PURPOSE

An allowance may be authorized for lodging for interim/acting appointments. The nature of the interim/acting appointment suggests that the employee is not changing their tax home, which differs from a moving and relocation allocation. The campus would not see moving costs as the appointee is maintaining their original residence.

The determination of an allowance is based on the candidate classification and/or possession of specialized skills and the amount is discretionary and contingent upon the availability of funds within the hiring department. Temporary allowances are ultimately at the discretion of the President and are intended to assist with offsetting the costs of the appointee maintaining two residences.

The University’s hiring document indicates the maximum dollar amount which the University will pay towards the lodging expenses and must be aligned with applicable Federal thresholds (https://www.gsa.gov/travel/plan-book/per-diem-rates).

APPOINTING AUTHORITY FOR REIMBURSEMENTS

Presidential approval is required for reimbursement of temporary lodging expenses for authorized interim/acting appointments. All payments to campus employees must occur on the campus side. Contributions to the campus, from an auxiliary organization, can be used to offset costs as authorized.

REIMBURSEMENT EXPENSES
