

MA Thesis/Project Committee

Department of English California State University, Chico

Students should form their thesis/project committee by the end of their first year in the program. The committee is composed of two required members: the chair/first reader, and the second reader. A third reader is optional, but not required. The members of the committee should meet the criteria as established by the Graduate School of CSU, Chico (see *A Guide to Graduate Studies: Policies, Procedures, & Format*, available in hardcopy from the Graduate School front office, or as a download from the Graduate School web page or the M.A. in English web page). Students should notify the Graduate Coordinator immediately about any change in the formation of the committee.
