAIN Initiative research areas. Annual deadline: 2/15 until 2/16/24. See https://grants.nih.gov/grants/guide/rfa-files/RFA-EY-21-003.html

Program: HEAL Initiative: Discovery and Validation of Novel Targets for Safe and Effective Pain Treatment (R01 Clinical Trial Not Allowed)

Agency: National Institutes of Health

Next Deadline: Feb 02, 2024

Supports projects that promote the discovery and validation of novel therapeutic targets to facilitate the development of pain therapeutics. The specific program focus is on the basic science discovery of targets in the peripheral nervous system, central nervous system, immune system or other tissues in the body that can be used to develop treatments that have minimal side effects and little to no abuse/addiction liability. Annual deadlines: 2/2, 6/2, and 10/4 until 12/7/24. See https://grants.nih.gov/grants/guide/rfa-files/RFA-NS-22-034.html

Program: Career Transition Award (K22)

Agency: National Institutes of Health

Next Deadline: Feb 12, 2024

Many Institutes support this program which aims to transition investigators from the mentored to the independent stage of their careers. It enables promising new researchers to obtain additional mentored postdoctoral research experience. Award often has two phases, depending upon the Institute supporting it: postdoctoral research training at an NIH lab for up to 1-2 years; and support for awardee’s research at an institution to which she/he has been recruited. Call before applying. Annual deadlines: 2/12, 6/12, 10/12. See https://researchtraining.nih.gov/programs/career-development/K22 for individual notices and contacts.

Program: Independent Scientist Award (K02)

Agency: National Institutes of Health

Next Deadline: Feb 12, 2024

The purpose of the NIH Independent Scientist Award (K02) is to foster the development of outstanding scientists and enable them to expand their potential to make significant contributions to their field of research. The K02 award provides three to five years of salary support and "protected time" for newly independent scientists who can demonstrate the need for a period of intensive research focus as a means of enhancing their research careers. Each independent scientist career award program must be tailored to meet the individual needs of the candidate. Call before applying. Annual deadlines: 2/12, 6/12, 10/12 through 5/8/24. See https://grants.nih.gov/grants/guide/pa-files/PA-20-171.html

**Program:**  Kirschstein NRSA Individual Postdoctoral Fellowship  
**Agency:**  National Institutes of Health  
**Next Deadline:**  Dec 08, 2023  
Supports research training of highly promising postdoctoral candidates who have the potential to become productive, independent investigators in scientific health-related research fields relevant to the missions of the participating NIH Institutes and Centers. Applications are expected to incorporate exceptional mentorship. This NOFO is designed specifically for candidates proposing research that does not involve leading an independent clinical trial, a clinical trial feasibility study, or an ancillary clinical trial, but does allow candidates to propose research experience in a clinical trial led by a sponsor or co-sponsor. Annual deadlines: 4/8, 8/8 and 12/8 through 9/8/25. See https://grants.nih.gov/grants/guide/pa-files/PA-23-262.html

**Program:**  Mentored Clinical Scientist Research Career Development Award (K08)  
**Agency:**  National Institutes of Health  
**Next Deadline:**  Feb 12, 2024  
Many NIH institutes support the career development of outstanding clinician research scientists. Goal is to provide specialized study (K08) for individuals with a health professional doctoral degree committed to a career in laboratory or field-based research. Candidates must have potential to develop into independent investigators. Not every NIH institute offers the K08 mechanism. It is suggested that applicants talk to NIH prior to submitting a proposal. Independent Clinical Trials are required. Annual deadlines: 2/12, 6/12, 10/12 through 5/8/24. See http://grants.nih.gov/grants/guide/pa-files/PA-20-202.html

**Program:**  Kirschstein NRSA Predoctoral Fellowships to Promote Diversity  
**Agency:**  National Institutes of Health  
**Next Deadline:**  Dec 08, 2023  
Supports individual predoctoral fellowship to promote diversity in the health-related research workforce by supporting the research training of students from population groups that show underrepresentation in the biomedical, behavioral, or clinical research workforce, including racial, ethnic and those with disabilities. Fellowships provide up to five years for training leading to the Ph.D. or equivalent. Applicants should identify a mentor at the same time showing potential to become an independent investigator. Must include a letter from the institution certifying eligibility. Annual deadlines: 4/8, 8/8, 12/8 through 9/8/25. See https://grants.nih.gov/grants/guide/pa-files/PA-23-271.html

