

Grants Resource Center  
**Deadlines**  
 Funding Expertise. Personally Delivered.

October 01, 2024

This publication includes deadline dates for the month of January 2025 and late announcements for the months of December 2024 and November 2024. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

**Those deadlines marked by an asterisk (\*\*) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.**

---

**Program:** Digital Humanities Advancement Grants

**Agency:** National Endowment for the Humanities

**Next Deadline:** Jan 09, 2025

Supports development and implementation of digital initiatives in all areas of the humanities. Grants may involve: research that brings new digital approaches to the humanities; new digital modes of publication; exploration of digital approaches to preserve, archive, and make accessible traditional and "new media" resources in the humanities; new digital tools; and programs addressing emerging digital technologies in education settings. Replaces Digital Humanities Startup and Implementation Grants. Choose between Level I (up to \$75,000), Level II (up to \$150,000), and Level III awards (up to \$350,000 with optional match up to \$100,000). See <http://tinyurl.com/j7vhlj9>

**Program:** Media Projects: Development and Production Grants

**Agency:** National Endowment for the Humanities

**Next Deadline:** Jan 08, 2025 (tentative)

Encourages projects that feature multiple formats to engage the public in the exploration of humanities ideas in the following areas: interactive digital media; film and television; and radio. Development grants (up to \$75,000) enable media producers to collaborate with scholars to develop humanities content and to prepare programs for production. Production grants (up to \$700,000) enable producers and scholars to continue their engagement with humanities topics. Chairman's Special Awards (up to \$1 million) are also available. Expect new guidelines two months before deadline. See <https://tinyurl.com/y7otumda>

**Program:** National Digital Newspaper Program

**Agency:** National Endowment for the Humanities

**Next Deadline:** Jan 10, 2025

NEH seeks proposals from institutions to participate in the creation of a national, digital resource of historically significant newspapers from all the states and U.S. territories published between 1836 and 1922. NEH expects to award cooperative agreements of up to \$325,000 each for two years. One organization per state will be selected to collaborate with other organizations in the state. This program receives an average of 15 applications per year and makes an average of 9 awards, for a funding ratio of 60 percent. See <http://www.neh.gov/grants/preservation/national-digital-newspaper-program>

Supports research on improving the occupational safety of workers in the commercial fishing industry. This includes: improving vessel and deck equipment design; developing and improving emergency and protective equipment; improving vessel and fishing processes to reduce safety risks; enhancing vessel monitoring systems; improving communication devices, deicing technology, and severe weather detection. Annual deadlines: late August and late January until 1/31/28. See <https://grants.nih.gov/grants/guide/rfa-files/rfa-oh-22-005.html>

---

**Program:** Commercial Fishing Occupational Safety Training Project Grants

**Agency:** Centers for Disease Control and Prevention

**Next Deadline:** Jan 28, 2025

Supports municipalities, port authorities, other appropriate public entities, not-for-profit organizations, and other qualified persons to conduct commercial fishing vessel safety training for vessel operators and crewmembers. Safety training courses could include the following topics: emergency drills, survival, damage control, fire prevention and firefighting, stability, seamanship, fatigue awareness and prevention, watchkeeping, and weather forecasting. The program is also authorized to provide funding for the purchase of safety equipment and training aids for use in those safety training programs. Annual deadlines: late August and late January until 1/31/28. See <https://grants.nih.gov/grants/guide/rfa-files/RFA-OH-22-006.html>

**Program:** Grants and Fellowships

**Agency:** Epilepsy Foundation

**Next Deadline:** Jan 2025 (target date)

Supports a series of grants and fellowships to advance the understanding of epilepsy that will lead to better treatment, more effective prevention, and ultimately a cure. Funding is available to researchers at all professional levels including students, junior investigators and established investigators. Annual deadline: multiple funding opportunities are available with various deadlines. See <https://www.aesnet.org/research-funding>

**Program:** Nursing Workforce Diversity Grants (NWD)

**Agency:** Health Resources and Services Administration

**Next Deadline:** Dec 30, 2024 (*tentative*)

Grants awarded to increase nursing education opportunities for individuals from disadvantaged backgrounds. Goal is to increase diversity in the nursing workforce. Supports evidence-based, multi-level partnership models and/or strategies, that incorporate social determinants of health frameworks into the design, implementation and evaluation of scholarship, loan and pre-entry/mentoring programs that support progression through professional nursing to graduate degrees. Main competitions typically every three years, but there may be special focus area competitions. Last competition was in January 2021; new competition expected in September. Limited submission: one application per organization. See <https://www.hrsa.gov/grants/find-funding?status=Open&bureau=640> for open BHW programs or Grants.gov (CFDA 93.178).

