

Teaching Climate Change & Resilience Series

The [Office of Faculty Development](#) is proud to offer a new Teaching Climate Change & Resilience Series in collaboration with the [Campus Sustainability Curriculum Subcommittee](#).

The series promotes the University's strategic priority for Resilient and Sustainable Systems.

The workshops will be facilitated by Dr. Richard Widick (UCSB) and Dr. Mark Stemen (CSU, Chico) and will be held via [Zoom](#) on the following days and times:

Climate Change and Resilience in General Education Courses

Wednesday, February 10th, 4:00 p.m. - 6:30 p.m.

Carbon Emissions and Sequestration Research on Campus

Friday, February 26th, 10:00 a.m. - 12:30 p.m.

Climate Change Locally and Abroad

Tuesday, March 9th, 4:00 p.m. - 6:30 p.m.

For more information, you can visit the [series webpage](#) and contact:

Cheri Chastain (cchastain@csuchico.edu) or Mark Stemen (mstemen@csuchico.edu)