Program: Mentored Patient-Oriented Research Career Development Award (K23)
Agency: National Institutes of Health
Next Deadline: Feb 12, 2024
Most NIH institutes/centers support career development of investigators who focus their research efforts on patient-oriented research. Candidates must have a clinical degree or its equivalent. Doctorally prepared nurses, clinical psychologists, clinical geneticists, etc. may also apply. Provides support for five years of supervised study and research for clinically trained professionals who focus on patient-oriented research. Prospective candidates encouraged to contact relevant NIH staff for IC-specific programmatic budgetary information. Annual deadlines: 2/12, 6/12, 10/12 through 5/8/24. See http://grants.nih.gov/grants/guide/pa-files/PA-20-206.html

Program: NIH Exploratory/Developmental Research Grant Program (Parent R21)
Agency: National Institutes of Health
Next Deadline: Feb 16, 2024
Many, but not all, NIH institutes support investigator-initiated, also known as unsolicited, exploratory and developmental research (R21) by funding the early and conceptual stages of such efforts. Priorities vary by Institute/Center (IC). ICs that do not accept R21 applications under this announcement may offer similar programs. Combined budget for direct costs for the two year project period may not exceed $275,000. Consultation with NIH staff highly encouraged. Annual deadlines: 2/16, 6/16, 10/16 through 5/8/24. See https://grants.nih.gov/grants/guide/pa-files/PA-20-195.html

Program: Cancer Epidemiology Cohorts: Building the Next Generation of Research Cohorts
Agency: National Institutes of Health
Next Deadline: Feb 28, 2024
Provides funds to support initiating and building the next generation of population-based cancer epidemiology cohorts to address specific knowledge gaps in cancer etiology and survivorship. Specifically, NCI is interested in cancer epidemiology cohorts that can address critical scientific gaps concerning new or unique exposures in relation to cancer risks and outcomes, and achievement of diverse populations in cohorts with the inclusion of understudied populations with substantial community engagement. Annual deadlines: 7/29 and 2/28 until 3/1/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-161.html

--------------------------------------------
Program: Clinical Characterization of Cancer Therapy-induced Adverse Sequelae
Agency: National Institutes of Health
Next Deadline: Feb 05, 2024
Supports basic, translational, and/or clinical research projects that seek to identify the mechanisms of therapy-induced adverse sequelae, clinically characterize the adverse sequelae, or translate the mechanistic understanding into therapeutic approaches to prevent or minimize the development of long-term sequelae. Research projects should focus on mechanistic studies with translational endpoints; and/or longitudinal clinical phenotyping to identify and validate clinical endpoints for future use in clinical trials that will evaluate the efficacy of interventions designed to prevent or reduce specific adverse sequelae. Annual deadlines: 2/5, 6/5, 10/5 through 11/6/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-329.html

Program: Microbial-based Cancer Imaging and Therapy - Bugs as Drugs
Agency: National Institutes of Health
Next Deadline: Feb 16, 2024
Supports research to utilize bacteria, archaeabacteria, bacteriophages, or other non-oncolytic viruses and their natural products to study the underlying mechanisms of the complex interactions between microorganisms, tumors, and the immune system, and to explore their clinical potential for cancer imaging, therapeutics or diagnostics. Projects can focus on using microorganisms as anti-tumor agents, as activators of anti-tumor immunity, or as delivery vehicles for treatment, diagnosis, or imaging, complementing or synergizing with existing tools and approaches. Annual deadlines: 2/16, 6/16, 10/16, until 5/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-086.html

Program: Modulating Human Microbiome Function to Enhance Immune Responses Against Cancer (R01 Clinical Trial Not Allowed)
Agency: National Institutes of Health
Next Deadline: Feb 05, 2024
Supports basic research that elucidates mechanisms by which the human microbiome inhibits or enhances anti-tumor immune responses, and to identify potential novel molecular targets for cancer prevention strategies. Applications should be focused on delineating how host interactions with specific microbes (or consortia) or their metabolites target immune responses that enhance or prevent inflammation-associated or sporadic tumor formation. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-061.html

