

Grants Resource Center
Deadlines
 Funding Expertise. Personally Delivered.

November 01, 2024

This publication includes deadline dates for the month of February 2025 and late announcements for the months of January 2025 and December 2024. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk () are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.**

Program: Research Grants and Fellowships

Agency: American Historical Association

Next Deadline: Feb 15, 2025 (tentative)

Supports several small research grants (up to \$1,500; annual deadline 2/15) in the following areas: history of the Western hemisphere; colonial American history, with particular reference to the intercultural aspects of American and European relations; U.S. legal history and the field of law and society; and history of Europe, Asia, and Africa. Only AHA members are eligible to apply for these grants. Also supports fellowships in Aerospace History (4/1). See <https://www.historians.org/awards-and-grants>

Program: Graduate and Post Graduate Fellowships for Research and Study in Yemen

Agency: American Institute for Yemeni Studies

Next Deadline: Feb 11, 2025

Please note--travel to Yemen is currently restricted; research on Yemen must be conducted in other places. Awards pre- and post-doctoral fellowships. No restriction as to field or discipline, but funds must support research costs incurred in Yemen. Emphasis on feasibility studies and/or research projects for individual or collaborative group projects. Fellowships for U.S.-based scholars restricted to U.S. citizens. Research program also available for Yemen citizens who live in the U.S. See <https://www.aiys.org/fellowships>

Program: AMS Subventions for Publications, Awards, and Research and Travel Grants

Agency: American Musicological Society

Next Deadline: Feb 18, 2025

Supports individuals with expenses involved in the publication of works of musical scholarship. Goal is to defray costs not covered by publishers. Proposals that utilize newer technologies are encouraged. AMS Subventions for Publications awards range from \$500 to \$2,500 each (annual deadline: 2/18, 8/15). AMS 75 Subventions provide up to \$5,000 for first books from early career scholars (annual deadline: 2/18, 8/15). Various awards for outstanding research and publications in music (annual deadlines: 4/1, 8/15). Also provides small Travel and Research Grants (annual deadlines: 4/1, 8/15). See <https://www.amsmusicology.org/page/grants>

Program: Summer Fellowships for Intensive Advanced Turkish Language Study

Agency: American Research Institute in Turkey

Next Deadline: Feb 2025 (tentative)

Provides 15 summer fellowships for intensive advanced language study at Bogazici University in Istanbul, Turkey. Participants also attend extracurricular activities including films, lectures, and cultural events both on and off campus. Eligibility is limited to full-time, citizen, national, or permanent resident of the U.S. Awards cover airfare, application and tuition fees, and a modest stipend. There is a \$25 application fee. Next deadline in early February 2025. See <http://ccat.sas.upenn.edu/ARIT/ARITSummerLanguageProgram.html>

Program: Asian Studies Grants
Agency: Association for Asian Studies
Next Deadline: Feb 03, 2025

The Association for Asian Studies (AAS) is a scholarly, non-political, non-profit professional association open to all persons interested in Asia and the study of Asia. AAS offers several grants to support the research of North American scholars to improve the quality of teaching about Asian cultures at the college and pre-college levels. Grant amounts, details and deadlines vary according to program. Annual deadlines: 2/3, and 10/1, with programs to support bringing speakers to campus due 12/31 (virtual or in-person). Also offers prizes for scholarly books. See <http://www.asian-studies.org/Grants-and-Awards/AAS-Grant-Programs>

Program: Fichter Research Grants (Research on Women and Religion)
Agency: Association for the Sociology of Religion

Next Deadline: Feb 01, 2025
Supports scholars involved in the area of women and religion; this includes religion and gender issues, and feminist perspectives on religion. Dissertation research qualifies for funding, and travel assistance is also available. Scholars at the beginning of their careers are particularly encouraged to apply for awards. A total of \$12,000 is available for multiple awards. Membership is required for consideration. See <http://www.sociologyofreligion.com/lectures-papers/fichter-research-grant-competition/>

Program: Fulbright International Education Administrators Program
Agency: Council for International Exchange of Scholars

Next Deadline: Feb 03, 2025
Supports international education professionals and senior university administrators in two-week summer seminars in various countries. Seminars introduce participants to the society, culture and higher education systems of these countries through visits, meetings with foreign colleagues and officials, cultural events, and briefings on education. Applicants must be U.S. citizens who have significant responsibility for international programs and activities. A new opportunity for 2024 for HBCUs, deadline 9/16 (France and Senegal). Annual deadlines: 2/3 (France, Germany), 9/16 (India, Taiwan), and 11/1 (Korea, Japan). See <https://cies.org/programs/IEA-seminars>

Program: Grant Programs
Agency: Graham Foundation
Next Deadline: Feb 25, 2025

Program offers grants in architecture and its role in arts, culture and society: Production and Presentation Grants for individuals or organizations; and Research and Development Grants for individuals. Grants fund production-related expenses to take a project from conceptualization to realization and public presentation and provide seed money for research-related expenses. Annual deadlines: 2/25 for organizations, 9/15 for individuals. Also offers Carter Manny Award, which supports dissertation research and writing by promising doctoral students (11/15). Program: Collections Assessment for Preservation Program (CAP)
Agency: Institute of Museum and Library Services

