Tuesday Tips

Chico Affordable Learning Solutions (CAL$) provides resources to faculty regarding affordable course materials, including how to find and adopt quality zero-cost or low-cost textbooks and other materials, or create Open Educational Resources (OERs).

Faculty Development
Weekly Tuesday Tip emails are sent to all faculty on academic work weeks!

Dear faculty,

Do you know that faculty have a dedicated space in the Rose Garden Room (MLIB 459)?

As many of you have transitioned to in person classes, I want to make sure that you are aware of this wonderful space (with an amazing view of campus).

Faculty are welcome to use the Rose Garden Room Monday through Friday from 8 a.m. to 5:00 p.m. for writing, reading, grading, or just to take a break.

Per Meriam Library policy, food is currently not allowed and masked are required.

It is not a coincidence that the photos featured on the Faculty Development website include me: I have always found the Rose Garden Room an incredibly refreshing space to be productive while meeting new colleagues, and I hope that you will come enjoy this space (and “say hi” to us next door)!

Let us know how you like to use the Rose Garden Room by adding a comment below!
