This publication includes deadline dates for the month of December 2022 and late announcements for the months of November 2022 and October 2022. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk (**) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.

**Program:** ArtsLink Fellowships Exchange Programs  
**Agency:** CEC ArtsLink  
**Next Deadline:** Dec 30, 2022  
Supports exchanges between artists and arts organizations in the U.S. and Central/Eastern Europe, Russia, and Eurasia. Art Prospect Network Residency program supports arts professionals from eligible countries for projects in the U.S. (2/10); International Fellowships U.S. Residencies (12/30) place artists from eligible countries virtually at U.S. arts organizations for six weeks. Back Apartment Residencies (2/10) place U.S. artists in St. Petersburg, Russia. International Fellowships U.S. and Home Country Projects (3/1) supports collaborative projects between organizations from U.S. and eligible countries for previous fellows. **Program:** Multi-Country Research Fellowship Program  
**Agency:** Council of American Overseas Research Centers  
**Next Deadline:** Dec 08, 2022  
Supports doctoral candidates and scholars (U.S. citizens only) with Ph.D.s in fields of the humanities, social sciences, or allied natural sciences. Must conduct research of regional or trans-regional significance in two or more countries outside the U.S., one of which must host a participating American overseas research center. Fellowship term is typically 90 days. Awards are up to $12,000. Other programs available. See http://caorc.org/fellowships/multi/

Program: Visiting Member Awards
Agency: Institute for Advanced Study School of Social Science
Next Deadline: Oct 15, 2022
Supports a group of up to 25 interdisciplinary and international scholars to pursue their own research. Also organizes a seminar on the year’s focus and a weekly lunch at which members as well as invited guests present their on-going work. Visiting scholars are drawn from a wide range of fields including political science, economics, law, psychology, sociology, anthropology, history, philosophy, and literary criticism. The theme for 2023-24 is Platform. Annual deadline: 11/1. Applications that do not fall within the parameters of the theme will also receive full consideration. Other programs may be available. **Program:** Collaborative Research Grants  
**Agency:** National Endowment for the Humanities  
**Next Deadline:** Nov 30, 2022  
Supports original research undertaken by a team of two or more scholars, or individual research that requires additional staff and resources. Eligible projects include research that significantly adds to knowledge and understanding in the humanities, archaeology research, translations, and research conferences. Funds can be used for personnel, travel, field work, information technology applications, and technical support. Publication Grants and Archeology Grants provide up to $250,000 for projects lasting one to three years; convening awards up to $50,000 for one year. **Program:** Scholarly Editions and Translations  
**Agency:** National Endowment for the Humanities  
**Next Deadline:** Nov 30, 2022  
Supports the preparation of editions and translations of pre-existing texts and documents that are currently inaccessible or available in inadequate editions. Projects must be undertaken by a team of at least one editor or translator and one other staff member. Grants typically support editions and translations of significant literary, philosophical, and historical materials, but other types of work, such as musical notation, are also eligible. Awards up to $300,000, or up to $450,000 for those addressing the NEH Special Initiative "A More Perfect Union." Program: Postdoctoral Fellowships in Residence  
Agency: Pembroke Center for Teaching and Research on Women  
Next Deadline: Nov 21, 2022  
Fellowships are awarded to postdoctoral scholars who received their PhD degrees from institutions other than Brown University. Supports postdoctoral research fellows in residence for an academic year. Fellows from the humanities, social sciences, and life sciences focus on work that is qualitative and humanistic in nature. Fellows may not hold a tenured position in any college or university. The center has an annual research focus; current focus is "De-Colonial Retro-Speculation." Awards are up to $53,760 plus $1,500 for research expenses. See https://pembroke.brown.edu/funding-opportunities/postdoctoral-research-fellowships

212-861-4993

Program: Unsolicited Proposals  
Agency: U.S. Department of State  
Next Deadline: Dec 2022  
DOS accepts the submission of valid unsolicited proposals which contribute new and innovative ideas consistent with its mission. Applicants should ensure commercial availability of a proposed project does not already exist to the government. Also, it should not be an advance proposal for a known agency requirement to be procured by competitive methods nor should it address previously published solicitations. Applicants are strongly encouraged to contact the coordinator before sending a proposal. Annual deadline: proposals accepted any time. See https://www.state.gov/unsolicited-proposals/  
CFDA Number:  
Contact: Unsolicited Proposal Coordinator