--------------------------------------------
**Program:** Molecular Imaging of Inflammation in Cancer  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 05, 2024  
Supports research for the development and use of current and emerging molecular imaging methods to gain fundamental insights into cancer inflammation in vivo. Projects are sought that focus on developing integrated imaging approaches to interrogate the role of inflammation in cancer through strong cross-field collaboration between cancer basic science researchers and imaging scientists. These collaborations are expected to advance science and understanding of cancer inflammation interactions. Annual deadlines: 2/5, 6/5, 10/5 until 9/8/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-294.html

**Agency:** National Institutes of Health  
**Program:** Research Projects to Enhance Applicability of Mammalian Models for Translational Research  
**Next Deadline:** Feb 05, 2024  
Supports projects to expand, improve, or transform the utility of mammalian cancer and tumor models for translational research. NCI encourages projects devoted to demonstrating that mammalian models, including organoids, tumoroids and cell models, used for translational research are robust representations of human biology, are appropriate to test questions of clinical importance, and provide reliable information for patient benefit. Annual deadlines: 2/5, 6/5, 10/5 until 9/8/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-284.html

Program: Utilizing the PLCO Biospecimens Resource to Bridge Gaps in Cancer Etiology and Early Detection Research (U01 Clinical Trial Not Allowed)
Agency: National Institutes of Health
Next Deadline: Feb 13, 2024
Supports advance research in cancer etiology and early detection biomarkers, utilizing the advantages of the unique biorepository resources of the NCI-sponsored Prostate, Lung, Colorectal, and Ovarian Cancer (PLCO) Screening Trial. The PLCO Biorepository offers high-quality, prospectively collected, serial pre-diagnostic blood samples from the PLCO screened arm participants, and a one-time collection of buccal cells from both the screened and the control arm participants. Available data associated with the biospecimens includes demographic, diet, lifestyle, smoking, screening results, and other clinical data. Annual deadlines: early February, June and October through 10/12/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-330.html

Program: Stimulating Hematology Investigation: New Endeavors (SHINE)
Agency: National Institutes of Health
Next Deadline: Feb 05, 2024
SHINE supports basic and early translational hematology research that fuels growth in the nonmalignant hematology research domain. Overall program objectives aim to catalyze discoveries in basic molecular and cellular biology that provide new insights into the pathogenesis, prevention, detection, and potential treatment of nonmalignant hematologic diseases; attract new investigators into basic and translational hematology research; promote productive interdisciplinary research collaborations; and reinforce a flexible, proactive role for the NIA, NHLBI, and NIDDK. Annual deadlines: 2/5, 6/5 and 10/5 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAS-22-096.html

CFDA Number: 93.847
Contact: Multiple Contacts, NIDDK

Program: Small Grants for New Investigators to Promote Diversity in Health-Related Research
Agency: National Institutes of Health
Next Deadline: Feb 16, 2024
Provides support for new investigators from diverse backgrounds, including from groups nationally underrepresented in biomedical, clinical, behavioral and social sciences research, to conduct small research projects in the scientific mission areas of the National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK) or the National Human Genome Research Institute (NHGRI). Annual deadlines: 2/16, 6/16, 10/16 until 9/8/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-313.html

Program: Maintaining and Enriching Environmental Epidemiology Cohorts to Support Scientific and Workforce Diversity
Agency: National Institutes of Health
Next Deadline: Feb 13, 2024
Program solicits applications that propose to support the maintenance and resource infrastructure enrichment of existing Environmental Epidemiology Cohorts (EECs); and to enrich data management and data sharing activities to promote widespread data sharing and scientific collaborations, while strengthening scientific and workforce diversity in environmental health. Annual deadline: mid-February through 2024. See https://grants.nih.gov/grants/guide/rfa-files/RFA-ES-23-003.html

**Program:** Research to Action: Assessing and Addressing Community Exposures to Environmental Contaminants

**Agency:** National Institutes of Health

**Next Deadline:** Feb 05, 2024

Supports multidisciplinary projects to investigate the potential health risks of environmental exposures of concern to a community and to develop and implement an environmental public health action plan based on research findings. Projects supported under this program will employ community-engaged research methods to conduct research and to translate research findings into public health action. Annual deadlines: 2/5, 6/5, 10/5 through 9/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-210.html

