

Grants Resource Center
Deadlines
 Funding Expertise. Personally Delivered.

February 01, 2023

This publication includes deadline dates for the month of May 2023 and late announcements for the months of April 2023 and March 2023. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk () are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.**

Program: Arts Writers Grant Program
Agency: Andy Warhol Foundation for the Visual Arts

Next Deadline: May 17, 2023

Supports writers whose work addresses contemporary visual art through project-based grants, through awards ranging from \$15,000 to \$50,000, issued directly to 20 individual authors a year. The Arts Writers Grant Program aims to support the broad spectrum of writing on contemporary visual art, from general-audience criticism to academic scholarship. Writers are invited to apply in the following categories: Articles, Books, and Short-Form Writing. See <https://warholfoundation.org/grants/> and <http://www.artswriters.org/>

Program: German Studies Research Grants and Stays

Agency: DAAD: German Academic Exchange Service

Next Deadline: May 01, 2023 (*tentative*)

Provides grants to promote the study of cultural, political, historical, economic and social aspects of modern and contemporary German affairs from an inter- and multi-disciplinary perspective. Candidates must be nominated by department and/or program chairs. Master's level candidates are eligible. Grants are restricted to citizens of the U.S. who are enrolled full time at the university that nominates them. Annual deadlines: German Studies Grant (5/1, 11/1); Research Stays of 7 to 12 months (11/4/22). Other grants available with varying deadlines. See <https://www.daad.org/en/find-funding/phd-postdocs/>

Program: Mary Baker Eddy Library Fellowships

Agency: Mary Baker Eddy Library

Next Deadline: Mar 06, 2023

Awards fellowships to scholars and other researchers for research in its collections (centered on the development of the Christian Science movement) in the fields of women's history, spirituality and health, religious studies, 19th-century history, architecture, and journalism. Eligible applicants include doctoral and postdoctoral scholars, faculty members, independent researchers, and graduate students. Fellowship awards are based on "scholar weeks" and are offered in the amount of \$900 per scholar week. See <http://www.marybakereddylibrary.org/fellowships>

Contact: fellowships@mbelibrary.org
617-450-7316

Program: Teacher Enrichment Grant Program

Agency: Music Teachers National Association: MTNA Foundation

Next Deadline: May 03, 2023

Provides support to music teachers, including faculty, for private study or special projects in performance, pedagogy, music theory, composition, etc. Support is also available for individual classes, small projects, workshops, master classes, and seminars for the enhancement of teaching skills. Membership in MTNA is not required. Preference given to those whose primary income source is independent teaching. Awards up to \$750. Also offers Community Engagement grants and Program Development seed grants. See <http://www.mtnafoundation.org/mtna-grants/teacher-enrichment-grants/teacher-enrichment-grant-guidelines/>

Program: Cultural and Community Resilience (CCR)

Agency: National Endowment for the Humanities

Next Deadline: May 16, 2023

Supports community-based efforts to mitigate the impact of climate events (such as wildfires, drought, hurricanes, or rising sea-levels) and the COVID-19 pandemic on community culture by safeguarding cultural resources, and fostering cultural resilience through identifying, documenting, and/or collecting cultural heritage and community experience. The program prioritizes projects from disadvantaged communities in the United States or its jurisdictions, and NEH encourages applications that employ inclusive methodologies. See <https://www.neh.gov/program/cultural-and-community-resilience>

Program: Humanities Initiatives at Colleges and Universities

Agency: National Endowment for the Humanities

Next Deadline: May 09, 2023

Supports projects that strengthen the teaching and study of the humanities at institutions of higher education by developing new humanities programs, resources (including those in digital format), or courses, or by enhancing existing ones. Projects must be organized around a core topic or set of themes drawn from such areas of study in the humanities as history, philosophy, religion, literature, and composition and writing skills. Provides awards of up to \$150,000 each for projects lasting up to three years. See <https://www.neh.gov/program/humanities-initiatives-colleges-and-universities>