**Program:** Historic Preservation Fund African American Civil Rights - Preservation Grants, History Grants  
**Agency:** U.S. Department of the Interior  
**Next Deadline:** Nov 08, 2022  
Supports physical preservation projects and historical research/documentation projects related to the African American struggle to gain equal rights as citizens as well as the transatlantic slave trade. Both History Grants (up to $75,000) and Preservation Grants (up to $750,000 for preservation or up to $75,000 for pre-preservation planning) are available. Preservation projects may fund architectural services, historic structure reports, preservation plans, and physical building repair. History Grants support surveys of historic sites, research planning, documentation, interpretation, and development of educational materials. See https://tinyurl.com/2zde6eme and Grants.gov (CFDA 15.904).

Agency: U.S. Department of Agriculture  
Program: Food and Agriculture Service Learning Program  
Next Deadline: Dec 15, 2022  
The purpose of the program is to increase the knowledge of agricultural science and improve the nutritional health of children. The program’s goal is to increase the capacity for food, garden, and nutrition education within host organizations or entities, such as school cafeterias and classrooms, while fostering higher levels of community engagement between farms and school systems by bringing together stakeholders from distinct parts of the food system. IHEs can apply directly. See https://nifa.usda.gov/funding-opportunity/food-and-agriculture-service-learning-program for details.

**Postsecondary Success Program**

**Agency:** U.S. Department of Education

**Next Deadline:** Oct 11, 2022

Supports projects that promote postsecondary completion for students close to completion, whether for students currently enrolled in higher education, students who are no longer enrolled because of challenges they faced during the COVID-19 pandemic and close to completion, or both. Institutions may opt to supplement or expand evidence-based and data-driven activities to support retention and completion for both groups. The program aims to improve student outcomes, including retention, transfer, credit accumulation, and completion. Eligibility limited to IHEs designated eligible to apply under Title III and V programs. See https://tinyurl.com/y73y6ad4 and https://tinyurl.com/33jbrr8w

**Program:** Mental Health Research Dissertation Grant to Enhance Workforce Diversity

**Agency:** National Institutes of Health

**Next Deadline:** Dec 09, 2022

Enhances the diversity of the mental health research workforce by providing dissertation awards in all research areas within the strategic priorities of the NIMH to individuals from groups underrepresented in biomedical, behavioral, clinical and social sciences research. This FOA provides support to complete a mental health-related doctoral research project and includes funds not readily available in NRSA predoctoral (F31) awards. Annual deadlines: early-April, August and December through 5/8/25. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-172.html

**Program:** Urgent Award: COVID-19 Mental Health Research

**Agency:** National Institutes of Health

**Next Deadline:** Dec 23, 2022

Program addresses urgent, time-sensitive mental health research questions related to COVID-19, including broader secondary impacts of the pandemic as well as research on the intersection of mental health, COVID-19, and HIV. Research supported will improve public health in the near term by informing responses to the current pandemic. See https://grants.nih.gov/grants/guide/pa-files/PAR-22-

Deadlines Page 16 of 27
Program: Small Research Grants Program
Agency: Sigma Theta Tau International Honor Society of Nursing
Next Deadline: Dec 01, 2022
Supports research contributing to the advancement of nursing. Applicants must be registered nurses who hold a master's or doctoral degree or are enrolled in a doctoral program. There is a preference for applications from novice researchers who have received no other national research funds as well as for Sigma Theta Tau members. Approximately 10-15 Small Grants of up to $5,000 each are given annually. Annual deadline: 12/1. See http://www.nursingsociety.org/advance-elevate/research/research-grants/sigma-theta-tau-international-small-grants
CFDA Number: N/A
Contact: research@stti.iupui.edu
888-634-7575

--------------------------------------------

Program: Selected Professions Fellowships
Agency: American Association of University Women Educational Foundation
Next Deadline: Dec 01, 2022
Selected Professions Fellowships provide $20,000 for women pursuing full-time graduate study in architecture, computer/information sciences, engineering, and math/statistics; or for women of color who are working toward an MBA, JD, MD or DO. Annual deadline: 12/1. See https://www.aauw.org/resources/programs/fellowships-grants/current-opportunities/
CFDA Number: N/A
Contact: aauw@act.org
319-337-1716