--------------------------------------------

**Program:** Time-Sensitive Research Opportunities in Environmental Health Sciences

**Agency:** National Institutes of Health

**Next Deadline:** Feb 01, 2024 (target date)

Supports environmental health research in which an unpredictable event provides a limited window of opportunity to collect human biological samples or environmental exposure data. The primary motivation of the FOA is to understand the consequences of natural and man-made disasters or emerging environmental public health threats in the U.S. and abroad. Optional LOIs are due 30 days prior to the application deadline. Annual deadlines: every other month until 12/2/25. See https://grants.nih.gov/grants/guide/rfa-files/RFA-ES-23-011.html

**Program:** Transition to Independent Environmental Health Research Career Award (TIEHR)

**Agency:** National Institutes of Health

**Next Deadline:** Feb 12, 2024

Supports bridge scholar development program for newly independent faculty who intend to pursue careers in environmental health sciences research. Candidates are expected to demonstrate they can successfully compete for research funding in the environmental health sciences. Applicants must be within three years of their first independent faculty position at the time of submission. Must also have independent research space and resources at their institution. Annual deadlines: 2/12, 6/12, and 10/12 through 5/8/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-172.html

**Program:** Virtual Consortium for Translational/Transdisciplinary Environmental Research (ViCTER)

**Agency:** National Institutes of Health

**Next Deadline:** Feb 01, 2024

The purpose of the ViCTER program is to use the R01 mechanism to foster and promote early-stage transdisciplinary collaborations and/or translational research efforts to address fundamental research among basic (technology and mechanism oriented), clinical (patient-oriented) and population-based researchers in the environmental health field. The newly established collaborative teams will come together in common interest to investigate potential linkages between human health and one or more environmental stressor(s). Annual deadline: 2/1 through 2024. See https://grants.nih.gov/grants/guide/rfa-files/RFA-ES-21-007.html

--------------------------------------------
**Program:** NIGMS Predoctoral Basic Biomedical Sciences Research Training Program  
**Agency:** National Institutes of Health  
**Next Deadline:** Jan 25, 2024  
Supports effective, evidence-informed approaches to biomedical graduate training and mentoring that will keep pace with the rapid evolution of the biomedical research enterprise. Proposed research training programs should incorporate didactic, research, and career development elements to prepare trainees for careers that will have a significant impact on the health-related research needs of the nation. Annual deadlines: 1/25, 5/25, 9/25 until 1/26/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-228.html

**Contact:** Mercedes Rubio, NIGMS rubiome@mail.nih.gov

**Program:** Basic Neurodevelopmental Biology of Circuits and Behavior  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 16, 2024  
Supports research projects focused on the dynamic and mechanistic links between the maturation of brain circuits and behaviors across development in rodents and non-human primates. The goal is to build a foundation for understanding how interactions within and among brain regions change over pre- and post-natal development, allowing for the emergence of cognitive, affective and social behaviors. Supported projects will focus on neurodevelopmental trajectories and investigate questions using in vivo neural measures in awake, behaving animals. Annual deadlines: 2/16, 6/16, 10/16 until 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-067.html

**Program:** BRAIN Initiative: Brain Behavior Quantification and Synchronization  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 15, 2024  
Supports the development and validation of next-generation tools, methods, and analytic approaches to precisely quantify behaviors and combine them with simultaneous recordings of brain activity in humans. Tools used for measuring and analyzing behavior should be multi-modal, with the appropriate accuracy, specificity, temporal resolution, and flexibility necessary for integration with existing tools used to measure and modulate the brain circuits that give rise to those behaviors. See https://grants.nih.gov/grants/guide/rfa-files/RFA-MH-23-335.html

**Program:** Cellular and Molecular Biology of Complex Brain Disorders  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 05, 2024  
Supports research on the impact of alterations associated with complex brain disorders related to the fundamental cellular and molecular substrates of neuronal function. Applicants are strongly advised to consult with institute staff early when developing their projects to ascertain that their proposed study is aligned with NIMH priorities. Annual deadlines: 2/5, 6/5 and 10/5 through 9/8/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-24-024.html