202-606-2324

Program: Humanities Initiatives at Community Colleges

Agency: National Endowment for the Humanities

Next Deadline: May 09, 2023

Provides grants of up to \$150,000 to strengthen the teaching and study of a core topic or set of themes in the humanities within community colleges and post-secondary two-year institutions. Application eligibility is limited to non-profit community colleges and post-secondary two-year institutions but collaboration with four-year colleges and universities is welcomed. See <http://www.neh.gov/grants/education/humanities-initiatives-community-colleges>

Program: Humanities Initiatives at HBCUs, HSIs and TCUs

Agency: National Endowment for the Humanities

Next Deadline: May 09, 2023

Program seeks to strengthen and enrich humanities education and scholarship at the three types of presidentially-designated institutions: HBCUs, Hispanic-Serving Institutions, and Tribal Colleges and Universities. These grants may be used to enhance the humanities content of existing programs, develop new programs, or lay the foundation for more extensive endeavors in the future. Each project must be organized around a core topic or set of themes. New guidelines will be posted two months before the deadline. Grants are for up to \$150,000. Regional or multi-institutional projects are encouraged. No cost sharing required. See <http://www.neh.gov/grants>

Contact: Rebecca Boggs
rboggs@neh.gov
202-606-8398

Program: Infrastructure and Capacity Building Challenge Grants

Agency: National Endowment for the Humanities

Next Deadline: May 17, 2023

Program offers challenge grants to strengthen humanities institutional infrastructure development and capacity building. Awards help institutions secure long-term support for core activities and expand efforts to preserve and create access to outstanding humanities materials. Awards up to \$500,000 must be matched at 3:1 and up to \$1 million must be matched 4:1 to support projects lasting up to five years. Ten percent of the total project cost (federal and match) may be used for fundraising the match. HBCUs, tribal IHEs, HSIs and two-year community colleges only require 1:1 match. See <https://www.neh.gov/grants/preservation/infrastructure-and-capacity-building-challenge-grants>

CFDA Number: 45.130

Contact: Division of Preservation and Access
202-606-8309

Program: Preservation and Access Education and Training Grants

Agency: National Endowment for the Humanities

Next Deadline: May 16, 2023

Supports education and training programs at the national or regional (multi-state) level focusing on the care, management, and creation of intellectual access to library, archival, and material culture collections. Grants are also made to support regional preservation field services that provide surveys, consultations, workshops, reference services, and informational materials to the staff of institutions responsible for the care of humanities collections. Awards up to \$350,000 for up to three years and stipends up to \$45,000 per year for fellowships at preservation field service organizations. See <https://www.neh.gov/grants/preservation/preservation-and-access-education-and-training>

CFDA Number: 45.149

Contact: preservation@neh.gov
202-606-8570

Program: Preservation and Access: Research and Development

Agency: National Endowment for the Humanities

Next Deadline: May 16, 2023

Supports projects that address major challenges in preserving or providing access to humanities collections and resources. These challenges include finding ways to preserve materials of critical importance to the nation's cultural heritage from fragile artifacts and manuscripts to analog recordings and digital assets, and to develop advanced modes of searching, discovering, and using such materials. Supports grants for Planning and Basic Research (up to \$100,000) and Advanced Implementation (up to \$350,000). See <http://www.neh.gov/grants/preservation/research-and-development>

CFDA Number:

Contact: preservation@neh.gov
202-606-8570

Program: Research and Scholar Programs

Agency: Russell Sage Foundation

Next Deadline: May 03, 2023

Supports research in the social sciences. Presidential Awards of up to \$35,000 and Project Awards from \$35,000 to \$175,000 support basic social science research to improve social policies. Program areas include: 1) Inequality; 2) Future of Work; 3) Race, Ethnicity, and Immigration; and 4) Behavioral Economics. Annual deadlines (for required LOIs) 5/3; 7/26; and 11/9. Additional programs available. See <http://www.russellsage.org/how-to-apply>

Program: Unsolicited Proposals

Agency: U.S. Department of State

Next Deadline: May 2023 (*target date*)

DOS accepts the submission of valid unsolicited proposals which contribute new and innovative ideas consistent with its mission. Applicants should ensure commercial availability of a proposed project does not already exist to the government. Also, it should not be an advance proposal for a known agency requirement to be procured by competitive methods nor should it address previously published solicitations. Applicants are strongly encouraged to contact the coordinator before sending a proposal. Annual deadline: proposals accepted any time. See <https://www.state.gov/unsolicited-proposals/>