Next Deadline: Feb 28, 2025

Provides eligible museums with a general conservation survey grant. The program supports a two-day site visit by a conservation professional to perform assessment and up to three days to write the report. Institutions with living animal collections, botanical gardens, and arboreta are also eligible to apply in some instances. The museum must employ at least one full-time staff member. See <https://www.imls.gov/grants/available/collections-assessment-preservation-program-cap> and <https://www.culturalheritage.org/resources/collections-care/cap>

202-653-4685

Program: Museum Assessment Program
Agency: Institute of Museum and Library Services

Next Deadline: Feb 01, 2025

Provides consultative resources and services to museums for a fee of \$300 to \$1,500 based on size of the museum's operating expense. Four types of assessments are supported: organizational, collections stewardship, public engagement, and leadership. The services are awarded on a first-come, first-served basis after being approved by the director of IMLS. Eligible organizations should select one of the assessment types and prepare an application for either deadline. MAP is a cooperative program between IMLS and the American Association of Museums (AAM). See <http://www.aam-us.org/resources/assessment-programs/MAP> and <https://www.imls.gov/grants/available/museum-assessment-program-map>

Program: Institutes for Advanced Topics in the Digital Humanities

Agency: National Endowment for the Humanities

Next Deadline: Feb 13, 2025

Grants of \$50,000 to \$250,000 are available to support national or regional (multi-state) training programs for faculty and graduate students to broaden and extend their knowledge of digital humanities. Multi-disciplinary teams are strongly encouraged and programs should include computer scientists as well as humanities scholars. Projects are allowed to include a mixture of collaborators from the public and private sector and specialists from within and outside the U.S. See <https://www.neh.gov/grants/odh/institutes-advanced-topics-in-the-digital-humanities>

CFDA Number:

Contact: odh@neh.gov
202-606-8401

Program: Institutes for Higher Education Faculty

Agency: National Endowment for the Humanities

Next Deadline: Feb 12, 2025

Program seeks proposals for professional development programs that convene higher education faculty from across the nation to deepen and enrich their understanding of significant topics in the humanities and enrich their capacity for effective scholarship and teaching. See <https://www.neh.gov/grants/education/institutes-higher-education-faculty>

CFDA Number: 45.163

Contact: Division of Education Programs
institutes@neh.gov

Program: Landmarks of American History and Culture

Agency: National Endowment for the Humanities

Next Deadline: Feb 12, 2025

Provides support for a series of one-week residence-based workshops at historic sites. Workshops should be academically rigorous, focus on key primary sources and documents relevant to American history, and involve leading scholars as lecturers or seminar leaders. Awards grants up to \$190,000. See <https://www.neh.gov/grants/education/landmarks-american-history-and-culture-workshops-school-teachers>

CFDA Number:

Contact: landmarks@neh.gov
202-606-8500

Program: Summer Seminars and Institutes (Host)

Agency: National Endowment for the Humanities

Next Deadline: Feb 12, 2025

Supports national faculty development programs in the humanities for school teachers or university faculty in four models. Seminars and institutes may last from two to five weeks and may be hosted by colleges and universities among other groups. Host site must provide facilities for scholarship and collegial interaction and projects must be designed for a national audience of teachers. Provides awards of up to \$220,000 for 15 months. See <https://www.neh.gov/grants/education/institutes-k-12-educators> and <https://www.neh.gov/grants/education/institutes-higher-education-faculty>

Next Deadline: Feb 01, 2025

Offers grants and fellowships designed to encourage research aimed at finding a specific treatment for Fragile X. Fellowships of up to \$50,000/year for two years support postdoctoral fellows (annual deadline: 2/1). FRAXA's research funding (applications accepted at any time) focuses on clinical trials-- that involves Fragile X human subjects-- although translational research and other early-stage work are welcomed to apply. LOIs are strongly encouraged. Typical funding levels are up to \$100,000. See <https://www.fraxa.org/fragile-x-research/grant-application/>

Program: BHW Education and Training for Professionals

Agency: Health Resources and Services Administration

Next Deadline: Jan 21, 2025

Programs supports strategies to close the gap in access to behavioral health care services by increasing the numbers of adequately prepared behavioral health professionals and paraprofessionals entering and continuing practice with at-risk children, adolescents, and transitional-age youth. Grant recipient activities will place special emphasis on prevention and clinical intervention and treatment for those at risk of developing mental and substance use disorders, and the involvement of families in the prevention and treatment of behavioral health conditions. See <https://www.hrsa.gov/grants/find-funding?status=All&bureau=640> or Grants.gov for CFDA 93.732.

Program: Fellowship Awards in the Neurosciences
Agency: Klingenstein (Esther A. & Joseph) Fund, Inc.

