

Chico State Dream Ally Register

The Chico State Dream Ally Register is a list of faculty, staff, and administrators who have completed the Dream Ally training. Our goal is to create a community of campus individuals who are dedicated to supporting undocumented, AB 540, and mixed-status family students on our campus.

Upon completion, those that completed the training get a "Dreamer Ally" card. The card communicates to dreamer students that the individual that proudly displays the card is an ally committed to providing a confidential support network for the undocumented community on campus. **The list below provides students with faculty or staff that the Dream Center considers allies to undocumented, DACA, AB-540, and mixed status students.**
