

VERIFICATION OF TAX INFORMATION

IRS Data Retrieval through the FAFSA:

Use the IRS Data Retrieval Process to submit correct tax information. **This option will streamline and expedite the processing of your financial aid application.** You will not be required to submit a federal tax return transcript if our office receives the unaltered retrieved IRS information. For instructions, visit <https://www.csuchico.edu/fa/forms/irs-data.shtml>.

OR

If you are unable to use the IRS Data Retrieval Process, you will be required to submit a signed copy of your 1040 with all schedules attached or a Federal Tax Return Transcript.

Requesting a Tax Return Transcript:

Do not request delivery of Tax Return Transcripts directly to our office. Upload the tax transcript to your Financial Aid Account at <https://csuchico.verifymyfafsa.com>. Please be aware that tax return transcripts are two-sided so be sure to upload both sides of the document. If you have problems uploading the tax transcript, please call our office at 530-898-6451.