**Program:** Scholarships for Disadvantaged Students

**Agency:** Health Resources and Services Administration

**Next Deadline:** Dec 30, 2024 (*tentative*)

Eligible health professions and nursing schools apply for funds to make scholarships to students from disadvantaged backgrounds, who have financial need for scholarships and are enrolled, or accepted for enrollment, as full-time students at the schools. There is a cap of \$40,000 per student per year. Program operates on a four-year cycle; next competition expected in September. See [https://www.hrsa.gov/grants/find-funding?text=&status=1&bureau=85&sort=deadline\\_DESC#find-funding](https://www.hrsa.gov/grants/find-funding?text=&status=1&bureau=85&sort=deadline_DESC#find-funding) or Grants.gov (CFDA 93.925).

**Program:** Telehealth Programs

**Agency:** Health Resources and Services Administration

**Next Deadline:** Jan 2025 (*target date*)

The Office for the Advancement of Telehealth (OAT) promotes the use of telehealth technologies for health care delivery, education, and health information services.

Telehealth is especially critical in rural and other remote areas that lack sufficient health care services, including specialty care. Traditional models of telehealth involve care delivered to a patient at an originating (or spoke) site from a specialist working at a distant (or hub) site.

Programs and deadlines may vary. See

<https://www.hrsa.gov/grants/find-funding?status=Open&bureau=642> for open ORHP programs or Grants.gov for CDFA 93.211.

**Program:** Awards for Neuroscientists  
**Agency:** McKnight Endowment Fund for Neuroscience

**Next Deadline:** Jan 13, 2025

Supports research on the prevention, treatment and cure of neurological diseases. Scholar Award provides three years of support for young tenure-track scientists (1/15). Neurobiology of Brain Disorders Award assists scientists working to apply the knowledge achieved through basic research to human brain disorders, and who demonstrate a commitment to equitable and inclusive lab environments (11/4). Other programs may be available. See

**Program:** Kirschstein National Research Service Award (NRSA) Short-Term Institutional Research Training Grant (ParentT35)

**Agency:** National Institutes of Health

**Next Deadline:** Jan 25, 2025

Supports the development and/or enhancement of research training opportunities for predoctoral students interested in careers in biomedical, behavioral, or clinical research. This program is also intended to encourage training of graduate students in the physical or quantitative sciences to pursue research careers by short-term exposure to, and involvement in, the health-related sciences. The training should be of sufficient depth to enable the trainees, upon completion of the program, to have a thorough exposure to the principles underlying the conduct of biomedical research. Annual deadlines: 1/25, 5/25 and 9/25 through 5/8/26. See <https://grants.nih.gov/grants/guide/pa-files/PA-23-080.html>

**CFDA Number:**

**Program:** Multidisciplinary Studies of HIV/AIDS and Aging

**Agency:** National Institutes of Health

**Next Deadline:** Jan 07, 2025

Supports research at the intersection of HIV and aging by: improving understanding of biological, clinical, and socio-behavioral aspects of aging through the lens of HIV infection and its treatment; and improving approaches for testing, prevention, and treatment of HIV infection and managing HIV-related comorbidities, co-infections, and complications in different populations and cultural settings by applying current understanding of aging science. Annual deadlines: 1/7, 5/7, 9/7 through 1/8/27. Optional companion funding is available. See <https://grants.nih.gov/grants/guide/pa-files/PAR-24-091.html>

**CFDA Number:** 93.866

**Contact:** Multiple Contacts

---

**Program:** NRSA Institutional Research Training Grants (T32)

**Agency:** National Institutes of Health

**Next Deadline:** Jan 25, 2025

NRSA Institutional Research Training Grants support the development or enhancement of research training opportunities (predoctoral, postdoctoral, and short-term training for health-professional students) for individuals, selected by the institution, who are training for careers in specified areas of biomedical, behavioral, and clinical research. All applications must include a plan for RCR instruction. Contacts, policies, and deadlines vary by NIH Institute, so applicants must contact NIH before applying. Annual deadlines: 1/25, 5/25, 9/25 through 5/8/26. See <https://grants.nih.gov/grants/guide/pa-files/PA-23-048.html>