CFDA Number:

Contact: Unsolicited Proposal Coordinator

Program: Research Stipends

Agency: IBM Center for The Business of Government

Next Deadline: May 01, 2023

Provides research stipends of \$20,000 to individuals who are responsible for producing a 30-40 page research report in one of the areas presented within the solicitation. Manuscript must be submitted no later than six months after the start of the project. Recipients will select the start and end dates of their research project geared towards government leaders to include practical knowledge and insights. Focus areas include actionable insights, mission support and delivery, trust in government, addressing equity, digital technology, resilient institutions, and reimagining the government workplace. Annual deadlines usually: 5/1 and 9/1. See <http://www.businessofgovernment.org/node/2688>

Program: Project School Emergency Response to Violence (SERV)

Agency: U.S. Department of Education

Next Deadline: May 2023 (*target date*)

SERV funds short-term and long-term education-related services for LEAs and IHEs to help them recover from a violent or traumatic event in which the learning environment has been disrupted. Immediate Services Grants are intended to provide short-term (up to 60 days) support after a traumatic event. Extended Services Grants are intended to address the long-term (12-18 months) recovery efforts that may be needed following a traumatic event. SERV awards grants on a rolling basis and does not appear in Grants.gov or the Federal Register. See <https://oese.ed.gov/offices/office-of-formula-grants/safe-supportive-schools/project-serv-school-emergency-response-to-violence/>

Program: NCI Program Project Applications (P01)

Agency: National Institutes of Health

Next Deadline: May 25, 2023

Supports projects that address any of the broad areas of cancer research, including (but not limited to) cancer biology, cancer prevention, cancer diagnosis, cancer treatment, and cancer control. Basic, translational, clinical, and/or population-based studies in all of these research areas are appropriate. Each application must consist of at least three projects and share a common central theme, focus, and/or overall objective. Annual deadlines: 1/25, 5/25, 9/25 through 5/8/26. See <https://grants.nih.gov/grants/guide/pa-files/PAR-23-059.html>

Program: Research to Improve Native American Health (R21 Clinical Trials Optional)

Agency: National Institutes of Health

Next Deadline: May 17, 2023

NCI and several NIH institutes support research (R01) to develop, adapt, and test the effectiveness of health promotion and disease prevention interventions in Native American (NA) populations. The intervention program should be culturally appropriate and promote the adoption of healthy lifestyles, improve behaviors and social conditions and/or improve environmental conditions related to chronic disease, the consumption of tobacco, alcohol and other drugs, mental illness or HIV-infection. Annual deadline: 5/17. Expires 9/8/23. See <https://grants.nih.gov/grants/guide/pa-files/PAR-20-214.html>

CFDA Number: 93.867

Program: AD/ADRD Clinical Trials Short Course (R25 Independent Clinical Trial Not Allowed)

Agency: National Institutes of Health

Next Deadline: May 25, 2023

The overarching goal of this R25 program is to support educational activities that complement and/or enhance the training of a workforce to meet the nation's biomedical, behavioral and clinical research needs. The intent of this FOA is to encourage applications that develop creative and innovative short courses to train the next generation of Alzheimer's disease and Alzheimer's disease related dementias (AD/ADRD) clinical trialists in state-of-the-art clinical research skills. Annual deadline: 5/25 through 2023. See <https://grants.nih.gov/grants/guide/pa-files/PAR-21-141.html>

Program: Rehabilitation Engineering Research Centers

Agency: U.S. Department of Health and Human Services

Next Deadline: Mar 25, 2023

Supports advanced engineering or technical research designed to apply technology, scientific achievement, and psychological and social knowledge to solve rehabilitation problems and remove barriers for people with disabilities. Each center is affiliated with one or more IHEs or nonprofit organizations and seeks to find and evaluate the newest technologies. See <https://www.acl.gov/programs/research-and-development/rehabilitation-engineering-research>

Program: Graduate Grants-In-Aid and Senior Undergraduate Program Equipment Grants