Next Deadline: Feb 01, 2025

Supports a better understanding of neurological and psychiatric disorders. Several areas within the neurosciences are of particular interest: cellular and molecular neuroscience; neural systems; and clinical research. Awards fund young investigators, within four years of receiving his/her first tenure track appointment in a university or medical school, doing basic research in neuroscience. Candidate must hold a Ph.D. and/or M.D. and be tenure-track. Annual deadline: 2/1. Klingenstein Third Generation Fellowship for research into child ADHD and depression due 12/15. Other programs may be available. See <http://www.klingfund.org/>

Program: New Investigator Research Grant Program

Agency: Leukemia Research Foundation

Next Deadline: Feb 14, 2025

Funds new investigator grants of up to \$150,000 for a grant period of one year. New investigators are considered to be within seven years of their first independent position (years as a resident physician, fellow physician, or post-doc fellow are considered to be training years). Grants must be used to conduct research, and cannot be used for capital support or PI salary. Travel funds not to exceed \$1,000. Deadline is for required LOIs. Program: Academic Research Enhancement Award (AREA) for Undergraduate-Focused Institutions

Agency: National Institutes of Health

Next Deadline: Feb 25, 2025

Supports small scale research grants at institutions that do not receive substantial funding from the NIH, with an emphasis on providing biomedical research experiences primarily for undergraduate students, and enhancing the research environment at these applicant institutions. Eligible institutions must award baccalaureate biomedical science degrees. Applicants must pay attention to special R15 review considerations. Annual deadlines: 2/25, 6/25, 10/25 through 5/8/27. See <https://grants.nih.gov/grants/guide/pa-files/PAR-24-152.html> and <https://grants.nih.gov/grants/guide/pa-files/PAR-24-214.html>

Program: Accelerating the Pace of Child Health Research Using Existing Data

Agency: National Institutes of Health

Next Deadline: Feb 05, 2025

Supports the analysis of the Adolescent Brain Cognitive Development (ABCD) Study (R01, R21), the largest long-term study of brain development and child health in the United States, collecting data from nearly 12,000 youth and their parents/caregivers beginning at ages 9 and 10 and following them longitudinally to early adulthood. The study serves as a public use dataset to increase knowledge of adolescent physical health and mental health, cognitive function, substance use, cultural and environmental factors, brain structure and functions. Annual deadlines: 2/5, 6/5 and 10/5 through 5/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-137.html>

Program: Advancing Healthcare for Older Adults from Populations that Experience Health Disparities

Agency: National Institutes of Health

Next Deadline: Feb 05, 2025

The purpose of this initiative is to advance the science and implementation of innovative multi-level health care research for older adults from populations that experience health disparities. The initiative will support research designed to gain a better understanding of appropriate screening, diagnostic, and clinical care guidelines in a primary care setting; explore shared decision-making that is needed to enhance care planning and patient agency between clinicians and care teams with the older adult and their caregiver(s); and identify effective strategies for care coordination. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/28. See <https://grants.nih.gov/grants/guide/pa-files/PAR-24-273.html>

CFDA Number:

Contact: Multiple Contacts

Program: Bioengineering Research Grants (BRG)

Agency: National Institutes of Health

Next Deadline: Feb 05, 2025

Supports collaborations between the life and physical sciences that apply a multidisciplinary bioengineering approach to biomedical problems; and accelerates the adoption of promising tools, methods and techniques for a specific research or clinical problem in basic, translational, or clinical science and practice in physics, mathematics, chemistry, computer sciences and engineering. Annual deadlines: 2/5, 6/5, and 10/5 through 9/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-22-242.html>

Program: Career Transition Award (K22)

Agency: National Institutes of Health

Next Deadline: Feb 12, 2025

Many Institutes support this program which aims to transition investigators from the mentored to the independent stage of their careers. It enables promising new researchers to obtain additional mentored postdoctoral research experience. Award often has two phases, depending upon the Institute supporting it: postdoctoral research training at an NIH lab for up to 1-2 years; and support for awardee's research at an institution to which she/he has been recruited. Call before applying. Annual deadlines: 2/12, 6/12, 10/12. See <https://researchtraining.nih.gov/programs/career-development/K22>

CFDA Number: 93.121

Contact: Multiple Contacts

Program: Ethical, Legal, and Social Implications (ELSI) Research

Agency: National Institutes of Health

Next Deadline: Feb 20, 2025

Several institutes support research applications that propose to study the ethical, legal and social implications (ELSI) of human genetic or genomic research. Applications may propose studies using either single or mixed methods. Approaches may include but are not limited to empirical qualitative and quantitative methods, and conceptual, legal, and normative analyses. Applied research designed to address ELSI issues in genetics and genomics will also be considered responsive. Direct engagement with communities and other interested groups is encouraged, but not required. Annual deadlines: mid-February, June, October through 11/19/26. See <https://grants.nih.gov/grants/guide/pa-files/PA-23-293.html>

CFDA Number: 93.172

Program: Independent Scientist Award (K02)

Agency: National Institutes of Health

Next Deadline: Feb 12, 2025

The purpose of the NIH Independent Scientist Award (K02) is to foster the development of outstanding scientists and enable them to expand their potential to make significant contributions to their field of research. The K02 award provides three to five years of salary support and "protected time" for newly independent scientists who can demonstrate the need for a period of intensive research focus as a means of enhancing their research careers. Each independent scientist career award program must be tailored to meet the individual needs of the candidate. Call before applying. Annual deadlines: 2/12, 6/12, 10/12 through 5/8/27. See <https://grants.nih.gov/grants/guide/pa-files/PA-24-178.html>

Program: Mentored Clinical Scientist Research Career Development Award

Agency: National Institutes of Health

Next Deadline: Feb 12, 2025

Prepares qualified individuals for careers that have a significant impact on the health-related research needs of the nation. This program represents the continuation of a long-standing NIH program that provides support and "protected time" to individuals with a clinical doctoral degree for an intensive, supervised research career development experience in the fields of biomedical and behavioral research, including translational research. Annual deadlines: 2/12, 6/12, 10/12 through 5/8/27. See <https://grants.nih.gov/grants/guide/pa-files/PA-24-181.html>