**Program:** Pilot Studies of Biological, Behavioral and Social Mechanisms Contributing to HIV Pathogenesis

**Agency:** National Institutes of Health

**Next Deadline:** Jan 07, 2025

Supports innovative basic and translational pilot research projects that are aligned with NIH HIV/AIDS research priorities. Potential topics could address multiple overarching priorities. These include elucidation of unique pathophysiological mechanisms contributing to HIV comorbidities, coinfections, and complications (CCCs) affecting organs, tissues, and processes. Likewise, interrogations into biological mechanisms underlying HIV reservoirs in NIDDK-relevant tissues are important for developing strategies for long-term viral suppression or eradication. Annual deadlines: 1/7, 5/7, 9/7 through 1/8/25. See <https://grants.nih.gov/grants/guide/pa-files/PAR-24-162.html>

---

**Program:** Time-Sensitive Obesity Policy and Program Evaluation

**Agency:** National Institutes of Health

**Next Deadline:** Jan 09, 2025

Supports research where opportunities for empirical study are, by their very nature, only available through expedited review and funding. All applications submitted to this FOA must demonstrate that the evaluation of an obesity related policy and /or program offers an uncommon and scientifically compelling research opportunity that will only be available if the research is initiated with minimum delay. For these reasons, applications submitted to this time-sensitive FOA are not eligible for re-submission. Annual deadlines: applications due monthly through 1/10/25. Funding will be awarded within four months. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-305.html>

---

**Program:** Urological Research

**Agency:** National Institutes of Health

**Next Deadline:** Jan 2025 (target date)

Supports fundamental research on the bladder, prostate, urinary tract, and external genitalia. The portfolio supports studies that investigate biochemistry, cell and molecular biology, metabolism, transport, and whole-organ physiology and how abnormalities in these processes contribute to noncancerous disease. Annual deadline: accepts unsolicited applications on any relevant topic year-round. See <https://www.niddk.nih.gov/research-funding/research-programs/urology-basic-research>

---

**Program:** Environmental Health Sciences Research

**Agency:** National Institutes of Health

**Next Deadline:** Jan 2025 (target date)

Supports a broad range of research aimed at understanding & preventing disease caused by environmental agents. Research areas include: exposure of population groups to environmental pollutants; effects of toxins on biochemical processes in the body; pharmacodynamics of chemical substances in the body; molecular, biochemical and physiological mechanisms of toxicity; and development of methods for health hazard assessment of environmental chemicals. Annual deadline: accepts unsolicited applications on any relevant topic. Call to inquire before submitting an application. See <http://tinyurl.com/ka6hz98>

---

**Program:** Future Manufacturing

**Agency:** National Science Foundation

**Next Deadline:** Jan 13, 2025

Supports fundamental research and education of a future workforce to overcome scientific, technological, educational, economic and social barriers in order to enable new manufacturing capabilities that do not exist today. Future Manufacturing will require major advances in technologies and algorithms for the synthesis and production of new materials, chemicals, devices, components and systems of assured quality with high yield at reasonable cost. Approximately \$32 million is available for multiple awards. See <https://tinyurl.com/v6726t5u>

**CFDA Number:**

---

**Program:** National Science Foundation  
Research Traineeship (NRT) Program

**Agency:** National Science Foundation

**Next Deadline:** Nov 14, 2024

Supports applications to engage graduate students in research-based master's and doctoral degree programs to develop the skills, knowledge, and competencies needed to pursue a range of STEM careers. Priority areas include: Harnessing the Data Revolution; and Innovations at the Nexus of Food, Energy, and Water Systems. Limited submission: only two proposals per organization are permitted. Annual deadline: 9/8. See <https://tinyurl.com/kzverrc>

**Program:** Research Coordination Networks in Undergraduate Biology Education

**Agency:** National Science Foundation

**Next Deadline:** Jan 28, 2025

The goal of the RCN program is to advance a field or create new directions in research or education by supporting groups of investigators to communicate and coordinate their research, training, and educational activities across disciplinary, organizational, geographic, and international boundaries. Annual deadline: fourth Tuesday in January annually. See <https://beta.nsf.gov/funding/opportunities/research-coordination-networks-undergraduate-biology-education-rcn-tube> for details.

**Program:** Biological Anthropology

**Agency:** National Science Foundation

**Next Deadline:** Jan 31, 2025 (*target date*)

Supports basic research in areas related to human evolution and contemporary human biological variation. Supported research areas include human genetic variation, human adaptation, human osteology and bone biology, human and nonhuman primate paleontology, functional anatomy, and primate socioecology. Annual deadlines: 1/31 and 7/31. See <https://tinyurl.com/3urp327h> for updates. Program also supports doctoral dissertation research improvement grants. Annual deadlines: 1/31 and 7/31. See <https://tinyurl.com/ya9arf4p> for details.