**Program:** Clinical Trials to Test the Effectiveness of Treatment, Preventive, and Services Interventions  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 15, 2024  
Supports clinical trials designed to test the therapeutic value of treatment and preventive interventions for which there is already evidence of efficacy, for use in community and practice settings. Applications might include research to evaluate the effectiveness or increase the clinical impact of pharmacologic, somatic, psychosocial (e.g., psychotherapeutic, behavioral), device-based, rehabilitative and combination interventions to prevent or treat mental illness. Annual deadlines: 2/15, 6/15, 10/15 through 2/16/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-129.html

**Program:** Drug Discovery For Nervous System Disorders  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 05, 2024  
Supports the discovery of novel compounds for the prevention and treatment of nervous system disorders to stimulate research in the discovery, design, and preclinical testing of innovative and effective therapeutics aimed at prevention or treatment of nervous system disorders. Priority will be granted to projects that provide novel novel agents for ameliorating, modifying, or correcting potential aberrations in brain signaling and approaches for identifying potential therapeutic agents.

**Program:** Effectiveness Trials for Post-Acute Interventions and Services to Optimize Longer-term Outcomes  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 05, 2024  
Supports research projects to evaluate the effectiveness of therapeutic and service delivery interventions for the post-acute management of mental health conditions affecting youth, adults, and older adults. Clinical trials are encouraged to establish the effectiveness and test hypotheses regarding moderators, mediators, and mechanisms of action of post-acute phase therapeutic and services interventions that are matched to the stage of illness in terms of both their focus and intensity/burden for promoting optimal longer-term outcomes. Annual deadlines: 2/5, 6/5, 10/5 through 3/6/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-210.html

*Wednesday, November 1, 2023*
Program: Innovative Mental Health Services Research Not Involving Clinical Trials
Agency: National Institutes of Health
Next Deadline: Feb 05, 2024
Supports innovative research that will inform and support the delivery of high-quality, continuously improving mental health services to benefit the greatest number of individuals with, or at risk for developing, a mental illness. NIH invites applications for non-clinical trial R01 and R34-level projects that address NIMH strategic priorities that strengthen the public health impact of NIMH-supported research. R01 annual deadlines: 2/5, 6/5, 10/5 through 7/6/24. Companion opportunities available. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-095.html

Program: Mood and Psychosis Symptoms during the Menopause Transition
Agency: National Institutes of Health
Next Deadline: Feb 05, 2024
Encourages applications that will advance mechanistic and translational research on the onset and worsening of mood and psychotic disorders during the menopausal transition (or perimenopause). In particular, NIMH seeks research that will advance understanding of the underlying neurobiological and behavioral mechanisms of mood disruption and psychosis during the menopausal transition and that will identify novel targets for future mental health interventions or prevention efforts. Companion funding available. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-097.html

**Program:** Novel Mechanism Research on Neuropsychiatric Symptoms (NPS) in Alzheimer's Dementia  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 05, 2024  
Supports studies that will enhance knowledge of mechanisms associated with neuropsychiatric symptoms (NPS) in persons with Alzheimer's disease (AD) or Alzheimer's disease-related dementias (ADRD). Project outcomes will advance mechanistic understanding of both biobehavioral and neurobiological pathways leading to NPS, and may provide insight into targets for interventions that may offset some burden linked to symptoms or suggest strategies for prevention. Annual deadlines: 2/5, 6/5, and 10/5 through 9/8/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-207.html

**Program:** Clinical Trial Readiness for Functional Neurological Disorders  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 05, 2024  
Functional Neurological Disorders (FNDs) are characterized by symptoms of altered voluntary motor or sensory function with clinical findings providing evidence of incompatibility between the symptoms and recognized neurological or medical conditions. This FOA invites researchers to submit prospective clinical projects that address critical needs for clinical trial readiness in FNDs. Projects appropriate for this FOA include the validation of biomarkers, endpoints and clinical outcome assessments (COA) that are fit-for-purpose and have a defined context of use for clinical trials. Annual deadlines: 2/5, 6/5, 10/5 through 11/6/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-053.html