--------------------------------------------

Program: ASA/NSF/Census Bureau Research Fellow Program
Agency: American Statistical Association
Next Deadline: Dec 10, 2022 (tentative)
Program supports fellowships for applicants with recognized research records for a 6-12 month fellowship with the U.S. Census Bureau in the Washington, DC area. Fellows will receive access to access nonpublic survey microdata to develop methodological and subject matter research that can improve data production programs. Research topics include statistical standards, survey design and estimation, evaluation, confidentiality, automation, and others. Stipends are commensurate with applicant qualifications and experience. Annual deadline: 12/10. See https://www.census.gov/topics/research/stat-research/fellowships.html

--------------------------------------------

Program: General Research Grants
Agency: Association of American Geographers
Next Deadline: Dec 31, 2022
Provides AAG members with up to $500 for research and field work in geography. Grants can be used only for direct expenses of research; salary and overhead costs are not allowed. Successful proposals will offer the prospect of obtaining substantial subsequent support from private foundations or federal agencies and will address questions of major importance to the discipline. Eligibility is limited to AAG members. Annual deadline is 12/31. See http://www.aag.org/cs/grants/research
CFDA Number: N/A

--------------------------------------------
**Program:** Grants Program  
**Agency:** Environmental Research and Education Foundation  
**Next Deadline:** Dec 01, 2022  
Supports research and education on solid waste management, greater sustainability, environmental stewardship, efficiency and increased knowledge. Solicited proposals must respond to annual research agendas. Focus areas include: waste minimization; recycling; waste conversion to energy, biofuels, chemicals or other useful products; strategies to promote diversion to higher and better uses; and landfilling. Funds projects averaging $160,000. Annual deadlines: 5/1 and 12/1 for required pre-proposal. See https://erefdn.org/research-grants-projects/how-to-apply-for-grant/

--------------------------------------------

**Program:** Professorships, Awards, and Postdoctoral Fellowships  
**Agency:** Mathematical Sciences Research Institute  
**Next Deadline:** Oct 01, 2022  
MSRI hosts semester-length programs that become the leading edge in mathematical research. Annual deadlines: Research Professorships (10/1) provide up to $5,700/month for distinguished researchers making key contributions to their programs, must have received doctorate before 2013; Research Member awards (12/1) support residency of at least a month with optional per diem support of $4,500/month and/or travel expenses; Postdoctoral Fellowships (TBD) provide $7,750/month for one semester plus research travel expenses to mathematicians with Ph.D.s awarded in at least the previous five years. --------------------------------------------

**Program:** Research Opportunities in Aeronautics  
**Agency:** National Aeronautics and Space Administration  
**Next Deadline:** Dec 2022 (target date)  
Supports aeronautics research to establish a milestone-based approach to research that enables near-term results while focusing on long-term, cutting edge research, and ensures long-term, stable, strategic investment in aeronautics research to benefit both civilian and military applications. Varies focus areas offered. Solicitation to be updated throughout the year. See https://www.nasa.gov/aeroresearch/solicitations

**CFDA Number:**  
**Contact:** Neal Nijhawan  
NASA-roa@nasa.gov
**Program:** Advanced Manufacturing  
**Agency:** National Science Foundation  
**Next Deadline:** Dec 2022  
Notice supporting projects that accelerate advances in manufacturing technologies with emphasis on multidisciplinary research that fundamentally alters and transforms manufacturing capabilities, methods and practices. Focus areas include: manufacturing systems; materials processing; manufacturing machines; methodologies; and manufacturing across the length scales. Researchers working in the areas of cybermanufacturing systems, manufacturing machines and equipment, materials engineering and processing, and nanomanufacturing are encouraged to transcend and cross domain boundaries. Annual deadline: proposals accepted at any time. See https://tinyurl.com/425taxna for details.

**Program:** Integrative Strategies for Understanding Neural and Cognitive Systems  
**Agency:** National Science Foundation  
**Next Deadline:** Dec 15, 2022  
Supports innovative, convergent, boundary-crossing approaches that increase understanding of complex aspects of neural and cognitive systems. Focus areas include: Neuroengineering and Brain-Inspired Concepts and Designs; Individuality and Variation; Cognitive and Neural Processes in Realistic, Complex Environments; and Data-Intensive Neuroscience and Cognitive Science. Funds support two classes of proposals: Foundations (LOI annual deadline: 12/15); and Frontiers (full proposal 2/15/23). See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505132 for details.

