

Overview

The Procurement Credit Card (“Procurement Card”, “ProCard” or “PCard”) program has been implemented to provide a simplified method for campus departments to procure low dollar and low volume supplies, equipment, goods, and limited services. ProCards are issued in the name of the individual (“Cardholder”) whose purchases are reviewed/approved by a higher authority within the department (“Approving Official”).

The ProCard program is designed to control purchases by limiting the maximum dollar amount per single transaction, limiting the maximum dollar amount per monthly billing cycle, and controlling the type of merchant from whom purchases can be made (e.g., setup eliminating airlines, liquor stores, etc.) For most Cardholders, the maximum single transaction limit is set to \$2,500 and the maximum monthly spending limit is set to \$5,000. Limits for unique circumstances should be discussed with the Cardholder’s department assigned Procurement Specialist.

CSU, Chico’s ProCard program is held with U. S. Bank and purchases made with the ProCard are billed to the University rather than the individual. The ProCard can only be used for University funded transactions; therefore, Auxiliary purchases cannot be made with the University ProCard.

APPROVING OFFICIAL & CARDHOLDER RESPONSIBILITIES:

Both the Cardholder and Approving Official are responsible for ensuring the ProCard is used in accordance with the policies outlined in this manual, and that all purchases are in compliance with CSU Procurement and Contracting Policies and Procedures.

Approving Official

- An Approving Official is a person of higher authority than the Cardholder. Generally, a manager or administrator who is responsible for review and submittal of credit card summary. Individuals must be a level 3 or higher in campus Delegation of Fiscal Authority structure. Approving Official responsibilities include:
 - Reviewing and approving the monthly Cardholder summary, verifying that charges were appropriate and reasonable.
 - Complete the ProCard – Request and Update form in OnBase if Cardholders have left department or otherwise are no longer required or authorized to use the ProCard.

Cardholder

A Cardholder is a CSU, Chico employee who holds a ProCard in their name. Cardholder responsibilities include:

- Maintaining the security of the ProCard and ProCard number to prevent unauthorized use;
- Sharing their ProCard;
- Reconciling monthly summary and certifying that all purchases and charges listed are correct;
- Resolving incorrect or damaged goods received directly with supplier;
- Resolving disputed charges with the supplier and/or U.S. Bank, as appropriate;
- Forwarding reconciliation report to approving official with sufficient time for review and approval to meet reconciliation deadlines.

TRAINING

- Cardholders and Approving Officials are considered designated positions and are subject to CSU’s conflict of interest policy. Cardholders and Approving Officials will be required to complete the “Statement of Economic Interests” (Form 700) annually by April 1, and also complete on-line ethics training. Human Resources will contact new Cardholders regarding the required forms and training.
- Each Cardholder and their Approving Official are required to complete ProCard training to assure understanding of responsibilities and appropriate use of the ProCard. Training **must** be completed prior to the ProCard being issued and may be required to be retaken if infractions occur.

GENERAL PROGRAM GUIDELINES

- Purchases must be for official University business.
- Purchases should be reasonable, appropriate and cost effective.
- Whenever possible, purchase “green” or items with recycled content to contribute to the University’s sustainability goals.
- Whenever possible make purchases from certified small businesses (SB) and/or certified disabled veteran businesses enterprises (DVBE) to support University goals for participation.
Reference: <https://www.csuchico.edu/purc/supplier-vendor-info/small-business-dvbe.shtml> for a list of DVBE and Small Business vendors or search <https://www.dgs.ca.gov/pd/Programs/> using a keyword for the supply/item you are purchasing. Contact Lori Rice at ext. 5629 for additional information or assistance.

PROCARD PROCESS

The process for procuring items utilizing the ProCard is comprised of three basic steps:

- **Purchase**
The authorized Cardholder uses their ProCard to make purchases at a store, by telephone or online and obtains an itemized receipt for each transaction. Note: it is the responsibility of the Cardholder to obtain a detailed description of purchased items.
- **Approval**
At the conclusion of the billing cycle:
 - Cardholder compiles receipts to support charges on the monthly summary and verifies that the charges are correct and that the goods have been received. The reconciliation report is signed by Cardholder and forwarded to Approving Official.
 - Approving Official reviews charges on each Cardholder’s report to verify appropriateness of charges, update chartfield(s) as needed.
 - If Cardholder incurs charges for a department other than their own, Cardholder must include approval of the purchase by attaching an email from the department.
- **Submission of Receipts**
 - Send approved reconciliation report, itemized receipts, using AdobeSign workflow. Receipts should be attached and organized to match the order listed on the Summary. Due dates are noted on the [ProCard Reconciliation Cycle Dates](#).
- **Billing Cycle**
The billing cycle for the ProCard is from the 24th to the 23rd of each month. At the end of each month each Cardholder will receive an email notifying them that the monthly reconciliation window is open. See [ProCard Reconciliation Procedures](#).