**Program:** Infrastructure Capacity for Biological Research (Capacity)

**Agency:** National Science Foundation

**Next Deadline:** Jan 2025 (*target date*)

Supports the implementation of, scaling of, or major improvements to research tools, products, and services that advance contemporary biology in any research area supported by the Directorate for Biological Sciences at NSF. There are three programmatic areas: Cyberinfrastructure, Biological Collections, and Biological Field Stations and Marine Laboratories. Also accepts proposals for planning activities or workshops to facilitate coordination that may be necessary in building capacity in infrastructure for the needs of the research community. Annual deadline: proposals are accepted at any time. See <https://tinyurl.com/4v3tp4f7> for details.

**Program:** Broadening Participation in Computing (BPC)

**Agency:** National Science Foundation

**Next Deadline:** Jan 16, 2025

BPC aims to significantly increase the number of U.S. citizens and permanent residents receiving post-secondary degrees in the computing disciplines, and to encourage participation of other underrepresented groups in the discipline. These groups may include women, persons with disabilities, Blacks and African Americans, Hispanics, American Indians, Alaska Natives, Native Hawaiians, and Pacific Islanders. Projects that target stages of the academic pipeline through faculty ranks are encouraged. All BPC projects must have the potential for widespread, national impact. The BPC program will support three categories of awards: Alliances, Demonstration Projects, and Supplements. Annual deadline: third Thursday in January. See <https://tinyurl.com/43t26c4d> for details.

**Program:** Research on Innovative Technologies for Enhanced Learning (RITEL)

**Agency:** National Science Foundation

**Next Deadline:** Nov 05, 2024

Funds exploratory and synergistic research in emerging technologies (to include, but not limited to, artificial intelligence (AI), robotics, and immersive or augmenting technologies) for teaching and learning in the future. The program accepts proposals that focus on learning, teaching, or a combination of both. The scope of the program is broad, with special interest in diverse learner/educator populations, contexts, and content, including teaching and learning in STEM and in foundational areas that enable STEM (e.g., self-regulation, literacy, communication, collaboration, creativity, and socio-emotional skills). See [http://www.nsf.gov/funding/pgm\\_summ.jsp?pims\\_id=504984](http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=504984)

**Program:** Build and Broaden (Enhancing Social, Behavioral and Economic Science Research and Capacity at MSIs)

**Agency:** National Science Foundation

**Next Deadline:** Jan 16, 2025

Supports fundamental social, behavioral, and economics (SBE) research and research collaborations at minority-serving institutions (MSIs). Proposals may come from PIs at MSIs and from multiple co-investigators from a group of MSIs. PIs who are not affiliated with MSIs may submit proposals but must collaborate with PIs, co-PIs or Senior Personnel from MSIs and show how the project will foster research partnerships or capacity building with at least one MSI. Projects may address any research area within SBE. Annual deadline: third Thursday in January. See <https://beta.nsf.gov/funding/opportunities/build-and-broaden-30-enhancing-social-behavioral-and-economic-science>

**Program:** Cultural Anthropology Program - Doctoral Dissertation Research Improvement Grants

**Agency:** National Science Foundation

**Next Deadline:** Jan 15, 2025

Supports doctoral dissertations furthering basic scientific research on the causes, consequences, and complexities of human social and cultural variability. Program provides funds for items not usually available from the student's U.S. academic institution, and are not intended to provide the full costs of a student's doctoral dissertation research. Limited submission: an organization may submit only two proposals for a particular student over his or her career. Annual deadlines: 1/15 and 8/15. See <https://tinyurl.com/y7sp62f8> for details.

**Program:** Cultural Anthropology Program Senior Research Awards (CA-SR)

**Agency:** National Science Foundation

**Next Deadline:** Jan 15, 2025

Supports empirically grounded research that will improve understanding of the general principles and processes that underlie human social and cultural diversity, taking place at any scale from the household to the global. Funds support basic, theory-testing, and generalizable research that also addresses pathways from theory to policy. A project can be proposed to be carried out by a single researcher or a research team. Annual deadlines: 1/15 and 8/15. See <https://tinyurl.com/ybybvxfm> for details.

**Program:** Ethical and Responsible Research (ER2)

**Agency:** National Science Foundation

**Next Deadline:** Jan 23, 2025

Supports research projects to improve ethics education in all of the fields of science and engineering that NSF supports, especially in interdisciplinary or inter-institutional contexts. Topics of interest include: honor codes, professional ethics codes and licensing requirements, an ethic of service or service learning, life-long learning requirements, curricula or memberships in organizations that stress social responsibility, institutions that serve under-represented groups. Limited submission: one proposal per institution. Annual deadline: fourth Thursday in January. See <https://beta.nsf.gov/funding/opportunities/ethical-and-responsible-research-er2> for details.