**CFDA Number:**
**Contact:** Contacts Vary

**Program:** NSF INCLUDES  
**Agency:** National Science Foundation  
**Next Deadline:** Oct 25, 2022  
Supports collaborative efforts aimed at enhancing the preparation, increasing the participation, and ensuring the contributions of individuals from groups that have traditionally been underrepresented and underserved in the STEM enterprise: including women; ethnic minorities, and persons from economically disadvantaged backgrounds. Annual deadlines: proposals for a range of award types are due the fourth Tuesday in October annually or every other year. Conference proposals accepted anytime. Limited submission: an organization can serve as the lead on one proposal (except for Conference awards). See http://tinyurl.com/jzhseys

**Program:** Building Research Capacity of New Faculty in Biology  
**Agency:** National Science Foundation  
**Next Deadline:** Dec 30, 2022  
Provides support for new faculty to initiate and build independent research programs by enhancing research capacity in alignment with NSF’s goals of broadening participation by expanding the types of institutions that submit proposals to BIO and expanding opportunities to groups underrepresented in the biological sciences. Projects might also include biology-focused research collaborations among faculty within the same institution, across peer-, or research-intensive institutions, or partnerships with industry or other non-academic partners that advance the candidate's research program. Annual deadlines: submission windows--12/1 to 12/30 and 6/1 to 6/30. See https://beta.nsf.gov/funding/opportunities/building-research-capacity-new-faculty-biology-brc-bio for details.

Deadlines Page 19 of 27
**Program:** Plant Genome Research Program  
**Agency:** National Science Foundation  
**Next Deadline:** Dec 2022 *(target date)*  
Proposals are welcomed that build on genomics tools and sequence resources to develop conceptually new and different ideas and strategies to address grand challenge questions in plants of economic importance on a genome-wide scale. There is also a continued need for the development of novel and creative tools to facilitate new experimental approaches or new ways of analyzing genomic data. Proposals at all scales accepted. Annual deadline: applications accepted at any time. See https://tinyurl.com/2ndt624b for updates.

**Program:** Cyber-Physical Systems (CPS)  
**Agency:** National Science Foundation  
**Next Deadline:** Dec 30, 2022  
Supports the development of the core system science needed to engineer complex cyber-physical systems (CPS) that people can use or interact with and depend upon. The program aims to foster a research community committed to advancing research and education in CPS and to transitioning CPS science and technology into engineering practice. Funds support small, medium, (12/30) and Frontier (6/1-6/15) projects. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503286 for details.

**Program:** Postdoctoral Research Fellowships in Biology (PRFB)  
**Agency:** National Science Foundation  
**Next Deadline:** Nov 03, 2022  
Awards fellowships to recent recipients of the doctoral degree for research and training in selected areas supported by BIO and with special goals for human resource development in biology, and give independence to early stage researchers to pursue their research and training goals. Fellowships will fall into three categories: Broadening Participation of Groups Under-represented in Biology; Research Using Biological Collections; and the National Plant Genome Initiative. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503622 for details.

**Program:** Centers of Research Excellence (CREST) and HBCU Research Infrastructure  
**Agency:** National Science Foundation  
**Next Deadline:** Dec 02, 2022  
Supports CREST centers to enhance the research capabilities of minority-serving institutions, HBCU Research Infrastructure for Science and Engineering (HBCU-RISE) and supplements for diversity projects co-funded with NSF’s SBIR and STTR programs. Limited submission: one proposal per category. Annual deadlines: required letters of intent (LOIs) for the HBCU-RISE program are due on the first Friday in December. Applications for CREST Centers are due on the first Friday in December every other year. CREST-Postdoctoral Research Fellowship proposals are due by the first Friday in December. CREST Partnership Supplements are due by the second Thursday in February, annually hereafter. SBIR/STTR Diversity Collaborative Supplements are accepted at any time. **Deadlines Page 20 of 27**
**Program:** SBIR/STTR Phase I Programs  
**Agency:** National Science Foundation  
**Next Deadline:** Dec 2022  
Program's goal is to increase the incentive and opportunity for small firms to undertake cutting-edge, high-risk, high-quality scientific, engineering, or science and engineering education research that would have a high-potential economic payoff if the research is successful. Requires researchers at universities and other non-profit research institutions to play a significant intellectual role in the conduct of each STTR project, but optional for SBIR projects. Limited submission: one submission at a time and up to two submissions per open window. Submit a project pitch anytime; full proposals by invitation. See https://seedfund.nsf.gov/apply/ for details.