**Program:** Innovation Grants to Nurture Initial Translational Efforts (IGNITE)

**Agency:** National Institutes of Health

**Next Deadline:** Feb 20, 2024

This FOA encourages research grant applications to develop in vitro and/or ex vivo assays and conduct iterative screening efforts to identify and characterize potential therapeutic agents for neurological or neuromuscular disorders. This FOA is part of a suite of Innovation Grants to Nurture Initial Translational Efforts (IGNITE) to advance projects to the point where they can meet the entry criteria for the Blueprint Neurotherapeutics Network (BPN) or other translational programs. Annual deadlines: mid-February, June, and October through 2/21/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-124.html

--------------------------------------------
**Program:** Joint NINDS/NIMH Exploratory Neuroscience Research Grant  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 16, 2024  
Supports exploratory and innovative research projects, which fall within the missions of the NINDS and NIMH. Awards will provide support for the early and conceptual stages of projects. These studies often assess the feasibility of a novel avenue of investigation and involve considerable risk, but have the potential to bring about breakthroughs in the understanding of important areas of neuroscience, or to the development of novel techniques, agents, methodologies, or models, of high value to the neuroscience community.

**Program:** Translational Efforts to Advance Gene-based Therapies for Ultra-Rare Neurological and Neuromuscular Disorders  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 08, 2024  
Program supports Investigational New Drug (IND)-enabling studies and planning activities for First-in-Human (FIH) clinical testing of gene-based or transcript-directed therapeutics, such as oligonucleotides and viral-based gene therapies, for ultra-rare neurological or neuromuscular disorders. The goal of this FOA is to accelerate the development of a promising clinical candidate with robust biological rationale and demonstrated proof of concept data for the intended approach in a model system relevant to a specified patient population towards an IND filing and the initiation of a clinical trial. Annual deadlines: early-February, June and October through 6/8/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-030.html

**Program:** NeuroNEXT Clinical Trials  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 05, 2024  
Program encourages exploratory clinical trials of investigational agents (drugs, biologics, surgical therapies or devices) that may contribute to the justification for and provide the data required for designing a future trial, for biomarker validation studies, or for proof of mechanism clinical studies. Diseases chosen for study should be based on the NINDS' strategic plan and clinical research interests (www.ninds.nih.gov/funding/areas/index.htm). Successful applicants will be given access to the NeuroNEXT infrastructure. Annual deadlines: 2/5, 6/5, 10/5 through 3/6/24. See https://grants.nih.gov/grants/guide/pa-files/PAR-21-223.html

**Program:** NLM Grants for Scholarly Works in Biomedicine and Health  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 26, 2024  
Supports the preparation (G13) of book-length manuscripts and other scholarly works of value to U.S. health professionals, public health officials, biomedical researchers and historians of the health sciences. Grants are awarded for major critical reviews, state-of-the-art summaries, historical studies, and other knowledge in clinical medicine, public health, biomedical research, and the informatics/information sciences relating to them. The scholarly work may be prepared for publication in print or non-print media, or both. Annual deadline: 2/26 through 2026. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-183.html

**Program:** NLM Research Grants in Biomedical Informatics and Data Science  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 05, 2024  
Supports innovative research and development in biomedical informatics and data science. There is a focus on biomedical discovery and data-powered health, integrating streams of complex and interconnected research outputs that can be translated into scientific insights, clinical care, public health practices, and personal wellness. Annual deadlines: 2/5, 6/5, 10/5 until 1/08/26. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-034.html

**Program:** Animal and Biological Material Resource Centers  
**Agency:** National Institutes of Health  
**Next Deadline:** Jan 26, 2024  
Centers provide support for special colonies of laboratory animals, as well as other resources such as informatics tools, reagents, cultures (cells, tissues, and organs) and genetic stocks that serve the biomedical research community in a variety of research areas on a local, regional, and national basis. The goal of projects supported by this FOA is to provide research resources that facilitate optimization and enhancement of scientific rigor, transparency, and experimental reproducibility of biomedical research. Annual deadlines: late-January, May, and September through 1/8/26. See https://grants.nih.gov/grants/guide/rfa-files/RFA-OD-23-001.html