Program: MOSAIC Postdoctoral Career Transition Award to Promote Diversity

Agency: National Institutes of Health

Next Deadline: Feb 12, 2025

The overarching goal of the program is to support a cohort of early career, independent investigators from diverse backgrounds conduct research in NIH areas. The program has two components: an individual career transition award for postdoctoral scholars, and a companion research education cooperative agreement (UE5) awarded to organizations to provide these scholars with additional mentoring, networking and professional development activities to support their transition to and success in independent, tenure-track or equivalent research-intensive faculty careers. Companion funding available. Annual deadlines: 2/12, 6/12, and 10/12 through 9/8/27. See <https://grants.nih.gov/grants/guide/pa-files/par-24-225.html>

Program: Pathway to Independence Award (Parent K99/R00)

Agency: National Institutes of Health

Next Deadline: Feb 12, 2025

Supports a timely transition of outstanding postdoctoral researchers with a research and/or clinical doctorate degree from mentored, postdoctoral research positions to independent, tenure-track or equivalent faculty positions. Applicants must have less than four years of postdoctoral research experience at the time of the initial (new) or the subsequent resubmission application and requires at least 12 months of mentored research training and career development (K99 phase) before transitioning to the R00 award phase of the program. Funding is available for up to five years covered within two phases. Annual deadlines: 2/12, 6/12 and 10/12 through 5/8/27. See <https://grants.nih.gov/grants/guide/pa-files/PA-24-195.html>

Program: Aging Research Dissertation Awards to Promote Diversity

Agency: National Institutes of Health

Next Deadline: Feb 16, 2025

Supports dissertation awards in all areas of research within NIA's strategic priorities to promote the diversity of the scientific research workforce engaged in research on aging and aging-related health conditions. Annual deadlines: 2/16, 6/16 and 10/16 through 1/8/27. See <https://grants.nih.gov/grants/guide/pa-files/PAR-24-052.html>

Contact: Jamie Lahvic, NIA
NIATraining@mail.nih.gov

Program: Alzheimer's Drug-Development Program

Agency: National Institutes of Health

Next Deadline: Feb 05, 2025

Provides funding support for the pre-clinical and early stage clinical (Phase I) development of novel small-molecule and biologic drug candidates that prevent Alzheimer's disease (AD), slow its progression, or treat its cognitive and behavioral symptoms. Participants in this program will receive funding for therapy development activities such as medicinal chemistry; pharmacokinetics; Absorption, Distribution, Metabolism, Excretion, Toxicology; efficacy in animal models; formulation development; chemical synthesis under Good Manufacturing Practices; Investigational New Drug enabling studies; and initial Phase I clinical testing. Annual deadlines: 2/5, 6/5, 10/5 through 11/6/27. See <https://grants.nih.gov/grants/guide/pa-files/PAR-24-223.html>

301-594-7576

Program: Small Research Grant Program for the Next Generation of Clinical Researchers in AD-ADRD Research

Agency: National Institutes of Health

Next Deadline: Feb 16, 2025

Supports meritorious projects to provide needed scientific insight to improve the prevention, diagnosis, treatment, and/or care for individuals with Alzheimer's disease and Alzheimer's disease-related dementias (AD/ADRD). Specifically, this NOFO will support projects covering a wide range of topics related to AD/ADRD. Annual deadlines: 2/16, 6/16 and 10/16 through 3/17/26. See <https://grants.nih.gov/grants/guide/pa-files/PAR-23-179.html>

CFDA Number:

Contact: Luci Roberts, NIA
roberlu@mail.nih.gov

Program: Archiving and Documenting Child Health and Human Development Data Sets

Agency: National Institutes of Health

Next Deadline: Feb 16, 2025

Supports the archiving and documentation of existing data sets within the scientific mission of the NICHD in order to enable secondary analysis of these data by the scientific community. The highest priority is to archive original data collected with NICHD funding. Expires 11/17/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-24-256.html>

susan.jekielek@nih.gov

Program: Small Research Grants for Analyses of Gabriella Miller Kids First Pediatric Research Data

Agency: National Institutes of Health

Next Deadline: Feb 16, 2025

Supports small research projects focused on analyses of childhood cancer and/or structural birth defects genomic datasets generated by the Kids First program and/or associated phenotypic datasets. Development of approaches, tools, or algorithms appropriate for analyzing genomic, phenotypic, and/or clinical data relevant to Kids First may also be proposed. Annual deadlines: 2/16, 6/16, 10/16 until 1/8/26. See <https://grants.nih.gov/grants/guide/pa-files/PAR-23-075.html>

Program: High Priority HIV and Substance Use Research

Agency: National Institutes of Health

Next Deadline: Feb 11, 2025

Supports high priority research at the intersection of HIV and substance use. This FOA invites innovative research projects with the potential to open new areas of HIV/AIDS research and/or lead to new avenues for prevention, treatment and cure of HIV among people who use drugs (PWUD). Applications submitted under this FOA are required to have a detailed research plan, preliminary data, and a clear description of the nexus with substance use. This FOA is open to both individual researchers and research teams and includes all areas of research from basic science to clinical and implementation research. Annual deadlines: 2/11 and 8/13 through 2/12/27. See <https://grants.nih.gov/grants/guide/rfa-files/RFA-DA-25-024.html>