---------------------------------------------------------------------------------------------------

**Program:** Ocean Sciences Postdoctoral Research Fellowships (OCE-PRF)  
**Agency:** National Science Foundation  
**Next Deadline:** Nov 15, 2022  
Provides postdoctoral research fellowships to provide opportunities for scientists early in their careers to work within and across traditional disciplinary lines, develop partnerships, and avail themselves of unique research resources, sites and facilities. The program allows research on any topic supported by the Division of Ocean Sciences and provides professional development with a focus on developing mentoring skills to broaden participation of underrepresented groups in STEM. Annual deadline: second Friday in November starting in 2023. See https://beta.nsf.gov/funding/opportunities/ocean-sciences-postdoctoral-research-fellowships-oc-e-prf-0

**Program:** Computational Mathematics  
**Agency:** National Science Foundation  
**Next Deadline:** Dec 01, 2022  
Supports mathematical research in areas of science where computation plays a central and essential role, emphasizing design, analysis, and implementation of numerical methods and algorithms, and symbolic methods. The prominence of computation with analysis of the computational approach in the research is a hallmark of the program. Proposals may range from single-investigator projects to interdisciplinary team projects. Annual deadline: proposal window is 11/16-12/1. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5390 for details.

**Program:** Elementary Particle Physics - Theory  
**Agency:** National Science Foundation  
**Next Deadline:** Dec 13, 2022  
Supports research into different theoretical tools for understanding the interaction of elementary particles at different energy scales. These include String Theory, Quantum Field Theory, Lattice Field Theory, Effective Field Theories, and Phenomenology. Funds support not formal string theory as well as string-theory-inspired model building as well as proposals in mathematical physics that are relevant for string theory and/or quantum field theory. Annual deadline: second Tuesday in December. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505438&org=PHY for details.

April 2022
Program: Nuclear Physics - Experiment  
Agency: National Science Foundation  
Next Deadline: Dec 06, 2022  
Supports research at the frontiers of nuclear science, including: properties and behavior of nuclei and nuclear matter under extreme conditions, and/or as they relate to astrophysical phenomena; the quark-gluon basis for the structure and dynamics of hadrons and nuclei; phase transitions of nuclear matter from normal nuclear density and temperature to the predicted high-temperature quark-gluon plasma; basic interactions and fundamental symmetries; and neutrino properties as determined through neutrino-less double beta decay. Annual deadline: first Tuesday in December. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505441 and https://tinyurl.com/4ta67u9u

Program: Particle Astrophysics - Experiment  
Agency: National Science Foundation  
Next Deadline: Dec 06, 2022  
Supports research in areas of particle astrophysics, including the study of ultra high energy particles reaching Earth from beyond the atmosphere and experiments or research projects for underground facilities. Focus areas include: Cosmic Phenomena research that uses astrophysical sources and particle physics techniques to study fundamental physics; Underground Physics research that locates experiments in low background environments; and IceCube Research Support that utilizes the facilities of IceCube at the South Pole. Annual deadline: first Tuesday in December. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505442&org=PHY for details.

nsharp@nsf.gov  
703-292-4905

Program: Particle Astrophysics and Cosmology - Theory  
Agency: National Science Foundation  
Next Deadline: Dec 13, 2022  
Program supports proposals on theoretical particle astrophysics and big-bang cosmology as well as more speculative string theory-inspired cosmologies. Focus areas include: understanding the quarks-to-cosmos connection; and better understanding the implications of the fluctuation spectra of the cosmic microwave background. Funds support projects that encompass dark matter, dark energy, high energy cosmic rays as well as exotic cosmologies arising from Brane-world and String Theory scenarios, including formulating new approaches for theoretical, computational, and experimental research that explore the fundamental laws of physics. Annual deadline: second Tuesday in December. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505444&org=PHY for details.

703-292-5314
Program: Physics of Living Systems (PoLS)  
Agency: National Science Foundation  
Next Deadline: Dec 13, 2022  
Supports targets synergy of theoretical and experimental research exploring the most fundamental physical processes that living systems utilize to perform their functions in dynamic and diverse environments. The focus of the research proposals should be on understanding basic physical principles that underlie biological function. Proposals that use physics equipment only as a tool to study biological questions are of VERY low priority. Annual deadline: second Tuesday in December. See https://tinyurl.com/9jcy8x7a for details.