**Program:** Prospective Observational Comparative Effectiveness Research in Clinical Neurosciences  
**Agency:** National Institutes of Health  
**Next Deadline:** Feb 20, 2024  
Supports grant applications for investigator-initiated prospective observational comparative effectiveness research (CER) to NINDS (note: only prospective observational studies will be considered). The study must address questions within the mission and research interests of the NINDS and may evaluate preventive strategies, diagnostic approaches, or interventions including drugs, biologics, and devices, or surgical, behavioral, and rehabilitation therapies. NINDS is particularly interested in pragmatic study designs that utilize a cost-effective means of prospectively collecting observational data important to current clinical practice. Annual deadlines: mid-February, June, and October through 5/8/25. See https://grants.nih.gov/grants/guide/па-files/PAR-22-076.html

**Program:** Research Awards and Grants  
**Agency:** North American Spine Society  
**Next Deadline:** Feb 05, 2024  
Supports basic and clinical research on the spine. Goals are to improve the quality of spine care for patients and enhance the understanding of underlying disorders. Any spine-related proposal will be considered. Applicants must hold a doctoral degree or have equivalent professional experience. Any investigator who receives a research grant from NASS will not be eligible for grant funding again for three years. NASS offers Research, Young Investigator and Nontraditional Nonsurgical Treatment Grants (all required LOIs for research projects are due 2/5). Program also supports Traveling Fellowships (5/6). Program: Policy Fellowships
Agency: Society for Research in Child Development
Next Deadline: Jan 07, 2024

Supports fellowship programs for child development researchers. Both fellowships provide opportunities for researchers to come to Washington, DC and use developmental science outside of the academic setting to inform public policy. These Fellowships are open to doctoral scientists from any discipline relevant to child development, and both early and mid-career professionals are encouraged to apply. Applicants must be members of SRCD. Fellowships include State, Congressional, and Executive Branch fellowships (1/7); SECC Dissertation Research Funding Awards (TBD); Small Grants for Early Career Scholars (TBD); and the Victoria S. Levin Grant (11/1). See https://www.srcd.org/policy-media/policy-fellowships

**Program:** FDA Support for Conferences and Scientific Meetings

**Agency:** U.S. Food and Drug Administration

**Next Deadline:** Feb 2024 (target date)

Program facilitates the provision of federal financial assistance in support of high-quality conferences and scientific meetings designed to research and investigate a topic clearly aligned with the FDA mission. A conference or scientific meeting is defined as a symposium, seminar, workshop, or any formal meeting, whether conducted face-to-face or virtually to exchange information and explore a defined subject, issue, or area of concern impacting the public's health within the scope of the FDA's mission. FDA will not issue a conference grant award unless it can be issued before the conference start date. Deadlines refer to required LOIs up to eight weeks before the proposals are due. Expires 10/11/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-23-072.html

**Program:** Travel Grants and Mentoring Travel Grants  
**Agency:** Association for Women in Mathematics  
**Next Deadline:** Feb 15, 2024  
Supports travel grants for women mathematics researchers and educators. The goal of this FOA is to enable women to attend conferences in fields supported by the NSF's Mathematical Sciences Division. Up to $2,300 is available for domestic travel and $3,500 for foreign travel. Mathematics mentoring travel grants (annual deadline: 2/1) provide up to seven awards of up to $5,000 each to help junior women researchers develop long-term working relationships with senior mathematicians. Other awards may be offered. Annual deadlines: 2/15, 5/15, 10/1. See https://awm-math.org/awards/awm-grants/travel-grants/

**Program:** Computer Science for All

**Agency:** National Science Foundation

**Next Deadline:** Feb 14, 2024

Supports researcher-practitioner partnerships that foster the research and development needed to bring computer science (CS) and computational thinking (CT) to all schools with special attention given to high school teachers with the preparation, professional development and ongoing support needed to teach rigorous computer science courses. Annual deadline: second Wednesday in February. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505359 for details.