Program: Early Career Research Award

Agency: National Institutes of Health

Next Deadline: Feb 19, 2025

Supports clinical and basic scientists who are transitioning to, or are already in the early stages of, their independent research career. The research should be focused on one or more of these areas: hearing, balance, smell, taste, voice, speech, or language. Clinical trial is optional. The intended outcome is to obtain sufficient preliminary data for a subsequent R01 application. Project support up to \$375,000 for up to 3 years. Deadlines in mid-February, June, and October through 10/16/27. See: <https://grants.nih.gov/grants/guide/pa-files/PAR-25-120.html>

Program: Research Awards and Grants

Agency: North American Spine Society

Next Deadline: Feb 03, 2025

Supports basic and clinical research on the spine. Goals are to improve the quality of spine care for patients and enhance the understanding of underlying disorders. Any spine-related proposal will be considered. Applicants must hold a doctoral degree or have equivalent professional experience. Any investigator who receives a research grant from NASS will not be eligible for grant funding again for three years. NASS offers Research, Young Investigator and Nontraditional Nonsurgical Treatment Grants (all required LOIs for research projects are due 2/3). Program also supports Traveling Fellowships (5/5). See <http://tinyurl.com/nn4ncjh>

CFDA Number: N/A

Contact: Karen James
kjames@spine.org
630-230-3691

Program: PCORI Opportunities (Various)

Agency: Patient-Centered Outcomes Research Institute

Next Deadline: Jan 2025 (target date)

Supports research studies that compare the effectiveness of two or more strategies prevention, treatment, screening, diagnosis or management that have not been adequately studied against alternative options. Topics are not limited to medical or surgical therapy and may include a range of strategies including self-care. Emphasis is on studies conducted in typical clinical populations considering the full range of patient-centered outcomes. Deadlines vary and typically require an LOI. See <http://tinyurl.com/p7ukdmb>

CFDA Number:

Contact: ea@pcori.org
202-370-9312

Program: Research Awards
Agency: Pharmaceutical Research
Manufacturers of America Foundation

Next Deadline: Feb 2025 (*target date*)

Supports young M.D.s, Ph.D.s, and medical students in disciplines important to the pharmaceutical industry. Every program the foundation supports aims to improve the field of drug discovery and development. Multiple fellowships and grants are available with annual deadlines, and most require LOIs. See <http://www.phrmafoundation.org/>

csoh@phrma.org
202-572-7756

Program: Grants Programs
Agency: Retirement Research Foundation

Next Deadline: Feb 01, 2025

Supports services, education, research, and advocacy projects related to the elderly and their retirement. Priority projects have regional or national impact. Requests for support of projects focusing on advocacy, research, education or training will be considered from anywhere in the U.S. Funding for direct service projects with no potential to change practice, policy, or delivery systems limited to nonprofit agencies in IL, IN, IA, KY, MO, WI, FL. If considering a multi-year request, contact foundation staff before submitting proposal. Annual deadlines: 2/1, 5/1, 11/1 for required LOIs. See <https://www.rrf.org/apply-for-a-grant/>

CFDA Number: N/A

Contact: Julie Kaufman

Program: Policy Fellowships
Agency: Society for Research in Child
Development

Next Deadline: Jan 06, 2025

Supports fellowship programs for child development researchers. Both fellowships provide opportunities for researchers to come to Washington, DC and use developmental science outside of the academic setting to inform public policy. These fellowships are open to doctoral scientists from any discipline relevant to child development, and both early and mid-career professionals are encouraged to apply. Applicants must be members of SRCD. Fellowships include State, Congressional, and Executive Branch fellowships (1/6); SECC Dissertation Research Funding Awards (TBD); Small Grants for Early Career Scholars (TBD); and the Victoria S. Levin Grant (11/8). See <https://www.srcd.org/programs-and-funding>

Program: Rural Business Development Grant
(RBDG)
Agency: U.S. Department of Agriculture

Next Deadline: Feb 28, 2025

RBDG promotes economic development and job creation projects through the awarding of grant funds to eligible entities, including IHEs. Applications will compete in two separate categories, business opportunity grants and business enterprise grants, for use in funding various business and community projects that serve rural areas. See <https://www.rd.usda.gov/programs-services/business-programs/rural-business-development-grants>

Program: Medical Technology Enterprise Consortium

Agency: U.S. Department of Defense

Next Deadline: Jan 2025 (target date)

U.S. Army Medical Research and Development Command (USAMRDC) and other customers offer funding opportunities to MTEC members through solicitations called Requests for Prototype Proposals (RPPs). The RPPs offer MTEC members the opportunity to propose prototype technologies to the technology requirements in each solicitation's sub-objective area. Multiple competitions annually. Program: Advanced Rehabilitation Research Training (ARRT)

Agency: U.S. Department of Health and Human Services

Next Deadline: Dec 02, 2024

ARRT projects train rehabilitation researchers, including researchers with disabilities, with particular attention to research areas that support the implementation and objectives of the Rehabilitation Act of 1973 and that improve the effectiveness of services authorized under the Act. See <https://acl.gov/programs/research-and-development/advanced-rehabilitation-research-and-Grants.gov> for CFDA 93.433.