Program: Statistics  
Agency: National Science Foundation  
Next Deadline: Dec 15, 2022  
Supports research in statistical theory and methods, including research in statistical methods for applications to any domain of science and engineering. The theory forms the base for statistical science. The methods are used for stochastic modeling, and the collection, analysis, and interpretation of data. The methods characterize uncertainty in the data and facilitate advancement in science and engineering. Annual deadline: proposal window is 12/1-12/15. -------------------------------
**Program:** Water & Waste Disposal Technical Assistance & Training Grants  
**Agency:** U.S. Department of Agriculture  
**Next Deadline:** Dec 31, 2022  
Supports technical assistance and training to associations on a wide range of issues relating to delivery of water and waste disposal services. Assistance is available to identify and evaluate solutions to water and waste disposal problems, to improve operation and maintenance of existing water and waste disposal facilities and to assist associations in preparing applications for water and waste disposal facilities in rural areas. Focus is on rural areas or cities and towns with a population of 10,000 or less. Deadline refers to single state applications. Annual deadline: proposal window 10/1-12/31. See https://www.rd.usda.gov/programs-services/water-waste-disposal-technical-assistance-training-grants for updates.

Thursday, September 1, 2022  Deadlines Page 25 of 27
**Program:** University Nuclear Leadership Program (UNLP)  
**Agency:** U.S. Department of Energy  
**Next Deadline:** Nov 2022 (target date)  
Support for multiple cooperative agreements to accredited U.S. two- and four-year colleges and universities to receive and administer scholarship and fellowship funding provided through the Integrated University Program and as administered by the Department of Energy, Office of Nuclear Energy on behalf of selected students attending these universities. Universities can apply to provide support to students anytime. The selection of scholars and fellows for the program occurs via a separate DOE-NE process - the latest round was due 1/27/22. See Grants.gov for CFDA 81.121 and https://neup.inl.gov/SitePages/Home.aspx

**Program:** Laboratory Equipment Donation Program (LEDP)  
**Agency:** U.S. Department of Energy  
**Next Deadline:** Dec 2022 (target date)  
Awards grants of used energy-related laboratory equipment for use in energy-oriented educational programs in the life, physical, and environmental sciences, technology, and engineering. Applicant institution not required to have a currently funded project with DOE to participate. Annual deadline: application reviews and grant awards will be performed on a first-received, first-qualified basis. See https://apps.orau.gov/ledp

**Program:** Advanced Manufacturing Office  
**Agency:** U.S. Department of Energy  
**Next Deadline:** Dec 01, 2022  
Supports innovative, advanced-manufacturing applied research and development projects that focus on specific, high-impact manufacturing technology and process challenges. Projects are sought in multiple topic areas to develop next-generation manufacturing material, information, and process technologies that improve energy efficiency in energy-intensive and energy-dependent processes, and facilitate the transition of emerging, cost-competitive energy technologies to domestic production. Deadline refers to required concept papers. ITV Pilot Phase II due 8/15/22, CABLE Stage 2 due 12/1/22. See https://www.energy.gov/eere/amo/advanced-manufacturing-office and https://eere-exchange.energy.gov/

**Program:** Nuclear Education Program - Faculty Development  
**Agency:** U.S. Nuclear Regulatory Commission  
**Next Deadline:** Oct 20, 2022  
Supports probationary, tenure-track faculty during the first six years of their careers in fields of Nuclear, Mechanical, Civil, Environmental, Electrical, Fire Protection, Geotechnical, Structural and Materials Sciences Engineering as well as Health Physics IHEs, not individuals, must apply for this award. Supported activities include course development, equipment stipends, participation in professional society meetings, preparation of papers, and travel and support for graduate assistants. Limited submission: one proposal per institution. See http://www.nrc.gov/about-nrc/grants.html#fd for updates and Grants.gov (search CFDA 77.008) for solicitation.

**Deadlines Page 26 of 27**
Program: Nuclear Education Program - Scholarship and Fellowship Grant

Agency: U.S. Nuclear Regulatory Commission

Next Deadline: Oct 20, 2022

Program provides fellowships and scholarships to support workforce development of nuclear science, engineering, and related disciplines. IHEs, not individuals, must apply for this award. Program provides fellowship awards of up to $400,000.00 for four years for multiple recipients. Program provides scholarships of up to $200,000 for two years for multiple recipients. Limited submission: applicant schools may only submit one application for each program. See http://www.nrc.gov/about-nrc/grants.html#fd for updates and Grants.gov (search CFDA 77.008) for solicitation.