Agency: American Society of Heating, Refrigerating & Air Conditioning Engineers

Next Deadline: Mar 01, 2023

Graduate Student Grants-In-Aid (3/1) provide up to \$10,000 to support living expenses, tuition, travel to ASHRAE meetings, experimental equipment, and supplies for 10 to 25 graduate students to encourage their continued preparation for service in the HVAC&R industry. Senior Undergraduate Engineering, University-Specific, Regional/Chapter and Engineering Technology Scholarships (TBD) vary in description; provides up to \$5,000 for equipment and supplies for senior projects and two-year technical school projects that focus on ASHRAE-related topics. New Investigator Award (12/22) assists new university faculty members to develop research capabilities in HVAC&R related fields. Scholarships and other programs also available. Program: Travel Grants and Mentoring Travel Grants

Agency: Association for Women in Mathematics

Next Deadline: May 15, 2023

Supports travel grants for women mathematics researchers and educators. The goal of this FOA is to enable women to attend conferences in fields supported by the NSF's Mathematical Sciences Division. Up to \$2,300 is available for domestic travel and \$3,500 for foreign travel. Mathematics mentoring travel grants (annual deadline: 2/1) provide up to seven awards of up to \$5,000 each to help junior women researchers develop long-term working relationships with senior mathematicians. Other awards may be offered. Annual deadlines: 2/15, 5/15, 10/1. See <https://awm-math.org/awards/awm-grants/travel-grants/>

Program: Grants Program

Agency: Environmental Research and Education Foundation

Next Deadline: May 01, 2023

Supports research and education on solid waste management, greater sustainability, environmental stewardship, efficiency and increased knowledge. Solicited proposals must respond to annual research agendas. Focus areas include: waste minimization; recycling; waste conversion to energy, biofuels, chemicals or other useful products; strategies to promote diversion to higher and better uses; and landfilling. Funds projects averaging \$160,000. Annual deadlines: 5/1 and 12/1 for required pre-proposal. See <https://erefdn.org/research-grants-projects/how-to-apply-for-grant/>

Program: Research Grants, Fellowships and Awards

Agency: Human Frontier Science Program

Next Deadline: May 11, 2023

Supports interdisciplinary, international research on complex mechanisms of living organisms. Research grants provide for teams of scientists from different countries to combine their expertise in approaches to questions that could not be answered by individual laboratories. Areas of interest are brain functions and molecular approaches to biological functions. Long-Term Fellowships and Cross-Disciplinary Fellowships allow opportunities for applicants with a Ph.D. to undertake life science research projects outside their area of existing expertise. Research grant deadline (3/21/23) refers to the date the application process must be started. Postdoctoral fellowships required LOI due 5/11/23. See <https://www.hfsp.org/>

Program: Grants and Fellowships

Agency: Lalor Foundation

Next Deadline: May 01, 2023

Foundation makes awards for basic postdoctoral research in mammalian reproductive biology as related to the regulation of fertility. Anna Lalor Burdick Research Grants (annual deadlines: 5/1 and 11/1 for concept papers) provides awards averaging \$10,000-\$35,000 for education for women about reproductive health. Postdoctoral Research Fellowships (annual deadline: 1/15, 1/17 in 2023) provide \$52,000/year for basic postdoctoral research in mammalian reproductive biology as related to the regulation of fertility. Program: Small Business Technology Transfer Program (STTR) Program

Agency: National Aeronautics and Space Administration

Next Deadline: Mar 13, 2023

Invites small businesses to collaborate with research institutions on space-related R&D leading to commercial technologies advancing U.S. economic competitiveness. Areas of interest include: human operations in space, launch and payload processing systems, structures and materials, turbomachinery, space propulsion, and rocket propulsion testing. Applications must be partnerships between academic institutions and small businesses. See http://sbir.gsfc.nasa.gov/prg_sched_anncmnt

Program: Facilitating Research at Primarily Undergraduate Institutions

Agency: National Science Foundation

Next Deadline: May 2023 (*target date*)

This NSF-wide activity includes two components: Research in Undergraduate Institutions (RUI) supports faculty in research that increases their engagement, builds capacity at the home institution, and integrates research and undergraduate education. Research Opportunity Awards (ROA) support faculty working as visiting scientists at research-intensive organizations where they collaborate with other NSF-supported investigators. Verify institutional eligibility and contact the relevant disciplinary program director prior to any submission. Annual deadline: proposals accepted anytime. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5518 for details.