Program: FDA Support for Conferences and Scientific Meetings

Agency: U.S. Food and Drug Administration

Next Deadline: Jan 2025 (target date)

Program facilitates the provision of federal financial assistance in support of high-quality conferences and scientific meetings designed to research and investigate a topic clearly aligned with the FDA mission. A conference or scientific meeting is defined as a symposium, seminar, workshop, or any formal meeting, whether conducted face-to-face or virtually to exchange information and explore a defined subject, issue, or area of concern impacting the public's health within the scope of the FDA's mission. FDA will not issue a conference grant award unless it can be issued before the conference start date. Deadlines refer to required LOIs up to eight weeks before the proposals are due. Expires 10/11/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-23-072.html>

Program: AALAS Grants for Laboratory Science

Agency: American Association for Laboratory Animal Science Foundation

Next Deadline: Feb 01, 2025

Supports competitive short-term research grants (up to \$50,000 over one year) in the laboratory animal science field. Examples of research interest are environmental conditions; housing and enrichment; pain and distress; health and welfare; euthanasia; and, advancements in animal care and use. PIs must hold AALAS membership and are strongly encouraged to include collaboration in their proposals. AALAS membership is not required for collaborators. An updated application form and submission guidelines will be posted on December 1. Annual deadline: 2/1. See <https://www.aalas.org/glas#.VF0-kMkjT18>

CFDA Number: N/A

Contact: glas@aalas.org

Program: Travel Grants and Mentoring Travel Grants

Agency: Association for Women in Mathematics

Next Deadline: Feb 15, 2025

Supports travel grants for women mathematics researchers and educators. The goal of this FOA is to enable women to attend conferences in fields supported by the NSF's Mathematical Sciences Division. Up to \$2,300 is available for domestic travel and \$3,500 for foreign travel. Mathematics mentoring travel grants (annual deadline: 2/15, 8/15) provide up to seven awards of up to \$5,000 each to help junior women researchers develop long-term working relationships with senior mathematicians. Other awards may be offered. Annual deadlines: 2/15, 5/15, 8/15, and 10/1. See <https://awm-math.org/awards/awm-grants/travel-grants/>

Program: Teacher-Scholar Awards in Chemical Sciences

Agency: Dreyfus Foundation

Next Deadline: Jan 30, 2025

Camille Dreyfus (1/30) and Henry Dreyfus (8/7) Teacher-Scholar awards support research and teaching careers of talented young faculty in chemical sciences. Camille Dreyfus awards provide \$100,000 based on an independent body of scholarship and demonstrated commitment to education. Henry Dreyfus awards provide \$75,000 based on accomplishment in scholarly research with undergraduates and compelling commitment to teaching. Limited submission: one application per institution. Program: Graduate and Postgraduate Research Grants

Agency: Huyck (Edmund Niles) Preserve and Biological Research Station

Next Deadline: Feb 21, 2025

Supports graduate and postgraduate research using the resources of the Huyck Preserve in NY. Grants support research in basic and applied ecology, taxonomy, animal behavior, evolution, earth sciences, land use history and other areas of natural science. Native flora and fauna are abundant. Facilities include wet/dry labs, conference center and library. Preference given to residencies of one week or more, and grantees must assist in scientific outreach during their residency. Awards from \$2000-\$3,500. See <http://tinyurl.com/k8j3b36>

Program: Established Program to Stimulate Competitive Research (EPSCoR)

Agency: National Aeronautics and Space Administration

Next Deadline: Jan 29, 2025

Program targets states of modest research infrastructure and provides funds to develop a more competitive research base within their member academic institutions. Proposals will also contribute to the overall research infrastructure, science and technology capabilities, higher education, and/or economic development of the EPSCoR jurisdiction. NASA invests \$125,000 per state annually. Requires 1:1 match. Eligibility is limited to 25 states and Puerto Rico. Also offers EPSCoR RII Track-4: EPSCoR Research Fellows due 4/9/24. See Grants.gov (CFDA 43.008) and <http://www.nasa.gov/offices/education/programs/national/epscor/home/index.html>

Program: Emerging Frontiers in Research and Innovation

Agency: National Science Foundation

Next Deadline: Dec 12, 2024

Supports interdisciplinary teams of researchers to embark on rapidly advancing frontiers of fundamental engineering research. Research areas include: Chromatin and Epigenetic Engineering; and Continuum, Compliant, and Configurable Soft Robotics Engineering. Funds support proposals with transformative ideas that represent an opportunity for a significant shift in fundamental engineering knowledge with a strong potential for long term impact on national needs or a grand challenge. Deadline refers to required letters of intent. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=13708

Program: Incorporating Human Behavior in Epidemiological Models (IHBEM)

Agency: National Science Foundation

Next Deadline: Feb 14, 2025

Supports interdisciplinary collaborations integrating research on behavioral and/or social processes in mathematical epidemiological models. The goal of this program is to minimize unintended outcomes of public health interventions in response to pandemics. Annual deadline: 3/15 (4/14 in 2023). See

<https://beta.nsf.gov/funding/opportunities/incorporating-human-behavior-epidemiological-0>

CFDA Number: 47.049

Contact: Multiple Contacts

Program: Biology Integration Institutes (BII)

