

FALL 2025 COURSE CAPS WORKSHOPS

Hosted by Kim Jaxon & Zach Justus

Are you teaching courses with increased cap sizes?

We will host workshops that help you adapt to larger numbers, whether you are dealing with more students now or anticipate change in the future.

Each workshop is standalone and application-focused, providing rapid adjustments you can make if larger caps are new to you.

September 5

Creating Meaningful Experiences in Larger Groups

September 12

Managing Workload in Higher Enrollment Classes

September 19

Build More Through Videos, Decision Guides, and Other Tools

**All workshops will
be held via Zoom
from 12-1PM**

Meeting ID: 884 4774 3182

Passcode: 63584
