

POSITION OPENING

CHICO STATE | ENTERPRISES

25 Main Street, Suite 206 | Chico, California 95928-5388 | Phone 530-898-6811 | Fax 530-898-3391 | www.csuchico.edu/cse

POSITION: Research Project Manager

Full-Time / Benefited / Hourly / Non-Exempt

RECRUITMENT ID: 769

LOCATION: Center for Regenerative Agriculture; Candidate must be a California resident at the start of the position

COMPENSATION: \$25.00 per hour

ESSENTIAL JOB FUNCTIONS: The Center for Regenerative Agriculture at CSU-Chico is hiring a full-time Research Project Manager (RPM) to over-see and manage multiple funded projects.

- Research projects include row crops, orchards, and rangeland; a successful candidate will have direct field experience in at least one of these cropping systems and the flexibility and willingness to work in a variety of settings.
- The RPM will maintain research calendars, setup and coordinate regular organizational meetings, provide support to data collections and data collection personnel (including graduate students, staff research associates, and undergraduates).
- The position will require some technical writing including manuscript preparation and grant writing.
- In addition to day-to-day tasks of sampling, sample processing, data management, data analysis, reporting and publications, the successful candidate is expected to supervise and train graduate and undergraduate students and present in professional meetings and conferences.
- The RPM will be involved in the management of the RA graduate student projects in collaboration with the Graduate Student Coordinator.
- The RPM is responsible to the Center Director (CD) and will work directly with the CD and any number of faculty from diverse backgrounds and across multiple disciplines. Many of the projects are located on cooperator farms and ranches; working together produces an agency personnel. For more information about the Center for Regenerative Agriculture, see the website: <https://csuchico.edu/regenerativeagriculture>

EMPLOYMENT STANDARDS: The successful candidate must possess the following requirements:

- A PhD degree in agroecology, crops, agronomy, soil science, or related field with field experiment experience
- Knowledge and experiences with field experiments
- Knowledge of sustainable/regenerative farming practices
- Ability to work outdoors in all types of weather
- Statistical analysis skills and attention to detail
- Responsible, punctual, and task oriented and aptitude in oral and written communication
- Must work well as a member of a team and have the ability to take direction
- Candidate must be in possession of valid driver's license and automobile liability insurance.

BENEFITS: Benefits for employees working 30 hours or more per week include employer paid life insurance (\$50,000) and long-term disability; options for health, dental, and vision insurance; FSA; 14 paid holidays including 1 personal holiday; vacation accrual (initially 10 days/year); sick leave (up to 12 days/year); employer contributions to your 403(b) retirement plan (up to 8%).