Agency: National Science Foundation

Next Deadline: Feb 18, 2025

The aim of this solicitation is to bring researchers together around the common goal of understanding how the processes that sustain life and enable biological innovation operate and interact within and across different scales of organization, from molecules to cells, tissues to organisms, species, ecosystems, biomes and the entire Earth. BII supports collaborative teams of researchers investigating questions that span multiple disciplines within and beyond biology. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505684

Program: Organismal Response to Climate Change (ORCC)

Agency: National Science Foundation

Next Deadline: Jan 23, 2025

Program invites mechanistic studies of organismal response to climate change (ORCC) as a foundation that, when integrated with research at other levels of organization, will lead to a deeper understanding and better predictions of the integrity, the resilience, and the adaptation of biological systems to climate change. Proposals are encouraged to include collaborative teams with an overarching goal of using approaches across biological disciplines to anticipate more accurately adaptive and maladaptive organismal responses to future and novel environmental conditions. Annual deadline: third Tuesday in November. See <https://beta.nsf.gov/funding/opportunities/organismal-response-climate-change-orcc>

Program: Science of Organizations (SoO)

Agency: National Science Foundation

Next Deadline: Feb 03, 2025

Supports basic research yielding a scientific evidence base to improve the design and emergence, development and deployment, and management and ultimate effectiveness of organizations of all kinds. Projects should advance business practitioners', policy-makers', and research communities' fundamental understanding of how organizations develop, form, and operate. The majority of space in any proposal will need to be dedicated to the explication of theory, methods, and specific contribution to the evidence base about organizational effectiveness. Annual deadlines: 2/2 and 9/3. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=504696

Program: Sociology

Agency: National Science Foundation

Next Deadline: Feb 2025 (*target date*)

Supports basic research on social organization: societies, institutions, groups, demography and processes of individual and institutional change. Encourages investigations on fundamental social processes, such as research on organizations and organizational behavior, population dynamics, social movements, social groups, labor force participation, stratification and mobility, family, social networks, socialization, gender roles, and the sociology of science and technology. Annual deadlines: proposals accepted any time. See <http://tinyurl.com/cgu7j17> for details.

Program: Innovation Corps - National Innovation Network Teams Program (I-CorpsTM Teams)

Agency: National Science Foundation

Next Deadline: Feb 2025 (*target date*)

Supports efforts to contribute to a national innovation ecosystem that builds upon fundamental research to guide the output to facilitate the application of scientific discoveries closer to the development of technologies, products and processes that benefit society. Project teams will gain access to resources to help determine the readiness of transition technology developed by previously-funded or currently funded NSF projects. Annual deadline: proposals accepted any time, with a cognizant NSF Program Officer's invitation. See <https://tinyurl.com/3nsu23u2> for details.

Program: Grants and Fellowships
Agency: Partnership for Clean Competition
Next Deadline: Feb 01, 2025

Supports scientific research advancing knowledge in the anti-doping sphere. Grant and Fellowships pre-applications are accepted two times annually (annual deadlines: 2/1, 8/1). For applicants invited to submit full applications, the due date is the first day of the month following the pre-application deadline. The PCC also offers micro-grants year round for grants requiring less than \$75,000 and six months to complete. See www.cleancompetition.org

Program: Student Scholarships (Undergraduate and Graduate)

Agency: Society of Manufacturing Engineers

Next Deadline: Feb 01, 2025

Supports graduating high school seniors, undergraduates, and graduate students working toward degrees in manufacturing engineering, manufacturing engineering technology, or a closely related manufacturing field of study at a U.S. college or university. Successful applicants can receive between \$2,500 and \$20,000. About 100 scholarships awarded annually. Many scholarships have regional limitations. Annual deadline: 2/1. See <http://www.smeef.org/scholarships/>

Program: Wood Innovations
Agency: U.S. Department of Agriculture
Next Deadline: Dec 11, 2024

Accepts proposals to substantially expand and accelerate wood energy and wood products markets throughout the United States to support forest management needs on National Forest System and other forest lands. Funding is awarded in two separate categories: expansion of wood energy markets and expansion of wood products markets. See <https://www.fs.usda.gov/science-technology/energy-forest-products/wood-innovation>

Program: Hispanic-Serving Institutions (HSIs) Education Grants Program

Agency: U.S. Department of Agriculture

Next Deadline: Feb 04, 2025

Supports projects to strengthen HSI campuses' ability to carry out education programs to support outstanding students capable of enhancing the nation's food and agricultural workforce. Program includes faculty teaching enhancement, curricular design, instructional delivery, scientific instrumentation, student learning, and student recruitment and retention. Features three grant types with following deadlines: Regular (2/4); Collaboration (2/5); and Conference (2/6). See <https://www.nifa.usda.gov/grants/funding-opportunities/hispanic-serving-institutions-education-grants-program> for updates.