**Program:** Research Infrastructure in the Social and Behavioral Sciences (RISBS)

**Agency:** National Science Foundation

**Next Deadline:** Jan 2025 (*target date*)

Supports projects that create computational tools and data to facilitate basic research in the social and behavioral sciences that can lead to improved health, prosperity and security. Project examples include, but are not limited to, data collection or assembly efforts that result in new resources for a community of researchers or software platforms that facilitate data collection efforts by others. RISBS does not support research by PIs except in service of creation of the infrastructure. Annual deadline: applications accepted anytime. **Program:** Security and Preparedness (SAP)

**Agency:** National Science Foundation

**Next Deadline:** Jan 15, 2025

Supports basic scientific research that advances knowledge and understanding of issues broadly related to global and national security. Research proposals are evaluated on the criteria of intellectual merit and broader impacts; the proposed projects are expected to be theoretically motivated, conceptually precise, methodologically rigorous, and empirically oriented. Substantive areas include (but are not limited to) international relations, global and national security, human security, political violence, state stability, conflict processes, regime transition, international and comparative political economy, and peace science. Annual deadlines: 1/15 and 8/15. See <https://tinyurl.com/92vrwvbk> for details.

**Program:** EdMap - National Cooperative Geologic Mapping Program

**Agency:** U.S. Department of the Interior

**Next Deadline:** Jan 14, 2025

Supports efforts to train the next generation of geologic mappers. NCGMP provides funds for graduate (up to \$35,000) and selected undergraduate (up to \$25,000) students in academic research projects involving geologic mapping as a major component. These cooperative agreements are a means to expand the research and educational capacities of academic programs that teach earth science students the techniques of geologic mapping and field data analysis. See <http://ncgmp.usgs.gov/about/EDMAP/funding.html> and [Grants.gov](http://Grants.gov) for CFDA 15.810.

**Program:** Aviation Research Grants

**Agency:** U.S. Department of Transportation

**Next Deadline:** Jan 02, 2025

Program encourages and supports innovative, advanced research of potential benefit to the long-term growth of civil aviation and commercial space transportation. The pursuit of basic and applied research in scientific and engineering disciplines that have the potential to further knowledge and understanding on a broad front of emerging technologies is crucial to the realization of this goal. The FAA encourages the submission of proposals that embrace the entire spectrum of physical, chemical, biological, medical, psychological, mathematical, and engineering sciences. Annual deadlines: 1/2, 7/3, 9/2, 12/1 through 9/7/27. See <https://www.grants.gov/search-results-detail/328902>

**Program:** Great Lakes Restoration Initiative (GLRI)

**Agency:** U.S. Environmental Protection Agency

**Next Deadline:** Nov 22, 2024 (*target date*)

Supports protection and clean-up of Great Lakes Ecosystem, and the restoration and maintenance of its chemical, physical, and biological integrity. Solicitations include: Integrated Atmospheric Deposition Network, which seeks proposals for projects that monitor the long-term air deposition of persistent toxics or that conduct targeted and non-targeted surveillance of new and emerging chemicals. Other opportunities may be available. See <https://www.epa.gov/great-lakes-funding/great-lakes-rfas>

**Program:** UNCF Scholarships, Programs, Internships, and Fellowships

**Agency:** United Negro College Fund (UNCF)

**Next Deadline:** Jan 2025 (*target date*)

Provides various scholarship programs (each program has its own eligibility criteria, open/close dates and required documentation), fellowships, internship, and career entry programs. Applicants must apply through the on-line application process. Many of the UNCF scholarships require that the scholarship recipient apply for Federal Student Aid. Deadlines vary throughout the year. See <https://uncf.org/scholarships>

**Program:** Grants-in-Aid and Research Grants

**Agency:** Whitehall Foundation

**Next Deadline:** Jan 15, 2025

Supports basic research in vertebrate and invertebrate (excluding clinical) neurobiology in the U.S. Grants-in-Aid provide up to \$30,000 for one year to researchers at the assistant professor level or senior researchers who have not received significant funding. Research Grants provide up to \$100,000 per year for up to three years to established researchers of any age who have not received significant funding. The Foundation will accept only one letter of intent per year from an Investigator. Annual deadlines: required LOIs are due: 1/15, 4/15, 10/1. See <http://www.whitehall.org/grants>