**Program:** Research on Emerging Technologies for Teaching and Learning (RETTL)

**Agency:** National Science Foundation

**Next Deadline:** Jan 24, 2024

Funds exploratory and synergistic research in emerging technologies (to include, but not limited to, artificial intelligence (AI), robotics, and immersive or augmenting technologies) for teaching and learning in the future. The program accepts proposals that focus on learning, teaching, or a combination of both. The scope of the program is broad, with special interest in diverse learner/educator populations, contexts, and content, including teaching and learning in STEM and in foundational areas that enable STEM (e.g., self-regulation, literacy, communication, collaboration, creativity, and socio-emotional skills). See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=504984

Program: Alliances for Graduate Education and the Professoriate (AGEP)
Agency: National Science Foundation
Next Deadline: Feb 13, 2024
Seeks to advance knowledge about models to improve pathways to the professoriate and success for historically underrepresented minority doctoral students, postdoctoral fellows and faculty in specific STEM disciplines and/or STEM education research fields. New and innovative models are encouraged, as are models that reproduce and/or replicate existing evidence-based alliances in significantly different disciplines, institutions, and participant cohorts. Annual deadlines: 8/15 for AGEP Faculty Career Pathways Alliance LOIs and second Tuesday in February for AGEP Institutional Transformation Alliance prelim proposals. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5474 for updates.

Program: Scholarships in Science, Technology, Engineering, and Math (S-STEM)
Agency: National Science Foundation
Next Deadline: Feb 20, 2024
Provides awards to colleges and universities to fund scholarships for academically talented, financially needy students, and to enhance and study effective curricular and co-curricular activities that support their recruitment, retention, success, and graduation in STEM. Encourages partnering between different types of institutions; among STEM faculty/educational and social science researchers; and higher education/business and industry. Limited submission: an institution may submit one proposal (either as a single institution or as subawardee or a member of an Inter-institutional Consortia project) from each constituent school or college that awards degrees in an S-STEM eligible discipline. Annual deadline: third Monday in February starting in 2023. See https://tinyurl.com/m64srebk for updates.

Program: Improving Undergraduate STEM Education: Hispanic-Serving Institutions (IUSE: HSI)
Agency: National Science Foundation
Next Deadline: Feb 14, 2024
The goals of this program is to enhance the quality of undergraduate STEM education and to increase the recruitment, retention, and graduation rates of students pursuing associate's or baccalaureate degrees in STEM. IUSE: HSI offers three tracks: Track 1 is for Planning or Pilot Projects (PPP), Track 2 is for Implementation and Evaluation Projects (IEP), and Track 3 is for Institutional Transformation Projects (ITP). Limited submission: two proposals for PPP and IEP tracks, on proposal for ITP track. Annual deadlines: second Wednesday in February (PPP, IEP) and last Wednesday in August, starting 2023 (PPP, IEP, ITP). In 2022, PPP, IEP, and ITP are due 9/30. Program: Arctic Research Opportunities
Agency: National Science Foundation
Next Deadline: Feb 2024 (target date)
Supports research about the Arctic, including field and modeling studies, data analysis, and synthesis about the arctic region. Goal is to gain better understanding of the Arctic's physical, biological, geological, chemical, social, and cultural processes, and the interactions of ocean, land, atmosphere, biological, and human systems in the Arctic. Annual deadline: 1/16 and 7/17 for Arctic Natural Sciences and Arctic Social Sciences; proposals accepted any time for Arctic System Science, Arctic Observing Network, Arctic Research Collaboration and Policy Support, and Polar Cyberinfrastructure. Program: Office of Polar Programs
Postdoctoral Research Fellowships (OPP-PRF)

Agency: National Science Foundation

Next Deadline: Feb 05, 2024
Program provides opportunities for early career scientists, including social scientists, to accomplish one or more of the following goals: expand their work across traditional disciplinary lines, develop new partnerships connecting the polar regions and/or non-polar research communities, and provide entry to researchers who have traditionally had limited access to polar research resources, sites and facilities. Limited submission: one proposal per applicant. Annual deadline: first Monday in February, See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505887 for details.

**Program:** Mathematical Sciences Infrastructure Program

**Agency:** National Science Foundation

**Next Deadline:** Feb 06, 2024

Supports projects that foster the continuing health of the mathematical sciences research community as a whole, most often those cutting across multiple sub-disciplines. Funds support working research sessions, such as conferences and symposia, as well as larger initiatives focused on enhancing and developing the mathematical sciences at the national scale. Funds also support a limited number of unsolicited training projects aimed at the undergraduate, graduate, or postdoctoral levels that include a core mathematical sciences research component for trainees. Annual deadline: second Tuesday in May. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=12756 for details.