Program: Organic Agriculture Research and Extension Initiative

Agency: U.S. Department of Agriculture

Next Deadline: Feb 13, 2025

Program seeks to solve critical organic agricultural issues, priorities, or problems through the integration of research, education and extension activities. OREI funds research, education and extension programs that enhance the ability of producers and processors who have already adopted organic standards to grow and market high quality organic agricultural products. Priority concerns include biological, physical, and social sciences, including economics. Matching cost share is required. See <https://nifa.usda.gov/funding-opportunity/organic-agriculture-research-and-extension-initiative>

Program: Sustainable Agriculture Research and Education Program (SARE)

Agency: U.S. Department of Agriculture

Next Deadline: Feb 2025 (*target date*)

Supports research and education projects exploring: farm renewable energy; pest and weed management; nutrient management; agroforestry; marketing; sustainable communities; systems research; etc. Grants fund projects that usually involve scientists, producers and others in an interdisciplinary approach. Calls for Proposals include Graduate Student Grants; Professional Development; Research & Education; and Educators. Deadlines vary by program and often by region. See <http://www.sare.org/> for details.

Program: Bycatch Reduction Engineering Program

Agency: U.S. Department of Commerce

Next Deadline: Dec 13, 2024

Supports the development of technological solutions and changes in fishing practices designed to minimize bycatch of fish (including sponges, deep-sea corals, and shallow (tropical) corals) and protected species (including marine mammals, sturgeon, seabirds, and sea turtles) as well as minimize mortality and injury of bycaught species (including post-release injury and mortality). Projects should produce outcomes that can directly influence management needs of federally managed living marine resources. Deadline refers to required pre-proposals. See <https://www.fisheries.noaa.gov/national/bycatch/bycatch-reduction-engineering-program>

Program: Coral Reef Conservation Program (CRCP)

Agency: U.S. Department of Commerce

Next Deadline: Feb 2025 (*target date*)

Program was established to protect, conserve, and restore the nation's coral reefs by maintaining healthy ecosystem function. The focus on four main pillars of work: Increase resilience to climate change; Reduce land-based sources of pollution; Improve fisheries' sustainability; and Restore viable coral populations. Multiple solicitations available throughout the year. See <https://tinyurl.com/w83mxnjt>

Program: DEVCOM Army Research
Laboratory BAA for Foundational
Research

Agency: U.S. Department of Defense

Next Deadline: Feb 2025 (*target date*)

Supports defense relevant research in mechanical sciences, environmental sciences, mathematics, electronics, computing science, physics, chemistry, life sciences, materials science and network science. Funds support cutting-edge innovative research that could produce discoveries that would have a significant impact on enabling new and improved Army operational capabilities and related technologies. Annual deadline: applications are accepted at any time until 11/20/27. Combines two previously separate BAA opportunities into one comprehensive BAA. Program: DARPA: Young Faculty Award

Agency: U.S. Department of Defense

Next Deadline: Feb 05, 2025

Supports elite, early career researchers to develop innovative new research directions in the context of enabling transformative DoD capabilities. Provides funding, mentoring, and contacts to untenured, U.S. junior faculty in a tenure-track position, to develop high risk, high payoff fundamental research in disciplines critical to maintaining the technological superiority of the U.S. military. Priority areas include physical sciences, engineering, materials, mathematics, biology, computing, informatics and manufacturing disciplines. See <https://www.darpa.mil/work-with-us/for-universities/young-faculty-award> and [Grants.gov](https://www.grants.gov) (CFDA 12.910)

Program: Visiting Faculty Program (VFP)

Agency: U.S. Department of Energy

Next Deadline: Jan 08, 2025

Program seeks to increase the research competitiveness of faculty members and their students at institutions historically underrepresented in the research community in order to expand the workforce vital to DOE mission areas. Selected university/college faculty members collaborate with DOE laboratory research staff on a research project of mutual interest for 10 weeks between May and August. Faculty member participants may invite up to two students (one of which may be a graduate student), but student participation is optional. Topics vary by participating DOE laboratory. Program: DOE Scholars Program

Agency: U.S. Department of Energy

Next Deadline: Feb 16, 2025

Offers summer internships (usually 10 weeks) with stipends of at least \$600 per week to undergraduates, graduate students and post graduates. Participants may be assigned to research, technical or policy-related projects. Applicants must be pursuing a degree or have a degree in a STEM discipline or have demonstrated interest or experience in a STEM field that supports the DOE mission. Program introduces students or recent college graduates to DOE's mission and operations. Available appointments will be determined by participating DOE sites. Locations vary by year depending upon sponsoring office needs and available funding. See <http://orise.orau.gov/doescholars/>

CFDA Number:

Contact: doescholars@orise.orau.gov

Program: Science Undergraduate Laboratory Internships (SULI)

Agency: U.S. Department of Energy

Next Deadline: Jan 08, 2025

Program encourages undergraduate students to pursue STEM careers by providing research experiences at DOE National Laboratories. Interns perform research, guided by laboratory staff, on projects related to ongoing programs. Appointments are for 10 weeks in the summer, 16 weeks in the spring and fall. Each DOE laboratory/facility offers different research opportunities; not all DOE laboratories/facilities offer internships during the Fall and Spring Terms. See <https://science.osti.gov/wdts/suli>

Program: Hazard Mitigation Assistance

Agency: U.S. Department of Homeland Security

Next Deadline: Jan 2025 (target date)

Provides funding for eligible mitigation activities that reduce disaster losses and protect life and property from future disaster damages. Programs include Building Resilient Infrastructure and Communities and Flood Mitigation Assistance. Applications must be submitted by an agency designated by the state emergency management agency. Most grants are released for a specific region after a disaster has occurred. IHEs may subcontract. Other opportunities may be available. See <http://www.fema.gov/hazard-mitigation-assistance>
