Deadlines
 Funding Expertise. Personally Delivered.

May 02, 2022

This publication includes deadline dates for the month of August 2022 and late announcements for the months of July 2022 and June 2022. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk (**) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.

Program: Innovative Technology Experiences for Students and Teachers (ITEST)

Agency: National Science Foundation

Next Deadline: Aug 12, 2022

Supports development, implementation, and selective spread of innovative strategies for engaging students in experiences that increase student awareness of STEM and information and communications technology careers; motivate students to pursue the education necessary for those careers; and provide students with technology-rich experiences that develop their knowledge of related content and skills, including critical thinking skills. Annual deadline: second Wednesday in August. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5467 for updates.

Program: Robert Noyce Teacher Scholarship Program

Agency: National Science Foundation

Next Deadline: Aug 30, 2022

Program encourages STEM majors and professionals to become K-12 STEM teachers. The program invites creative and innovative proposals that address the critical need for recruiting/preparing highly effective teachers, especially in high-need areas. The program offers four tracks: Noyce Teacher Scholarships/Stipends, Teaching Fellowships, Master Teaching Fellowships, and Noyce Research. In addition, Capacity Building proposals accepted from proposers intending to develop a future Track 1, 2, or 3 proposal. Annual deadline: last Tuesday in August. Program: Research Experiences for Undergraduates (REU)

Agency: National Science Foundation

Next Deadline: Aug 24, 2022

Supports undergraduate research participation through two mechanisms. REU Sites support independent projects to initiate and conduct research projects involving several undergraduates. REU Supplements support the addition of undergraduates to ongoing, new, or renewal NSF-funded projects (deadlines vary). Approximately 180 new Site awards and 1,600 new Supplement awards are granted yearly. Annual deadline: fourth Wednesday in August. Program: Grant Opportunities for Academic Liaison with Industry (GOALI)

Agency: National Science Foundation

Next Deadline: Aug 2022 (*target date*)

Promotes university-industry partnerships through project funds, fellowships, and traineeships to support an eclectic mix of linkages. This is not a separate program, but rather a designation that can be added to any standing NSF opportunity. Special interest is focused on opportunities for faculty, postdoctoral fellows, and students to conduct research and gain experience in an industrial setting, and to bring industry perspectives and interdisciplinary university-industry teams to conduct research projects. Annual deadline: proposals accepted anytime, but discuss with program director in advance. See <https://www.nsf.gov/eng/iip/goali.jsp> for details.
