ESSENTIAL JOB FUNCTIONS: Under the supervision of the RX Fire Research Lead, Ecological Reserves Crew Supervisor, Fire and Flora Coordinator, or Project Manager, responsibilities include both programmatic elements and maintenance.

Programmatic Elements:
- Perform environmental monitoring and/or survey work safely and with direct supervision.
- Ensure accuracy through data collection, entry, and management Install monitoring plots.
- Complete required project tracking through reports and project documentation and develop planning documents.
- Supervise others in the accurate and safe implementation of monitoring and survey protocols.
- Perform data collection and monitoring during prescribed burns.
- Install monitoring plots.
- Communicate with outside parties on non-BCCER burn to ensure research objectives are met.
- As required, act as a host and facilitator for groups using the BCCER including faculty with field trips and research activities; students with research projects; community hikes.
- Work with Burn Boss, Firing Boss, and other prescribed fire practitioners to ensure research objectives are met during fire implementation.

Maintenance Elements:
- As required, carry out vegetation management on the Reserve or in surrounding community in ecologically sensitive areas using a variety of tools.
- May perform field work including but not limited to invasive plan eradication; fence repair; road and trail maintenance using a variety of hand and power tools.
- Assist with the preparation and implementation of broadcast and pile burns.
- As requested, perform other duties such as facilities maintenance, event preparation, etc.

EMPLOYMENT STANDARDS:
Qualifications:
- Experience performing duties similar to those described above.
- Experience setting up and performing research projects.
- An understanding of conservation of natural and open space resources
- Ability to communicate well with a wide variety of constituents including volunteers, student staff and interns, visitors to the reserves, faculty and staff.
- Manage time and complete tasks independently.
- Possess a valid California driver's license, and a good driving record

Preferred Qualifications:
- Knowledge and experience conducting biological monitoring or surveys
- Flora and Fauna identification skills and experience
- Experience supervising others
- Qualified Firefighter Type II
- Familiarity with a variety of hand tools including chainsaws, brush cutters and small equipment
- Defensive Driver Certification

Additional Requirements:
- Sedentary and physical labor
- Capacity/willingness to work in extreme weather conditions.
- Ability to lift/carry up to 50 pounds unassisted.

COMPLIANCE REQUIREMENTS:
- Candidate must be in possession of valid driver's license and automobile liability insurance.
- Participation in the DMV Employer Pull Notice Program (driving record) is required. The candidate will be required to update their insurance with Chico State Enterprises Human Resources when necessary.

HOW TO APPLY:
To be considered, submit the following documents by January 31st 2024. Documents submitted after this date may not be considered.
- Resume
- Chico State Enterprises Application