CFDA Number: 47.071

Program: Future Manufacturing

Future Manufacturing

Agency: National Science Foundation

Next Deadline: Apr 19, 2023

Supports fundamental research and education of a future workforce to overcome scientific, technological, educational, economic and social barriers in order to enable new manufacturing capabilities that do not exist today. Future Manufacturing will require major advances in technologies and algorithms for the synthesis and production of new materials, chemicals, devices, components and systems of assured quality with high yield at reasonable cost. Approximately \$32 million is available for multiple awards. See <https://tinyurl.com/v6726t5u> for details.

Program: S-STEM Research Hubs

Agency: National Science Foundation

Next Deadline: Mar 29, 2023

Supports S-STEM Research Hubs (S-STEM-Hubs) that collaborate as the S-STEM network (S-STEM-Net). Hubs will investigate evolving barriers to the success of domestic low-income students (both undergraduate and graduate) pursuing careers in STEM and disseminate the context and circumstances by which interventions and practices lead to their graduation and career success. Annual deadline: fourth Wednesday in March starting in 2024. Limited submission: only one S-STEM-Hub proposal per institution (directly or in collaboration). See <https://beta.nsf.gov/funding/opportunities/scholarships-stem-network-s-stem-net>

Program: Biodiversity on a Changing Planet (BoCP)

Agency: National Science Foundation

Next Deadline: Mar 29, 2023

Supports interdisciplinary projects addressing grand challenges in biodiversity science within the context of unprecedented environmental change, including climate change. Successful BoCP proposals will test novel hypotheses about functional biodiversity and its connections to shifting biodiversity dynamics on a changing planet, with an emphasis on integrative research into the complex intersections among climatic, geological, paleontological, and biological processes. Annual deadline: third Thursday in March (starting in 2024). See <https://beta.nsf.gov/funding/opportunities/biodiversity-changing-planet-bocp>

292-2134

Program: Cyberinfrastructure for Biological Research

Agency: National Science Foundation

Next Deadline: May 2023 (*target date*)

Supports proposals that offer potentially transformative outcomes through the development of informatics tools and resources that (1) offer novel and significant advances in the use of biological data and/or (2) will enable and stimulate advances through their impact on a significant segment of the biological research community supported by the NSF BIO Directorate. Higher priority will be placed on proposals to create computational tools and data resources that are applicable to a broad range of biological research questions and shared by a broad user community. Annual deadline: proposals are accepted at any time. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505538.

Program: Re-entry to Active Research Program (RARE)

Agency: National Science Foundation

Next Deadline: May 2023 (target date)

Supports efforts to catalyze the advancement along the academic tenure-track of highly meritorious individuals who are returning from a hiatus from active research. Research areas must fall within the scope of the Division of Chemical, Bioengineering, Environmental, and Transport Systems. Track 1 reengages investigators in a competitive funding opportunity with accommodations for gap in record that are a result of the research hiatus. Track 2 retrains investigators for whom the research hiatus has led to the need for new or updated techniques, such that retraining is required to return the investigator to competitive research activity. Annual deadline: proposals are accepted at any time. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505477 for details.

Program: Science and Engineering/Medical Research Programs

Agency: W. M. Keck Foundation

Next Deadline: May 01, 2023

Supports the development of new, high risk, transformative research geared towards promising new technologies to include the creation of advanced instruments used to further research ideas. Funding priority areas: medical, science and engineering research. Awards are up to \$5 million, and typically fall between \$500,000 and \$2 million. This is a two-part application process. Phase I application annual deadlines: 5/1 (contact program officer between 1/1 and 2/15 for support) and 11/1 (contact program officer between 7/1 and 8/15 for support). Invited applicants will participate in Phase II. Limited submission: one application per institution each cycle. See <http://wmkeck.us/grant-programs/research>
